Plant Variety	Narrative	Spec.
Shrub		
ACACIA MERINTHOPHORA	An unusual plant with pendulous habit. Bright yellow flowers in winter. Requires well drained light medium soils and full sun(will tolerate partial shade.	Evergreen Ht. 3m
CALLISTEMON CITRINUS SPLENDENS	Red bottlebrush flowers in spring and autumn. Dark green foliage. Prune below finished flowers to keep compact growth. Attracts birds.	2mH 2mW
deciduous		
BAMBUSA GRACILIS	Syn. Drepanostachyum falcatum. Dense clumping bamboo. Graceful curving stems. Ideal for poolsides, patios, feature gardens. Once established hardy to most conditions.	Evergreen. Ht 3m
BERBERIS "HELMOND PILLAR"	A vigorous, narrow and upright form of Barberry with attractive round rich purple foliage turning vivid crimson and scarlet shades in autumn. With careful pruning and training can be grown into a narrow vertical specimen.	Deciduous 2m
BERBERIS THUNBERGIA ATROSUPERBA	Bolder form of purple barberry with long arching branches and larger, more rounded leaves coloured blackish-red changing to orange-scarlet in autumn. Very hardy.	Deciduous. Ht 1.50m
BERBERIS THUNBERGII ATROPURPUREA	A striking shrub with deep wine red foliage which turns bright crimson in autumn. Nodding racemes of yellow flowers. Very hardy.	Deciduous. Ht 1.7m
BERBERIS THUNBERGII AUREA	(Golden Barbary) Small shrub of golden yellow leaves turning pale green in late summer. Hardy shrub which prefers part shade to prevent leaves burning from the sun.	Deciduous. Ht 75cm
BERBERIS THUNBERGII KOBOLD	Dense glossy green foliage changing orange red in autumn. Golden flowers.	Deciduous. Ht 50cm
BERBERIS THUNBERGII LITTLE FAVOURITE	Low growing form of purple berberis. Has rich deep purple foliage turning scarlet orange in autumn. Makes good hedge. Very hardy.	Deciduous Ht 50cm
BERBERIS THUNBERGII MARIA	Butter yellow foliage appears early spring and holds through into autumn when it takes on tones of apricot and orange. Compact, upright growth. Suits full sun or part shade. PVR	Deciduous 1m x 30cm
BERBERIS THUNBERGII ROSY GLOW	A very striking small shrub. The leaves on the new shoots are multi-coloured, purple, bright rose and silver pink, later becoming purple.	Deciduous.Ht. 80cm
BUDDLEIA CRISPA	A large shrub with white felt covered leaves and stems. Flowers lilac with an orange throat and fragrance in the summer. Requires well drained sunny spot. Prune regularly to promote a good shape. Very attractive to butterflies.	Deciduous Ht 3m
BUDDLEIA FALLOWIANA LOCHINCH	Foliage silvery grey when young. Scented flowers of violet blue in summer. Flowers full of nectar attracting butterflies. Prune after flowering. Hardy.	Deciduous Ht 2m
CALYCANTHUS HARTLAGE WINE	A shrub with large mid green deciduous foliage colours beautifully to bright golden yellow in autumn. Rich burgundy-red flowers from early spring, continuing sporadically. Prefers moist, acidic soil in sun to part shade.	Deciduous Ht. 1.8m
CARYOPTERIS INCANA PAVILLON WHITE	A new variety of dwarf Caryopteris with masses of white from Late Summer through until Autumn. Prefers full sun and well drained but moist soils. PVR	Deciduous Ht. 60cm
CEANOTHUS HENRI DESFOSSE	Custers of bright blue flowers on red stems through summer. A compact shrub with fresh green foliage. Trim after flowering. Hardy	Deciduous Ht. 1m
CERATOSTIGMA PLUMBAGINOIDES	Small spreading shrub with dark green leaves becoming reddish-brown in autumn. Deep blue flowers for many months of year. Responds to regular pruning. Suitable for dry banks. Very hardy.	Deciduous Ht 50cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
CERATOSTIGMA GRIFFITHII	Small shrub with small, round leaves turning reddish in autumn. Deep blue flowers over a long period in summer. Hardy. Likes a free-draining soil in full sun.	semi-Evergreen.
CERATOSTIGMA WILLMOTTIANUM	Small shrub which is smothered in beautiful bright blue flowers throughout summer. Leaves turn red in late autumn. Trim back after flowering. Suits dry, well-drained site, preferably full sun.	Deciduous. Ht 80cm
CHAENOMELES GREEN ICE	Green-white flowers on bare branches in late winter to early spring. Prefers sunny position. Very hardy to cold. Can be grown as shrub or trained along fence.	Deciduous. Ht 2m
CHAENOMELES SPECIOSA APPLE BLOSSOM	(Flowering Quince) An upright plant that has white with pink tinged flowers in late winter/early spring. Prefers full sun and well drained soil.	Deciduous Ht 1.8m
CHIMONANTHUS PRAECOX	(Winter Sweet) Sweet smelling ,waxy,golden yellow flowers appear in late winter while the branches are still bare. Can be picked for indoors.Very hardy.	Deciduous Ht 2.5m
CHIMONANTHUS PRAECOX LUTEUS	Well distinguished by rather larger clear waxy yellow flowers, which are sweetly scented. Very hardy. Can be pruned after flowering.	Deciduous. Ht 2m
CLERODENDRUM TRICHOTOMUM FARGESII	A strong growing large shrub, valuable for its autumn effects. Very fragrant white flowers in maroon calyx's in early autumn followed by blue berries. Very showy. Very hardy.	Deciduous. Ht 3m
CORNUS ALBA	(Red Stemmed Dogwood) Forms a thicket of stems up to 3m high, young branches being rich red in winter. Good autumn colour. White or tinged blue berries.	Deciduous. Ht 3m
CORNUS ALBA SIBIRICA	(WESTONBIRT DOGWOOD) Brilliant crimson stems throughout winter. Berries blue/white. Less robust form than Cornus Alba.	Deciduous. Ht 2m
CORNUS SANGUINEA MIDWINTER FIRE	Oval green leaves, turning orange-yellow in autumn. Brilliant orange-yellow stems in winter.Prune to 7cm from ground in spring to promote coloured new growth, then fertilize. Prefers damp soil and part shade.Very hardy.	Deciduous Ht 1.5m X 0.8m
COTINUS COGGYGRIA	(Green Smoke Bush) Smooth rounded green leaves with brilliant autumn colours. Fawn coloured plumes of flowers 15 - 20cm long at Christmas.	Deciduous. Ht 3m
COTINUS COGGYGRIA GOLDEN SPIRIT	Syn. C. coggygria Ancot. Unique form of smoke bush .Leaves is brilliant golden yellow through summer accompanied by plume-like flowers. Coral, red and orange autumn colours. Full sun. Very hardy.	Deciduous. Ht 2-3m
COTINUS COGGYGRIA GRACE	A lovely smoke bush with crimson-purple tips on leaves changing with age to green with purple tinge. Winter pruning produces a tidy bush. Very hardy.	Deciduous. Ht 2.5 x2.5m
COTINUS COGGYGRIA PURPUREUS	(Purple Smoke bush) The round deep purple leaves always attract attention. Hazy purple smoke-like flowers. Good autumn colours.	Deciduous. Ht 3m
COTINUS COGGYGRIA ROYAL PURPLE	The finest of all purple-foliaged shrubs. The deeply veined leaves turn rich crimson in autumn. Prune in winter to stimulate new spring growth.	Ht 2 x 2m Deciduous.
COTONEASTER HORIZONTALIS	A low growing shrub of prostrate habit, with branches of characteristic "herring-bone" pattern. Can be espaliered. Covered in red berries in autumn and winter. Very hardy.	Deciduous.
COTONEASTER HORIZONTALIS VARIEGATUS	Impressive bright scarlet berries and attractive variegated foliage, fan-shaped branches. Very suitable for covering low walls and banks. Very hardy.	Deciduous
DAPHNE X BURKWOODII	A small, partially evergreen shrub, compact and rounded in habit. Leaves oblong, flowers pale pink and fragrant, in clusters at the ends of the branches in late spring. Prefers full sun or part shade.	Deciduous. Ht 1.2m
DEUTZIA GRACILIS NIKKO	Delightful low spreading form, producing masses of tiny snowy white tubular blossoms in late spring. Very hardy.	Deciduous. Ht. 60x90 cm
DEUTZIA SCABRA CANDIDISSIMA	Medium size shrub with double white fragrant flowers in summer. Prefers full sun or part shade. Hardy	Deciduous Ht. 1.5m
EDGEWORTHIA CHRYSANTHA GRANDIFLORA	(Yellow Daphne) An interesting shrub with stout stems in spring producing large silvery buds opening to heads of yellow tubular flowers.	Deciduous Ht 1.5m
FORSYTHIA BEATRIX FARRAND	A hardy colourful spring shrub which flowers very early. This variety has yellow flowers with gold throat.	Deciduous. Ht 3m

Plant Variety	Narrative	Spec.
Shrub (continued)		
FORSYTHIA INTERMEDIA	Produces masses of broad petalled rich yellow flowers in early spring. Prune after flowering. Very hardy.	Deciduous Ht 3m
FORSYTHIA KARL SAX	Large, deep canary yellow flowers appear on the bare branches in early spring. Upright, strong growth habit. Hardy and easy to grow.	Deciduous Ht. 1.8 x 1m
FORSYTHIA LYNWOOD GOLD	Produces masses of broad petalled rich yellow flowers in early spring. Prune after flowering. Very hardy.	Deciduous Ht 2m
FUCHSIA ASSORTED	Fuchsias prefer a shady spot and reward you with vibrant blooms for months on end. Plant in a fertile, free draining soil, keep moist and away from strong winds	Semi Deciduous
FUCHSIA CANDY BELLS	Delightful compact Fuchsia variety, carrying an abundance of scarlet-purple bell-shaped flowers from early Summer to Autumn. Water freely. Use slow release fertiliser when feeding.	Evergreen Ht 60cm
HAMAMELIS INTERMEDIA ARNOLD PROMISE	Small growing, neat, upright vase-shaped witch hazel with abundant soft yellow, fragrant flowers in late winter.	Deciduous. Ht 1.5m
HAMAMELIS INTERMEDIA DIANE	Attractive red flowers produced in late winter/spring before leaves appear. Vigorous compact habit. Very hardy.	Deciduous. Ht 3m
HAMAMELIS INTERMEDIA JELENA	(Witch Hazel) Vigorous spreading growth habit and large flowers in dense clusters of rich burnt orange. An interesting and attractive witch hazel.	Deciduous. Ht 3m
HIBISCUS SYRIACUS BLUSHING BRIDE	Dainty soft pink to white, double blooms with red eye produced freely throughout summer. Plant in full sun.	Deciduous.Ht 3m
HIBISCUS SYRIACUS COELESTIS	A hardy hibiscus that has lavender trumpet shaped flowers with a rose coloured throat. Prefers full sun or part shade in well drained soil.	Deciduous 2mH
HIBISCUS SYRIACUS COLLIE MULLINS	Deciduous shrub, with double deep lavender pink flowers that have a darker eye. Prefers sun to part shade and moist well drained soil.	Deciduous Ht. 2m
HIBISCUS SYRIACUS REDHEART	Very hardy and attractive shrub with compact growth habit. Single white hibiscus flowers with dark red centre. Flowers from summer to autumn.Prefers free draining soil and suinny situation . Very cold hardy	Deciduous Ht 2m
HYDARNGEA MACROPHYLLA HOBELLA	(Lacecap Variety) This is a gorgeous double lacecap hydrangea with shell pink flowers which age green then red in the antique phase. Great for cut flower or drying. Likes a shady spot.	Deciduous Ht 1.2m
HYDRANGE YOU ME ROMANCE	(You Me Series) A dwarf hydrangea with masses of star shaped double sugar pink blooms throughout summer.Top dress with lime to enhance pink colour. Prefers moist fertile well-drained soils and sun to part shade. (PVR)	Deciduous
HYDRANGEA ARBORESCENS ANNABELLE	Beautiful hydrangea with large white flower heads 5 - 15cm across. Hardy shrub suitable for most soil types and a shaded position. Suitable for drying or picking. Very hardy.	Deciduous Ht 1.5m X 1m
HYDRANGEA BLUEBERRIES AND CREAM	(Lace cap) Dramatic Blue/White flowers cover the plant throughout summer. Prefers part shade in well drained soil. Good for containers.	Deciduous Ht 1.2m
HYDRANGEA FIREWORKS	(Lacecap) Showy heads of double petalled lacecap flowers. Colour varies from blue to white to pink depending on soil acidity.Prefers some shade and good soil moisture. Hardy.	Deciduous Ht 2m
HYDRANGEA GEOFFREY CHADBUND	Free flowering, strong growing lacecap with mid red to purple flowers. Plant in light shade. Prune to shape after flowering.	Deciduous. Ht. 2mx2m
HYDRANGEA GRANDAD	Good selection with enormous 25cm pure white mophead flowers and lush green leaves. Prefers moist position in either sun or shade. Prune stems with spent flowers in winter.	Deciduous Ht 1.8m
HYDRANGEA MACROPHYLLA AGNES PAVELLI	(Mophead) Tall growing with large white flowers.Looks best when protected from midday sun. Prefer part shade in moist soil.	Deciduous Ht. 1.2m
HYDRANGEA MACROPHYLLA BLUE DECKLE	(Lacecap) Attractive deciduous bushy shrub with glossy green leaves in summer. Produces masses of powder blue lacecap flowers during summer.Apply acid fertilizer to keep good blue colour.	Deciduous. Ht. 60cm
HYDRANGEA MACROPHYLLA BRIDAL BOUQUET	Profuse pure white blooms over an extended flowering period during summer. Prune to shape after leaf fall. Prefers smome shade and moist rich soil.	Deciduous Ht. 1m x 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
HYDRANGEA MACROPHYLLA LIBELLE	Lace Cape - Large pure-white ray-florets and blue fertile flowers. Prune hard in late autumn and water during dry spells. Deciduous.	Ht 45cm x 60cm
HYDRANGEA MACROPHYLLA LOVELY	Dwarf, compact free flowering variety with pale pink mophead flowers. Keep soil alkaline to retain good pink colour. Requires summer moisture and some shade preferred. Hardy.	Deciduous Ht 1m
HYDRANGEA MACROPHYLLA MATHILDE GUTGES	Free flowering blue mop head. Easily grown. Prune and feed annually. Apply aluminium sulphate to achieve deep blue colour. Full sun or part shade.	Deciduous Ht 60cm x 90cm
HYDRANGEA MACROPHYLLA PIA	A slow growing dwarf with long lasting heads of purplish red florets in summer on any soil. Trim back after flowering. Hardy.	Deciduous.
HYDRANGEA MACROPHYLLA PINK BOUQUET	Large flowerheads of full, ruffled flowers and lush green foliage. Great for picking. Best in a shaded, cooler area and well mulched over summer.	Deciduous Ht 60x75cm
HYDRANGEA MACROPHYLLA WHITE	Mophead Attractive deciduous bushy shrub with glossy green leaves in summer. Produces masses of white mophead flowers during summer. Prefers shade or part shade with moist but well drained soil.	Deciduous Ht. 1.2m
HYDRANGEA MERVEILLE SANGUINE	(Raspberry Crush or Bloody Marvellous) Ox blood-red ball-shaped flowers on deep bronze green serrated foliage. Prefers some shade and well drained soil. Feed with lime to enhance red colour. Flowers can be used fresh or dried.	Deciduous Ht 1.2 x 1.2m
HYDRANGEA NIGRA	A compact form with dark black stems and rose-pink or bluish flowers. Prefers moist soils, semi-shade or shaded position. Feed with aluminium sulphate to maintain blue flowers.	Deciduous Ht. 1m
HYDRANGEA PANICULATA BOMBSHELL	Stunning compact hydrangea which is smothered in creamy-white blooms throughout summer. These fade to pink in autumn. To enhance flowering, prune hard and feed in early spring. Prefers full sun to part shade.	Deciduous Ht 1m X 1.2m
HYDRANGEA PANICULATA DIAMOND ROUGE	Strong stems bearing large flowers which open white and then turn pink before becoming deep red. Flowers over long period. Bushy habit. Plant in full sun to part shade.	Deciduous Ht 1.5m X 1.2m
HYDRANGEA PANICULATA GRANDIFLORA	One of the showiest hardy shrubs. Forms a multi-stemmed shrub with dark green leaves, which turn bronze in autumn. Large creamy-white florets are produced from late spring to autumn. Good for picking.	Deciduous Ht 2.5m X 2.5m.
HYDRANGEA PANICULATA KYUSHU	In late summer dainty long pointed panicles of creamy white flowers adorn this bush. Clean fresh bright green foliage. Very hardy.	Deciduous Ht 1.5m
HYDRANGEA PANICULATA LEVANA	Produces very large, fragrant, pure white flowers (up to 50cm) in late summer. Attractive to insects and butterflies. Great cut flower. Requires sun or part shade and summer moisture. Light trim in late winter. Very hardy.	Deciduous Ht Up to 3m unpruned
HYDRANGEA PANICULATA LIMELIGHT	Long panicles of sterile lemon coloured green to creamy white flowers in late summer and autumn. Golden autumn colour. Prefers full sun or part shade. Hardy.	Deciduous Ht 1.2m
HYDRANGEA PANICULATA SUNDAE FRAISE	A lovely paniculata type Hydrangea with flowers that start off green and white and mature into hues of pink. Very compact, so useful for containers. Prefers some shade and moisture in summer.	
HYDRANGEA PINK	Pink flowers throughout summer. Apply lime liberally to retain good colour. Grows well in damp, shaded or open position.	Deciduous. Ht. 1-1.5m
HYDRANGEA PINK BOUQUET	Large ruffled pink flowers on lush green foliage. Good for picking and can be used fresh or for drying. Prefers shade and well drained position. Feed with lime in autumn to keep good colour.	Deciduous 60 x 75 cm
HYDRANGEA QUERCIFOLIA	(Oak leaf Hydrangea) spreading deciduous shrub with handsome, large, deeply lobed leaves turning red and purple in autumn. Flowers cream, in conical panicles with numerous large sterile floret.	Deciduous. Ht 1m
HYDRANGEA QUERCIFOLIA ICE CRYSTALS	An oak leafed Hydrangea with creamy white flowers from mid-Summer into autumn. A compact plant with gorgeous autumn colours. PVR	Deciduous Ht 1.2m
HYDRANGEA QUERCIFOLIA PEE WEE	Dwarf compact selection, topped with beautiful sterile pure white cone flower heads from early summer. Good autumn foliage colour. Hardy.	Evergreen Ht. 0.9m x 0.6m

Plant Variety	Narrative	Spec.
Shrub (continued)		
HYDRANGEA SCHNEEBALL	(SNOWBALL HYDRANGEA) Clear white blooms throughout summer. Great in a pot in a cool spot. Best in good soil with summer shade and moisture. Feed regularly. Compact growth habit.	Deciduous. Ht 60cm
HYDRANGEA SERRATA COVER ME	A pink flowered ground cover Hydrangea that grows just 50cm high. Perfect to fill the garden with low foliage and stunning blooms all summer. Prefers some protection from the hottest summer sun.	Deciduous Ht.50cm
HYDRANGEA SERRATA SUMMER GLOW	Lacecap type flowers in summer. Blue in acid soil and pink if more alkaline soil. Flowers on one year old branches so prune lightly in winter. Deep red autumn foliage. Very hardy.	Deciduous Ht 1.1m
HYDRANGEA STRAWBERRIES AND CREAM	Lacecap . Dark green foliage with rosy/red flowers with white centres from late spring until mid-summer. Prefers partial shade and well drained soil.	Deciduous 1.2 x 1.2
HYDRANGEA TROPHY	Unique large creamy white flower head with double individual florets December through to February. Prune back after flowering. Grow in semi-shade. Fertilise in Spring.	Deciduous. Ht. 1.5m x 1m
HYDRANGEA TUXEDO PINK	90 cm height. Sensational new range of Hydrangeas. Colour of the flowers intensifies as the flowers mature. Long flowering plant. Happy to be left inside while flowering. Prefers a part shade position in a container or in the garden. Keep well watered.	
HYDRANGEA VILLOSA	Late summer flowering, lilac blue. Prefers to be in part shade to shade.	Deciduous Ht 2m
HYDRANGEA YOU ME EMOTION	(You Me Series) Dwarf plant which produces masses of double baby pink flowers throughout summer. Top dress in spring with lime to enhance pink colour. Prefers sun or part shade and moist, well drained soil. (PVR)	Deciduous Ht 80 x 80cm
INDIGOFERA DECORA	Attractive, deciduous shrub with dainty leaves and delicate rosy-pink flowers from late spring to summer. Plant in full sun or part shade. Drought and frost tolerant. Prune in winter.	Shrub Ht 60cm - 90cm
KERRIA JAPONICA	Graceful shrub. Arching branches covered in rich yellow double flowers in Oct - Nov. Hardy.	Ht 1.5m
PLENIFLORA		Deciduous.
KOLKWTZIA AMABILIS	(Beauty Bush) A graceful hardy shrub forming a dense twiggy bush. Soft pink bell shaped flowers draping the branches in Spring. Prefers full sun and well drained soil.	Deciduous. H 2m
PHILADELPHUS CORONARIUS	(Mock Orange) Strong growing medium sized shrub with creamy-white richly scented flowers. Particularly suitable for very dry soil. Hardy.	Deciduous. Ht 3m
PHILADELPHUS FROSTY MORN	Small shrub which produces fragrant, double white flowers in early summer. Very Hardy. Trim after flowering.	Deciduous. Ht 1.5m
PHILADELPHUS SYBILLE	Arching branches. Masses of single white flowers with central lavender stain. Strong orange scent. Hardy.	Deciduous. Ht 2m
PHYSOCARPUS OPULIFOLIUM SHADY LADY	Luscious, dark foliage covered from midsummer with masses of cream coloured pom-pom blooms. Tolerant of most garden soils. Sun to part shade. Fully hardy.	Deciduous Ht 2m x 1.5m
PUNICA GRANATUM FLORE PLENO	(Ornamental Pomegranate) Large shrub with bright green leaves, coppery-red when young, turning yellow in autumn. Produces bright orange double flowers in summer, followed by ornamental fruit, needing long hot summer to ripen. Hardy to -5deg.	Deciduous Ht 1.5m
SAMBUCUS NIGRA AUREA	(GOLDEN ELDER) Leaves golden yellow deepening with age. One of the hardiest and most attractive of golden foliaged shrubs.	Deciduous Ht 3m
SAMBUCUS NIGRA BLACK BEAUTY	Dark purple/black leaves which turn red in Autumn. Fragrant pink flowers in Spring followed by black berries. Prune after fruiting finished. Very hardy.	Deciduous Ht 3m
SAMBUCUS NIGRA PURPUREA	Form of Elder with leaves that are green when young becoming deep purplish-black, turning red in autumn. Flowers contrast well with foliage, being pink in bud opening white. Very hardy.	Deciduous Ht 2m
SPIRAEA GOLD FLAME	Leaves flame orange paling to gold yellow and light green as the season progresses.	Deciduous. Ht 1m
SPIREA MAGIC CARPET	Low growing deciduous shrub. Leaves open red changing to yellow with outstanding orange/red young growth. Best colour in full sun. clusters of deep pink flowers in summer. Trim as desired. Hardy once established. Plant in moist well drained soil.	45x 90cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
STACHYURUS PRAECOX	Pendent racemes of 15 to 20 cup shaped pale yellow flowers appearing late Winter to early spring. Perfect for floral art. Foliage turns brilliant orange red in autumn. Hardy. Up to 1.5m wide.	Ht 2m Deciduous.
SYRINGA PRIMROSE	(Lilac) Pale, primrose-yellow, single flowers are borne in dense panicles during October. Very fragrant. Suitable for picking. Prefers rich deep soil with lime and full sun or light shade. Hardy.	Deciduous. Ht 3m
SYRINGA VULGARIS ALBA	"Common Lilac" Large vigorous shrub. Richly scented single white flowers in spring. Prefer full sun and alkaline soil. Hardy	Deciduous Ht. 4m
TAMARIX JUNIPERINA	(Tamarisk) Large dense shrub or small tree with slender branches clothed in soft green leaflets. Masses of bright pink flowers in mid spring before foliage. Suitable for coastal planting and hardy to very cold inland conditions too!	Deciduous. Ht. 2-3m
VIBURNUM BODNANTENSE DAWN	A strong-growing large deciduous shrub of upright growth, with dark green, ovate leaves and clusters of scented, light pink and white flowers opening from autumn to spring, from red buds	Deciduous. Ht 2m
VIBURNUM LANTANA MOHICAN	A dense habit with broadly ovate dark green leaves, turning dark crimson in the autumn. Creamy white flowers followed by orange-red fruits.	Deciduous Ht. 2.5m
VIBURNUM OPULUS COMPACTUM	A small shrub of dense compact habit, white flowers in summer. Bright red bird-proof berries in autumn and winter. Very hardy, prefers open, well-drained position.	Deciduous. Ht 1m
VIBURNUM OPULUS NANUM	A curious dwarf form with dense, tufted habit. Infrequent flowerer but colours richly in autumn.	Deciduous. Ht 50cm
VIBURNUM OPULUS STERILE	(Snowball Tree) Robust plant with maple-like deep green leaves, turning reddish/purple in autumn. Produces an abundance of sterile, white, green-tinted 7cm globular 'snowball' flower clusters. No berries. Very hardy.	Deciduous. Ht 3m
VIBURNUM OPULUS XANTHOCARPUM	large deciduous shrub with maple-like leaves turning yellow or pinkish in autumn. Creamy-white flowers in flattened heads are followed by translucent deep yellow berries Very hardy.	Deciduous. Ht 2.5m
VIBURNUM PLICATUM	(Japanese Snowball) Very hardy spreading shrub with white snowball-like flowers in spring. Good autumn colour.	Deciduous. Ht 3m
VIBURNUM PLICATUM MARIESII	Creamy white flowers in early summer along upper sides of branches giving snow like appearance. Ideal in a mixed bed or as hedge row. Dark green leaves which turn reddish purple in autumn. Plant in fertile free draining soil and full sun.	Deciduous. Ht 2m
VIBURNUM PLICATUM ROSEACE	Pretty rounded heads of creamy-pink flowers with light rose pink blush cover the plant in spring. Bronzy coloured new growth Very hardy compact shrub.	Deciduous. Ht 2.5m
VIBURNUM PLICATUM SUMMER SNOWFLAKE	White flowers produced abundantly in early summer along upper sides of the branches giving a snow-covered appearance. Very Hardy.	Deciduous. Ht 2m
VIBURNUM TRILOBUM	Large vigorous shrub with white lacecap flowers and red, long lasting berries in autumn and winter. Good autumn colour. Very hardy .	Ht 2m Deciduous.
VIBURNUM X BURKWOODII	Waxy white flushed pink flowers in early spring which are intensely fragrant. Twiggy bush with oval leaves of glossy green turning orange/red in autumn and winter.	Semi Evergreen Ht 1.5m
VIBURNUM x BURKWOODII ANNE RUSSELL	Pink buds open to very fragrant, tubular white flowers with five spreading lobes, borne in rounded clusters to 8cm in width. Semi- deciduous. Hardy	Deciduous. Ht 1.8m
VIBURNUM X CARLCEPHALUM	Large, dense clusters of white fragrant flowers in spring and early summer. Dull grey green leaves, often richly coloured in autumn. Very hardy. Moist soil. Sun or shade. Semi-deciduous.	Semi-deciduous Ht 1.5m
WEIGELA FLORIDA APPLE BLOSSOM	Upright flowering shrub with medium green foliage and bronze new growth. Large shell pink flowers blossom on stem through spring and summer. Full sun to part shade. Frost tolerant	Deciduous
evergreen		
ABELIA SUNSHINE DAYDREAM	Awesome tricolour variegation of pink, yellow and green on this mounding shrub. Fragrant, white blooms with rosy tones. Easy to grow but best with good soil and plenty of sun. Very hardy.	Evergreen Ht 0.9m X 1.2m w

Plant Variety	Narrative	Spec.
Shrub (continued)		
ABUTILON ASHFORD RED	Large red lantern flowers on a compact shrub. Prefers some summer shade. Hardy. Protect from heavy frost	Evergreen Ht. 1.5m
ABUTILON MEGAPOTAMICUM	Attractive pendular flowers which have a red calyx and yellow petals are produced in early spring. Suitable for a sunny well drained position or against a warm wall.	Evergreen. Ht. 1m
ABUTILON MEGAPOTAMICUM VICTORY	Attractive brightly coloured yellow pendant flagon-shaped flowers, calyx will redden in cold climates. Suitable for a sunny well drained position or against a warm wall. Protect from heavy frost.	Evergreen Ht. 1.2m
ABUTILON VITIFOLIUM	Attractive tall shrub with dull green palmate, 15cm, leaves. Pale lilac-blue saucer shaped flowers are produced in clusters. Excellent large shrub for sheltered position with good drainage. Prune after flowering.	Evergreen Ht 3m
ABUTILON WHITE GOLD	Lantern- like white hanging flowers in Summer. A bushy shrub with soft green leaves. Protect from frost. Prefers sunny well drained position or part shade.	Evergreen Ht.
ACACIA COGNATA LIMELIGHT	Attractive plant with lime green soft weeping foliage .Forms a dense low maintenace groundcover. Great in pots. Prefers well-drained soil and full sun to part shade. Protect from heavy frost.	Evergreen Ht 80 X 80cm
ACRADENIA FRANKLINIAE	Upright, stiffly branched shrub with aromatic leaves. From late spring to early summer, small clusters of white, star-shaped flowers appear.	Ht 3m Evergreen.
ADENANDRA FRAGRANS	Heath-like evergreen shrub with aromatic leaves. Rose coloured buds open to small pink flowers. Full sun and well drained soil. Protect from heavy frosts.	Evergreen Ht 90cm
AGAPANTHUS BABY BLUE	A true dwarf agapanthus suitable for small gardens. Blue flowers in summer. Very hardy.	Perennial. Ht 30cm
AGAPANTHUS BLUE DOT	Outstanding form producing masses of sky blue flowers in summer. Attractive bushy compact habit.	Perennial Ht 40cm
AGAPANTHUS ORIENTALIS	Green strap-like leaves. Large round heads of blue flowers. Excellent for coastal sites.	Evergreen Ht 1m
AGAPANTHUS ORIENTALIS TIMARU	Good compact form of agapanthus with green strappy leaves. Produces very dark blue flower heads in summer. Good coastal plant . Useful in borders .	Evergreen Ht 40cm
AGAPANTHUS SEA FOAM	Semi dwarf variety with pure white flowers in summer. Grows in most soils and tolerates wind and coastal conditions.	Perennial. Ht 80 cm
AGAPANTHUS SILVER BABY	Dwarf compact variety with steely silver foliage and superb white flowers. Ideal for coastal or rockery planting. Great for floral artwork.	Evergreen Ht 30cm
AGAPANTHUS TINKERBELL	Dwarf form with cream and green variegated leaves. Once established it produces dainty clusters of violet-blue flowers. Requires free draining soil. Sun or part shade.	Evergreen. Ht. 30cm
AGAPANTHUS WAVY NAVY	Dark royal blue flowers during summer. Broad green strap-like leaves for sunny dry position. Tolerates mild frost.	Evergreen Ht. 1m
ANDROMEDA NANA	(Bog Rosemary) Compact shrub with narrow , leathery, grey-green foliage . Clusters of white tinged pink flowers from early spring. Full sun to part shade and humus rich moist soil. Very cold hardy.	Evergreen
ANOPTERUS GLANDULOSUS	(Tasmanian Laurel) A rare Tasmanian evergreen shrub producing racemes of white lily of the valley-like flowers. Half hardy. Prefers shaded, moist, well-drained site.	Evergreen. Ht 4m
ARBUTUS UNEDO	(Irish Strawberry Tree) Flowers late autumn in drooping clusters. Plant in sun or semi- shade. Tolerant of dry and limey soils when established. Fruit attract bellbirds. Very hardy.	Evergreen Ht 4m in 20yrs
ARUNDINARIA GRACILIS	Graceful clump forming bamboo with glossy green canes and arching fronds of shining green leaves. Protect from heavy frost. Prefers moist position and some shade.	Evergreen. Ht 2-3m
ASCEPLIAS PHYSOCARPA	(Swan Plant) Attracts Monarch Butterfly caterpillar. Easily grown. Attractive 'swan' shaped seed pods. Prefers full sun and needs protection from heavy frost.	Evergreen. Ht 1x1m
ATHEROSPERMA MOSCHATUM	Interesting evergreen Australian small tree with lace-like leaves with white down underneath. Whole plant is fragrant and yields essential oil. Cream coloured single flowers.	Evergreen Ht 4-5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
AUCUBA CROTONOIDES	(female) Large glossy leaves with pretty panicles of flowers followed by bright red berries if planted with a male plant. Ideal for for shady places. Excellent tub plant. Prefers rich soil.	Evergreen Ht 1.5m
AUCUBA JAPONICA (MALE)	Pollinator for female form. Will grow in heavy shade. Suitable for any soils. Suitable as indoor plant. Hardy	Evergreen. Ht 1m
AUCUBA JAPONICA FOREST GREEN	Large dense bushy habit, with bold large dark green leaves. Small clusters of olive green flowers followed by bright red berries, 2 cm in autumn. Tolerant of heavy shade and dry conditions. Hardy. (Female)	Evergreen Ht 1.5m
AUCUBA JAPONICA JUNGLE GIRL	A bushy shrub that has attractive dark green foliage with light splashes of gold. Female form which will produce berries if close to a male plant. Withstands dry conditions. Prefers shade.	Evergreen Ht 2m.
AUCUBA JAPONICA SALICIFOLIA	(Japanese Laurel). Olive green flowers followed by crimson red berries in autumn. Prefers part to full shade and will tolerate dry conditions. (Female)	Evergreen Ht 1.5m x 1.5m
BACCHARIS TWIN PEAKS	Very hardy ground cover which is great in coastal areas. Small white flowers. Serrated grey-green leaves. Will grow well in poorer soils once established.	Evergreen Groundcover Ht 1m x W 2m
BAMBUSA MULTIPLEX ALPHONSE KARR	Highly ornamental clump forming bamboo with green striped golden canes. Perfect for a screen. Prefers full sun and well drained soil.	Evergreen Ht. 8m
BAMBUSA MULTIPLEX WANG TSAI	Clump forming bamboo, native to China. Graceful curving green to orange brown stems and dark green tufted foliage. Hardy. Suitable for container growing. Protect from heavy frost.	Evergreen. Ht 2m
BANKSIA BAXTERII	Mid-green leaves with heavily serrated margins, giving the appearance of little triangles arranged along the stem. Large creamy yellow cylindrical flower spikes from summer through autumn. Excellent for cutting. Good coastal plant.	Evergreen Ht. 3m
BANKSIA COCCINEA	(Scarlet Banksia) Outstanding plant with red flowers in late winter, suitable for picking. Requires well drained soil and sun. Tolerates light frost.	Evergreen Ht 3m
BANKSIA GIANT CANDLES	An erect shrub bearing very large orange flower heads. Excellent shrub for hot dry conditions. Very hardy. Avoid fertilisers. Water well in first season to establish.	Evergreen. Ht 3x1.5m.
BANKSIA INTEGRIFOLIA	(Coast Banksia) Masses of 15cm honey laden pale yellow flower spikes produced from early autumn to winter. Attractive to Tuis and Bellbirds. Hardy to coastal conditions. Protect from heavy frost.	Evergreen. Ht 2.5m
BANKSIA ORANGE CANDLES	Flower buds are lemon yellow opening to orange gold flowers, up to 30cm long in spring. Attractive to birds. Prefers well drained sunny position. Protect from frost.	Evergreen. Ht 2m
BANKSIA SERRATA	Erect plant which will grow into small tree. Terminal grey-white flower spikes from January to June. Requires full sun and well drained soil. Protect from heavy frost.	Evergreen Ht 3m
BANKSIA SPECIOSA	'Showy Banksia' A striking ornamental shrub with dramatic rich creamy-yellow flowers and silvery grey-green foliage. Suits sunny, open well drained, coastal sites.	Evergreen. Ht 2m-5m
BANKSIA SPINULOSA BIRTHDAY CANDLES	Dwarf banksia with burnt orange terminal flowers which sit prominently above the foliage in late summer-autumn. Prefers sunny well drained situation. Hardy. Suitable for container.	Evergreen. Ht 45 x 50 cm
BERGENIA CORDIFOLIA WHITE CLOUD	Clusters of white flowers in spring-early summer, fading to pale pink. Shiny green heart shaped leaves which turn bronze in winter in harsh conditions. Prefers moist but well drained soil and part or full shade. Very hardy.	Evergreen Ht 20-30cm
BORONIA HETEROPHYLLA	(Red Boronia) Bright rich pink crimson flowers. Beautifully scented. Plant in a sheltered spot with full sun and a well-drained soil.	Evergreen Ht 1m
BRUGMANSIA X CANDIDA	Large soft green leaves with striking large fragrant pendulous 20 cm long double cream, with frilled ends. The scent is particularly strong at night. All parts of this plant are poisonous.	Evergreen Ht 3m
BRUNFELSIA LATIFOLIA TINY DANCER	(Yesterday, Today, Tomorrow) Compact cushions of green foliage, masses of fragrant blue flowers. Protect from heavy frost. Prefers some shade.	Evergreen Ht. 60cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
BUDDLEIA GLOBOSA	Striking erect, fast growing shrub. Orange-yellow ball-like flowers in early summer. Prefers full sun. Hardy.	Evergreen.Ht 3m
BUDDLEIA SALVIFOLIA	Quick growing small tree with mauve flowers in spring. Very hardy. Trims well.	Ht 3m Evergreen.
BUDDLEIA SILVER ANNIVERSARY	Syn. Buddleia Morning Mist. Silver willow like foliage with fragrant scented blooms with yellow eye. Attractive to butterflies and bees. Trim to shape in the spring. Best grown in rich, moist soil in full sun.	Evergreen 1.5m x 1.5m
BUXUS HARLANDII RICHARD	A rounded leaf with an indentation at the tip to create an almost heart shaped leaf. Excellent compact form. Slow growing. Resistant to buxus blight	Evergreen Ht. 1m
BUXUS SEMPERVIRENS	(Common Box) Dense small dark green leaves. Ideal for hedges and topiaries.. Prefers fertile soils, full sun or part shade. Prune regularly and feed after pruning.	Evergreen. Ht 80cm
BUXUS SEMPERVIRENS 1 LARGE 2 SMALL BALL	(Common Box) Dense small dark green leaves. Ideal for hedges and topiaries.. Prefers fertile soils, full sun or part shade. Prune regularly and feed after pruning.	Evergreen 80cm
BUXUS SEMPERVIRENS GRAHAM BLANDY	Upright form of English Box with narrow habit and rich green leaves .Fairly fast growing .Requires minimal trimming to retain shape. Ideal for landscape feature.Very hardy.	Evergreen Ht 2-3m
BUXUS SEMPERVIRENS SUFFRUTICOSA	(Dwarf Edging Box) Small bright shining green dense leaves. Ideal for hedges, edging and easily maintained as a narrow living wall as low as 15cm. Hardy	Evergreen. Ht 30cm
CALLISTEMON CANDY FLOSS	Masses of light pink bottlebrush flowers on clusters from late Spring to Summer. Prefers sunny position with well drained soils.	Evergreen Ht. 3m
CALLISTEMON KINGS PARK SPECIAL	Bunches of long red bottlebrush flowers during spring. Thrives in a open position. Prune after flowering.	Evergreen. Ht 3m
CALLISTEMON RED CLUSTER	A profuse flowering bottlebrush with bright red flowers covering the bush in spring and autumn. Will tolerate dry conditions once established. Attractive to bees and birds.	Evergreen. Ht 2m
CALLISTEMON VIRIDIFLORUS	(Cream/ Green Bottlebrush) Upright evergreen shrub, which produces clusters of cream/green bottlebrush flowers in late spring to summer. Trim after flowering to keep tidy. Prefers welldrained sunny position.	Evergreen Ht 1.5m X 1m
CALLISTEMON WHITE ANZAC	Spreading shrub with 10-15cm long brushes of pure white flowers, fading to creamy-white, over summer. Prune well after flowering. Tolerates dry conditions when established. Hardy.	Evergreen Ht 1mx 3m
CANTUA PYRIFOLIA	(Floer of the incas)Graceful weeping shrub with striking tubular flowers, cream with yellow flaring lobes in spring. Hardy. Trim after flowering.	Evergreen Ht.2 x 1m
CEANOTHUS BLUE SAPPHIRE	Spring flowering shrub with bright blue flowers that smother the bush. Dark purple-green foliage. Prune to shape if required.	Evergreen Ht 60cm
CEANOTHUS EMILY BROWN	A quickly spreading ground cover plant. Blue flowers and spiny dark green leaves.	Evergreen Ht.60cm x 1.5m
CEANOTHUS IMPRESSUS	(Santa Barbara Ceanothus) Rich, deep-blue flowers cover this small growing bush in spring. Small, furrowed dark green leaves, densely branched.	Evergreen. Ht 1.3m
CEANOTHUS PAPILLOSUS ROWEANUS	(Californian Lilac) A rounded dense bush with dark blue flowers and glossy green leaves. Attracts bees. Hardy and fast growing.	Evergreen Ht 2m
CHAMAECYTISUS PALMENSIS	(TREE LUCERNE) Quick growing tree with white pea-like flowers during late winter and spring. Very attractive to birds.Can also be used as fodder crop. Trim regularly if not being used as fodder crop.	Evergreen. Ht 4-5m
CHOISYA AZTEC PEARL	Finely cut green foliage.Large creamy white flowers in late spring and often again in autumn. Pink buds opening to fragrant flowers. Hardy.	Evergreen. 1.5 m
CHOISYA TERNATA	(Mexican Orange Blossom) A neat compact shrub which in spring is covered in white orange blossom-like scented flowers. Very hardy. Trims well. Tolerates shade or sun.	Evergreen. Ht 1.5m
CHOISYA TERNATA SUNDANCE	Golden foliage form of "Mexican Orange Blossom". Sweetly scented white flowers late spring and summer. Prefers some shade. Leaves can burn in hot sun.	Evergreen. Ht 1.2m

Plant Variety	Narrative	Spec.
Shrub (continued)		
CHOISYA WHITE DAZZLER	A compact choisya with fine green leaves. A profusion of orange blossom scented clusters of white flowers in Spring and Autumn. Prefers full sun and well drained position. Hardy.	Evergreen Ht 1.25m
CISTUS BRILLIANCY	Large rosy pink flowers in Spring and Summer. Excellent for sunny dry and coastal sites. Prune after flowering. Very hardy.	Evergreen. Ht 1.2m
CISTUS CRETICUS ALBUS	White flowers with yellow centre throughout summer. Prefers full sun, excellent for dry banks. HARDY	Evergreen Ht 1m
CISTUS FORMOSUM	(Shrubby Sun Rose) Attractive shrub with grey foliage and large golden flowers. Perfect for full sun, and dry areas. Excellent on the coast.	Evergreen. Ht 1m
CISTUS LADANIFER PETIOLATUS BENNETT'S WHITE	Large pure white flowers with yellow centres cover the plant in Spring and Summer. Great for hot, dry conditions in well drained soil. Prune after flowering	Evergreen Ht 1m
CISTUS SALVIFOLIUS 'SNOWMOUND'	Low, trailing free-flowering shrub, white flowers with golden yellow centres in Spring. Foliage is dark grey-green above and whitish below. Suitable Rockery, Border, Cottage Garden.	Evergreen Ht. 75 x 1.5m
CISTUS X LUSITANICUS	Free flowering. White flowers with maroon blotch and yellow at base of petals. Especially useful for dry soils. Prune after flowering.	Evergreen Ht 75cm
CLETHRA ARBOREA	(the lily of the valley Tree) The attractive glossy, elliptical foliage that is coppery when young. Abundance of fragrant, bell-shaped, waxy, white flowers in autumn. Protect from heavy frost.	Evergreen. Ht 3m
COLEONEMA ALBUM	'Breath of Heaven'. A compact, tidy bush with aromatic foliage. Covered with tiny, white flowers in spring and summer. Likes full sun and is tolerant of drought and cold.	Evergreen Ht 75cm
COLEONEMA PULCHRUM	Erect growing shrub with long slender branches. Pink flowers. Tangy aromatic leaves and stems.	Ht 1.5m Evergreen.
COLEONEMA PULCHRUM SUNSET GOLD	(Golden Diosma) Bright gold aromatic foliage and pink starry flowers in profusion in spring. Low growing. Sunny position.	Evergreen. 0.7 x 1.0m
CORREA COMPACT PINK	Australian native plant producing pink flowers in abundance from late winter to spring. Attractive to nectar feeding plants. Compact dense growing shrub, tolerant of coastal conditions and drought. Sun to part shade.	Evergreen Ht 50cm
CORREA MANNII	Small growing shrub, requires good drainage and sun. Orange tubular flowers throughout autumn and winter. Protect from heavy frosts.	Evergreen Ht 50cm
COTONEASTER CONGESTUS	Dense rounded bush with branches curving downwards. White flowers in December are attractive to bees. Bright red berries in autumn.	Evergreen. Ht 1m
COTONEASTER CORNUBIA	A vigorous shrub with red fruits that are perhaps the largest of the Cotoneasters, and borne in profusion weighing down the branches.	Evergreen. Ht 4m
COTONEASTER DAMNERI 'ROYAL BEAUTY'	Excellent ground cover with glossy leaves, open growth habit, white flowers, and orange berries. Very hardy.	Evergreen.
COTONEASTER MICROPHYLLUS	Dwarf glossy leaved evergreen with clusters of small white flowers followed by extra large scarlet fruits for draping walls and banks. Extremely tough and hardy.	
CROWEA MERRICKS DWARF	A small spreading shrub producing bright pink star shaped flowers throughout the year. Well drained soil in partially shaded situation. Hardy to medium frost.	Evergreen 50cm x 1m
CUPHEA HYSSOPIFOLIA MIGUEL	Compact shrub which likes a sunny well drained situation. White flowers cover the plant throughout the summer. Great for mass planting. Protect from frosts.	Evergreen Ht 30 x 45cm
CUPHEA IGNEA ALBA	A subtropical groundcover from Mexico. Evergreen in mild climates. Tubular white flowers with red tips appear from spring to autumn. Sunny position.	H 40-60cm
CYTISUS BEANII	Prostrate broom with golden flowers. Ideal for over rocks or weeping position. Prefers full sun. Hardy.	Evergreen. Ht 40cm
CYTISUS X PRAECOX	Mass of rich cream flowers on slender, weeping branches in spring. Flowers good for picking. Very hardy. Prune hard after flowering.	Ht 1m Evergreen.

Plant Variety	Narrative	Spec.
Shrub (continued)		
DAPHNE BHOLUA	(Himalayan Daphne) Long narrow foliage with attractive scented pink flowers throughout winter. Prefers semi shade of sun. Very hardy, semi evergreen. Height 2m - ideal for standards	Semi -Evergreen Ht 2m
DAPHNE ODORA ALBA	(White Daphne) Beautifully perfumed porcelain white blooms. Light green growth tips. Prefers semi sun position with well drained lime free soil.	Evergreen. Ht. 80cm.
DAPHNE ODORA LEUCANTHE	Very fragrant flowering shrub with flower clusters of deep pink shaded white in winter and spring. Deep green foliage. Prefers semi-sunny, well drained lime free soil.	
DAPHNE PERFUME PRINCESS	(Bholua x odora) Early flowering (mid winter)Masses of blush pink and fade to white, ball-shaped clusters flowers. Highly perfumed - with soft citrus undertones. Bushy upright shrub prefers well drained soil and full sun or partial shade.	Evergreen Ht.1.5mH
DAPHNE PERFUME PRINCESS WHITE	(Bholua x odora) Early flowering (mid winter)Pure white large ball-shaped clusters of star like flowers. Highly perfumed - with soft citrus undertones. Bushy upright shrub prefers well drained soil and full sun or partial shade.	Evergreen Ht. 1.5m
DESFONTAINIA SPINOSA	Magnificent late summer flowering. A hardy shrub with small holly-like leaves and tubular scarlet flowers with yellow mouth. Prefers semi-shade.	Evergreen Ht 1.8m
DIANELLA REVOLUTA LITTLE REV	This compact dianella tolerates a wide range of soils and conditions. Likes full sun as well as partially shaded position. Hardy with excellent cold, heat, frost, and drought tolerance. Plant in a well mulched garden.	Evergreen Ht 30-40cm
DIANELLA REVOLUTA REVELATION	Blue green strappy-like foliage. Small blue flowers in Late Spring. It has a clumping habit ideal for mass planting.	Evergreen Ht. 50cm x 50cm
DRIMYS AROMATICA	(Mountain Pepper) Rich purplish red stems and dark green elongated leaves on a conical shape shrub. Clusters of star-shaped creamy white flowers with a strong aromatic scent. Black fruit in autumn. Prefers a sheltered sunny position with well drained soil. Hardy	Evergreen Ht. 3m
ELAEAGNUS PUNGENS MACULATA	Leaves with a central splash of gold giving a very bright effect. Outstanding in the winter. Very hardy shrub which can be pruned to shape.	Evergreen. Ht 1.5m
ELAEAGNUS X EBBINGEI	Hardy fast-growing shrub with large silvery green leaves giving a very bright effect.Suitable for hedge .	Evergreen. Ht 2-3m
ELEGIA CAPENSIS	(Broom Reed)Unusual, interesting foliage plant forming large clumps of bamboo-like stems with whorls of leaf-like branchlets. Suits well-drained soil in full sun. Good by pools as it does not shed.	Evergreen Ht 1.5m x 1m
ELEGIA TECTORUM	(Cape Thatching Restio) Tall dark green elegant palant with tufted reed-like leaves.Attractive brown nut-like fruits.Prefers full sun or part shade on good well drained site.Hardy.Looks fabulous in wind and suitable for coastal conditions.	Evergreen Ht 1.5m X 1m
ERICA AURORA	A hardy upright growing erica up to 1m tall. Has attractive bright red to orange tubular flowers during winter in clusters. Requires a well drained,sunny lime free position.	Ht 1m
ERICA CARNEA PINK SPANGLES	Delightful soft pink flowers. Compact grower. Very hardy.	Evergreen Ht 30cm
ERICA CHERRY STEPHENS	Winter flowering. Deep pink bells. Ideal for rock and pebble gardens.Prefers a sunny, well drained position. Very hardy.	Evergreen. Ht 30cm
ERICA IRISH SALMON	Neat upright growth. Bell shaped deep salmon pink flowers. Late autumn. Excellent in borders or mass plantings. Prefers full sun and well drained soil.	Evergreen Ht 40cm x 60cmW
ERICA ISABEL	Compact new erica with fresh green foliage and masses of white flowers on upright stems. Excellent in borders or mass plantings.	Evergreen. Ht 40cm
ERICA MYRETOUN RUBY	Excellent winter flowering variety. Dark red flowers. Prefers acidic soil conditions. Extremely hardy .	Evergreen Ht 30cm
ERICA SILVER BEADS	A vigorous grower with flowers of the purest white. Well drained, moist soil required. NO LIME	Evergreen Ht 45cm
ERICA SPRINGWOOD WHITE	Very hardy winter flowering white erica. Makes good ground cover or can grow down walls or banks.	Evergreen. 15 x 60cm
ERICA WHITE HALL	Compact plant with bright green foliage .Masses of pure white flowers in winter. Very hardy. Suitable for mass planting or borders.	Evergreen. Ht 30cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
ERIOSTEMON MYOPOIDES	Scented dark green elliptic leaves. Pink buds open to white star shape waxy flowers in spring. Trim after flowering. Hardy	Ht 1m Evergreen.
ERIOSTEMON MYOPOROIDES	Free flowering compact shrub covered with tiny white star-shaped blooms from Spring onwards. Aromatic foliage. Full sun/light shade Prune after flowering. Protect from heavy frost. Good cut flower.	Evergreen. Ht. 75cm x 1m
BOURNDA BEAUTY	A fast growing shrub with glossy green foliage. Small tubular red flowers in summer. Ideal as a hedging plant. Hardy.	Evergreen Ht. 4m
ESCALLONIA FIELDS SCARLET	Flowers rose-crimson during summer and early autumn. Large glossy green leaves. Very hardy. Withstands coastal gales.	Evergreen. Ht 3m
ESCALLONIA MACRANTHA	Clusters of pretty pink blooms at top of upright shoots from summer to autumn. Full sun to part shade. Great in containers or suitable for small hedge. Trim after flowering.	Evergreen

GREVILLEA NEW BLOOD	A stunning deep red flowering ground cover. Long flowering from Autumn to Spring. Frost hardy, prefers full sun and well drained soils. PVR	Evergreen Ht. ground cover
GREVILLEA PEACHES N CREAM	Small bushy shrub with large clusters of cream flowers which age to peach colour. Main flowering in spring but does produce some flowers all year. Prefers full sun and well drained soil. PVR	Evergreen Ht 1.2m x 1.5m
GREVILLEA RED CLOUD	An upright spreading shrub with deep red spidery flowers, through winter. Prefers full sun and well drained soil.	Evergreen Ht. 1m
GREVILLEA RED CLUSTER	Cultivar with deep red flowers from autumn to spring. Low growing habit. Prefers full sun and well drained soil. Ideal for banks and rockeries type gardens.	Evergreen. Ht 50cm
GREVILLEA RED DRAGON	Red flowers shown off well against slightly unusual variegated foliage. A good plant for dry areas, will tolerate most well drained soils.	Evergreen. Ht. 1.5x1.5m
GREVILLEA WHITE WINGS	Broad spreading shrub which produces dainty perfumed white flowers over winter and early spring. Prefers sunny dry conditions.	Evergreen. Ht 2.5m
HYPERICUM BLUE VELVET	(St Johns Wort) A sun-loving, mounding, and densely branched shrub with lustrous blue-green foliage. Bright yellow flowers appear in mid summer.	Evergreen Ht. 60cm
HYPERICUM CALYCINUM	Excellent ground cover for dry or wet conditions producing yellow flowers throughout summer. Best grown on larger areas and left unchecked. Very hardy.	Evergreen.
ILEX AQUIFOLIUM ANGUSTIFOLIA	A slow growing cultivar with small leaves and slender spines. Neat pyramidal habit. Very hardy.	Evergreen. Ht 60cm
ILEX CRENATA MARISSII TOM THUMB	A dwarf hardy Holly, with a columnar habit. Ideal for the rock garden or in a container. Prefers full sun and well drained soil. Female.	Evergreen Ht 50cm
ILEX CRENATA SKY PENCIL	Forms a tight structural columnar shape without pruning. Plant in full sun to part shade and in moist well drained soil. Very hardy.	Evergreen Ht. 3-4m x 1m
ILEX LARGO	Hardy and evergreen, this unusual form of Holly is an upright bushy shrub with dark green oval leaves. New growth is a brilliant lime green. Great for hedging and topiary as it trims well into shape or in a background planting.	Evergreen Ht 4m
ILEX X MESERVEAE BLUE ANGEL	A very hardy holly with purplish shoots and glossy dark blue-green leaves. A female form which produces shiny red berries if a pollinator is nearby.	Evergreen Ht 2m
IPOMOEA (CONVOLVULUS) CNEORUM	Attractive soft grey foliage. Large blush white flowers in summer. Needs well drained sunny position.	Evergreen. Ht 50cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
JASMINIUM PARKERI	(Dwarf Jasmine) Dwarf twiggy shrub. Produces clear yellow Jasmine flowers without fragrance all summer followed by black berries. Great for rockeries or in containers.Hardy.	Evergreen Ht 30cm x 60cm
JUNCUS BLUE DART	A striking soft blue-green stiff upright grass-like foliage. A hardy plant ideal for around ponds and damp areas but will also tolerate drier conditions	Evergreen Ht 40cm
KALMIA LATIFOLIA CAROUSEL	(Calico Attractive clusters of flowers open to show intricate patterning in a purple-cinnamon colour against a white background. Dark, glossy foliage. Prefers acid soil and some shade.	Evergreen Ht 1.2m
KNIPHOFIA ERNEST MITCHELL	Strong growing kniphofia with strappy leaves and tall spikes of green/yellow flowers in late spring. Prefers full sun and well drained soil, but will tolerate some dryness. Hardy.	Evergreen 80 x 70cm
KNIPHOFIA TALL RED	Produces reddy-orange flowers on tall upright stems above grassy-sword shaped leaves.Prefers sun and tolerates most soil types. Suits roadside planting . Hardy to minus 10.	Evergreen Ht. 1.5m
LAURUS NOBILIS	(Bay Laurel , Sweet Bay) Aromatic foliage,used commonly to flavour meats and in other cooking. Pyramidal tree or large shrub. Suitable for trimming into topiary or hedging. Thrives in coastal conditions. Very hardy.	Evergreen. Ht 4m
LEONOTIS LEONURUS	(LIONS EAR) Showy whorls of bright orange-scarlet flowers in late summer and autumn. Easy grown shrub in warm sheltered position. Suitable for conservatory, protect from frost.	Evergreen. Ht 1m
LEPTOSPERMUM COPPER SHEEN	Tasmanian Manuka. Upright evergreen bush with copper-bronze leaves and larger white flowers. Plant in a warm sunny position.Tolerates moist conditions.	Evergreen Ht 3m
LEPTOSPERMUM DARK NIGHT	Robust medium sized plant , which produces long stems with deep dark mauve large flowers in spring.Prune after flowering. Prefers free draining soil and full sun. Frost hardy to -4deg C	Evergreen Ht 2m x 2m
LEPTOSPERMUM MESMEREYES	Bushy shrub with dark silver pointed glossy leaves. Very large white flowers aging to pink. Prefers a sunny site with well drained soil. PVR	Evergreen Ht. 1m
LEPTOSPERMUM NITIDUM	Tasmanian Manuka. Upright evergreen bush with greeny-bronze leaves and larger white flowers. A fast growing drought tolerant tree that can be used for hedging.	2m H
LEUCADENDRON ARGENTEUM	(Silver Tree) Hardy evergreen with spectacular silvery green foliage. Small cones in spring. Likes well drained light soil, low in nutrients and open situation. Protect from frost when young.	Evergreen Ht6-8m
LEUCADENDRON BLUSH OF DAWN	An attractive shrub with red stems in late summer and red flower bracts in Autumn/winter. Prefers well drained soil in a sunny position. Protect from heavy frost. Prune in mid spring	Evergreen Ht.1.5m
LEUCADENDRON JACK HARRE	Compact plant with flaming red star-like flowers on long bracts from early winter.Requires sunny well drained position.Hardy.	Evergreen. Ht 1 x 1m
LEUCADENDRON PLUM SUPREME	A compact plant with purple/red foliage in late summer into autumn. Prefers a sunny position in well drained soil. Protect from heavy frosts.	Evergreen Ht. 1m
LEUCADENDRON VALENTINA	(Hybrid from safari Sunset seed) Erect habit producing long stems of deep red flower heads in late summer through to winter.Prefers open sunny position and well drained soil. Good cut flower.Protect from heavy frost.	Evergreen Ht 1.5m
LEUCOTHOE FONTANESIANA CRIMSON GLOBE	Compact form which has red to bronze winter foliage. Pendant racemes of white flowers in Nov-Dec. Prefers shade and acid soil.	Evergreen Ht 75cm
LEUCOTHOE FONTANESIANA SCARLETTA	Low bushy arching habit with purple red glassy foliage in winter months. Small racemes of little white bells in spring. Prefers semi to full shade and moist soil. Hardy.	Evergreen. Ht 70cm
LIFESTYLE PLANTS ASSORTED	Mix and match native and exotic shelter grade plants \$5.90 each, 4 for \$22 or 20 for \$90	
LIGUSTRUM JAPONICUM ROTUNDIFOLIUM	A slow growing, rigid, compact shrub with round, leathery, black-green leaves. It has large panicles of white flowers in late summer. Very hardy.	Evergreen. Ht 1.5m
LITHODORA MAGIC CARPET	An almost continuous carpet of blue from late spring till late autumn. This hardy sun loving little plant forms a compact cushion. Spreading. P.V.R. 1987 Protective Direction.	Evergreen Width 60cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
LOMANDRA EVERGREEN BABY	Compact fine leaf clumping. Yellow flowers in spring. Prefers full sun with well drained soil. PVR	Evergreen Ht. 45cm
LOMANDRA LIME TUFF	A compact selection. Lime green leaves that stay lush all year round. In summer fragrant small yellow flower spikes emerge. Extremely hardy and tolerates frost and dry	Evergreen Ht.40cm X 40cm
LOMANDRA LONGIFOLIA TANIKA	Deep green, rush-like foliage with clusters of yellow flowers in early spring. Very versatile, growing in sun or shade, well drained or moist positions. Hardy to wind and cold.	Evergreen Ht. 60cm x 60cm
LOROPETALUM CHINENSE CHINA PINK	(CHINA PINK FRINGE FLOWER) Unusual reddish purple leaves and lolly pink flowers throughout summer. Prefers acid soils and full sun or part shade. Hardy. Protect from heavy frost.	Evergreen. Ht 2m
LOROPETALUM CHINENSIS FIREDANCE	Attractive shrub with deep red foliage and flowers.Plant in well drained soil in part shade.Protect from frost.Give light trim after flowering.	Evergreen Ht 2m x 1.5m
LOROPETALUM CHINENSIS PLUM DELIGHT	One of the darker purple foliage of any Lorepetalum with a pretty weepng habit. Masses of cerise flowers through Summer and Autumn. Prefers full sun and well-drained soil. Suitable for shaping. Protect from heavy frost.	Evergreen ht. 1m
LOROPETALUM CHINENSIS 'PLUM GORGEOUS'	The darkest purple foliage of any Lorepetalum with a pretty weepng habit. Masses of cerise flowers through Summer and Autumn. Prefers full sun and well-drained soil. Suitable for shaping. Protect from heavy frost. PVR.	Evergreen 1.5m x 1m
MAHONIA LOMARIIFOLIA	(CHINESE HOLLY GRAPE) Yellow flowers in clusters form on top of stems in late winter followed by non-poisonous blue berries. Extremely hardy in sun or shade.	Evergreen. Ht 2m
MICHELIA FAIRY MAGNOLIA WHITE	(Mark Jury Hybrid) Beautiful, lightly fragrant flowers creamy white. Upright, compact shrub. Suitable as specimen in garden, in container,or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	Evergreen Ht 3m X 2m
MICHELIA FIGO	(Port wine Magnolia)Creamy yellow and purple flowers like small magnolias with strong fragrance. Deep green lustrous foliage on dense, bushy shrub.Protect from strong winds and heavy frost.	Evergreen. Ht 2.5m
MICHELIA INSPIRATION	Large bushy shrub or small tree with dense habit. Cream/white perfumed flowers in spring. Requires well drained soil in each full sun or partial shade. Ideal for a container.	Evergreen 4m x 2m
MICHELIA LEMON FRAGRANT	Michelia cross which produces a mass of creamy white, lemon scented blooms over long period. Forms an attractive, smaller tree ideal for all gardens. Protect from strong wind and heavy frost. PVR applied for.	Evergreen Ht 4m X 3m
MICHELIA MAGNOLIA FAIRY BLUSH	(Mark Jury Hybrid) Beautiful lightly fragrant flowers blushed lilac pink. Upright, compact shrub. Suitable as specimen in garden, in container,or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	Evergreen Ht 3 x 2 m
MICHELIA MAGNOLIA FAIRY CREAM	Mark Jury hybrid with beautiful creamy-white , fragrant flowers in spring.Upright ,compact and bushy . Prefers well drained soli and sun or part shade. Suitable as specimen shrub , hedge or in large container.	Evergreen Ht 3m X 2m
MICHELIA MAGNOLIA PRINCESS CLEOPATRA	Creamy white flowers with a pink blush in late winter-early spring. Grows as a small tree or can be trimmed for hedging. Prefers full sun to part shade.	Evergreen Ht 3m x W 2m
MICHELIA PATON PINK	This Michelia form a smaller tree, ideal for all sized garden. It has rich green foliage and light pink flowers with a darker pink edge. Prefers well drained soil in full sun or part shade	Evergreen 3.5mH x 2mH
MICHELIA X PRINCESS CINDERELLA	A new hybrid shrub form that flowers in Spring and again in Autumn. The flowers are creamy white with a light fragrance.. Makes a good hedge. Prefers full sun or part shade in well drained soil. PVR.	Evergreen Ht 3m x 2m
MICHELIA YUNNANENSIS PRINCESS ISABELLA	Compact form, with scented clusters of creamy-white flowers in spring. Prefers full sun or part shade, well drained soil.	Evergreen Ht. 3m
MYRTUS APICULATA LUMA	A handsome small tree with glossy aromatic foliage with single white flowers in Summer and early Autumn. An added feature is the cinnamon coloured bark which peels.	Evergreen.
MYRTUS LUMA	A handsome small tree with glossy aromatic foliage and masses of white flowers in summer/early autumn.	Evergreen. 5m x 3m

Plant Variety	Narrative	Spec.
Shrub (continued)		
NANDINA DOMESTICA FIREPOWER	Selected form of Dwarf Chinese Bamboo forming a compact, rounded shrub with fresh lime-green leaves in summer, turning vivid hot-pink and deep wine red in autumn and winter.	Evergreen.Ht 60cm x W 60cm
NANDINA DOMESTICA GULF STREAM	(Dwarf Chinese Bamboo) Dwarf selection with blue-green summer foliage which turns bright red in autumn to winter. Plant in full sun to semi shade and tolerates wet or dry soil conditions. Very hardy.	Evergreen. Ht 75cm X 60cm
NANDINA DOMESTICA LEMON LIME	Compact selection with lush lime green foliage year round. New leaves lemon , turning lime green with age. Great for borders, pots or small gardens. Prefers moist, well drained soil and sun to part shade. Very hardy.	Evergreen Ht. 60cm
NANDINA DOMESTICA PYGMAEA	(Dwarf Chinese Bamboo) Compact, rounded, densely foliated bush with attractive green/purple/crimson/orange leaves. Very hardy. Prefers full sun. Requires little maintenance.	Evergreen. Ht 30cm
NANDINA DOMESTICA RICHMOND	"Sacred Bamboo" Attractive foliage tinged red in spring and autumn. Large erect spires of stunning bright orange berries. Great performer for winter colour.	Evergreen. Ht 1.8m
OPHIOPOGON JAPANICUS NANUS	(Dwarf Green Mondo Grass) Deep water marginal plant. Grown as edging/groundcover plant with white-lilac flowers and blue berries. Or can be submerged in pond as non-flowering aquatic plant.Plant 0-30cm deep.Very hardy	Evergreen Ht 5cm
OPHIOPOGON JAPONICUS	(Green Mondo Grass) Deep water marginal plant. Grown as edging/groundcover plant with white-lilac flowers and blue berries or as submerged, non-flowering aquatic plant.Plant 0-30cm deep.	Evergreen Ht 15cm
OPHIOPOGON PLANISCAPUS NIGRESCENS	Black Mondo Grass Very unusual black foliage, white flowers and dark blue berries, excellent rockery plant. Hardy, dwarf and bushy.	Evergreen. Ht 20cm
OSMANTHUS DELAVAYI	Very beautiful small leaved shrub. Fragrant white flowers in spring. Prefer partial shade, slightly acid soil and well drained soil.Very hardy.	Evergreen Ht 1.5m.
OSMANTHUS HETEROPHYLLUS VARIEGATUS	A slow growing holly-like shrub. Flowers sweetly scented in the autumn. Makes a useful dense hedge.Very hardy.	Evergreen Ht 3m
OSMANTHUS X BURKWOODII	Very hardy shrub of compact growth. Sweetly scented white flowers produced in April - May. Tolerates some drought and shade.	Evergreen Ht 1.5m.
OZOTHAMNUS SPRINGTIME WHITE	Select form of Rice Flower.Erect growth habit terminating in large clusters of pure white flowers , flowering throughout year but peaking in spring.Prefers free draining acidic soil. Great cutflower or can be dried.Prune after flowering.Protect from frost.	Evergreen Ht 1m
OZOTHAMNUS WINTER WHITE	Small shrub with aromatic curry scented foliage. Large heads of small white flowers. White buds are attractive before opening. Excellent cut flower.	Evergreen Ht. 1.5m
PACHYSANDRA TERMINALIS GREEN SHEEN	Improved selection with glossy foliage and improved heat tolerance, but suitable for dry shade. A versatile ground cover! Very hardy.	Evergreen ht 30cm x 1m wide
PHEBALIUM GOLD NUGGET	Compact rounded shrub. Stunning display of golden flowers in Spring. Well drained soil in full sun. Trim lightly after flowering.	Evergreen. Ht.1.5x1.5m
PHEBALIUM ILLUMINATION	(Variegated Satinwood) A columnar shrub with attractive foliage with margined gold leaves, providing brilliant colour year round.Small white flowers in summer. Requires well drained soil . Can be trimmed.	Evergreen Ht 3m
PHEBALIUM SQUAMEUM LIMELIGHT	(Variegated Satinwood) Vigorous fast growing plant that has a subtle lime and green variegated foliage. Requires good drainage. Hardy.	Evergreen Ht 3m
PHOTINIA REDDER RED ROBIN	a red selection of red robin with narrow leave with bright red new growth. Ideal for hedges and screening. Prefers sun or part shade with well drained soils.	Evergreen Ht. 2.5m
PHOTINIA X FRASERI RED ROBIN	A broad leaved evergreen with fiery red new growth which may be induced by pruning at any time. Excellent hedging plant. Very hardy.	Evergreen. Ht 2.5m
PHYGELIA CAPENSIS	Tubular scarlet flower elegantly borne in panicles during summer and autumn. Fast growing. Full sun and well drained soil.	Evergreen. Ht 1.5m
PHYLICA PLUMOSA	Small shrub producing long sprays of white feathery flowers during late winter. Excellent cut flower or drying. Prefers full sun and fertile light soil.	Evergreen Ht 1.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
PHYLICA PUBESCENS	(Flannel bush) Small erect shrub with downy shoots. Yellowish-green feathery plumes are produced at the tip of each branch during winter. Good for picking. Protect from heavy frost.	Evergreen. Ht 1.5m
PHYSOCARPUS OPULIFOLIUS LUTEUS	(Golden Ninebark) Hardy, vigorous shrub with attractive peeling bark and heart-shaped yellow leaves in spring. White tinged pink flowers with purple stamens in summer with red pods following. Foliage good for picking.	Deciduous Ht 1.8m.
PIERIS FOREST FLAME	White Lily of the valley panicles of flowers in spring. Brilliant flame red young growth. Compact tidy habit. Requires acid soil conditions and semi-shade. Mulch well.	Evergreen. Ht 2m
PIERIS JAPONICA CHRISTMAS CHEER	Glossy green leaves, shining copper young growth. Masses of waxy bell shape flowers flushed with deep rose at the tips giving a bicolour effect. Prefers semi shade and acidic soils. Hardy.	Evergreen. Ht 2m
PIERIS JAPONICA DOROTHY WYCKOFF	Deep burgundy red buds open white, tinged pink. Compact habit with dark rich green summer foliage turning reddish in winter. Prefers acid soil and some shade.	Evergreen. Ht 1.5
PIERIS JAPONICA PURITY	Large trusses of snow white bell shaped flowers. Ideal woodland plant. Prefers full sun or part shade with rich well drained soils.	Evergreen. Ht 1m
PIERIS RYUKYENSIS TEMPLE BELLS	This has the biggest white flowers of all the Pieris in spring.. Erect rounded shrub with tiered horizontal branches and new growth bronzy red. Prefers dappled light and acidic soil.	Evergreen Ht 1.5 m
PIERIS SCARLET O'HARA	fresh green leaves with red young growth. White lily of the valley flowers in panicles. Prefers acid soil conditions and some shade from hot sun. Hardy.	Evergreen. Ht 1.5m
PIERIS VALLEY VALENTINE	Dark red winter buds opening to large panicles of dusky red flowers held above tidy, deep green foliage. Prefers some shade and acidic soils. Hardy	Evergreen. Ht 1.5m
PLUMBAGO AURICULATA 'ROYAL CAPE'	A new evergreen shrub with intense blue flowers from Spring into Autumn. Prefers full sun and moist well drained soil. Needs protection from heavy frosts.	Evergreen HT 2M
POLYGALA LITTLE BIBI	Polygala 'Little Bibi' holds a wonderful round ball shape. Ideal landscape plant low fuss. Heat and frost tolerant. Prefers full sun position and free drained soil.	Evergreen 100cm x 100cm
POLYGALA MYRTIFOLIA GRANDIFLORA	Dense leafy shrub. Rich purple pea-shaped flowers appear from late winter. Average soil conditions preferably with good drainage and full sun. Half hardy.	Evergreen. Ht 2m
PROSTANTHERA CUNEATA	Excellent small spreading aromatic shrub covered with white flowers in spring. Protect from heavy frost.	Ht 1m x 1m
PROSTANTHERA OVALIFOLIA	(Oval Leaf Australian Mint Bush) Soft lilac-mauve flowers smother the bush in spring. Prune after flowering. Prefers free draining soil and full sun. Protect from strong wind. Hardy.	Ht 2m Evergreen.
PROSTANTHERA ROTUNDIFOLIA ROSEA	Aromatic foliage with a mass of rich pink flowers in Spring. Prefers sun/part shade, will tolerate dry once established.	Evergreen Ht 1.5m
PROTEA CORONATA	Apple Green Protea. Upright shrub with terminal green flowers with a white tuft on the tip. Good for picking. Prefers well drained sunny site. Prune after flowering.	Evergreen. Ht 2m
PROTEA CYNAROIDES	(KING PROTEA) Large wide-open pink flowers produced from autumn to spring. Distinctive foliage on a rather open plant. Requires full sun and well-drained acid soil. Protect from heavy frost.	Evergreen. Ht 1.5m
PROTEA CYNAROIDES TSITSIKAMA	A select King Protea. Sledner pink flower heads on long stems from Autumn to Summer. Prefers a sunny position with well drained soil. Cut back after flowering. Protect from heavy frosts.	Evergreen Ht.
PROTEA DEEP BLUSH	A colourful hybrid producing many mid-size flowers over a long period from Autumn to early Summer. Flowers have a silvery bract with a deep maroon centre. Plant in an open sunny situation in free-draining soils. Prune to shape and size late spring.	1.5M H
PROTEA GRANDICEPS	Forms neat compact bush. Peach pink flower bracts, permanently curved inwards and tipped with white fluffy hairs, are produced in summer. Requires summer moisture and protection from frosts.	Evergreen. Ht 1.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
PROTEA MAGNIFICA	(Queen Protea) One of the most spectacular with large soft to deep pink flowers, mostly in summer. Requires full sun and good drainage. Prune after flowering. Protect from heavy frost.	Evergreen. Ht 1.8m
PROTEA NERIIFOLIA ALBA	Upright, rounded shrub with medium sized yellow-cream flowers through autumn to spring. Excellent picking flowers. Adaptable to most well drained, sunny sites. Prune to shape. Protect from heavy frost.	Evergreen. Ht 2m
PROTEA NERIIFOLIA SILVERTIPS	Pink flowers, lightly fringed black, in autumn to spring. Excellent for picking. Prune after flowering. Good drainage essential. Full sun. No fertiliser or lime.	Evergreen. Ht 2.5m
PROTEA NERIIFOLIA SNOWCREST	Silky coloured flowers with a heavy white beard. Tidy growth habit. It should be pruned to shape in spring. Prefers sunny, well drained soils. Protect from heavy frosts.	Evergreen Ht 2m
PROTEA PEARL BLUSH	An upright spreading shrub. Mid size creamy white flowers with a white beard and small black tufts autumn to spring. Peak flowering mid winter. Full sun well drained soil.	2m x 2m
PROTEA RED ICE	A red flowering form of the popular Protea Pink Ice. Prefers full sun and light soils. Prune after flowering. Protect from heavy frosts.	Evergreen Ht 2.5 x W 2.5
PROTEA SCOLYMOCEPHALA	Hardy small evergreen shrub. Flowers prolifically most of the year. Full sun. Great for floral arrangements.	Evergreen. Ht 80cm
PROTEA TASMAN RUBY	A hybrid Protea with deep red bracts, with slightly silvery edges. A prolific bloomer from an early age. Prefers full sun in a free-draining soil. Protect from heavy frost when young.	Evergreen. Ht. 1.5m
PRUNUS LAUROCERASUS	Vigorous wide spreading shrub suitable for screening. Evergreen hedge or as a tub plant. Useful for floral work. Grows well under large trees. Very hardy.	Evergreen. Ht 6m
PRUNUS LUSITANICUS	(Portuguese Laurel) Large shrub with long racemes of small white hawthorn-scented flower in December, followed by small dark purple fruits. Very hardy. Suitable as hedge or screening plant.	Evergreen Ht 4m .
PRUNUS LUSITANICUS MYRTIFOLIA	(Fine Leaf Portuguese Laurel) Compact form with finer, deep green leaves. Very hardy. Suitable as garden plant and can be trimmed as small hedge or topiary.	Evergreen Ht 1.5
PYRACANTHA BRILLIANT	This very hardy large shrub has shining green leaves. Displays masses of scarlet berries in late autumn. Can be used as shrub or espaliered on wall.	Evergreen. Ht 2m
PYRACANTHA ORANGE GLOW	Extremely hardy shrub with masses of white flowers in summer are followed by orange berries in winter.	Evergreen Ht 2x1m
PYRACANTHA SHAWNEE	A densely-branched spiny shrub. The masses of white flowers are replaced by yellow to light orange berries. Very hardy.	Evergreen Ht 2m
RHAPHIOLEPIS ORIENTAL PEARL	A nice compact, low/slow growing evergreen shrub with an abundance of white flowers in spring. Prefers full sun and well drained position. Hardy.	Evergreen Ht. 1.5m
ROSMARINUS LADY IN WHITE	Hardy shrub which produces white flowers on upright branches over long period. Fragrant leaves great for culinary use. Can be trimmed or made into hedge.	Evergreen Ht 1m x 1m
ROSMARINUS LAVANDULACEUS	Beautiful scented prostrate shrub forming a mat with clusters of blue flowers. Ideal for banks and walls in a sunny spot. Very hardy.	Ground cover Width 2.5m
ROSMARINUS OFF MISS JESSOPP'S UPRIGHT	Compact, erect rosemary with aromatic, narrowly oblong, dark green leaves, whitish beneath. Small, two-lipped light blue flowers are borne mainly in spring and summer. Best in full sun, with well drained soil. Can be trimmed. Hardy	Evergreen Ht. 1.5m
ROSMARINUS OFFICINALIS	(Upright Rosemary) Dense shrub. Greyish-green leaves, blue flowers produced in clusters along branches in October - November.	Evergreen. Ht 2m
ROSMARINUS OFFICINALIS LOCKWOOD DE FOREST	Best prostrate rosemary for rock walls banks etc. Lavender flowers and aromatic perfume make this a favourite. Prefers sunny position.	Evergreen.
ROSMARINUS OFFICINALIS TUSCAN BLUE	A small shrub with bright blue flowers and fragrant leaves. This herb is used in cooking potpourri etc. Upright habit.	Evergreen. Ht 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
SARCOCOCCA ORIENTALIS	(Sweet Box) Dense shrub with dark green leaves . Produces small cream , fragrant flowers in winter followed by black berries. Hardy in most soils and requires part or full shade. Suitable for dry , shady areas once established.	Evergreen Ht 70cm X 70cm
SARCOCOCCA RUSCIFOLIA	(Christmas Box)Masses of large crimson berries stand out against glossy green foliage. Makes an excellent tub plant or shrub for shady areas. Very hardy.	Evergreen. Ht 1m
SERRUIA MISS MUFFET	Small spreading shrub which prefers open sunny situation and acidic, free draining light soils. Produces round salmon-pink flowerheads terminally in spring. Protect from heavy frost.	Evergreen Prostrate
SERRURIA FLORIDA	(Blushing Bride) A rare plant of the protea family with spectacular blooms of white bracts surrounding softly flushed central mass of light pinkwonderful for cutting. Prune after flowering. Prefers full sun and well drained soil Protect from heavy frost.	Deciduous.
SERRURIA PEDUNCULATA SILVER FOX	An attractive small shrub with short stems of grey and white flowers in clusters. Suitable for picking. Prefers full sun and well drained soil.	Evergreen Ht. 75cm
SKIMMIA JAPONICA	Compact shrub with fragrant white flowers in Spring. Large dark green leaves. Ideal for Full or part shade moist but well drained acidic soils.	Evergreen. Ht 1.5m
SKIMMIA JAPONICA FEMALE	Compact shrub with fragrant white flowers in spring followed by bright red berries on female plants. Good for shade and coastal conditions. Needs male for berries.	Evergreen. Ht 1.5m
SKIMMIA JAPONICA MALE	Compact shrub with fragrant white flowers in spring. Good for shade and coastal conditions. Used to pollinate female plant which produces real berries.	Evergreen Ht 1.5m
SKIMMIA JAPONICA ROGERSII (Female)	Dense compact female skimmia with fragrant white flowers followed by large red fruits. Very adaptable plant tolerant of shade and most soils. Ideal for seaside or industrial gardens.	Ht 1.5m Evergreen.
SKIMMIA X CONFUSA KEW GREEN (Male)	A compact, mounding shrub. The large, conical clusters of creamy-white flowers are very fragrant. Male form with excellent foliage. Useful for pollinating female plant to produce berries. Prefers some shade.	Evergreen. Ht 1m
TELOPEA BRIMSTONE BLUSH	(Warratah Flower) Robust upright small tree. Terminal pinkish red flowers from mid to late Spring. Prefers full sun and free draining soils. Suitable for coastal areas. Protect from heavy frost.	Evergreen Ht 2.5m
TELOPEA DAWN FIRE	A delicate early flowering form having smaller red flower heads on long light stems. Excellent cut flower. Suits full sun or partial shade in well drained situation. Prune after flowering. P.V.R.	Evergreen.
TELOPEA RED EMBERS	A newly released warratah with red flowers ideal for cutting in early summer. Prefers full sun or partial shade in well-drained soils. Trim back after flowering.	Evergreen. Ht 3m
TEUCRIUM FRUTICANS	(Germanda) A low spreading shrub with grey green leaves producing rosemary like flowers in summer and autumn. The grey branches are popular for decorative work. Wind hardy.	Evergreen. 2.5m
TEUCRIUM SILVER PILLAR	Form of Teucrium with an upright habit. Silver foliage and purple flowers in Spring and Summer. Great for hedges, trim to maintain shape. Prefers full sun.	Evergreen Ht 1m
THRYPTOMENE CALYCINA	Upright branches are smothered with small white starry flowers in late winter and spring. Prefers full sun and well drained soil. .Protect from heavy frost.	Evergreen. Ht. 1.5m
VIBURNUM DAVIDII	Compact shrub of low, wide-spreading habit with large dark green leathery leaves. Produces large clusters of white flowers in spring. Need to have plants of both sexes for the bright blue berries. Plant several if seedling grown. Very hardy.	Evergreen Ht 70cm
VIBURNUM ODORATISSIMUM DENSE FENCE	A viburnum that quickly forms a dense screening hedge of bright green leaves and white scented flowers in Spring. Prefers sun/part shade.	Evergreen Ht 2m x W 2m
VIBURNUM PROPINQUUM	A compact shrub with white flowers in late Spring and blueish-black berries in Autumn. Deep green leaves take on burgundy tones in Winter. Great for hedging. Full sun or part shade in well drained soil. Hardy.	Evergreen Ht 1.5-2.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
VIBURNUM RHYTIDOPHYLLUM	(Leather Leaf Viburnum) Hardy shrub with large leathery leaves. Large clusters of creamy white flowers in late spring sometimes followed by small black berries. Sun or semi-shade.	Evergreen. Ht 2m
VIBURNUM TINUS	Extremely popular evergreen large dense shrub with shiny green leaves. Branches of fragrant white and pink budded flowers in winter. Excellent in exposed windy conditions.	Evergreen. Ht 2-3m
VIBURNUM TINUS EMERALD BEAUTY	A superior selection, compact and bushy with dark green foliage. New growth tinged red. Carmine buds open to flattish clusters of pink-tinged flowers. Very hardy.	Evergreen. Ht1.5mx1.3m
VIBURNUM TINUS EVE PRICE	Selected dense compact form with smaller leaves. Very hardy shrub with clusters of white tinged pink flowers in late winter and early spring.	Evergreen. 1.5 X 1.2 m
VIBURNUM TINUS LUCIDUM	Large glossy green leaves with white flowers throughout late autumn and spring. Vigorous, hardy shrub ideal for shelter, screening, or hedging.	Ht 2.5m Evergreen.
VINCA MINOR GERTRUDE JEKYLL	Vigorous trailing plant with glistening white flowers during summer. Very hardy.	Evergreen Ht 20cm x 1m
YUCCA FILAMENTOSA	(Adam's Needle)Glaucous green strap like leaves with curly silvery white filaments on edge. Cream bell shaped flowers borne on tall stems in summer. Full sun .Drought tolerant when established.	Evergreen. Ht 1.5m
YUCCA FILAMENTOSA GARLAND GOLD	Creamy white flowers produced in summer. Golden foliage with narrow green margins. Upright.Hardy.	Evergreen. Ht 1m
YUCCA FLACCIDA IVORY TOWER	Erect leaves of soft green freely produces a large flower spike crowded with large fragrant bells of creamy white. Vigorous and hardy.	Evergreen
Evergreen		
ERICA DARLEYENSIS PINK	Cushion like habit. Deep green foliage. Pink winter flowering. Prefers a sunny, well drained position. Very hardy.	
ERICA DARLEYENSIS WHITE	Cushion like habit. Deep green foliage. Pure white winter flowering. Prefers a sunny, well drained position. Very hardy.	Evergreen Ht 30cm
Semi- Evergreen		
CANTUA BUXIFOLIA	Syn. Cantua dependens. Beautiful shrub with graceful drooping bright cherry-red tubular flowers in October. Requires warm sheltered position. Occasional pruning to keep good shape.	Ht 1.5m Evergreen.
SOLANUM RANTONNETII	(Syn.S Azureum) A fast growing shrub with long pointed leaves and snowy violet flowers with yellow centre in profusion over a long period. Prefers sun or part shade.	Semi-deciduous Ht. to 2m
succulent		
ALOE PLICATILIS	An attractive well branched shrub/small tree with flat branching leaves arranged in terminal pairs. Ideal for a summer pot or planter. In time plant will have bright scarlet flowers from mid winter. Protect from frost.	Succulent H1-2M
ALOE VERA	Medicinal Aloe. Clumping rosettes of fleshy green leaves, spotted when young and toothed on the margins. Yellow flowers. Full/partial sun and good drainage. Protect from frost	Evergreen Ht. 50cm
BESCHORNERIA YUCCOIDES	(Mexican Lily) Clump forming succulent with grey-green lance shaped leaves. Produces pink and green tubular flowers on pink fleshy stem in summer. Will grow in arid to subtropical conditions. Needs protection from frost.	Succulent
CRASSULA ARGENTEA	(Jade Tree or Money Tree. Symbol of Prosperity) Thick fleshy stems and glossy green leaves , sometimes tinged red or yellow. Bears star shaped flowers in late autumn.Protect from frost and kepp dry in winter.Full sun.	Succulent, Evergreen Ht 20cm
CRASSULA OVATA	(Money Tree) A tall succulent with shiny green leaves on woody stems. Small pinkish white flowers. Prefers full sun and well drained position. Ideal indoor plant. Protect from heavy frost.	Evergreen Ht.
CRASSULA PERFORATA VARIEGATA	(String of buttons) A succulent with vertical trailing stems of green and yellow with red margins. Ideal for hanging baskets. Prefers full sun, keep dry especially in winter and protect from frost.Best indoors in cooler climates.	Succulent Ht 40cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
ECHERVERIA BITTERSWEET	A rosette forming succulent with leaves in a variety of colours. Grows best in a sunny to part shade position. and well drained soil. Does not need much watering.	
ECHEVERIA ELEGANS	A succulent with greyish foliage edged with pink. Coral pink stems and flowers with yellow throat. Plant in full sun with good drainage.	Evergreen. Ht 30cm
ECHEVERIA HAAGAI	Succulent with grey blue curved fleshy leaves. Grows as an upright shrub with many stems or cascades if enough space. Prefers sun and likes to be dry. Avoid heavy frost.	Evergreen Ht 30cm X 40cm
ECHEVERIA MARSHMALLOW	A rosette forming succulent with creamy-white foliage and pink and blue tinges. Prefers well drained soil and full sun. Yellow-orange flowers in late spring/ summer.	
PORTULACARIA AFRA GREEN	A much-branched fleshy shrub with smooth obovate glossy green leaves on soft brown stems. Will not tolerate any frost, and must have well drained soil and a warm climate or as a house plant.	Succulent
SEDUM ACRE	Evergreen trailing succulent forms a mat of bright green foliage turning to golden when smothered in a mass of tiny, yellow flowers. Full sun well drained. Protect from frost	10cmH
SEDUM MEXICANA GOLDEN PLANET	Glowing lime green to yellow mound. Prefers full sunny and well drained soils. Hardy, protect from heavy frost.	Evergreen ht 30cm
SEDUM NEVII	Forms a low, thick carpet of silver-green rosettes. During the summer the leaf tips are touched with bronze and it has clusters of white flowers. Grows quickly and remains green in areas with mild winters. Suitable for hot, sunny and dry spots.	
SEDUM SPATHULIFOLIUM	Mat forming succulent which produces bright yellow star shaped flowers in summer. Prefers well drained sunny site but will tolerate some shade. Hardy to light frost. Great for rockeries, borders or pots.	Evergreen Succulent 30cm wide
SEDUM SPIRIT	A decorative succulent with soft green leaves and serrated edges. Prefers full sun and well drained soil.	Perennial
SEMPERVIVUM ARACHNOIDEUM	Small, clumping rosettes with green leaves and red tinge. Cobweb like hairs across the rosettes. Prefers full sun and well drained soils. Hardy	
SEMPERVIVUM NOIRE	Green rosettes with deep red tips, becoming darker as it matures. Prefers full sun and well drained soil. Protect from frost	Evergreen width 30cm
SENECIO NIVEOAUREA BELLA GRIGIO	Stunning accent plant with beautiful soft grey velvety, strap-like foliage. Small spikes of yellow flowers in late summer. Keep dry but plant with protection from hottest sun. Great in pots. Very cold hardy but do not overwater.	Evergreen Ht 60 x 45 cm

Trees

deciduous

LAGERSTROEMIA INDICA SOIR D'ETE	Attractive large shrub or small tree with soft almond-pink almond flowers in summer. Deep green leaves turn yellow, orange and red in autumn. Bark is brown and mottled, looking great over winter. Very hardy	Deciduous Ht 2.5 X 2.0 m
