## Shrubs List

April 2011

As numbers are limited for some varieties, we suggest you order as soon as possible.

Phone us on 03 482 2828, fax 03 482 2838 or email: [sales@blueskinnurseries.co.nz](mailto:sales@blueskinnurseries.co.nz)

Open 7 days 8.30am – 5pm

Abelia Edward Goucher		A small shrub with bright, glossy green leaves, bronze when young. Lilac-mauve, bell-shaped flowers with orange throat are borne profusely from February to May.	Evergreen	1.5m	
Abelia Francis Mason		A New Zealand cultivar with richly variegated yellow and green leaves on arching stems. Funnel shaped, light pink flowers appear in clusters in spring and summer. Prune annually.	Evergreen	1.5m	
Abelia Kaleidoscope		Bright multicoloured foliage. Spring flowering. Great for pots and containers or as ground cover, Hardy shrub. Best grown in full sun / part shade. Requires little or no trimming.	Evergreen	0.6m	
Abelia Snow Showers		An attractive shrub with white and green variegated foliage on red stems. Covered in white flowers through summer. Excellent for hanging baskets. Hardy.	Evergreen	1m	
Abelia x grandiflora		A vigorous, arching, medium sized shrub with glossy green leaves maturing to bronzy-red. Bell-shaped flowers of white, tinged pink in summer. Can be trimmed as a hedge.	Evergreen	1.5m	
Abelia x grandiflora Snowtime		Masses of pure white flowers on rich green foliage throughout summer. Hardy compact shrub. Prefers well-drained site.	Evergreen	1.2m	
Acacia Rewa	Wattle	An evergreen shrub covered in spring with beautiful yellow wattle flowers. Excellent for coastal areas. Trim after flowering.	Evergreen	1.5m	
Acaena inermis		Quick growing groundcover with ferny foliage in beautiful shades of purple to bronze. Red seed heads produced. Sunny, well drained site.	NZ Native	Evergreen	
Acanthus Mollis	Bear's Breeches	Rosy purple bracts with whitish flowers rise above large serrated deep green leaves. Suitable for moist shady spot or woodland planting.	Evergreen	0.6m	
Anemanthele Lessoniana	Gossamer Grass	syn. <i>Oryzopsis rigida</i> . Graceful forest grass with reddish brown tonings. Flowers in summer. Hardy.	NZ Native	Evergreen	1m

Anopterus glandulosus	Tasmanian Laurel	A rare Tasmanian evergreen shrub producing racemes of white lily of the valley-like flowers. Half hardy. Prefers shaded, moist, well-drained site.		Evergreen	4m
Arctostaphylos Wood's Red		An evergreen mat-like shrub making ideal ground cover with attractive pink urn-shaped flowers. No lime.		Evergreen	
Aristotelia fruticosa	Wineberry	Leaves leathery varying from linear to oblong obovate. Tiny flowers in spring are followed by berries of varying colours.	NZ Native	Evergreen	1m
Arthropodium candidium purpureum		Unusual delicately spotted leaves form a clump with small white flowers during summer followed by seed heads. Partial shade. Good cut blooms.	NZ Native	Evergreen	0.3m
Arthropodium cirrhatum	Renga Renga Lily	Starry white flowers on long panicles. Good cut bloom. Good coastal plant and will grow in semi-shade.	NZ Native	Evergreen	0.5m
Arthropodium cirrhatum Matapouri Bay		Attractive form with larger flower heads and broader leaves that have a distinct bluish hue. Hardy plant which tolerates coastal conditions. Prefers some shade.	NZ Native	Evergreen	0.6m
Asplenium Bulbiferum	Hen and Chicken Fern	A beautiful fern with long recurving fronds. Easy to grow and looks best in a mass planting beneath trees.	NZ Native	Evergreen	0.5m
Astelia chathamica Silver Spear		Large Chatham Island species. Silver-green leaves with a metallic sheen. Spring flowers are white and fragrant and are followed by orange berries. Will grow to large plant with great architectural merit.	NZ Native	Evergreen	1.5m
Astelia fragrans		Flax like plant excellent for damp shady areas. Spikes of orange berries in autumn. Very hardy.	NZ Native	Evergreen	1m
Astelia nervosa		Flax-like plant with attractive foliage used in floral work. Sweet scented long stem of flowers occur in Oct - Jan and orange fruit takes one year to ripen. Hardy.	NZ Native	Evergreen	1m
Astelia nervosa Alpine Ruby		A colourful foliage plant with long arching ruby red leaves and silvery reverse. Forms a low compact clump. Plant in sun or partial shade. Good drainage is essential. Hardy. PVR	NZ Native	Evergreen	0.6m
Astelia nervosa Westland		Dense clump-forming perennial with attractive grey-purple flax-like foliage. Requires open, well-drained site. Good in containers. Hardy.	NZ Native	Evergreen	1m

Astelia nivicola		A small flax-like plant, extremely hardy in most conditions. Ideal for rock garden. Variation in leaf colour from bronze to silvery green. Easily grown in sun or shade, tolerate dry soils.	NZ Native	Evergreen	0.25m
Astelia Red Rebel		Attractive NZ native plant with reddish bronze leaves which turn rich claret red in winter. Suitable for rockeries, containers or mass plantings. Grows best in sunny well drained position.	NZ Native	Evergreen	0.75m
Aucuba japonica (Male)	Japanese Laurel	Pollinator for female form. Will grow in heavy shade. Suitable for any soils. Suitable as indoor plant. Hardy		Evergreen	1m
Aucuba japonica Forest Green		Large-leaved pure green laurel. Tolerant of heavy shade and dry conditions. Bright red berries in winter. Hardy.		Evergreen	1.5m
Aucuba japonica Golden King		Variegated foliage, marbled gold effect. Will tolerate shade, dry conditions and poor soils. Male plant useful as pollinator among female berrying plants. Bushy upright grower.		Evergreen	1.5m
Aucuba japonica Jungle Girl		A bushy shrub that has attractive dark green foliage with light splashes of gold. Female form which will produce berries if close to a male plant. Stands dry conditions. Prefers shade.		Evergreen	2m
Azalea Chelsea Reach		A round truss of double flowers that are rich creamy lemon. Lightly fragrant.		Deciduous	1.5m
Azalea Cockatoo		Brilliant golden orange flowers in late October on compact bush. Prefers acid soil conditions. Hardy.		Deciduous	1.5m
Azalea Comtesse de Kerchove		Compact growth with double clear salmon-pink blooms with some white edging. Flowers over a long period.		Evergreen	1.6m
Azalea Cross Hills Frills		Large deep golden yellow flowers are very frilled and have a deep gold blaze. Prefers moist acidic soil and sun or part shade. Very hardy.		Deciduous	1.5m
Azalea Double Damask		Double Ghent hybrid. Small double white flowers in late spring with a delightful scent.		Deciduous	1.5m
Azalea Fielder's White		Single flowers. White with a lime-green throat. Vigorous growth. Moist well drained soil, enriched with peat or compost. No lime.		Evergreen	1.5m
Azalea Fire Tower		A compact bush with bright green leaves and fiery orange single flowers in spring.		Evergreen	0.6m

Azalea Giant Orange	Lovely single blooms of bright orange-yellow with darker blotch. Fringed petals. Fragrant with good autumn colour. Acid soil.	Deciduous	1.5m
Azalea Gibraltar	A brilliant orange flushed with red. A tight ball tuss, compact growing habit.	Deciduous	1m
Azalea Glowing Embers	Red flowers with an orange blotch in November. New foliage glowing bronze and red-orange autumn colour. Prefers acid soil conditions.	Deciduous	2m
Azalea Golden Sunset	A bushy shrub with bright orange flowers in November. Knap Hill hybrid.	Deciduous	1.5m
Azalea Hino-crimson	Single brilliant deep red. Upright habit. Prefers moist well drained soil enriched with peat or compost. No lime.	Evergreen	1.5m
Azalea Jewel Box	A small shrub with rose-pink hose-in-hose flowers during spring. Prefers a rich, lime-free soil with part shade. Excellent in pots and under trees.	Evergreen	1.5m
Azalea Klondyke	Rich orange flowers in a ball truss. Deep bronze new growth.	Deciduous	1.5m
Azalea luteum	Small bright yellow highly scented flowers in late spring. Shelter from wind. No lime.	Deciduous	2m
Azalea Mrs Kint	A lovely small azalea with unusual flowers of light brick-red edged with white. Prefers acid soil.	Evergreen	1.6m
Azalea Paramount	Compact late flowering azalea with double yellow flowers. No lime. Prefers moist peaty soil and some shade. Knap Hill hybrid.	Deciduous	1.5m
Azalea Popcorn	Medium sized double creamy white flowers cover bush. Neat compact habit. Hardy and reliable.	Evergreen	1m
Azalea Princess Maude	Clusters of rich tyrian purple on long stems. Single flowers. Hardy.	Evergreen	0.6m
Azalea Raspberry Ripple	Lovely ruffled, raspberry red blooms with an orange flare, flowering in spring. Vigorous, upright bush, highly mildew resistant & very free flowering. Late season. Ilam hybrid	Deciduous	1.5m
Azalea Red Rag	Beautiful Ilam hybrid with deep-red, frilly flowers on an upright plant. Prefers some shade. No lime.	Deciduous	1m
Azalea Red Wings	Large single red flowers on a compact bush. Plant in free draining soil. Likes peat. No lime.	Evergreen	1m

Azalea Silver Anniversary		Free flowering soft silvery-pink with frilled flowers. Prefers semi shade and well drained soil. No lime	Evergreen	1.5m
Azalea Softlights		Large soft creamy pastel pink flowers in mid November. Shelter form wind. PVR.	Deciduous	1.5m
Azalea Splendens		Syn. A. Salmonea. Bright salmon rose pink. Mass of single flowers covering bush.	Evergreen	1.5m
Azalea Sweet Inspiration		Light pink in centre with light yellow flare on upper lobe. Prefers moist acidic soil and sun or part shade. Very hardy.	Deciduous	1.5m
Azalea Sweet Nellie		Double scented deep pink. Moist peaty soil. No lime.	Evergreen	1.5m
Azalea Takasago		Syn. A. Cherry Blossom. Cherry blossom pink 'hose in hose' flowers. Hardy.	Evergreen	1m
Azalea Waxwing		Pink flowers in November with gold flare on upper lobe. Light green foliage .Prefers acid soil conditions.	Deciduous	1.5m
Bambusa gracilis	Fairy Bamboo	Syn. Drepanostachyum falcatum. Dense clumping bamboo. Graceful curving stems. Ideal for poolsides, patios, feature gardens. Once established hardy to most conditions.	Evergreen	3m
Bambusa multiplex Wang Tsai		Clump forming bamboo, native to China. Graceful curving green to orange brown stems and dark green tufted foliage. Hardy. Suitable for container growing. Protect from heavy frost.	Evergreen	2m
Banksia blechnifolia	Prostrate Banksia	A quick growing prostrate plant with attractive deeply serrated leaves growing erect from the ground. Reddish flowers in spring. Sunny, well-drained site.	Evergreen	0.2m
Banksia coccinea	Scarlet Banksia	Outstanding plant with red flowers in late winter, suitable for picking. Requires well drained soil and sun. Tolerates light frost.	Evergreen	3m
Banksia ericifolia	Heath Banksia	Erect torch flowers, 20cm long coloured golden amber to rich orange, produced during winter and early spring. Hardy coastal species. Plant with plenty of peat moss. No lime.	Evergreen	2.5m
Banksia Golden Brown		Attractive hybrid with large golden brown flowers from winter to spring. Ideal coastal plant in open sunny situations. Attracts birds to garden.	Evergreen	2m

Banksia integrifolia	Coast Banksia	Masses of 15cm honey laden pale yellow flower spikes produced from early autumn to winter. Very hardy especially to coastal conditions. Plant with plenty of peat moss. No lime.		Evergreen	2.5m
Banksia spinulosa	Hairpin Banksia	This dwarf banksia has orange flower spikes. Needs well-drained clay or sandy soil, neutral to slightly acidic. Trim after flowering in spring or late summer..		Evergreen	0.5m
Banksia spinulosa Birthday Candles		Dwarf banksia with burnt orange terminal flowers which sit prominently above the foliage in late summer-autumn. Prefers sunny well drained situation. Hardy .Suitable for container.		Evergreen	0.5m
Berberis thunbergii atropurpurea		A striking shrub with deep wine red foliage which turns bright crimson in autumn. Nodding racemes of yellow flowers. Very hardy.		Deciduous	1.7m
Berberis thunbergii aurea	Golden Barbary	Small shrub of golden yellow leaves turning pale green in late summer. Hardy, but give some shade.		Deciduous	0.75m
Berberis thunbergii Kobold		Dense glossy green foliage changing orange red in autumn. Golden flowers.		Deciduous	0.5m
Berberis thunbergii Little Favourite		Rich deep purple foliage turning scarlet orange in autumn. Makes good hedge.		Deciduous	0.5m
Berberis thunbergii Maria		Butter yellow foliage appears early spring and holds through into autumn when it takes on tones of apricot and orange. Compact, upright growth. Suits full sun or part shade.		Deciduous	1m
Berberis thunbergii Rosy Glow		A very striking small shrub. The leaves on the new shoots are multi-coloured, purple, bright rose and silver pink, later becoming purple.		Deciduous	0.8m
Bergenia Bressingham Ruby		Adaptable plant with large roundish green leaves. Panicles of rosy-red flowers on 30cm stems in spring. Suitable for shady areas or in the open border. Very hardy.		Evergreen	0.3m
Bergenia Bressingham White		Adaptable plant with large roundish green leaves. Panicles of white flowers on 30cm stems in spring. Suitable for shady areas or in the open border. Very hardy.		Evergreen	0.3m
Blechnum discolor	Piupui, Crown Fern	Forms crowns of semi-upright fronds on short trunks. Likes a cool shaded spot. Plant several together for a bold effect.	NZ Native	Evergreen	1m
Blechnum novae- zelandiae	Kiokio	Attractive creeping fern with drooping fronds which grow quite long. Will tolerate shade or open areas. Hardy.	NZ Native	Evergreen	1m

Blechnum pennamarina		Attractive creeping fern, easy to grown in open or semi-shaded positions with reasonable moisture. Ladder-like fronds. Hardy.	NZ Native	Evergreen	0.3m
Boronia heterophylla	Red Boronia	Bright rich pink crimson flowers. Beautifully scented. Plant in a sheltered spot with full sun and a well-drained soil.		Evergreen	1m
Boronia heterophylla Iced Charlotte		Small fine leaved hardy shrub with aromatic foliage bearing masses of white bell shaped flowers. Compact, bushy habit. Trim after flowering.		Evergreen	1m
Boronia megastigma	Brown Boronia	Very popular highly scented boronia. To really appreciate plant in a sheltered place that you can brush past. Trim when finished flowering.		Evergreen	1m
Boronia megastigma lutea	Yellow Boronia	Very highly scented boronia with yellow flowers. Popular for this reason. Plant in a sheltered place.		Evergreen	1m
Boronia Purple Jared		An attractive, upright bushy shrub with aromatic fernlike foliage and large purple bell-shaped flowers. Best in full sun or partial shade. Keep roots cool and moist during dry periods.		Evergreen	1m
Bougainvillea glabra Magnifica Traillii		Strong growing climber for warm, sunny position. Produces bright magenta-purple flowers throughout summer. Rich soil with good drainage. Protect from frost when young.		Semi-Deciduous	
Bougainvillea Scarlett O'Hara		Bright red flower bracts. Protect from frost in a sunny well- drained position, under eves of building etc. Climber.		Semi-Deciduous	
Brachyglottis compacta		Syn. Senecio compactus. Compact small shrub with grey-green leaves, densely felted beneath with pure white hair. Very hardy and suitable for coastal planting.	NZ Native	Evergreen	1m
Brachyglottis greyii		Yellow daisy-like flowers from early to mid summer. Attractive grey foliage. A tough adaptable native with spreading habit ideal for coastal areas. Trim back after flowering.	NZ Native	Evergreen	1m
Brachyglottis monroi		NZ native of compact spreading growth with grey felted leaves. Yellow daisy flowers. Good for exposed coastal conditions.	NZ Native	Evergreen	1.2m
Buddleia globosa		Striking erect, fast growing shrub. Orange-yellow ball-like flowers in early summer. Prefers full sun. Hardy.		Evergreen	3m

Buddleia Silver Anniversary		Syn. Buddleia Morning Mist. Silver willow like foliage with fragrant scented blooms with yellow eye. Attractive to butterflies and bees. Trim to shape in the spring. Best grown in rich, moist soil in full sun.	Evergreen	1.5m
Buxus sempervirens	Common Box	Hardy shrub with dense small dark green leaves. Can be clipped.	Evergreen	0.6m
Buxus sempervirens suffruticosa	Edging Box	Small bright shining green dense leaves. Ideal for hedges, edging and easily maintained as a narrow living wall as low as 15cm.	Evergreen	0.3m
Callistemon citrinus splendens	Crimson Bottlebrush	Red bottlebrush flowers in spring and autumn. Dark green foliage. Prune below finished flowers to keep compact growth. Attracts birds.	Evergreen	3-5m
Callistemon Little John		A dwarf, rounded shrub which is almost completely covered with a mass of dark red bottlebrush flowers. The narrow, crowded foliage is an attractive bluish-green.	Evergreen	1m
Callistemon Mauve Mist		Hardy to medium shrub with mauve brushes from spring to autumn. Suitable for most conditions including coastal. Frost resistant.	Evergreen	2m
Callistemon rigidus	Bottlebrush	A medium sized shrub with bright red flowers densely crowded in spikes 8 to 10 cm long.	Evergreen	2m
Callistemon White Anzac		Spreading shrub with 10-15cm long brushes of pure white flowers, fading to creamy-white, over summer. Prune well after flowering. Tolerates dry conditions when established. Hardy.	Evergreen	1m
Calytrix Sullivani		An aromatic shrub with compact, fresh green foliage and masses of starry white flowers in spring. Prefers well-drained, sandy or stony soil in full sun.	Evergreen	1.5m
Campsis x tagliabuana Mme Galen	Trumpet vine	Hardy deciduous climber which produces brick-red flowers in summer. Good for covering fences.	Deciduous	
Cantua buxifolia	Sacred Flower of the Incas	Syn. Cantua dependens. Beautiful shrub with graceful drooping bright cherry-red tubular flowers in October. Requires warm sheltered position. Occasional pruning to keep good shape.	Evergreen	1.5m
Cantua pyrifolia	Flower of the Incas	Graceful weeping shrub with striking tubular flowers, cream with yellow flaring lobes in spring. Hardy. Trim after flowering.	Evergreen	2m

Carex buchananii		Erect robust species with reddish-brown foliage. Very hardy. Full sun for best colour.	NZ Native	Evergreen	0.6m
Carex comans		Silvery-blue weeping grass, ideal for ground cover. Hardy.	NZ Native	Evergreen	0.3m
Carex comans Bronze		Red brown tussock with fine shiny leaves. Effective planting in groups where a tough plant is needed. Tolerates damp and salty conditions.	NZ Native	Evergreen	0.4m
Carex comans Frosted Curls		Delightful landscaping plant. Very hardy. Trim occasionally to bring away new silver growth. A real gem for rock & pebble garden	NZ Native	Evergreen	0.4m
Carex conica Snowline		Attractive compact grass with fine white variegation on outer leaf. Keep on dry side especially in winter. Excellent tub plant.		Evergreen	0.25m
Carex flagellifera Bronze		Very hardy grass, useful as contrast next to shrubs with bold foliage. Has long arching, brown foliage which sways gracefully in the wind. Seed heads on long stalks used in dried arrangements	NZ Native	Evergreen	0.4m
Carex flagellifera Green		Attractive bright green grass, suitable for rockeries or borders. Very hardy, evergreen.	NZ Native	Evergreen	0.4m
Carex morrowii variegata		Attractive grass with variegated margins. Ideal for a dry site or in tubs and containers.		Evergreen	0.6m
Carex oshimensis Evergold		Sedge with tapering leaves richly variegated green with bright creamy yellow band. Gracefully arching and spreading out at ground level. Prefers some shade. Prune regularly.		Evergreen	0.3m
Carex secta	Niggerhead, Purei	Large sedge forming huge broad pillars. Sharp, cutting margins on leaves. Suits a damp, swampy area.	NZ Native	Evergreen	1m
Carex sectoides		Bright green sedge. Suitable for wet areas in most climates. Hardy.		Evergreen	0.8m
Carex testacea		A densely tufted plant with arching, rather wide spreading foliage. Colour varies from light brownish green to golden brown. Very hardy.	NZ Native	Evergreen	0.5m
Carex trifida	Chatham Island Sedge	Hardy plant with interesting blue-green foliage and conspicuous large flower spikes.	NZ Native	Evergreen	0.6m

Carex trifida Sunrise		Hardy plant from Chatham Islands. Stout habit with numerous plump brown flower spikes and medium to wide blue-green and cream variegated leaves. Coastal planting, dry banks or pots.	NZ Native	Evergreen	0.6m
Ceanothus Blue Carpet		Very hardy shrub that will grow in most garden conditions. Forms a dense carpet ideal for rockeries or trailing over a bank. Responds well to a light trim.		Evergreen	0.3m
Ceanothus Blue Sapphire		Spring flowering shrub with bright blue flowers that smother the bush. Dark purple-green foliage. Prune to shape if required.		Evergreen	0.6m
Ceanothus griseus Diamond Heights		Outstanding foliage plant. Pale blue flowers in spring. Excellent container plant. Best in full sun or light shade. Tolerates dry conditions with occasional deep watering. spring. Excellent container plant. Protect from heavy frost.		Evergreen	0.3m
Ceanothus Joyce Coulter	Californian Lilac	Very vigorous, extremely wide spreading plant good for banks or ground cover. Masses of blue flowers in spring. Very Hardy.		Evergreen	1m
Ceanothus Mountain Haze		Compact plant with small dark leaves and blue flowers. Excellent for sea-side gardens.		Evergreen	1m
Ceanothus papillosus roweanus	Californian Lilac	A rounded dense bush with dark blue flowers and glossy green leaves. Attracts bees. Hardy and fast growing.		Evergreen	2m
Ceratostigma griffithii		Small shrub with small, round leaves turning reddish in autumn. Deep blue flowers over a long period in summer. Hardy. Likes a free-draining soil in full sun.		Semi- Deciduous	0.8m
Ceratostigma willmottianum		Smothered in beautiful bright blue flowers throughout summer. Leaves turn red in late autumn. Trim back after flowering. Suits dry, well-drained site, preferably full sun.		Deciduous	0.8m
Chaenomeles Green Ice		Green-white flowers in early spring. Great cut flowers. Very hardy.		Deciduous	2m
Chaenomeles japonica Chochurigaki		Double deep apricot japonica flowers nearly all year round. Very hardy. Suitable as a shrub or as a climber.		Deciduous	
Chaenomeles Riccartonii		Very bright orange red flowers produced on bare stems in late winter and early spring. Very hardy. Can be grown as shrub or espaliered.		Semi- Deciduous	2m

Chaenomeles speciosa alba		Shrub with many erect branches forming a bush of stark beauty in winter and early spring when the bare stems produce their showy white flowers. Very hardy.		Semi- Deciduous	2.5m
Chaenomeles speciosa Toyo-Nishiki		A novel variety with single white, pink, and rose coloured blooms on the same bush. Different and charming for floral decoration. Very hardy.		Semi- Deciduous	2m
Chaenomeles Yokuku		White flowers on bare stems from winter to spring. Very hardy shrub which can also be trained as espalier. Grows in sun or part shade. Prune after flowering.		Semi- Deciduous	1.5m
Chimonanthus praecox	Wintersweet	The sweet smelling golden yellow flowers appear in early spring while the branches are still bare. Very hardy.		Deciduous	2.5m
Chimonanthus praecox luteus		Well distinguished by rather larger clear waxy yellow flowers, which are sweetly scented. Very hardy. Can be pruned after flowering.		Deciduous	2m
Chionochloa conspicua		Large tussock found throughout NZ Flower panicles from Nov - January. Very hardy.	NZ Native	Evergreen	1m
Chionochloa flavescens		Hardy NZ native grass with attractive seed heads in summer.	NZ Native	Evergreen	0.5m
Chionochloa flavicans		Forms a dense clump with bright green slender, weeping leaves. Plumes of greenish-yellow flowers hang from the tips of metre long stems during summer.	NZ Native	Evergreen	1m
Chionochloa rigida	Snow Tussock	Tall and stout tussock, usually tawny green or golden colour. Flowering stems up to 1.5 long. Very hardy and tolerant of dry conditions when established.	NZ Native	Evergreen	1m
Chionochloa rubra	Red Tussock	A graceful tussock from Fiordland. Suitable for windy sites. Prefers moist soil conditions but tolerates dry. Very hardy.	NZ Native	Evergreen	1m
Choisya Aztec Pearl		Finely cut green foliage. Flowers in late spring and often again in autumn. Pink buds opening to fragrant flowers. Hardy.		Evergreen	1.5m
Choisya ternata	Mexican Orange Blossom	A neat compact shrub which in spring is covered in white orange blossom-like scented flowers. Very hardy. Trims well. Tolerates shade or sun.		Evergreen	1.5m

Choisya ternata Sundance		Golden foliage form of "Mexican Orange Blossom". Sweetly scented white flowers late spring and summer. Prefers some shade. Leaves can burn in hot sun.	Evergreen	1m
Cistus Brilliancy	Rock Rose	Large rosy pink flowers. Excellent for sunny dry and coastal sites. Prune after flowering.	Evergreen	1.2m
Cistus ladanifer petiolatus Bennett's White	Rock Rose	Popular, large, pure white flowering all summer. Well drained sunny spot. Prune after flowering	Evergreen	1m
Cistus salviifolius	Rock Rose	A hardy, dry tolerant shrub with bushy spreading habit. Prolific flowering of white blooms with yellow basal markings. Trim to tidy after flowering.	Evergreen	0.6m
Cistus Silver Pink	Rock Rose	Very attractive flowers up to 8cm across in clear silvery pink with golden stamens. Good for banks, borders, rockery or coastal areas. Very hardy.	Evergreen	1m
Cistus skanbergii Pink Ice	Rock Rose	Grey - green leafed rock rose with medium sized silvery pink flowers in spring and summer. Prefers full sun. Prune after flowering.	Evergreen	1m
Cistus x lusitanicus	Rock Rose	Free flowering. White flowers with maroon blotch and yellow at base of petals. Especially useful for dry soils. Prune after flowering.	Evergreen	0.75m
Clematis armandii		Very hardy climber with dark glossy foliage with masses of single white blooms produced in clusters.	Evergreen	
Clematis armandii Apple Blossom		Bold attractive foliage. Beautiful six-petalled blooms pink in bud opening to pale pink. Sunny sheltered position with cool root zone. Mulch well. Keep moist during summer.	Evergreen	
Clematis armandii Snowdrift		Small pure white flowers in spring. Very vigorous. Prefers rich moist soil, full sun or semi-shade. Prune lightly. Very hardy.	Evergreen	
Clematis hybrid		Hardy climber which prefers cool root run.Plant deeply in good soil.	Deciduous	
Clematis montana Elizabeth		Flowers slightly scented. Delicate pink in colour. Single blooms. Very hardy plant.	Deciduous	
Clematis montana Freda		Flowers cherry pink with deeper margins. Blooms spring. Prefers rich moist soil, full sun or semi-shade. Very frost hardy. Light prune.	Deciduous	
Clematis montana Marjorie		Semi double flowers with creamy pink petals and salmon pink centres. Hardy and vigorous climber.	Deciduous	

Clematis montana rubens		Spectacular masses of anemone like 5cm rich pink flowers. Fast growing. Extremely hardy. Will grow anywhere.		Deciduous	
Clematis montana Snowflake		Spectacular masses of anemone like 5cm snow white flowers. Fast growing. Very hardy.		Deciduous	
Clematis montana Tetrarose		A vigorous, hardy climber with bronze foliage. Lilac-rose flowers up to 8 cm across. Plant on fences, trellis, tree stumps etc.		Deciduous	
Clematis Nelly Moser		Very popular variety bearing large blooms of Mallow pink with violet central stripe and red stamens. Best grown in semi-shade.		Deciduous	
Clematis paniculata	Native White Clematis	Vigorous climber, likes a cool moist root run and some sun to flower well. White flowers in early summer.	NZ Native	Evergreen	
Clematis paniculata Bridal Veil		A selection of the NZ clematis which has deep bronze foliage and large white flowers (male). Vigorous. Very hardy. Suitable for growing up tree or on a trellis.	NZ Native	Evergreen	
Clematis paniculata Purity		Large creamy white fragrant flowers in spring. Best through tree or over pergola. Requires cool moist root run. Hardy.	NZ Native	Evergreen	
Clematis The President		Deep violet blue with dark stamens, very free flowering. Blooms late spring and autumn. Prefers rich moist soil, full sun or part shade. Very frost hardy. Prune hard		Deciduous	
Clematis x cartmanii Sweet Heart		Beautiful white flowers in spring, on a small climbing or weeping hardy and robust native clematis. Can also be used as a ground cover. Ideal in areas with good drainage and plenty of sun.		Evergreen	
Clerodendrum trichotomum fargesii		A strong growing large shrub, valuable for its autumn effects. Very fragrant white flowers in maroon calyx's in early autumn followed by blue berries. Very showy. Very hardy.		Deciduous	3m
Clianthus puniceus albus	White Kaka Beak	A vigorous semi-evergreen medium sized shrub with curious white claw shaped flowers in spring. Prune after flowering.	NZ Native	Evergreen	1.5m
Clianthus puniceus Flamingo	Pink Kaka Beak	Fast growing, mainly evergreen native shrub with pink pea-shaped flowers. Suits a well-drained site in full sun protected from heavy frosts. Prune after flowering.	NZ Native	Evergreen	1.5m

Clanthus puniceus maximus	Red Kaka Beak	NZ native kaka beak with wonderful pendulous red flowers in spring and summer. Plant in sunny, well-drained site.	NZ Native	Evergreen	1.5m
Clanthus puniceus maximus Kaka King	Red Kaka Beak	Bold, glossy foliage year round and long lasting display of large rich red flowers through late winter and early spring. Trim if necessary. Good soil and reasonably sheltered site. Prune after flowering.	NZ Native	Evergreen	1.5m
Coleonema pinkii	Pink Diosma	Compact upright diosma covered with small pin flowers with a distinct pink stripe in the centre of petals. Plant singly or in groups in a sunny position.		Evergreen	1m
Coleonema pulchrum	Breath of Heaven	Erect growing shrub with long slender branches. Pink flowers. Tangy aromatic leaves and stems.		Evergreen	1.5m
Coleonema pulchrum Sunset Gold	Golden Diosma	Bright gold aromatic foliage. Bright pink starry flowers in profusion in spring. Low growing. Sunny position.		Evergreen	0.7m
Convolvulus cneorum		Attractive grey foliage. Large blush white flowers in summer. Needs well drained sunny position.		Evergreen	0.5m
Convolvulus mauritanicus		Free flowering plant for banks, walls and ground cover. Mauve blue flowers trail from spring to autumn. Protect from heavy frost.		Evergreen	0.2m
Coprosma acerosa		(Sand Coprosma) Low growing shrub with flexible orange brown branches. An excellent plant for coastal areas and hot dry conditions	NZ Native	Evergreen	1m
Coprosma acerosa Red Rocks		Excellent rugged shrub which forms a tight tangled mound of dark reddish brown. Good for sunny situations. Will withstand salty winds and moderate frosts.	NZ Native	Evergreen	0.6m
Coprosma Beatson's Gold		NZ native shrub with arching branches. Spreading habit with yellow leaves edged green.	NZ Native	Evergreen	1m
Coprosma Chocolate Soldier		Attractive glistening chocolate bronze leaves tolerant of dry and poor soils, coastal and drought conditions.		Evergreen	2m
Coprosma Dark Spire		Compact, upright & conical plant with fine dark bronze leaves. Tolerant of most soil types, sun or shade. Withstands sea spray & drought conditions also. An easy care plant.	NZ Native	Evergreen	1.2m

Coprosma Fire Burst	Brilliant multicoloured leaves with fiery red margins which contrast with black centres. Leaves turn silver green and pink in late spring. Sun or part shade. Moist soil. Can be trimmed. Protect from heavy frost.	NZ Native	Evergreen	1.5m
Coprosma Flat Freddy	(brunnea x kirkii hybrid) Ideal low growing groundcover plant, that prefers well drained sunny site. Both frost and wind hardy.	NZ Native	Evergreen	
Coprosma Hawera	Unusual picturesque ground cover with bright lime green leaves. Very hardy. Evergreen	NZ Native	Evergreen	0.4m
Coprosma Hot Chocolate	Attractive shrub with shiny dark chocolate brown leaves. Prefers some sun and well drained position. Can be trimmed. Protect from heavy frost.	NZ Native	Evergreen	1.5m
Coprosma Karo Red	Compact shrub with striking black red foliage. Hardy. Suitable as a tub plant or in the garden. Protect from heavy frost.	NZ Native	Evergreen	0.5m
Coprosma Pride	Compact plant with attractive green foliage splashed gold and pink. Good coastal plant. Also suitable as a tub plant. Protect from heavy frost. Trim to shape.	NZ Native	Evergreen	2m
Coprosma propinqua	Very hardy shrub with small leaves usually in clusters. Grows in heavy wet soil. Blue drupes in summer.	NZ Native	Evergreen	1m
Coprosma propinqua Autumn Haze	Tidy dense ground cover plant which displays peach autumn tones from autumn until spring. Suitable as ground cover or in containers. Very hardy. Tolerates coastal wind.	NZ Native	Evergreen	
Coprosma prostrata Kiwi Gold	A prostrate groundcover, ideal for walls and rock gardens. Small shiny green leaves with bright yellow gold edges. Forms a dense mat. Tolerates drought and heat once established.	NZ Native	Evergreen	
Coprosma prostrata Kiwi Silver	Hardy groundcover which forms a dense mat in rock garden or over walls. Small shiny green leaves with creamy silver edges. Tolerant of drought and heat when established.	NZ Native	Evergreen	
Coprosma Rainbow Surprise	Bold summer foliage of green and cream tinged with gold and pink turning hot pink to red and olive green in autumn, winter and early spring. Protect from heavy frost.	NZ Native	Evergreen	1.5m
Coprosma rugosa	Flat growing ground-cover native for any open garden. Very hardy with a gold hue to the summer growth.	NZ Native	Evergreen	

Coprosma x kirkii		A hardy prostrate NZ native, vigorous growing and ideal to cover dry banks and areas with some foot traffic.	NZ Native	Evergreen	
Coprosma x kirkii variegata		An excellent spreading variegated shrub suitable for banks and coastal conditions. Hardy.	NZ Native	Evergreen	
Cordyline australis	NZ Cabbage Tree, Ti Kouka	Impressive tree with palm-like appearance and creamy white scented flowers in summer. Ideal for structural planting and containers. Sunny, well-drained site preferred. Very hardy.	NZ Native	Evergreen	5m
Cordyline australis albertii		An attractive cultivar with cream and green foliage with a pink mid-rib. Despite the tropical appearance it is hardy and easy to grow in most soils.	NZ Native	Evergreen	3m
Cordyline australis Burgundy Spire		Upright plant which has glossy deep burgundy, long narrow leaves. Provides strong architectural focus in garden. Suitable for container. Full sun or part shade. Very hardy.	NZ Native	Evergreen	3m
Cordyline australis Cardinal		Upright trunk and long wide deep red foliage. Sprays of white flowers in early summer. Suitable for general garden or containers. Sun or partial shade and well drained soil. Tolerates coastal conditions. Hardy.	NZ Native	Evergreen	2m
Cordyline australis Chocolate Mint		Sword-like leaves are centred with a rich chocolate colour and bordered in vibrant green. Happy in sun or part shade. Protect from harsh frost when young.	NZ Native	Evergreen	4m
Cordyline australis Karo Kiri		A dwarf cabbage tree ideal for a tub of a container. Excellent indoors or outside. Easy to care for. Water regularly.	NZ Native	Evergreen	1.5m
Cordyline australis Sundance		Emerald green leaves with a bronze stripe through the middle as it matures. Suitable for garden or in a container. Very hardy.	NZ Native	Evergreen	3m
Cordyline Green Goddess		(Hybrid cultivar of C. kaspar) Rich green foliage. Scented white flowers on long spikes in summer. Good accent shrub. Hardy.	NZ Native	Evergreen	3m
Cordyline indivisa	Mountain Cabbage Tree	For architectural planting this wide leaved native palm makes rapid growth. Flowers creamy-lilac.	NZ Native	Evergreen	4m
Cordyline Purple Tower		(Hybrid cultivar of C. banksii) Prefers cool moist conditions. Upright habit with deep purplish-red leaves. Handsome garden specimen or tub plant. Hardy.	NZ Native	Evergreen	4m

Cordyline Red Fountain		Lovely brilliant fine red foliage, flax-like in shape. After two to three years it produces cabbage tree flowers which are creamy-white and fragrant.	NZ Native	Evergreen	0.8m
Corokia buddleioides	Korokio	Upright shrub with yellow starry flowers in October and November, followed by dark red fruits. Very hardy in most conditions.	NZ Native	Evergreen	2.5m
Corokia cotoneaster	Wire Netting Bush	A rigid densely branched shrub. Bright yellow flowers followed by yellow orange or red berries in autumn. Hardy. Prefers some sun.	NZ Native	Evergreen	1m
Corokia cotoneaster Geentys Ghost		Selected for its classic silver grey foliage. Extremely tolerant of dry and exposed conditions including salt winds. Can be trimmed as topiary or hedge.	NZ Native	Evergreen	1.2m
Corokia cotoneaster Geentys Green		Compact, upright plant with large glaucous green, oval leaves. Very hardy to poor soils and wind. Suitable for hedging.	NZ Native	Evergreen	1.5m
Corokia cotoneaster Little Prince		Compact twiggy dwarf shrub with bronzy purple foliage. Very hardy. Can be trimmed into hedge.	NZ Native	Evergreen	1m
Corokia x virgata Bronze Knight		Upright growing native with dark bronze foliage and silvery underneath. Wind resistant.	NZ Native	Evergreen	2m
Corokia x virgata Bronze Lady		Spring leaves pink, changing to copper. Extremely hardy, suitable for coastal and exposed positions.	NZ Native	Evergreen	2m
Corokia x virgata Cheesemani		Upright growing native shrub. Leaves bronze and silver.	NZ Native	Evergreen	2m
Corokia x virgata Frosted Chocolate		Very hardy shrub with bronze chocolate foliage and frosted reverse side of leaf. Orange-red berries in autumn.	NZ Native	Evergreen	1.8m
Corokia x virgata Red Wonder		Extremely hardy coastal shrubs with dense twiggy branches and starry yellow flowers. Red berries.	NZ Native	Evergreen	1.5m
Corokia x virgata Sunsplash		A medium shrub with green leaves margined gold. Compact.	NZ Native	Evergreen	1.5m
Corokia x virgata Yellow Wonder		Extremely hardy coastal shrub with dense twiggy branches Yellow starry flowers followed by yellow berries.	NZ Native	Evergreen	1.5m
Correa Dusky Bells		Pinkish-red flowers which are 4cm long produced from autumn to spring. Prefers full sun and well drained soil. Hardy.		Evergreen	1m

Correa Marian's Marvel		Flowers soft salmon orange. A small growing shrub. Plant in a warm sunny position.		Evergreen	1m
Cortaderia Gold Band		An attractive hybrid pampas grass with golden edge on green leaves. Very hardy, suits a variety of situations.		Evergreen	1.5m
Cortaderia richardii	South Island Toe Toe	Hardy grass with graceful cream coloured plumes from mid December to January. Suits most soil types, full sun.	NZ Native	Evergreen	3m
Cortaderia toetoe		Largest endemic grass found in NZ. Feather-like flower heads up to 6m high produced from November to March. Very hardy.	NZ Native	Evergreen	3m
Corylopsis glandulifera	Chinese Witch Hazel	Medium shrub with attractive branching habit. Leaves broad and rounded. Highly scented, narrow racemes of bright yellow, bell shaped flowers in late winter. Requires good, moist, acid soil, some shelter and sun or part shade.		Deciduous	3m
Cotinus coggygria	Smoke Bush, Venetian Sumach	Smooth rounded green leaves with brilliant autumn colours. Fawn coloured plumes of flowers 15 - 20cm long at Christmas.		Deciduous	3m
Cotinus coggygria Golden Spirit	Golden Smoke Bush	Syn. C. coggygria Ancot. Unique form of smoke bush. Leaves is brilliant golden yellow through summer accompanied by plume-like flowers. Coral, red and orange autumn colours. Full sun. Very hardy.		Deciduous	2m
Cotinus coggygria purpureus	Purple Smoke Bush	The round deep purple leaves always attract attention. Hazy purple smoke-like flowers. Good autumn colours.		Deciduous	3m
Cotinus coggygria Red Spirit		Syn. C. coggygria Firstpur. Round green foliage changes to mid purple through summer, topped with rich red smoke like plumes in late summer. Good autumn colour. Best grown in fertile soil and sun to part shade.		Deciduous	2m
Cotinus coggygria Royal Purple		The finest of all purple-foliaged shrubs. The deeply veined leaves turn rich crimson in autumn. Prune in winter to stimulate new spring growth.		Deciduous	2m
Cotinus Grace		A lovely smoke bush with crimson-purple tips on leaves changing with age to green with purple tinge. Winter pruning produces a tidy bush. Very hardy.		Deciduous	2.5m
Cotoneaster congestus		Dense rounded bush with branches curving downwards. White flowers in December are attractive to bees. Bright red berries in autumn.		Evergreen	1m

Cotoneaster Cornubia		A vigorous shrub. The red fruits are perhaps the largest of the Cotoneasters and borne in profusion weighing down the branches.		Evergreen	4m
Cotoneaster dammeri		Hardy prostrate shrub excellent as groundcover in rock gardens. Glossy leaves white flowers and red berries.		Evergreen	
Cotoneaster horizontalis		A low growing shrub of prostrate habit, with branches of characteristic "herring-bone" pattern. Can be espaliered. Covered in red berries in autumn and winter. Very hardy.		Deciduous	1m
Cotoneaster horizontalis variegatus		Impressive bright scarlet berries and attractive variegated foliage, fan-shaped branches. Very suitable for covering low walls and banks. Branches.		Deciduous	1m
Cotoneaster salicifolius Scarlet Leader		Arching branches and dark green leaves combine to make a graceful shrub. Scarlet berries.		Deciduous	1m
Crinodendron hookerianum		Syn. Tricuspidaria lanceolata. Flowers like long stalked crimson lanterns which hang thickly along branches in November. Requires moist, lime-free soil and some shade.		Evergreen	2m
Crowea exalata		This delightful gem is rarely seen without its bright starry pink flowers. Requires a sunny position, well-drained soil and No lime		Evergreen	0.6m
Crowea Festival		Small shrub with dark pink star like flowers throughout summer. Trim when finished flowering. Avoid heavy frosts.		Evergreen	0.6m
Cyathea dealbata	Ponga, Silver Fern	Beautiful fern with silvery undersides. Protect from wind and heavy frost. Well drained situation required. Tall and slow-growing - suitable for small gardens. NZ national emblem	NZ Native	Evergreen	6m
Cyathea medullaris	Black Ponga, Mamaku	NZ's largest tree fern. Protect from wind and frost in a well-drained site. Water well in summer.	NZ Native	Evergreen	10m
Cytisus Ruby		Crimson flowers in spring. Vigorous, erect bush. Very hardy. Prune after flowering.		Evergreen	2m
Cytisus x praecox		Mass of rich cream flowers on slender, weeping branches in spring. Flowers good for picking. Very hardy. Prune hard after flowering.		Evergreen	1m
Daphne bholua		Long narrow foliage with attractive scented pink flowers throughout winter. Prefers dry shady area. Very hardy, semi evergreen.		Semi-Deciduous	1m

Daphne bholua Pink Ice		Richly scented, soft pink flowers in late winter on an upright bush. Likes good drainage and loamy soil.	Semi-Deciduous	1m
Daphne cneorum	Garland Flower, Rock Daphne	The rose pink, fragrant, flowers and prostrate habit make this an attractive plant.	Evergreen	
Daphne odora leucantha		Very fragrant flowering shrub with flower clusters of deep pink shaded white in winter and spring. Deep green foliage. Prefers semi-shaded, well-drained, lime-free soil.	Evergreen	1m
Daphne odora leucantha alba		Beautifully perfumed porcelain white blooms. Light green growth tips. Prefers semi shaded position with well drained lime free soil.	Evergreen	0.8m
Daphne x burkwoodii		A compact shrub covering itself in spring with pale pink fragrant flowers.	Semi-Deciduous	1.2m
Daphne x burkwoodii variegata		A compact shrub with leaves finely margined cream. In spring it is covered with highly scented pink flowers.	Semi-Deciduous	1.2m
Desfontainia spinosa		Magnificent late summer flowering. A hardy shrub with small holly-like leaves and tubular scarlet flowers with yellow mouth. Prefers semi-shade.	Evergreen	1.8m
Deutzia crenata nakaiana Nikko		Delightful low spreading form, producing masses of tiny snowy white tubular blossoms in late spring. Very hardy.	Deciduous	0.6m
Deutzia Dorothy Hamilton		A fast growing shrub with soft pink flowers with a deeper bar covering the bush in spring. Plant in a sunny position and trim after flowering. Hardy.	Deciduous	1m
Deutzia Pink Pom Pom		An attractive shrub with clusters of pink flowers fading to white in early summer. Very hardy.	Deciduous	1.5m
Deutzia scabra Candidissima		Tall shrub with double white flowers in summer. Very hardy.	Deciduous	1.5m
Dianella caerulea Cassa Blue		This compact dianella tolerates a wide range of soils and conditions. Likes full sun as well as partially shaded position. Hardy with excellent cold, heat, frost, and drought tolerance. Plant in a well mulched garden.	Evergreen	0.5m
Dianella nigra		Shiny, dark green upper leaf with slightly rough edges. Forms close growing clumps. Pretty star-shaped light blue flowers in spring followed by masses of shiny dark blue berries.	NZ Native	Evergreen 1m

Dianella revoluta Baby Bliss		Excellent compact, contrasting border plant. Tolerates a wide range of climatic conditions. Full sun to part shade. Very hardy, drought and frost tolerant.		Evergreen	0.25m
Dianella revoluta Little Rev		This compact dianella tolerates a wide range of soils and conditions. Likes full sun as well as partially shaded position. Hardy with excellent cold, heat, frost, and drought tolerance. Plant in a well mulched garden.		Evergreen	0.3m
Dichroa versicolor		Shade loving bushy shrub with electric blue waxy flowers through summer. Prefers good moist soil. Feed with aluminium sulphate for good colour.		Evergreen	1m
Dichroa versicolor Blue Stars		Hydrangea-like bush with large glossy rich green leaves. Attractive denim-blue flowers nearly all year round. Tolerant of quite moist conditions.		Evergreen	1m
Dodonaea viscosa	Ake ake	A quick growing NZ shrub for warm and coastal areas. Useful as hedge or shelter in coastal and windy situation. Requires good drainage. Ornamental seed capsules.	NZ Native	Evergreen	5m
Dodonaea viscosa purpurea	Purple ake ake	A quick growing native shrub for warm and coastal areas. Leaves red in summer turning rich purple red in winter.	NZ Native	Evergreen	5m
Drimys lanceolata	Mountain Pepper	A compact aromatic shrub from Tasmania. The young stems are a good red colour holding this throughout the year. Numerous small creamy-white flowers in Oct-Nov. Cold and drought hardy.		Evergreen	1.5m
Drimys winteri	Winter's Bark	Small tree with bunches of scented creamy flowers. Ideal as a specimen tree where winter form can be seen. No lime.		Evergreen	5m
Drimys winteri andina		A rare alpine form of the Winter's Bark with large white scented flowers. Dwarf growth habit. Hardy.		Evergreen	0.5m
Echium fastuosum		Large shrubby perennial, multi-branched with grey-green leaves and dramatic spikes of purplish-blue flowers in late autumn. Likes full sun and good drainage. Tolerates coastal conditions.		Evergreen	1m
Edgeworthia chrysantha Grandiflora	Yellow Daphne	An interesting shrub with stout stems in spring producing large silvery buds opening to heads of yellow tubular flowers.		Deciduous	1.5

Elaeagnus pungens maculata		Leaves with a central splash of gold giving a very bright effect. Outstanding in the winter. Very hardy shrub which can be pruned to shape.	Evergreen	1.5m
Elaeagnus x ebbingei		Hardy fast-growing shrub with large silvery green leaves giving a very bright effect.	Evergreen	1.5m
Erica carnea Pink Spangles		Delightful soft pink flowers. Compact grower. Very hardy.	Evergreen	0.3m
Erica carnea Vivellii		Deep carmine flowers from late winter to spring. Bronzy red foliage in winter. Prune dry blooms after flowering. Hardy.	Evergreen	0.3m
Erica cerinthoides	Erica Heath, Fire Heath	Small greyish-green foliage and 3cm bright red-orange hairy tubular flowers in 8cm clusters. Protect from frost. Acid soil needed.	Evergreen	0.6m
Erica Colorans White Delight		Showy white tubular flowers on tall spikes. Attractive soft green foliage. Prune after flowering for bushier plant and more flowers. Prefers well drained site.	Evergreen	1m
Erica erigena Golden Lady		Attractive golden foliage all year. Plant with humus, sunny site.	Evergreen	0.3m
Erica melanthera		Small mauve pink bells with black anthers. Flowers from April to July. Hardy, sunny position in well-drained acid soil.	Evergreen	1m
Erica x darleyensis	Darley Dale Heath	Cushion like habit. Deep green foliage. Myriads of rosy mauve flowers in winter. Extremely hardy will grow anywhere.	Evergreen	
Erica x darleyensis Jack H Brummage		Excellent winter flowering erica. Soft pink flowers with highly coloured foliage. Extremely hardy will grow anywhere.	Evergreen	0.5m
Eriostemon myoporoides Profusion		Syn. Philotheca myoporoides Profusion. Waxy white flowers begin in late winter and continue for months in early summer. Hardy.	Evergreen	1m
Escallonia Apple Blossom		A rounded shrub with glossy green leaves and pink and white flowers. Wind tolerant and excellent for coastal areas.	Evergreen	1.5m
Euonymus fortunei Emerald 'n' Gold		Obliging plants providing year round colour. Good ground cover. Very hardy. A real gem for rock and pebble gardens.	Evergreen	0.3m

Euphorbia characias Kea		This compact perennial has foliage of blue-grey-green, with a touch of red in the new growth. Lime-gold flowers in the spring. A dramatic plant for a sunny, well-drained spot.		Evergreen	0.5m
Euphorbia characias Tui		Beautiful blue green leaves turning burgundy at tips. Tight compact habit. Mass of continuous dark chocolate to burgundy flowers in winter. Thrives in full sun or part shade and well drained soil.		Evergreen	0.6m
Euphorbia characias wulfenii		Magnificent, long lasting, column-like heads of lime green in early spring. A superb plant for a large border. Sun.		Evergreen	1.2m
Euphorbia glauca	NZ Sea Spurge	Bluish-green leaves on erect stems, often the juvenile leaves and stems have a reddish tinge, flowers minute. Endangered.	NZ Native	Evergreen	1m
Euphorbia martinii		Compact evergreen, requires little moisture and full sun. Spring flowering.		Evergreen	0.5m
Euphorbia polychroma		Compact perennial with lime yellow bracts. Suits a sunny, moist situation.		Evergreen	0.3m
Euryops pectinatus		Rich yellow daisy-like flowers produced throughout year but most freely from Aug - Dec. Very hardy. Tolerates coastal conditions. Prefers full sun and good drainage.		Evergreen	1m
Exochorda x macrantha The Bride		Dense, arching shrub forming a mound of large white flowers in spring. Prolific flowering, dark green foliage on pendant branches. Suits a sunny, well drained, acid soil. Very hardy.		Deciduous	1.5m
Fatsia japonica		A handsome medium to large shrub of spreading habit. Large polished green leaves emphasise the globular white flower heads that terminate the stems in autumn. Protect from frost.		Evergreen	1.5m
Festuca coxii		(Chatham Island Fescue) Excellent little grass with slender blue glaucous leaves. Semi-prostrate habit suitable for spilling over banks and walls. Requires moist, well-drained site.	NZ Native	Evergreen	0.25m
Festuca novae-zelandiae		A dense native tussock with very fine foliage, upright in the centre, fanning outwards around the edge. New leaves are grey-green. A tough plant that will tolerate poor, dry conditions.	NZ Native	Evergreen	0.6m
Ficus pumila		Self clinging evergreen climber, suitable for climbing walls or hanging baskets. Protect from heavy frost. Prefers cool, shady position with moist soil. Provides dense ground cover.		Evergreen	

Forsythia x intermedia Arnold Giant		This forsythia is a robust shrub of medium size with exceptionally large nodding flowers in early spring.	Deciduous	3m
Forsythia x intermedia spectabilis		Early spring flowering shrub. Masses of golden yellow flowers produced before leaves appear.	Deciduous	2m
Fragaria Lipstick	Pink-flowering Strawberry	Excellent ground cover plant for open sunny position. Bright pink flowers in summer followed by juicy red strawberry fruits .Very hardy	Semi- Deciduous	0.2m
Furcraea bedinghausii		A succulent plant from South America with tall flower stems and greenish flowers. Needs protection from very hard frosts.	Evergreen	3m
Gardenia True Love		Large pure white double blooms that are very fragrant. Glossy dark green foliage. Plant in full sun or part shade. Prefer their roots to be kept cool. Feed once a year with general fertiliser.	Evergreen	1.2m
Garrya elliptica		Magnificent large evergreen shrub draped with long green catkins in winter. Will grow on coast and south walls.	Evergreen	3m
Garrya elliptica James Roof		A strong vigorous male form with large leathery leaves and extra long catkins.	Evergreen	2m
Gelsemium sempervirens Plena	Double Caroline Jasmine	Syn. G. sempervirens Pride of August. A twining evergreen climber with fragrant golden yellow double flowers in spring to summer. Likes well drained soil. Protect from heavy frosts.	Evergreen	
Genista Yellow Imp		Compact bushy shrub which produces bright golden yellow broom from late spring. Trim for further flowering.	Deciduous	1m
Gordonia axillaris		Large creamy white flowers with bright yellow stamens, camellia like in size and shape, stands sun and shade. Hardy.	Evergreen	3m
Grevillea alpina x rosmarinifolia Gold Rush		Clear bright yellow flowers with a streak of red in the stigma. Bushy habit that responds to clipping to keep in shape. Open sunny well-drained site, withstands windy conditions.	Evergreen	1m
Grevillea Bon Accord		Bushy shrub with large flame red flowers on ends of branches in late winter to spring. Attractive to birds. Dense growth habit makes it suitable for hedging. Prefers full sun and free draining soil. Protect from heavy frost.	Evergreen	1.5m

Grevillea Bonnie Prince Charlie	A compact free flowering shrub which tolerates dry conditions. Rich red and gold spider-like flowers in spring and early summer. Suitable for containers. Protect from heavy frost.	Evergreen	0.6m
Grevillea Bronze Rambler	Vigorous ground cover with beautiful bronze coloured foliage. Attractive wine-red toothbrush flowers in spring. Well-drained site. Protect from heavy frosts.	Evergreen	0.3m
Grevillea Clearview David	Profusely flowering shrub with narrow leaves and bushy habit. Red and white flowers. Tolerates hot dry position. No strong fertiliser.	Evergreen	2m
Grevillea Fanfare	Vigorous groundcover which produces masses of dark red tooth brush like flowers mainly in spring. Prune after flowering to encourage red new growth. Full sun. Protect from heavy frost.	Evergreen	0.2m
Grevillea lanigera Mt Tamboritha	Masses of flowers in red, pink cream almost all year. Prostrate habit with attractive narrow pointed green leaves. A very hardy, excellent cascading groundcover. Evergreen.	Evergreen	0.3m
Grevillea Nancy Otzen	Attractive, bushy, free flowering winter and spring shrub with great masses of deep red flowers. Prune lightly after flowering. Plant in sunny well-drained position. Full sun. Hardy.	Evergreen	1.2m
Grevillea Pink Midget	Hardy compact shrub with green-bronze foliage. Masses of delicate spider pink flowers over long period. Requires full sun and good drainage. Protect from heavy frost. Prune lightly after flowering.	Evergreen	0.3m
Grevillea Poorinda Elegance	Clusters of yellow spider-like flowers with pink styles. Hardy in most well drained soils in full sun. Prune and mulch in early spring. Attracts birds.	Evergreen	1.5m
Grevillea prostrata Aurea	A low spreading shrub with bright green foliage - yellow flowers.	Evergreen	0.3m
Grevillea Red Cluster	Cultivar noted for deep red flowers from autumn to spring. Low growing habit. Suits well drained situation, full sun, rockeries, banks etc.	Evergreen	0.5m
Grevillea Robin Hood	An easily grown, attractive shrub displaying scarlet flower spikes at branch tips from spring through summer. Withstands cold and dry, but needs staking against strong wind.	Evergreen	2m

Grevillea rosmarinifolia		Requires a warm sunny well drained position. Excellent for coastal situations. Crimson flowers during summer.		Evergreen	1.8m
Grevillea Scarlet Sprite		Intense waxy scarlet to blood red spider-like flowers in spring. Compact bushy growth. Prefers sunny well drained situation.		Evergreen	1m
Grevillea victoriae		Drooping heads of rusty red flowers in summer. Semi-shade with summer moisture. Light to medium soil. Prune lightly each year to keep bushy.		Evergreen	2m
Grevillea x gaudichaudii		A very attractive, prostrate evergreen, ground cover plant. Brilliant, red, bottle-brush like flowers from spring through to summer. Hardy, wind tolerant. Plant in sunny site.		Evergreen	0.2m
Hamamelis intermedia Arnold Promise		Small growing, neat, upright vase-shaped witch hazel with abundant soft yellow, fragrant flowers in late winter.		Deciduous	1.5m
Hamamelis intermedia Diane		Attractive red flowers produced in late winter/spring before leaves appear. Vigorous compact habit. Very hardy.		Deciduous	3m
Hamamelis mollis Goldcrest		Large rich golden yellow flowers flushed claret red. Strong, sweet perfume - a real delight in the garden. Early spring flowering.		Deciduous	2m
Hamamelis mollis Pallida		Syn. Hamamelis x intermedia Pallida. Neat growing form of spreading habit. Flowers dense clusters of pale sulphur yellow, very fragrant.		Deciduous	2.5m
Hardenbergia violacea	Purple Coral Pea	One of the best quick growing climbers for trellis, pergola or as a ground cover. Blooms freely in spring with myriads of small pea-flowers coloured purple. Protect from severe frost.		Evergreen	
Hardenbergia violacea alba		A quick-growing climber for a trellis, pergola, fence etc. Smothered in small, white, pea-shaped flowers from winter to spring. Protect from heavy frost.		Evergreen	
Hebe albicans		A neat rounded shrub with delightful blue-grey foliage. In summer it is covered in white flowers for several weeks. Trim lightly after flowering. Very hardy. Prefers full sun.	NZ Native	Evergreen	0.5m
Hebe albicans Red Edge		Low growing variety with thick grey-green leaves and distinctive red edges. White flowers in late summer. Hardy.	NZ Native	Evergreen	0.5m
Hebe allanii		Low growing Hebe with white flowers in November to January. Hairy grey leaves with red margins. Hardy when planted in a sunny well-drained site.	NZ Native	Evergreen	0.4m

Hebe annulata	A dwarf compact bright green mound of whipcord foliage.	NZ Native	Evergreen	0.3m
Hebe anomala	A compact slow growing shrub with dark green leaves with purplish tips on the branches. Prefers an open sunny position.	NZ Native	Evergreen	0.6m
Hebe Autumn Beauty	Dark blue flowers during autumn. Hardy.	NZ Native	Evergreen	1.5m
Hebe Baldknob Ridge	An interesting Hebe from Nelson with prostrate habit and fleshy, apple-green foliage with small white flowers. Prefers full sun and moist soils.	NZ Native	Evergreen	0.3m
Hebe brevifolia	A medium-sized shrub with handsome dark green leaves. Flowers of reddish purple appear autumn through winter. Requires well drained, open site for best results. Hardy up to -8 degrees.	NZ Native	Evergreen	1m
Hebe buchananii	Low growing form with most interesting foliage. Ideal for rock & pebble gardens. Extremely hardy will grow anywhere.	NZ Native	Evergreen	0.2m
Hebe Caledonia	A dwarf shrub with bronze stems and small grey red-edged leaves. Short spikes of violet flowers in summer.	NZ Native	Evergreen	0.6m
Hebe canterburiensis	Neat rounded shrub with attractive white flowers in summer. Hardy.	NZ Native	Evergreen	1m
Hebe Champagne	Compact Hebe smothered in long racemes of soft lilac pink flowers in summer. Hardy to most conditions. Prune after flowering.	NZ Native	Evergreen	0.75m
Hebe Champion	Syn. H. Champseiont. Tight compact form with small glossy green round leaves which are attractive all year .Smothered in blue flowers in summer. Plant in full sun or part shade. Hardy and suitable for coastal planting.	NZ Native	Evergreen	0.5m
Hebe colensoi glauca	Dwarf dense rounded glaucous shrub of compact habit.	NZ Native	Evergreen	0.2m
Hebe cupressoides	A round dense shrub with pale pink flowers, similar to `Breath of Heaven' during summer. Requires a well drained sunny position.	NZ Native	Evergreen	1.5m
Hebe decumbens	A low growing NZ native. Branches bright black. Leaf buds red. Flowers white. Ideal for rock gardens	NZ Native	Evergreen	0.5m
Hebe diosmifolia	A good bushy spreading native plant with lavender flowers.	NZ Native	Evergreen	0.5m
Hebe diosmifolia Wairua Beauty	Forms a low multi branched bush with pale mauve flowers in late spring and early summer. Hardy.	NZ Native	Evergreen	1m

Hebe elliptica	Green shiny leaves. Large white flowers. Very hardy to wind and most suitable in coastal situation. Moist soil conditions.	NZ Native	Evergreen	2m
Hebe elliptica Donaldii	Variegated form with cream margins on leaf. White- lavender flowers in summer. Hardy. Prune after flowering.	NZ Native	Evergreen	1m
Hebe Emerald Green	A rounded bush of bright green whipcord foliage.	NZ Native	Evergreen	0.3m
Hebe evenosa	Compact neat rounded shrub. White flowers. Extremely hardy.	NZ Native	Evergreen	0.6m
Hebe First Light	Spreading compact bush with healthy fleshy foliage flushed bronze especially in winter. Prominent pink flowers for a long period over summer. Good for mass planting or containers.	NZ Native	Evergreen	0.3m
Hebe Great Orme	Very large deep purple flowers for a long period over summer. Attractive shrub which prefers sunny well drained position. Hardy.	NZ Native	Evergreen	1.2m
Hebe Headfortii	A hardy NZ native shrub with mauve flowers in late summer. Glossy foliage and compact habit.	NZ Native	Evergreen	1m
Hebe Icing Sugar	A summer flowering Hebe with attractive pink and white flowers and compact rounded form. Prefers sunny site. Clip after flowering.	NZ Native	Evergreen	1m
Hebe Inspiration	A hardy native with pale mauve flowers in late summer. Compact glossy foliage and habit. Evergreen.	NZ Native	Evergreen	0.6m
Hebe Karo Golden Esk	A rounded, slightly spreading native with yellow-green foliage turning a rich gold in winter. Tiny whipcord leaves and small white flowers in late spring. Prefers moist soil.	NZ Native	Evergreen	0.4m
Hebe Lavender Lace	Compact shrub with masses of lavender flower spikes winter and summer. Ideal for rockeries, borders, tubs or as a small hedge.	NZ Native	Evergreen	1m
Hebe Lavender Spray	Syn. H. Hartii. A low growing ground cover with lavender flowers. Excellent for rockeries, scree gardens and shrub borders. Prefers warm spot.	NZ Native	Evergreen	0.3m
Hebe macrantha	Hardy bush with very large white flowers in early summer. Trim after flowering. Prefers sun and not too dry. Hardy.	NZ Native	Evergreen	0.6m
Hebe Margret	Compact shrub with bright green leaves. Very showy sky blue flowers from late spring into summer. Hardy.	NZ Native	Evergreen	0.4m

Hebe Mary Antoinette	Low growing evergreen shrub. Flowers open cerise and fade to white. Narrow leaves with a dark tip. Tolerates light frosts and is suitable for coastal planting. Full or part sun.	NZ Native	Evergreen	0.3m
Hebe McKeanii	Low growing Hebe which forms a tidy compact dome shaped bush with small dark green leaves .Small white flowers in late summer. Well drained sunny position. Hardy.	NZ Native	Evergreen	0.4m
Hebe Mrs Winder	Award winning, free flowering Hebe with purple foliage and bright blue flowers from early summer onwards. Plant in well-drained, sunny position.	NZ Native	Evergreen	1m
Hebe ochracea James Stirling	Whipcord Hebe. A spreading deep bronze gold mound. Small white flowers in summer.	NZ Native	Evergreen	0.2m
Hebe odora	Syn. Hebe buxifolia. A hardy native Hebe with bright green leaves and white flowers from October to March. Compact growth habit. Prefers sunny, well-drained site.	NZ Native	Evergreen	1m
Hebe odora buxifolia	Small polished green leaves forming a rounded bush. White flowers.Very hardy.	NZ Native	Evergreen	1m
Hebe odora nana	A hardy shrub which requires open space and good drainage. Small white flowers in spring/late summer. Light trim will keep a compact form. Very good for windy conditions.	NZ Native	Evergreen	0.5m
Hebe Ohakea	Low growing bush with rich amethyst buds opening to rosy pink flowers which lighten to pale pink. Perfect for patio pots and rockeries. Sunny well drained position. Trim after flowering.	NZ Native	Evergreen	0.8
Hebe Oratia Beauty	Compact shrub which is good for open positions. Pink and white flowers are produced throughout summer and autumn. Very hardy.	NZ Native	Evergreen	1m
Hebe Otari Delight	Small shrub which covers itself in pink flowers in late spring. Hardy. Grows in most soil types. Good for coastal planting.	NZ Native	Evergreen	1.5m
Hebe pimeleoides Quick Silver	Dainty with tiny silvery-grey leaves and dark stems. Semi prostrate growth. Violet flowers during spring. Hardy.	NZ Native	Evergreen	0.3m
Hebe pinguifolia Pagei	Spreading habit. White flowers in summer. Thrives in an open situation. Very hardy.	NZ Native	Evergreen	0.4m
Hebe Pretty In Pink	Stunning foliage colour with pale pink flowers. Hardy groundcover. Evergreen.	NZ Native	Evergreen	0.3m

Hebe recurva		A small shrub with open rounded habit. White flowers in racemes.	NZ Native	Evergreen	1m
Hebe salicifolia	Koromiko	NZ Native. Hardy. Common in South Canterbury river valleys and bush margins. Long sprays of white flowers in spring. Prefers damp exposed site.	NZ Native	Evergreen	3m
Hebe Sandra Joy		Bright violet purple flower spikes amongst rich deep green foliage throughout summer. Sturdy vigorous growth habit. Prefers sun or part shade.	NZ Native	Evergreen	1m
Hebe speciosa		Distinct large rather fleshy leaves. Beetroot purple flowers produced over many months. Grows well in sun or partial shade in dry or coastal conditions. Protect from heavy frost.	NZ Native	Evergreen	1.2m
Hebe speciosa Tricolor		Leaves heavily variegated with grey green and irregularly margined with cream. Rosy pink tinges in winter. Grows in sun or partial shade in dry or coastal localities. Protect from frost	NZ Native	Evergreen	1m
Hebe speciosa x Pride		Excellent coastal plant with bright blue flowers in summer. Withstands wind and some drought when established. Protect from heavy frost.	NZ Native	Evergreen	1m
Hebe stricta	Koromiko	Long pointed leaves with very small pale teeth on margins. Flowers white/light blue. Flowering time - January to March	NZ Native	Evergreen	
Hebe topiaria		Small green leaves on a rounded bush with white flowers borne in clusters in spring. Compact growth. Useful for landscaping and mass planting.	NZ Native	Evergreen	0.8m
Hebe Turkish Delight		Deep purple bronze foliage. Dainty mauve blue flowers appear in spring. Reliable small shrub which grows in sun or part shade. Trim after flowering. PVR	NZ Native	Evergreen	1m
Hebe Waikiki		A bushy plant with bronze green new growth and lavender blue flowers. An excellent seaside plant.	NZ Native	Evergreen	1m
Hebe Wiri Cloud		Ideal for small gardens or containers. Pretty pink blooms in summer against golden green foliage. Prefers open position. Prune after flowering to maintain shape.	NZ Native	Evergreen	0.3m
Hebe Wiri Dawn		An outstanding prostrate Hebe with rose pink buds opening to pale pink flowers in late summer to winter. Use as a ground cover, cascading over a wall or in a pot. Prune after flowering.	NZ Native	Evergreen	0.4m

Hebe Wiri Image		Violet flowers on bright green foliage. Flowers Nov - Dec and again in the winter. Compact. Evergreen.	NZ Native	Evergreen	1m
Hebe Wiri Joy		Profusion of rose-pink flowers in spring and again in autumn. Prefers open sunny position. Trim to shape after autumn flowering. Hardy. Suitable for both garden and container planting.	NZ Native	Evergreen	0.8m
Hebe Wiri Mist		An excellent ground covering Hebe with attractive grey-green foliage covered with white flowers in late spring. Prefers open position. Prune after flowering to maintain shape.	NZ Native	Evergreen	0.4m
Hebe Wiri Prince		Glossy green leaves with bright magenta purple flowers 10 cm long. Popular Wiri form.	NZ Native	Evergreen	1m
Hebe Wiri Spears		A taller Hebe with large leaves and long deep mauve flowers in late summer. Prolific flowerer. Cut back after flowering. Suitable for coastal planting.	NZ Native	Evergreen	1m
Hebe Wiri Splash		Attractive golden green foliage on a compact growing plant. Mauve flowers in early summer.	NZ Native	Evergreen	1m
Hebe x Browneye		Hardy hybrid with rounded green leaves which colour to bronze red in winter. Pink and white flowers in summer. Prefers well drained site. Trim after flowering.	NZ Native	Evergreen	1m
Hebe x franciscana Blue Gem		Open trusses of violet blue flowers over a long period from summer to late autumn. Upright growth habit. Very hardy coastal plant.	NZ Native	Evergreen	1m
Hebe x franciscana Waireka		Violet-blue flowers in large spikes during summer. The foliage of this Hebe is margined and overlaid cream. Good for brightening a dull area. Hardy	NZ Native	Evergreen	1m
Hedera canariensis	Town Hall Ivy	Strong-growing large leaved ivy. Bright green leaves in summer often turning bronze in winter. Ideal ground cover or climber.		Evergreen	
Helictrotrichon sempervirens	Blue Oat Grass	Attractive steel-blue spiky grass ideal for sunny well drained position in rockeries, mass planting. Hardy		Evergreen	0.4m
Heliohebe hulkeana	NZ Lilac	Small shrub, delicate lavender flowers Oct-Dec. Prefers dry conditions. Very hardy. Suitable for container planting. Prune after flowering.	NZ Native	Evergreen	0.75m

Helipterum anthemoides Paper Baby		Syn. Rhodanthe anthemoides Paper Baby. Compact, low growing plant with greyish green foliage and small, white, papery flowers suitable for drying. Prefers a sunny position. Prune after flowering.	Evergreen	0.3m
Helipterum anthemoides Paper Cascade		Syn. Rhodanthe anthemoides Paper Cascade. Long flowering cottage rockery plant ideal for baskets, pots etc. Trailing grey green scented foliage. Vivid starry flowers for long period. Prune after flowering. Tolerant, hardy perennial.	Evergreen	0.3m
Heuchera Amber Waves		Plant in full sun or part shade for best effect. Hardy evergreen perennial.	Evergreen	0.3m
Heuchera Amethyst	Coral Bells Plant	Perennial with attractive purple maple-like leaves and red flowers produced on spires from late spring through summer.	Evergreen	0.3m
Heuchera Georgia Peach		Huge peach coloured leaves with a very showy white overlay and a large lush habit with creamy white flowers. Shade to part shade	Evergreen	0.3m
Heuchera Marmalade		A hardy, clump-forming plant for a position in full or part shade. Orange leaves with burgundy undersides make a distinctive splash of colour.	Evergreen	0.3m
Heuchera Obsidian		Obsidian is the blackest, giving startling contrast in mixed planting. Prefers part-shade, it will tolerate more sun than lighter coloured Heucheras.	Evergreen	0.3m
Heuchera Silver Scrolls		Silvery coloured leaves with purple veining topped by tall stems with tiny pink-tinged spring flowers. Likes good soil in shade or part shade with some protection from summer sun.	Evergreen	0.4m
Hydrangea arborescens Annabelle		Grandiflora hydrangea with large white flower heads 5 - 15cm across. Hardy shrub suitable for most soil types and a shaded position.	Deciduous	1m
Hydrangea macrophylla Agnes Pavelli		Tall growing with large white flowers.	Deciduous	1.2m
Hydrangea macrophylla Blue Prince		Small rounded head arches of brilliant blue in summer. To retain strong blue requires an acid soil. Excellent cut flower. Very hardy.	Deciduous	0.5m
Hydrangea macrophylla Bridal Bouquet		Profuse pure white blooms over an extended flowering period during summer. Prune to shape after leaf fall.	Deciduous	1m
Hydrangea macrophylla Libelle	Lacecap	Large round domed flowers of pure white. Prune hard in late autumn and water during dry spells. Deciduous.	Deciduous	0.5m

Hydrangea macrophylla Mathilde Gutges		Free flowering blue mop head. Easily grown. Prune and feed annually. Apply aluminium sulphate to achieve deep blue colour. Full sun or part shade.	Deciduous	0.6m
Hydrangea macrophylla Mrs Kumiko		Huge round heads of creamy pink flowers. Compact vigorous growth habit. Ideal for tubs or in a shady spot in the garden. Deciduous.	Deciduous	0.7m
Hydrangea macrophylla Nightingale		The biggest and best blue lacecap hydrangea. Masses of deep blue flowers in midsummer. Hardy, prune after flowering. Shade.	Deciduous	1.5m
Hydrangea macrophylla Piamina		Compact bush which carries a profusion of soft rose-pink flower heads in early summer. Ideal patio or tub plant. Hardy.	Deciduous	0.6m
Hydrangea Merveille Sanguine		Ox blood-red ball-shaped flowers on deep bronze green serrated foliage. Prefers some shade and well drained soil. Feed with lime to enhance red colour. Flowers can be used fresh or dried.	Deciduous	1.2m
Hydrangea paniculata		Creamy white flowers from late summer to autumn, fading to pink. Very hardy. Can be pruned or trained as a single trunk.	Deciduous	2.5m
Hydrangea paniculata grandiflora		One of the showiest hardy shrubs. Large florets are white, fading pink. Late summer to autumn flowering.	Deciduous	2.5m
Hydrangea paniculata Kyushu		In late summer dainty long pointed panicles of creamy white flowers adorn this bush. Clean fresh bright green foliage.	Deciduous	1.5m
Hydrangea quercifolia		White flowers in summer. Superb autumn colour. Hardy.	Deciduous	1m
Hydrangea quercifolia Pee Wee		Dwarf compact selection, topped with beautiful sterile pure white flowers from early summer. Good autumn foliage colour. Hardy.	Deciduous	0.9m
Ilex aquifolium	Common Holly	Hardy, useful small tree. Good for background planting. Red berries.	Evergreen	4m
Ilex crenata Sky Pencil		Forms a tight structural columnar shape. Plant in full sun to part shade and in moist well drained soil.	Evergreen	3m
Ilex x meserveae Blue Angel		A very hardy holly with purplish shoots and glossy dark blue-green leaves. A female form which produces shiny red berries if a pollinator is nearby.	Evergreen	2m

Ilex x meserveae Blue Prince		Well known for its bluish green foliage with purple stems and red berries. Very hardy. Suitable for trimming into hedge or as topiary.	Evergreen	3.5m
Jasminium azoricum		Pure white scented flowers. Near hardy vigorous grower - full sun or shade. Bushy climber.	Evergreen	
Jasminium polyanthum		Richly fragrant, the buds are pink and open to pure white flowers. Fast growing. Great for fences, archways, pergolas etc. Withstands hot dry or damp shady conditions.	Evergreen	
Juniperus squamata Blue Carpet		A wide spreading plant with blue foliage. Hardy. Excellent ground cover.	Evergreen	0.3m
Juniperus x media Aorangi Gold		Brilliant glowing yellow foliage in summer, changing to rich gold in winter. Well-drained sunny position. Spreading vase-shaped habit. Colourful tub plant. Hardy. PVR	Evergreen	1m
Juniperus x media aurea		Syn. Juniperus x pfitzeriana aurea. Winter colour of yellow-green turns to rich gold in summer on the new growth.	Evergreen	0.5m
Juniperus x pfitzeriana Mint Julep		Vigorous growing conifer with rich mint green foliage. Compact tidy habit. Very hardy. Grows well in sun or shade.	Evergreen	0.7m in 10 years
Kalmia latifolia Carousel	Calico Bush, Mountain Laurel	Attractive clusters of flowers open to show intricate patterning in a purple-cinnamon colour against a white background. Dark, glossy foliage. Prefers acid soil and some shade.	Evergreen	1.2m
Kalmia latifolia Freckles		Clusters of pale pink buds open nearly white, with bands of dark, cinnamon-red blotches. Lustrous, dark green foliage and dense growth habit. Best in acid soil and dappled shade.	Evergreen	1m
Kalmia latifolia Minuet		Shiny green leaves on a compact bush. Soft pink buds open to reveal a crimson band in spring.	Evergreen	1m
Kalmia latifolia Pink Charm		A very free-flowering variety with masses of mid pink flowers opening from pinkish-red buds. Has a slightly open habit and responds well to light pruning. For an acid soil with some shade.	Evergreen	1m
Kerria japonica pleniflora		Graceful shrub. Arching branches covered in rich yellow double flowers in Oct - Nov. Hardy.	Deciduous	1.5m

Koeleria glauca		Tuft forming mounds of steel blue foliage. Suitable as ground cover or as container plant. Fluffy green flower stems in late spring and summer. Prefers full sun and good drainage. Hardy.	Evergreen	0.25m
Kolkwitzia amabilis	Beauty Bush	A graceful hardy shrub forming a dense twiggy bush. Soft pink bell shaped flowers draping the branches.	Deciduous	2m
Lavandula angustifolia	Old English Lavender	Syn. Lavandula spica. Hardy, aromatic lavender with blue flowers in summer. Prefers a sunny, well drained position. Excellent for small hedges. Makes lovely potpourri, sachets etc. small hedges. Ideal for potpourri, sachets etc.	Evergreen	1m
Lavandula angustifolia Blue Mountain		English lavender with compact grey foliage and deep purple-blue flowers. Likes a free draining site in full sun. Good for hedging and container planting.	Evergreen	1m
Lavandula angustifolia Hidcote		Deep purple flowers in summer. Easily grown in full sun. Prefers well-drained soil. Makes an excellent low hedge when trimmed regularly.	Evergreen	0.6m
Lavandula angustifolia Lavender Lady		Award-winning lavender with highly scented flowers and foliage. Starts flowering young. Plant in sunny position. Prune when flowering is over.	Evergreen	0.5m
Lavandula angustifolia Munstead		A compact form with grey-green leaves. Lavender-blue flowers in dense spikes. Hardy.	Evergreen	0.5m
Lavandula stoechas	French Lavender	Dense short spikes. Dark purple. Prune after flowering to keep compact. Grows anywhere. Avoid waterlogged soils.	Evergreen	0.5m
Lavandula stoechas major		A very early flowering Spanish type of Lavender. Ideal for patio pots in full sun and well drained soil.	Evergreen	0.5m
Lavandula stoechas Marshwood		Invercargill-bred lavender with large pink flowers and a wonderful fragrance. Prune after flowering.	Evergreen	0.5m
Lavandula stoechas Pukehou		Striking showy lavender with lovely red-purple flowers in spring/summer. Compact, bushy habit. Ideal in containers, for hedges etc in sunny well drained site. Prune after flowering.	Evergreen	0.5m
Lavandula x intermedia Dilly Dilly		Fragrant flowering hardy shrub. Trim lightly after flowering. Prefers a well drained soil.	Evergreen	0.5m

Lavandula x intermedia Grey Hedge		Silver grey foliage and mauve flowers in summer. Tall growing variety. Prefers full sun and well drained soil.		Evergreen	1m
Leptospermum scoparium	Manuka, NZ Tea Tree	Hardy NZ native with clusters of white flowers during spring and summer. Ideal for banks or dryer conditions.	NZ Native	Evergreen	4m
Leptospermum scoparium Blossom		An abundance of large coral pink flowers in spring. Green foliage bushy habit. Plant in well drained sunny position.	NZ Native	Evergreen	2m
Leptospermum scoparium Burgundy Queen		Bright red to rich burgundy flowers in spring. Red foliage bushy habit. Plant in well drained sunny position.	NZ Native	Evergreen	2m
Leptospermum scoparium Coral Candy		Double flowered bright red, candy pink stripes creates a striking display of blossoms in the spring and autumn.	NZ Native	Evergreen	2m
Leptospermum scoparium Crimson Glory		Double crimson flowers freely produced in spring. Compact bushy manuka with red foliage. Plant in a well drained sunny position.	NZ Native	Evergreen	1m
Leptospermum scoparium Electric Red		Vibrant red flowers smother bush winter/spring. Hardy to cold wind and coastal conditions. Attractive winter foliage. Full sun with well-drained soil. Protect from heavy frost.	NZ Native	Evergreen	2.5m
Leptospermum scoparium Martinii		Large single rose to red flowers in spring. Plant in well drained sunny position.	NZ Native	Evergreen	2m
Leptospermum scoparium Red Damask		Double red flowers in summer. Bronze foliage. Plant in well drained sunny position.	NZ Native	Evergreen	2m
Leptospermum scoparium Rose Glory		Rose pink to red flowers in spring. Reddish foliage upright habit. Plant in well drained sunny position.	NZ Native	Evergreen	2m
Leptospermum scoparium Wiri Linda		Double white flowers in autumn and spring. Fine green foliage.	NZ Native	Evergreen	1.5m
Leucadendron argenteum	Silver Tree	Hardy evergreen with spectacular silvery green foliage. Small cones in spring. Likes well drained light soil, low in nutrients and open situation. Protect from frost when young.		Evergreen	6m
Leucadendron Inca Gold		Attractive hardy shrub with beautiful yellow tulip-shaped flowers with tips and stems flushed red when in flower. Prune after flowering to maintain shape. No fertilisers.		Evergreen	2m
Leucadendron Julie		Dainty bright yellow flowers with a pink tinge in late winter. Clip to keep bushy in October. Prefers a sunny, well drained site in coastal or inland gardens.		Evergreen	1m

Leucadendron Mrs Stanley	Low bushy spreading habit. Female variety with soft pinkish-red autumn bracts, deepens to rich burgundy in the late autumn-winter	Evergreen	1m
Leucadendron Pisa	A decorative shrub for use in shrub borders. Neat erect habit and silver colour make a nice contrast. Large pea yellow bracts and silvery small cone in the centre in late spring. (Female)	Evergreen	2m
Leucadendron Red Carpet	Semi-prostrate bush with erect flower stems carrying beautiful red flowers bracts. Prefers sunny, well-drained open site. Prune after flowering.	Evergreen	0.3m
Leucadendron Safari Sunset	Glowing wine red bracts that turn pinkish cream in spring. Ideal for banks, borders and rockeries. Well drained soil in sunny situation. Frost hardy, although protect when young.	Evergreen	2m
Leucadendron Safari Sunshine	A variegated sport of Safari Sunset similar to Jester. Long stems of pink bi-coloured bracts. Suits full sun and well drained soil. Ideal for picking, prune to shape.	Evergreen	1.5m
Leucospermum Caroline	Attractive low rounded shrub with crimson red flowers in spring. Prefers well drained soil and planting in full sun. Flowers ideal for picking.	Evergreen	1m
Leucospermum Firefly	Rich red flowers up to 10cm across, from October to January. Compact, neat growth habit. Tolerates dry conditions once established. Protect from heavy frost. Evergreen.	Evergreen	1.5m
Leucospermum Goldie	An erect slender stemmed shrub with intermediate length stems of bright yellow pincushion flowers from Oct-Nov suitable for picking. Prefers well drained light soils.	Evergreen	1.5m
Leucospermum tottum Champagne	Attractive low growing bushy plant with masses of creamy-pink flowers ideal for picking. Prune after flowering. Ideal coastal plant, suits well-drained light soils. Avoid fertiliser.	Evergreen	1m
Leucothoe fontanesiana Girards Rainbow	Elegant small shrub. Short racemes of white flowers appear along stems in November. Leaves variegated cream, yellow and pink. Prefers shade and lime free soil.	Evergreen	0.75m
Leucothoe fontanesiana Scarletta	Low bushy arching habit with purple red glassy foliage in winter months. Small racemes of little white bells in spring.	Evergreen	0.75m

Libertia grandiflora		A clump-forming plant with yellow-green, narrow, leaf fans and white flowers. A trouble-free native iris for a sunny well drained spot. Ideal for containers.	NZ Native	Evergreen	0.3m
Libertia ixioides	NZ Iris	Gold spike-like leaves and white flowers. Good rock garden plant. Non-suckering.	NZ Native	Evergreen	0.5m
Libertia ixioides Goldie		Strappy golden leaves, giving striking all year round colour, on a hardy plant. Attractive iris like white flowers in summer. Plant in full sun with poor to good soil, well drained.	NZ Native	Evergreen	0.5m
Libertia ixioides Highlander		Upright, clump-forming plant. Sword-like, green leaves with gold mid-rib. Panicles of small, white iris-like flowers in summer, followed by yellow seed pods. Colour intensifies in winter.	NZ Native	Evergreen	0.6m
Libertia peregrinans	NZ Iris	Sword-like leaves of khaki turning to orange with small white-petalled flowers. Ideal for sunny, dry spot.	NZ Native	Evergreen	0.3m
Libertia Taupo Blaze		This hardy native Iris has spectacular colour range, changing to orangey-red colours over autumn. White flowers followed by red berries. Likes mass planting and most soil and climatic conditions.	NZ Native	Evergreen	0.6m
Libertia Taupo Sunset		Upright clump forming plant with orange-bronze spike like leaves and white iris like flowers in spring. Rich orange foliage in autumn and winter. Very hardy.	NZ Native	Evergreen	0.4m
Ligustrum japonicum rotundifolium		A slow growing, rigid, compact shrub with round, leathery, black-green leaves. It has large panicles of white flowers in late summer.		Evergreen	1.5m
Liriope muscari Blue Skies		Lavender-blue flowers spikes above the foliage in midsummer. Excellent in dry situation in semi or full shade. Hardy.		Evergreen	0.4m
Liriope muscari Evergreen Giant		A fantastic liriope great for borders or planting under trees. Mauve flowers in summer/autumn. Plant in shade or semi-shade.		Evergreen	1m
Liriope muscari Royal Purple		An evergreen perennial with dark leaves and spikes of bell shaped, dark purple flowers in late summer. Great for borders and rockeries. For moisture retentive soil in part shade.		Evergreen	0.4m
Liriope muscari Samantha		Fast growing variety which is clump forming. Pink flower spikes through summer. Prefers shade and is useful as underplanting or on mass. Hardy.		Evergreen	0.4m

Lithodora diffusa Grace Ward		Sun loving ground cover plant with bright azure blue star-like flowers during spring and early summer. Narrow dark green foliage. Requires free draining soil.		Evergreen	0.25m
Lonicera japonica aureoreticulata		Fragrant pale yellow flowers in summer and autumn. Best in full or partial shade. Moist soil types. Rampant, needs support. Suitable as ground cover, but keep pruned.		Semi- Deciduous	
Lonicera japonica repens		Climbing honeysuckle with good scented flowers in early summer. Foliage flushed purple on the underneath.		Evergreen	
Lonicera nitida	Box Honeysuckle	Densely branched shrub with small neat dark-green leaves. Ideal hedging plant to grow rapidly in most situations. Plant 40cm apart when hedging.		Evergreen	2m
Loropetalum chinense China Pink	China Pink Fringe Flower	Unusual reddish purple leaves and lolly pink flowers throughout summer. Prefers acid soils and full sun or part shade. Hardy. Protect from heavy frost.		Evergreen	2m
Metrosideros carminea	Climbing Rata	Small, thick dark green leaves. Brilliant carmine flowers produces abundantly in spring. Ideal for covering moist banks or can be trained up tree trunk. Protect from heavy frost.	NZ Native	Evergreen	
Micromyrtus ciliata (White)		Attractive low-growing shrub with arching branches of pure white long-lasting flowers. Ideal for picking. Trim after flowering. Suits well-drained light soil.		Evergreen	0.5m
Miscanthus sinensis		A hardy upright grass growing to about 1m. Green in summer and brown in winter.		Deciduous	1m
Miscanthus sinensis Morning Light		A graceful grass with silvery green and cream leaves. Tall pink toi toi like plumes through summer. Suitable for container or for accent around ponds. Very hardy.		Deciduous	1.5m
Muehlenbeckia astonii		A coastal shrub with tangled wiry stems, and small round to heart-shaped dark green leaves that fall in winter. Very hardy, and can tolerate quite dry soil.	NZ Native	Deciduous	2.5m
Muehlenbeckia axillaris		A tough NZ native groundcover forming a dense mat of foliage. Flowers through spring & summer. Suits a full sun, well-drained position. Tolerates dry poor soils once established. Hardy.	NZ Native	Evergreen	

Myosotidium hortensia	Chatham Islands Forget-me-not	Distinguished by its large shining rhubarb-like leaves and bright blue flowers during Oct-Nov. Semi-shade, rich soil.	NZ Native	Evergreen	0.6m
Myosotidium hortensia alba	White Chatham Islands Forget-me-not	This rare white form is a choice but seldom available specimen. Superb planted en masse. A perfect plant for a shady moist spot.	NZ Native	Evergreen	0.6m
Myrsine australis	Mapou, Matipo	Excellent shrub for coastal or windy conditions. Orange - red branchlets with mottled leaves, especially in winter.	NZ Native	Evergreen	2m
Myrtus Black Beauty		Compact slow growing shrub. Young foliage turns dark when mature. Prefers full sun and moist soil conditions.	NZ Native	Evergreen	1.2m
Myrtus Bullata	Ramarama	Syn. Lophomyrtus bullata. An attractive small hardy native shrub with distinctive coppery green foliage and small white flowers in summer.	NZ Native	Evergreen	2m
Myrtus Lilliput		Syn. Lophomyrtus x ralphii Lilliput. Good foliage native with reddish leaves, especially in winter. Prefers reasonable soil and full sun. Protect from heavy frost.	NZ Native	Evergreen	1m
Myrtus obcordata	Rohutu	Syn. Lophomyrtus obcordata. Slender, erect growing New Zealand native with fine green leaves. Small creamy white flowers and berries attract birds. Hardy.	NZ Native	Evergreen	2.5m
Myrtus Ugni	Chilean Guava, NZ Cranberry	A slow growing small sized bush with aromatic leaves. Flowers are waxy pink bells. Fruits are edible tasty mahogany-red berries.		Evergreen	1m
Myrtus x ralphii Gloriosa		Syn. Lophomyrtus x ralphii Gloriosa. NZ native with attractive cream and green markings with a hint of pink. Protect from heavy frost.	NZ Native	Evergreen	2m
Myrtus x ralphii Kathryn		Syn. Lophomyrtus x ralphii Kathryn. NZ native foliage shrub with oval leaves in deep red. Excellent for flower arranging. Protect from heavy frost.	NZ Native	Evergreen	2m
Myrtus x ralphii Red Dragon		Syn. Lophomyrtus x ralphii Red Dragon. Outstanding variety with small pointed textured leaves. New growth brilliant red turning darker when mature and in colder climates. Great for picking.	NZ Native	Evergreen	1.5m
Nandina domestica Firepower	Dwarf Chinese Bamboo	Selected form of Dwarf Chinese Bamboo forming a compact, rounded shrub with fresh lime-green leaves in summer, turning vivid hot-pink and deep wine red in autumn and winter.		Evergreen	0.6m

Nandina domestica Gulf Stream	Dwarf Chinese Bamboo	Dwarf selection with blue-green summer foliage which turns bright red in autumn to winter. Plant in full sun to semi shade and tolerates wet or dry soil conditions. Very hardy.		Evergreen	0.75m
Nandina domestica pygmaea	Dwarf Chinese Bamboo	Compact, rounded, densely foliated bush with attractive green/purple/crimson/orange leaves. Very hardy. Prefers full sun. Requires little maintenance.		Evergreen	0.3m
Ophiopogon japonicus	Mondo Grass, Snake's Beard	Deep water marginal plant. Grown as edging/groundcover plant with white-lilac flowers and blue berries or as submerged, non-flowering aquatic plant. Plant 0-30cm deep.		Evergreen	0.15m
Ophiopogon Pinstripe		Spreading mondo grass with dramatic vertical creamy gold stripes. Great as groundcover in woodland or shade garden. Hardy.		Evergreen	0.2m
Ophiopogon planiscapus nigrescens	Black Mondo Grass	Very unusual black foliage, white flowers and dark blue berries, excellent rockery plant. Hardy, dwarf and bushy.		Evergreen	0.2m
Osmanthus delavayi		Very beautiful small leaved shrub. Fragrant white flowers in April. Prefer partial shade, slightly acid soil and well drained soil.		Evergreen	1.5m
Osmanthus fragrans		A hardy, shrubby small tree. Very fragrant, tubular white flowers are produced amid glossy, dark green leaves through summer. Protect from heavy frost.		Evergreen	3m
Osmanthus heterophyllus purpureus		A slow growing shrub with holly like leaves, purple in colour. White flowers in summer.		Evergreen	1m
Osmanthus x burkwoodii		Very hardy shrub of compact growth. Sweetly scented white flowers produced in April - May. Tolerates some drought and shade.		Evergreen	1.5m
Osmanthus x fortunei		An upright, dense, evergreen shrub with deep green, holly-like leaves. The flowers are highly fragrant and are produced over a long period in autumn. Prefers a sunny site.		Evergreen	2m
Pachysandra terminalis		Hardy ground cover. Flowers greenish-white in late winter and spring. Prefers moist, lime-free soil. Shade to part shade.		Evergreen	0.2m
Pachystegia insignis	Marlborough Rock Daisy	A rare small shrub for an open garden position. Attractive thick leaves with an underfelt of white. White flowers.	NZ Native	Evergreen	0.5m

Pachystegia rufa		A rare, small Marlborough rock Daisy shrub with ruddy-bronze felt underneath leaves, white daisy-like flowers with yellow centres. Suitable for open site with good drainage. Hardy.	NZ Native	Evergreen	0.5m
Pandorea pandorana alba		A vigorous and hardy climber with compact sprays of spectacular white trumpet flowers in spring.		Evergreen	
Pandorea pandorana Golden Showers		Vigorous climber with shiny green foliage and spectacular sprays of golden yellow flowers in early spring. Protect from heavy frost Prefers full sun.		Evergreen	
Parahebe catarractae		Dwarf plant forming low spreading mounds, covered in white flowers summer and autumn. Very hardy, prefers full sun.	NZ Native	Evergreen	0.25m
Parahebe catarractae Baby Blue		Compact dwarf NZ native with attractive bronzed leaves and masses of small blue flowers in spring and summer. Ideal for border or rockeries. Trim after flowering.	NZ Native	Evergreen	0.3m
Parahebe lyallii		A low growing shrublet long flowering with masses of white flowers with mauve or pink tinges. Ideal for rock gardens.	NZ Native	Evergreen	0.25m
Parahebe lyallii Little Pinkie		A dwarf New Zealand native with pretty pink flowers. Suits sunny or semi shaded, well-drained site.	NZ Native	Evergreen	0.3m
Parahebe olsenii		Moderately tight habit with tiny glossy light green leaves. White flowers in summer. Moist rock garden species.	NZ Native		0.3m
Parthenocissus quinquefolia	Virginia Creeper	Rampant vine to 20 metres with clinging tendrils. Grape-like leaves that turn brilliant scarlet shades in autumn.		Deciduous	0.2m
Parthenocissus tricuspidata	Boston Ivy	Well known hardy self clinging climber. Brilliant red in autumn.		Deciduous	
Phebalium Illumination		A golden variegated evergreen shrub of upright habit. Hardy.		Evergreen	2.5m
Phebalium squameum Limelight		Vigorous fast growing plant that has a subtle lime and green variegated foliage.		Evergreen	2.5m
Philadelphus coronarius	Mock Orange	Strong growing medium sized shrub with creamy-white richly scented flowers. Particularly suitable for very dry soil. Hardy.		Deciduous	3m
Philadelphus Virginal		A strong growing erect-branched shrub, with mock orange flowers richly fragrant. Probably the best double flowered cultivar.		Deciduous	2m

Phoenix canariensis	Canary Island Date Palm	Compact when young, makes an excellent tub plant for many years. Protect from heavy frost when young, tolerant of most conditions.		Evergreen	6m
Phormium Apricot Queen		Leaves lovely creamy to apricot shades. Best colouring in an open position. Damp to dry soils.	NZ Native	Evergreen	1.5m
Phormium Chocolate Fingers		A dwarf growing flax with attractive bronze foliage. Ideal for group plantings for effect. Good rockery plant. Hardy.	NZ Native	Evergreen	0.6m
Phormium cookianum	Mountain Flax	Foliage varies from erect to lax and drooping. Very hardy. Suitable for mass planting.	NZ Native	Evergreen	1m
Phormium Cookianum Tricolor		Outstanding flax with broad graceful arching leaves in rich green with cream band and red margins. Hardy.	NZ Native	Evergreen	1m
Phormium Cream Delight		Beautiful variegated flax with cream and green leaves and weeping habit of growth. Most attractive in raised bed or on bank where graceful form is shown off. Very hardy.	NZ Native	Evergreen	1m
Phormium Dark Delight		Dark chocolate brown form of mountain flax. Leaves turn blackish bronze with age. Makes an excellent tub plant. Very hardy.	NZ Native	Evergreen	1m
Phormium Duet		Dwarf growing upright habit, wet or dry, sun or shade. Hardy.	NZ Native	Evergreen	0.6m
Phormium Elfin		Dwarf fine leaved variety with bronze and green tonings. Leaves are twisted and kinked. Hardy.	NZ Native	Evergreen	0.8m
Phormium Jack Spratt		Erect reddish brown leaves. Very compact growth habit. Excellent for rockeries and containers. Hardy.	NZ Native	Evergreen	0.3m
Phormium Jester		A striking flax with distinctive arching leaves with bright green margins and a broad central band of candy pink. Sunny or partly shaded position. Free draining soil. Easily grown.	NZ Native	Evergreen	1m
Phormium Merlot		A striking, dark, wine-red selection. Upright growth habit. It's strong colour and bold lines make it very useful for accent planting.	NZ Native	Evergreen	1m
Phormium Platts Black		Hardy, holds colour well, compact clump forming flax. Sun or part shade.	NZ Native	Evergreen	1m
Phormium Rainbow Maiden		Syn. P. Maori Maiden. Upright leaves drooping at tips. Rich, rosy salmon pink to coral red, banded with bronze margins.	NZ Native	Evergreen	1m

Phormium Rainbow Sunrise		Syn. P. Maori Sunrise. Attractive flax of upright form. Leaves are reddish pink with bronze margin. Very hardy.	NZ Native	Evergreen	1m
Phormium Rubrum		Dwarf, compact form with bright coppery red foliage. Very hardy in all conditions.	NZ Native	Evergreen	0.6m
Phormium Sundowner		Bright pink striped leaves, especially on new growth, fading to paler stripes on older leaves. Very hardy.	NZ Native	Evergreen	2m
Phormium Surfer		A delightful clumpy flax with narrow waved and twisted green leaves with dark stripe on edge. Excellent for rock gardens and containers. Very hardy.	NZ Native	Evergreen	0.7m
Phormium tenax		A versatile plant of extreme vigour, with rich green foliage. Flowers attract birds. Very hardy in all conditions. Useful coastal shelter.	NZ Native	Evergreen	2m
Phormium Thumbelina		A dwarf flax with very narrow purple-bronze leaves. Suitable for smaller gardens.	NZ Native	Evergreen	0.3m
Phormium Twisted Sister		Ideal pot specimen prefers moist, fertile, well-drained soils. Sun to partial shade. Hardy	NZ Native	Evergreen	0.5m
Phormium Yellow Wave		Light green leaves with a broad central stripe of yellow. Strong growing plant of drooping habit. Most attractive alongside other shrubs. Hardy. Best colour in open.	NZ Native	Evergreen	1.5m
Photinia glabra Robusta		Very strong growing large shrub. Young growths coppery red. Trims well. Hardy.		Evergreen	3m
Photinia glabra Super Hedge		Rapid growing. Lush green leaves with new growth a salmon colour. Fantastic hedge plant which quickly makes a dense screen.		Evergreen	3m
Photinia x fraseri Red Robin		A broad leaved evergreen with fiery red new growth which may be induced by pruning at any time. Excellent hedging plant. Very hardy.		Evergreen	2.5m
Phylica plumosa	Feather Flower	Small shrub producing long sprays of white feathery flowers during late winter. Excellent cut flower or drying. Prefers full sun and fertile light soil.		Evergreen	1.5m
Phylica pubescens	Flannel Flower	Small erect shrub with downy shoots. Yellowish-green feathery plumes are produced at the tip of each branch during winter. Good for picking. Protect from heavy frost.		Evergreen	0.6m

Physocarpus opulifolius Luteus	Golden Ninebark	Hardy, vigorous shrub with attractive peeling bark and heart-shaped yellow leaves in spring. White tinged pink flowers with purple stamens in summer with red pods following.		Deciduous	1.5m
Physocarpus Shady Lady		Luscious, dark foliage covered from midsummer with masses of cream coloured pom-pom blooms. Tolerant of most garden soils. Sun to part shade. Fully hardy.		Deciduous	1.8m
Pieris formosa forrestii Wakehurst	Lily of the Valley Shrub	Magnificent flowering shrub with vivid red new foliage which contrasts beautifully with the glistening white flowers.		Evergreen	2.5m
Pieris japonica Christmas Cheer		Flowers abundantly produced are flushed with deep rose at the tips giving a bicolour effect. New growth pink. Hardy.		Evergreen	2m
Pieris japonica Mountain Fire		Bright red new growth in the summer, with cascades of white flowers in spring, makes this a lovely plant. Hardy.		Evergreen	1m
Pieris japonica Pink Delight		Very showy pink lily-of-the-valley flowers in early spring. Pink new growth. Prefers acid soil conditions .Mulch well. Hardy.		Evergreen	1.5m
Pieris japonica Purity		Large trusses of snow white flowers. Japanese.		Evergreen	1m
Pieris japonica Temple Bells		This has the biggest white flowers of all the Pieris. New growth is a strong red. Spring flowering.		Evergreen	1.5m
Pieris japonica variegata		A most attractive silver variegated shrub with white, waxy, bell flowers in drooping panicles.		Evergreen	1m
Pimelea prostrata	NZ Daphne	A small native sun loving ground cover plant also suitable for walls and rockeries. White flowers October to March.	NZ Native	Evergreen	0.2m
Pimelea prostrata Anitoke Blue		Hardy groundcover plant suitable for rock gardens or over walls. A selection with better blue colour than parent plant. Small clusters of white flowers in spring.	NZ Native	Evergreen	0.2m
Pittosporum colensoi		Medium to large shrub excellent for coastal areas. Glossy, dark green, leathery leaves. Dark red flowers appear in October. Responds well to trimming.	NZ Native	Evergreen	3m
Pittosporum crassifolium	Karo	An erect compact small tree for coastal planting. Shiny green leaves with pale grey undersides. Responds well to trimming.	NZ Native	Evergreen	4m

Pittosporum crassifolium variegatum		A particularly fine variegated shrub or tree with grey-green leaves edged creamy white. Dense and bushy with small, fragrant, deep red flowers in spring. Protect from heavy frost.	NZ Native	Evergreen	3m
Pittosporum dallii		A rare pittosporum with deep green leathery, serrated leaves .It is the only pittosporum which has white flowers, but takes a few years to flower. Very hardy and tolerates dry conditions. very	NZ Native	Evergreen	2.5m
Pittosporum eugenioides	Lemonwood, Tarata	A fast growing small tree popular for shelter and hedging. Attractive light green foliage. Cluster of yellow flowers.	NZ Native	Evergreen	4m
Pittosporum eugenioides variegatum		This NZ native tree has oblong glossy green leaves edged white and strongly scented lemon flowers in spring. Makes attractive garden shrub and can be trimmed.	NZ Native	Evergreen	3m
Pittosporum Oliver Twist		Oval bright green leaves slightly waved, and blackish stems. Versatile shrub suitable for screen. Fast growing. Hardy.	NZ Native	Evergreen	3m
Pittosporum ralphii		Attractive, hardy species. Fairly quick growing. Suitable for shelter on windy sites in sun or shade.	NZ Native	Evergreen	4m
Pittosporum Saundersii		Syn. P. Garnettii. An evergreen native shrub with attractive cream and pink variegated leaves. Hardy and bushy.	NZ Native	Evergreen	2m
Pittosporum Stephens Island		Dark green foliage, extremely hardy in coastal conditions. Pyramidal in shape with small scented flowers in late summer.	NZ Native	Evergreen	3m
Pittosporum tenuifolium	Kohuhu	Lovely smaller native tree ideal for trimming into a hedge or as a specimen. Small light green leaves and scented flowers in summer. Slender pyramidal shape.	NZ Native	Evergreen	4m
Pittosporum tenuifolium Elfin		Dwarf form with tiny green leaves and tidy compact habit. Suitable for edging and can be grown in container. Hardy.	NZ Native	Evergreen	0.5m
Pittosporum tenuifolium Elizabeth		Pink, cream and green variegated foliage. Very hardy NZ native for background or shrub border.	NZ Native	Evergreen	1.5m
Pittosporum tenuifolium Gold Star		Excellent hybrid with bright, gold and green leaves, wavy margins edged green with yellow and cream mid-rib, displaying a star like pattern. Compact growing. Hardy.	NZ Native	Evergreen	1.5m

Pittosporum tenuifolium Irene Patterson	A large easily-grown foliage shrub with white leaves speckled green and grey. In winter foliage often has a pink tinge.	NZ Native	Evergreen	2m
Pittosporum tenuifolium James Stirling	An easily grown small tree with small rounded silvery green leaves.	NZ Native	Evergreen	3m
Pittosporum tenuifolium Katie	Small light green rounded and wavy leaves banded with creamy white on black stems. Hardy, vigorous, fast growing. Needs regular pruning.	NZ Native	Evergreen	2.5m
Pittosporum tenuifolium Little Squirt	Compact variety with tiny leaves which are light green turning lush bronze during autumn and winter. Ideal for containers or for borders.	NZ Native	Evergreen	0.5m
Pittosporum tenuifolium Mountain Green	Small outward curving oval leaves, smooth and bright green, make this a very attractive shrub.	NZ Native	Evergreen	3m
Pittosporum tenuifolium Pompom	The best compact growing pittosporum available. Dense and compact habit, perfect for low hedging. Easy care shrub requiring little garden maintenance. Full sun to part shade. Hardy.	NZ Native	Evergreen	1m
Pittosporum tenuifolium purpureum	Young growths pale green turning bronzy-green then dark purple, almost black with age. Hardy plant suitable for coastal site. Sun or shade.	NZ Native	Evergreen	1.5m
Pittosporum tenuifolium Silver Sheen	Small pale green silvery leaves with blackish stems. A very quick and easily grown shrub or small tree.	NZ Native	Evergreen	3m
Pittosporum tenuifolium Tandarra Gold	Attractive large shrub. Golden-yellow leaves edged dark green. Hardy.	NZ Native	Evergreen	2m
Pittosporum tenuifolium Tasman Ruffles	This pitto has jade-green leaves, with ruffled edges against black-red stems. Compact growth and low maintenance habit makes this pitto great for screening, hedging or as a specimen plant.	NZ Native	Evergreen	2.5m
Pittosporum tenuifolium variegatum	Excellent foliage plant. May be trimmed, also makes an excellent tub plant. Hardy.	NZ Native	Evergreen	2m
Pittosporum tenuifolium Waimea	Hardy NZnative shrub with shiny bright green leaves. Suitable for coastal planting. Compact growing.	NZ Native	Evergreen	1.5m
Pittosporum tenuifolium Wendell Channon	Neat variegated form. May be trimmed or pruned, also makes an excellent tub plant.	NZ Native	Evergreen	1.5m
Pittosporum tenuifolium White Cloud	Compact bushy habit. Creamy-white leaves with soft green centre. Ideal hedging and screening plant. Suits a wide range of conditions.	NZ Native	Evergreen	1.2m

Pittosporum tenuifolium Wrinkled Blue		Wrinkled leaves and attractive blue-grey foliage. Ideal for hedging or screening. Hardy.	NZ Native	Evergreen	2.5m
Plagianthus divaricatus	Coastal Ribbonwood	Very hardy twiggy shrub suitable as a hedge. Small flowers are sweetly scented. Tolerates salt winds and wet soils.	NZ Native	Deciduous	2m
Polygala myrtifolia grandiflora		Dense leafy shrub. Rich purple pea-shaped flowers appear from late winter. Average soil conditions preferably with good drainage and full sun. Half hardy.		Evergreen	2m
Polystichum vestitum	Prickly Shield Fern	Prefers damp shady position in good soil. Hardy.	NZ Native	Evergreen	0.4m
Prostanthera cuneata	Australian Mint Bush	Excellent small spreading aromatic shrub covered with white flowers in spring. Protect from heavy frost.		Evergreen	1m
Prostanthera rotundifolia		A small to medium sized shrub of a dense habit. The attractive lilac coloured flowers inundate the branches during spring.		Evergreen	2m
Protea Clark's Red		Smooth slender deep crimson buds appear November, flowers open January, cherry red with red stamens. Sunny well drained situation, poor soils preferred no fertiliser or lime.		Evergreen	2m
Protea cynaroides	King Protea	Large wide-open pink flowers produced from autumn to spring. Distinctive foliage on a rather open plant. Requires full sun and well-drained acid soil. Protect from heavy frost.		Evergreen	1.5m
Protea Neriifolia Alba		Upright, rounded shrub with medium sized yellow-cream flowers through autumn to spring. Excellent picking flowers. Adaptable to most well drained, sunny sites. Prune to shape.		Evergreen	2m
Protea Neriifolia Green Ice		Green based shading upwards to white, with brown furry tips. A sunny well drained position. Dislikes manure or lime. Blooms long-lasting and valued for floral work.		Evergreen	2m
Protea Neriifolia Limelight		An interesting form of this well known protea with heavy crop of lime green flowers fringed black from autumn to spring.		Evergreen	1.5m
Protea Neriifolia Purity		Creamy white outer bracts tipped with heavy black beards. Central flower light cream. Needs good drainage in a sunny site No lime / fertiliser.		Evergreen	2.5m

Protea Neriifolia	Silvertips		Pink flowers, lightly fringed black, in autumn to spring. Excellent for picking. Prune after flowering. Good drainage essential. Full sun. No fertiliser or lime.		Evergreen	2.5m
Protea	Pink Ice		Vigorous, tidy shrub with rich pink-red flowers with silvery sheen produced all year round. Hardy. Plant in full sun. No fertilisers.		Evergreen	1.5m
Protea	Possum Magic		Medium to large terminal flowers from winter to spring. Provide free-draining soil in full sun. Avoid fertilisers. Prune back well after flowering, late spring.		Evergreen	1.5m
Protea	Silvan Pink		Lots of pink flowers with a silvery sheen in spring and autumn. A beautiful rounded shrub that can be pruned after flowering. Full sun and good drainage essential. No fertiliser or lime.		Evergreen	2.5m
Protea	Tasman Ruby		A hybrid Protea with deep red bracts, with slightly silvery edges. A prolific bloomer from an early age. Prefers full sun in a free-draining soil. Protect from heavy frost when young.		Evergreen	1.5m
Pseudowintera colorata	Pepper Tree		Yellow greenish leaves blotched with reddish colours.	NZ Native	Evergreen	2m
Pseudowintera colorata	Red Pepper Tree	Red Leopard	Medium sized native shrub with red, aromatic leaves. Grows best in woodland conditions.	NZ Native	Evergreen	0.75m
Pyracantha	Brilliant		This hardy large shrub has shining green leaves. Displays masses of scarlet berries in late autumn.		Evergreen	2m
Pyracantha	Shawnee		A densely-branched spiny shrub. The masses of white flowers are replaced by yellow to light orange berries. Very hardy.		Evergreen	2m
Rhaphiolepis x delacourii	Enchantress		A compact slow-growing evergreen shrub with star shaped warm pink fragrant flowers. Salt tolerant and needs good drainage. Trim after flowering.		Evergreen	1m
Rhopalostylis sapida	Nikau Palm		A striking native palm with arching fronds above a tall slender trunk. Slow growing, taking many years to flower. Tolerates light frosts only, and prefers rich, moist soil.		Evergreen	4m in 20 years
Ribes aureum	Yellow Flowering Currant		Yellow flowered currant with rich autumn colours. Clove scented flowers.		Deciduous	1.5m
Ribes sanguineum	King Edward VII	Flowering Currant	Ornamental flowering currant with intense crimson flowers. Compact growth. Extremely hardy.		Deciduous	1.5m

Rosmarinus Chef's Choice		Ornamental shrub with highly aromatic foliage and masses of small blue flowers during summer. Requires full sun or part shade and good drainage. Suitable for coastal planting. Useful as culinary herb.		Evergreen	1m
Rosmarinus lavandulaceus		Beautiful scented prostrate shrub forming a mat with clusters of blue flowers. Ideal for banks and walls in a sunny spot. Very hardy.		Evergreen	2.5m
Rosmarinus officinalis	Common Rosemary	Dense shrub. Greyish-green leaves, blue flowers produced in clusters along branches in October - November.		Evergreen	2m
Rosmarinus officinalis Blue Lagoon		Easily grown shrub with blue flowers and fragrant foliage. Fragrant leaves used in cooking. Semi prostrate habit. Suitable for sunny rockeries or tubs.		Evergreen	1m
Rosmarinus officinalis Irene		Trailing shrub with dark green aromatic foliage and blue flowers. Prefers warm well drained position. Good for flavouring in cooking.		Evergreen	0.5m
Rosmarinus officinalis Lockwood De Forest		Best prostrate rosemary for rock walls banks etc. Lavender flowers and aromatic perfume make this a favourite.		Evergreen	0.3m
Rosmarinus officinalis Tuscan Blue		A small shrub with bright blue flowers and fragrant leaves. This herb is used in cooking potpourri etc. Upright habit.		Evergreen	1m
Sarcococca ruscifolia	Christmas Box	Masses of large crimson berries stand out against glossy green foliage. Makes an excellent tub plant or shrub for shady areas. Very hardy.		Evergreen	1m
Scleranthus biflorus		Bright green moss-like cushion plant. Best in well drained sunny site with some moisture. Hardy. Ideal for rock gardens.	NZ Native	Evergreen	0.1m
Scleranthus uniflorus		A densely tufted cushion of moss-like foliage 10cm or more across with best coloration in sunny, drier, well drained site. A good rock or coastal garden plant.	NZ Native	Evergreen	0.1m
Skimmia japonica Female		Compact shrub with fragrant white flowers in spring followed by bright red berries on female plants. Good for shade and coastal conditions. Needs male for berries.		Evergreen	1.5m
Skimmia japonica Male		Compact shrub with fragrant white flowers in spring. Good for shade and coastal conditions. Used to pollinate female plant which produces real berries.		Evergreen	1.5m

Sophora chathamica Wiggie Wiggie	Kowhai	Unusual and rare divaricating adult kowhai with golden yellow flowers at a young age. Ideal container plant.	NZ Native	Evergreen	1.25m
Sophora Dragons Gold	Kowhai	Fine lacy foliage and bearing masses of golden flowers in late winter and early spring at an early age. Hardy. South Island selected plant.	NZ Native	Evergreen	1m
Sophora howinsula Gnome	Kowhai	An interesting, slow growing form of kowhai. Huge, butter yellow flowers are produced when the shrub is only 30 cm tall. Good for containers.		Evergreen	2m
Sophora prostrata	Mountain Kowhai	Hardy shrub in well drained position. Yellow flowers in spring.	NZ Native	Evergreen	1.5m
Spiraea japonica albiflora		Dwarf shrub of compact habit. White flowers in summer. V. hardy.		Deciduous	1m
Spiraea japonica Gold Mound		Mounding shrub with attractive lime-green leaves in spring and deep rose-pink flower heads in summer. Trim to shape in spring and after flowering. Plant in full sun. Hardy, deciduous.		Deciduous	0.60m
Tamarix juniperina		A large dense shrub or small tree with slender branches clothed in soft green. Masses of bright pink flowers in mid spring before foliage. Very hardy.		Deciduous	2m
Tamarix pentandra		Syn. T. ramosissima. Large shrub or small tree. The bush becomes a feathery mass of rose pink flowers in late summer early autumn. Excellent for coastal or windy sunny areas.		Deciduous	2m
Teucrium fruticans	Shrubby Germander	A low spreading shrub with grey green leaves producing rosemary like flowers in summer and autumn. The grey branches are popular for decorative work. Wind hardy.		Evergreen	0.6m
Tibouchina organensis grandiflora	Lasiandra	Rounded bush with velvet green leaves and stunning large cup-shaped royal purple flowers from autumn into winter. Needs sunny, sheltered spot. Avoid lime.		Evergreen	2m
Trachelospermum jasminoides		Attractive climber with large very fragrant white flowers. Requires warm sheltered wall or suitable for conservatory. Protect from heavy frost.		Evergreen	
Viburnum carlesii		One of the best viburnums. Heavily scented flower clusters, pink in bud fading to white.		Deciduous	2m
Viburnum Chesapeake		Small glossy dark green leathery leaves. Pink buds open to white compact mounded growth habit.		Deciduous	2m

Viburnum davidii		A small evergreen compact shrub. Creates excellent groundcover. Turquoise blue berries.	Evergreen	0.7m
Viburnum davidii Female		Neat compact rounded dwarf shrub with oval dark green leaves. Small heads of white flowers, followed by heads of vivid electric -blue berries. Needs pollination by the male form to produce berries.	Evergreen	1m
Viburnum davidii Male		A low growing compact shrub with bold leathery deep green glossy foliage. Excellent landscape shrub. Pollinator for female form.	Evergreen	1m
Viburnum farreri Nanum		Scented white flowers in winter on bare branches. Bronze young foliage in spring . Very hardy.	Deciduous	2m
Viburnum Fulbrook		(Carlesii x Burkwoodii) Medium sized shrub with large clusters of sweetly scented flowers, pink in bud, opening to pure white.	Deciduous	2.5m
Viburnum japonicum		A medium sized evergreen shrub with dark glossy leaves.	Evergreen	2m
Viburnum odoratissimum		Fragrant white flowers during late summer followed by red fruits. Glossy green leaves.	Evergreen	2.5m
Viburnum opulus		Attractive tall bushy shrub with maple-shaped leaves and heads of creamy-white flowers in spring followed by large clusters of red berries like cranberries. Vigorous habit. Any position.	Deciduous	3m
Viburnum opulus Sterile	Snowball Tree	Robust plant with maple-like deep green leaves, turning reddish/purple in autumn. Produces an abundance of sterile, white, green-tinted 7cm globular 'snowball' flower clusters. Very hardy.	Deciduous	3m
Viburnum opulus xanthocarpum		White bracts followed by translucent yellow berries. Very hardy.	Deciduous	1m
Viburnum plicatum	Japanese Snowball	Very hardy spreading shrub with white flowers in spring. Good autumn colour.	Deciduous	1.5m
Viburnum plicatum Lanarth		A strong growing dense spreading bush with globula heads of white flowers in double rows. Hardy.	Deciduous	1.5m
Viburnum plicatum Mariesii		Creamy white flowers produced abundantly in early summer along the upper sides of the branches giving a snow covered appearance.	Deciduous	2m

Viburnum plicatum Newport	Japanese Snowball	Double rows of white snowballs along the horizontal tiered branches in spring giving the appearance of icing on a layered cake. Compact bushy habit.	Deciduous	2m
Viburnum plicatum Pink Beauty		A profusion of pure white flowers turning pink with age. Rounded growth habit with branches in layers.	Deciduous	2m
Viburnum plicatum Roseace		Delicate shell pink snow-ball like flowers in spring. Very hardy large shrub.	Deciduous	2.5m
Viburnum plicatum Summer Snowflake		White flowers produced abundantly in early summer along upper sides of the branches giving a snow-covered appearance.	Deciduous	2m
Viburnum plicatum tomentosum Molly Schroeder		Lovely pink flowered ray florets adorn the arching branches in spring on fresh green foliage. Good autumn colour. Very hardy.	Deciduous	2m
Viburnum rhytidophyllum	Leather Leaf Viburnum	Hardy shrub with large leathery leaves. Large clusters of creamy white flowers in late spring sometimes followed by small black berries. Sun or semi-shade.	Evergreen	2m
Viburnum sargentii Onondaga		A splendid form with deep maroon young leaves, lovely white flower heads and maroon/purple/red foliage in autumn. Prefers rich, free draining soil. Sun or part-shade.	Deciduous	3m
Viburnum tinus	Lauristinus	Extremely popular evergreen large dense shrub with shiny green leaves. Branches of fragrant white and pink budded flowers in winter. Excellent in exposed windy conditions.	Evergreen	2m
Viburnum tinus Bewleys Variegated		Elegant variegated shiny leaved dense shrub with white flushed pink flowers in bunches.	Evergreen	2m
Viburnum tinus Emerald Beauty		A superior selection, compact and bushy with dark green foliage. New growth tinged red. Carmine buds open to flattish clusters of pink-tinged flowers. Very hardy.	Evergreen	1.5m
Viburnum tinus Eve Price		Selected dense compact form with smaller leaves. Very hardy shrub with clusters of white tinged pink flowers in late winter and early spring.	Evergreen	1.5m
Viburnum tinus Lucidum		Large glossy green leaves with white flowers throughout late autumn and spring. Vigorous, hardy shrub ideal for shelter, screening, or hedging.	Evergreen	2.5m
Viburnum trilobum		Large vigorous shrub with white lacecap flowers and long lasting berries in autumn and winter.	Deciduous	2m

Viburnum x bodnantense	Medium sized shrub of strong erect habit. Sweetly scented rose tinted flowers produced in autumn. Very hardy. Prefers good soil and ample moisture.	Deciduous	2m
Viburnum x burkwoodii	Waxy white flushed pink flowers in early spring which are intensely fragrant. Twiggy bush with oval leaves of glossy green turning orange/red in autumn and winter.	Semi-Deciduous	1.5m
Viburnum x carlcephalum	Large, dense clusters of white fragrant flowers in spring and early summer. Dull grey green leaves, often richly coloured in autumn. Very hardy. Moist soil. Sun or shade. Semi-deciduous.	Semi-Deciduous	1.5m
Viburnum x juddii	Medium sized shrub which produces clusters of sweetly scented pink flowers in late spring. Trim annually to maintain shape.	Deciduous	1.5m
Weigela florida variegata	An excellent medium sized variegated shrub. Leaves are edged creamy white and flowers are pink funnel shaped. Deciduous.	Deciduous	2m
Weigela Newport Red	Attractive late spring flowering shrub with upright growth. Light bright red flowers produced in masses. Very hardy. Trim to shape if desired.	Deciduous	2m
Wisteria Caroline	Very early flowering hybrid with profusion of strongly scented blooms mauve-lilac fading to white. Flowers two seasons after planting. Keep moist in summer.	Deciduous	
Wisteria floribunda Black Dragon	Fully double, deep violet flowers late season. Suits fence or archway. Keep moist in summer. Blooms 3 - 5 years after planting.	Deciduous	
Wisteria Lavender Lace	Pendants of fragrant pale lavender & white flowers up to 0.9cm in length on mature plants. A truly magnificent vine. Keep moist in summer.	Deciduous	
Wisteria sinensis Amethyst	An early flowering Chinese Wisteria. Vigorous habit. Light rose-purple blooms, very strongly perfumed. Flowers early before the leaves, 2 - 3 years after planting.	Deciduous	
Wisteria sinensis Blue Sapphire	Early flowering Chinese form of medium vigour. Blue tinged mauve flowers appear before leaves in spring. Flowers 2 - 3 years after planting.	Deciduous	

Xeronema callistemon	Poor Knights Lily	This native forms large clumps of shiny erect foliage. Sharp drainage, full sun and protection from frost are needed for brilliant scarlet flowers with maturity.	NZ Native	Evergreen	0.75m
Yucca filamentosa	Adam's Needle	Glaucous green strap like leaves with curly silvery white filaments on edge. Cream bell shaped flowers borne on tall stems in summer. Full sun .Drought tolerant when established.		Evergreen	1.5m
Yucca filamentosa Variegata		Creamy white flowers produced in summer are borne in erect glabrous 1-2m conical panicles. Leaves variegated cream and green flushed pink. Full sun. Tolerates drought when established.		Evergreen	1.5m
