Plant Variety	Narrative	Spec.
Shrub		
deciduous		
ALOYSIA CITRIODORA	(LEMON SCENTED VERBENA) A medium sized shrub with very fragrant lemon scented leaves. Spray of lilac flowers. Wonderful addition to pot pouri or can be used as herbal tea. Protect from heavy frost.	Deciduous Ht 2m
BAMBUSA GRACILIS	Syn. Drepanostachyum falcatum. Dense clumping bamboo. Graceful curving stems. Ideal for poolsides, patios, feature gardens. Once established hardy to most conditions.	Evergreen. Ht 3m
BERBERIS "HELMOND PILLAR"	A vigorous, narrow and upright form of Barberry with attractive round rich purple foliage turning vivid crimson and scarlet shades in autumn. With careful pruning and training can be grown into a narrow vertical specimen.	Deciduous 2m
BERBERIS THUNBERGIA ATROSUPERBA	Bolder form of purple barberry with long arching branches and larger, more rounded leaves coloured blackish-red changing to orange-scarlet in autumn. Very hardy.	Deciduous. Ht 1.50m
BERBERIS THUNBERGII LITTLE FAVOURITE	Low growing form of purple berberis. Has rich deep purple foliage turning scarlet orange in autumn. Makes good hedge. Very hardy.	Deciduous Ht 50cm
BERBERIS THUNBERGII MARIA	Butter yellow foliage appears early spring and holds through into autumn when it takes on tones of apricot and orange. Compact, upright growth. Suits full sun or part shade. PVR	Deciduous 1m x 30cm
BERBERIS THUNBERGII ROSY GLOW	A very striking small shrub. The leaves on the new shoots are multi-coloured, purple, bright rose and silver pink, later becoming purple.	Deciduous. Ht. 80cm
CALLICARPA BODINIERI	An interesting shrubs with clusters of dark pink flowers in summer followed by purple berries in Autumn. Hardy. Prefers full sun or part shade in well drained soil.	Evergreen Ht 2m
CALYCANTHUS HARTLAGE WINE	A shrub with large mid green deciduous foliage colours beautifully to bright golden yellow in autumn. Rich burgundy-red flowers from early spring, continuing sporadically. Prefers moist, acidic soil in sun to part shade.	Deciduous Ht. 1.8m
CEANOTHUS GLOIRE DE VERSAILLES	Very beautiful deciduous Ceanothus with large panicles of powder blue flowers in summer and autumn. Plant in full sun in well drained soils. Very hardy and suitable for coastal conditions.	Semi-deciduous Ht 1.5m X 1.5m
CEANOTHUS HENRI DESFOSSE	Clusters of bright blue flowers on red stems through summer. A compact shrub with fresh green foliage. Trim after flowering. Hardy	Deciduous Ht. 1m
CERATOSTIGMA PLUMBAGINOIDES	Small spreading shrub with dark green leaves becoming reddish-brown in autumn. Deep blue flowers for many months of year. Responds to regular pruning. Suitable for dry banks. Very hardy.	Deciduous Ht 50cm
CHAENOMELES SPECIOSA ALARM	(Flowering Quince) Attractive bright red flowers on bare branches in late winter to early spring. Prefers sunny position. Very hardy to cold. Can be grown as shrub or trained along fence.	Deciduous Ht 2m
CHAENOMELES SPECIOSA APPLE BLOSSOM	(Flowering Quince) An upright plant that has white with pink tinged flowers in late winter/early spring. Prefers full sun and well drained soil.	Deciduous Ht 1.8m
CHAENOMELES SPECIOSA EARLY ORANGE	A picturesque hardy shrub with bright orange flowers that cover the bush from winter to spring. Good for floral work. Likes a sunny position. Prune after flowering. Very hardy	Deciduous. Ht 2m

Plant Variety	Narrative	Spec.
Shrub (continued)		
CHAENOMELES SPECIOSA GREEN ICE	Green-white flowers on bare branches in late winter to early spring. Prefers sunny position. Very hardy to cold. Can be grown as shrub or trained along fence.	Deciduous. Ht 2m
CHAENOMELES SPECIOSA MRS MURPHY	Deep red saucer shaped flowers borne in late winter prior to leaf burst. Much branched spreading shrub. Very hardy. Can be pruned immediately after flowering to form a wall shrub.	Ht 2m Deciduous.
CHIMONANTHUS PRAECOX	(Winter Sweet) Sweet scented ,waxy,golden yellow flowers appear in late winter while the branches are still bare. Can be picked for indoors.Very hardy.	Deciduous Ht 2.5m
CHIMONANTHUS PRAECOX LUTEUS	Well distinguished by rather larger clear waxy yellow flowers, which are sweetly scented. Very hardy. Can be pruned after flowering.	Deciduous. Ht 2m
CLETHRA ALNIFOLIA HUMMINGBIRD	Magnificent large shrub with fragrant white lily of the valley type flowers produced in large terminal panicles.Protect from heavy frost.	Deciduous. Ht 2m
CORNUS ALBA ELEGANTISSIMA	A very hardy, red-stemmed dogwood. Broadly margined cream variegated leaves throughout the growing season. Very cold hardy and easy to grow. Tolerates damp areas.	Deciduous.Ht 2 x 1.5m
CORNUS ALBA SIBIRICA	(WESTONBIRT DOGWOOD) Brilliant crimson stems throughout winter. Berries blue/white. Less robust form than Cornus Alba, so does not get as large. Good autumn colour	Deciduous. Ht 2m
CORNUS SANGUINEA MIDWINTER FIRE	Oval green leaves, turning orange-yellow in autumn. Brilliant orange-yellow stems in winter.Prune to 7cm from ground in spring to promote coloured new growth, then fertilize. Prefers damp soil and part shade.Very hardy.	Deciduous Ht 1.5m X 0.8m
COTINUS COGGYGRIA	(Green Smoke Bush) Smooth rounded green leaves with brilliant autumn colours. Fawn coloured plumes of flowers 15 - 20cm long at Christmas.	Deciduous. Ht 3m
COTINUS COGGYGRIA PURPUREUS	(Purple Smoke bush) The round deep purple leaves always attract attention. Hazy purple smoke-like flowers. Good autumn colours.	Deciduous. Ht 3m
COTONEASTER ADPRESSUS	Dwarf spreading shrub with small glossy dark green leaves and bright red berries. Makes excellent groundcover . Very hardy.	Deciduous.
COTONEASTER HORIZONTALIS	A low growing shrub of prostrate habit, with branches of characteristic "herring-bone" pattern. Can be espaliered. Covered in red berries in autumn and winter. Very hardy.	Deciduous.
COTONEASTER HORIZONTALIS VARIEGATUS	Impressive bright scarlet berries and attractive variegated foliage, fan-shaped branches. Very suitable for covering low walls and banks. Very hardy.	Deciduous
DEUTZIA GRACILIS NIKKO	Delightful low spreading form, producing masses of tiny snowy white tubular blossoms in late spring. Very hardy.	Deciduous. Ht. 60x90 cm
DEUTZIA MONT ROSE	Graceful nicely shaped bush which produces masses of pale mauve flowers in December. Cut back old flowering shoots to within a few cms of old wood. Hardy. Fertile soil.	Deciduous. Ht 1.5m
DEUTZIA PINK POM POM	An attractive shrub with clusters of pink flowers fading to white in early summer. Very hardy.	Deciduous. Ht 1.5m
EDGEWORTHIA CHRYSANTHA GRANDIFLORA	(Yellow Daphne) An interesting shrub with stout stems in spring producing large silvery buds opening to round heads of yellow tubular, scented flowers.	Deciduous Ht 1.5m
EXOCHORDA X MACRANTHA THE BRIDE	Dense, arching shrub forming a mound of large white flowers in spring. Prolific flowering, dark green foliage on pendant branches. Suits a sunny, well drained, acid soil. Very hardy.	Deciduous Ht 1.5-2m
FORSYTHIA KARL SAX	Large, deep canary yellow flowers appear on the bare branches in early spring. Upright, strong growth habit. Hardy and easy to grow.	Deciduous Ht. 1.8 x 1m
FORSYTHIA LYNWOOD GOLD	Produces masses of broad petalled rich yellow flowers in early spring. Prune after flowering. Very hardy.	Deciduous Ht 2m
FUCHSIA ASSORTED	Fuchsias prefer a shady spot and reward you with vibrant blooms for months on end. Plant in a fertile, free draining soil, keep moist and away from strong winds	Semi Deciduous

Plant Variety	Narrative	Spec.
Shrub (continued)		
HIBISCUS SYRIACUS HEIDI	(syn Hibiscus Ardens) Light violet blue double blooms freely produced throughout the summer to Autumn. Plant in full sun, well drained soil.	Deciduous. 3m x 1m
HIBISCUS SYRIACUS LEOPOLDII	Many wide double magenta red blooms freely produced throughout the summer to Autumn. Plant in full sun, well drained soil. Frost Hardy	Deciduous 3m x1m
HIBISCUS SYRIACUS SNOW DRIFT	Large showy white single blooms in late summer to Autumn. Bushy upright habit and very hardy. Best in full sun and well drained soil. Frost tolerant	Deciduous. Ht 3m x 1m
HYDRANGEA YOU ME ROMANCE	(You Me Series) A dwarf hydrangea with masses of star shaped double sugar pink blooms throughout summer. Top dress with lime to enhance pink colour. Prefers moist fertile well-drained soils and sun to part shade. (PVR)	Deciduous
HYDRANGEA ARBORESCENS ANNABELLE	Beautiful hydrangea with large white flower heads 5 - 15cm across. Hardy shrub suitable for most soil types and a shaded position. Suitable for drying or picking. Very hardy.	Deciduous Ht 1.5m X 1m
HYDRANGEA BLAUMEISE	(Lacecap) Deep blue lacecap flowers produced prolifically through the summer. Compact growth habit. Plant in a shady spot with ample water. Apply acid fertilizer to keep good blue colour.	Deciduous. Ht 70cm
HYDRANGEA GEOFFREY CHADBUND	Free flowering, strong growing lacecap with mid red to purple flowers. Plant in light shade. Prune to shape after flowering.	Deciduous. Ht. 2mx2m
HYDRANGEA GRANDAD	Good selection with enormous 25cm pure white mophead flowers and lush green leaves. Prefers moist position in either sun or shade. Prune stems with spent flowers in winter.	Deciduous Ht 1.8m
HYDRANGEA HOLSTEIN	Deep blue flowers, early. Needs acid soil to maintain colour. Free flowering. Prefers peaty soil and cool root run. Some shade.	Deciduous.
HYDRANGEA MACROPHYLLA AGNES PAVELLI	(Mophead) Tall growing with large white flowers. Looks best when protected from midday sun. Prefer part shade in moist soil.	Deciduous Ht. 1.2m
HYDRANGEA MACROPHYLLA ALBA	Masses of clear white flowers on a mophead from summer through autumn. Prefers fertile soil with shade or part shade. Prune hard in winter.	Deciduous Ht 1m
HYDRANGEA MACROPHYLLA AYESHA	(Bubble or popcorn hydrangea) Heads of densely packed thick cup-shaped florets. Colour ranges from greyish lilac to strong candy pink. Fragrant. Prefers moist soil and part shade.	Deciduous 1.5m
HYDRANGEA MACROPHYLLA BLUE DECKLE	(Lacecap) Attractive deciduous bushy shrub with glossy green leaves in summer. Produces masses of powder blue lacecap flowers during summer. Apply acid fertilizer to keep good blue colour.	Deciduous. Ht. 60cm
HYDRANGEA MACROPHYLLA BRIDAL BOUQUET	Profuse pure white blooms over an extended flowering period during summer. Prune to shape after leaf fall. Prefers some shade and moist rich soil.	Deciduous Ht. 1m x 1m
HYDRANGEA MACROPHYLLA FIREWORKS	(Lacecap) Showy heads of double petalled lacecap flowers. Colour varies from blue to white to pink depending on soil acidity. Prefers some shade and good soil moisture. Hardy.	Deciduous 1M X 1M
HYDRANGEA MACROPHYLLA HARLEQUIN	Large clusters of bicoloured flowers, rosy-red with white margins throughout summer. Best in semi shade with good soil moisture.	Deciduous 1.5mH X 1M
HYDRANGEA MACROPHYLLA NIGHTINGALE	The biggest and best blue lacecap hydrangea. Masses of deep blue flowers in midsummer. Hardy, prune after flowering. Shade.	Deciduous. Ht 1.5m
HYDRANGEA MACROPHYLLA PIA	A slow growing dwarf with long lasting heads of purplish red florets in summer on any soil. Trim back after flowering. Hardy.	Deciduous. 50cm
HYDRANGEA MACROPHYLLA PIAMINA	Dwarf variety which carries a profusion of soft rose-pink flower heads in early summer. Ideal patio or tub plant. Hardy.	Deciduous. Ht 60cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
HYDRANGEA MERVEILLE SANGUINE	(Raspberry Crush or Bloody Marvellous) Ox blood-red ball-shaped flowers on deep bronze green serrated foliage. Prefers some shade and well drained soil. Feed with lime to enhance red colour. Flowers can be used fresh or dried.	Deciduous Ht 1.2 x 1.2m
HYDRANGEA PANICULATA BOMBSHELL	Stunning compact hydrangea which is smothered in creamy-white blooms throughout summer. These fade to pink in autumn. To enhance flowering, prune hard and feed in early spring. Prefers full sun to part shade.	Deciduous Ht 1m X 1.2m
HYDRANGEA PANICULATA LIMELIGHT	Long panicles of sterile lemon coloured green to creamy white flowers in late summer and autumn. Golden autumn colour. Prefers full sun or part shade. Hardy.	Deciduous Ht 1.2m
HYDRANGEA PINK	Pink flowers throughout summer. Apply lime liberally to retain good colour. Grows well in damp, shaded or open position.	Deciduous. Ht. 1-1.5m
HYDRANGEA QUERCIFOLIA PEE WEE	Dwarf compact selection, topped with beautiful sterile pure white cone flower heads from early summer. Good autumn foliage colour. Hardy.	Evergreen Ht. 0.9m x 0.6m
HYDRANGEA REMBRANDT BELLE PESCHE	Striking, compact hydrangea with large, romantic blooms emerge as light green before a soft peach, pink, and apricot tones. Prefers part shade, moist but well drained soil PVR	Deciduous Ht. 1m
HYDRANGEA REMBRANDT DOLCE CHIC	Striking, compact hydrangea with large, romantic blooms emerge as soft yellow that quickly turn into a vibrant pink bloom. Prefers part shade, moist but well drained soil PVR	Deciduous Ht. 1m
HYDRANGEA REMBRANDT ROSSO GLORY	Striking, compact hydrangea with large, romantic blooms emerge as red and green flowers that transform into a brilliant deep red. Prefers part shade, moist but well drained soil PVR	Deciduous Ht. 1m
HYDRANGEA SERRATA MAGIC PILLOW	Masses of pink lace cap flowers. Long flowering season. Very hardy. Low growing.	50-60cm Deciduous
HYDRANGEA STRAWBERRIES AND CREAM	Lacecap. Dark green foliage with rosy/red flowers with white centres from late spring until mid-summer. Prefers partial shade and well drained soil.	Deciduous 1.2 x 1.2
HYDRANGEA TROPHY	Unique large creamy white flower head with double individual florets December through to February. Prune back after flowering. Grow in semi-shade. Fertilise in Spring.	Deciduous. Ht. 1.5m x 1m
HYDRANGEA TUXEDO RED	Intense deep red flowers on dark foliage. A long flowering on a short compact plant. Prefers a part shade position with moist but well drained soil. Ideal for pots. PVR	Deciduous Ht. 60cm
HYDRANGEA VILLOSA KOLKOWITZIA AMABILIS	Late summer flowering, lilac blue. Prefers to be in part shade to shade. (Beauty Bush) A graceful hardy shrub forming a dense twiggy bush. Soft pink bell shaped flowers draping the branches in Spring. Prefers full sun and well drained soil.	Deciduous Ht 2m Deciduous. H 2m
PAEONIA TREE PERFECTION	A semi-double with a cream base overlaid with coral red pigments on full petals. (NZ Irvine Sutherland registered variety)	Deciduous Ht. 1.6m
PAEONIA TREE SPELLBOUND	(Tree Peony) Gigantic heavenly doubled flowers full of glowing orange notched petals each highlighted with strong carlet veining. (NZ Irvine Sutherland registered variety)	Deciduous Ht. 1.2m
PAEONIA TREE WHITE STAR	(Tree Peony) Rare variety with very showy crisp ice white semi-double petals unfurl to reveal a light purple small flared heart. Flowers up to 25cm. (NZ Irvine/Sutherland registered variety)	Deciduous Ht. 80cm
PHILADELPHUS CORONARIUS	(Mock Orange) Strong growing medium sized shrub with creamy-white richly scented flowers. Particularly suitable for very dry soil. Hardy.	Deciduous. Ht 3m
PHILADELPHUS FROSTY MORN	Small shrub which produces fragrant, double white flowers in early summer. Very Hardy. Trim after flowering.	Deciduous. Ht 1.5m
PHYSOCARPUS OPULIFOLIUM SHADY LADY	Luscious, dark foliage covered from midsummer with masses of cream coloured pom-pom blooms. Tolerant of most garden soils. Sun to part shade. Fully hardy.	Deciduous Ht 2m x 1.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
PHYSOCARPUS OPULIFOLIUS LUTEUS	(Golden Ninebark) Hardy, vigorous shrub with attractive peeling bark and heart-shaped yellow leaves in spring. White tinged pink flowers with purple stamens in summer with red pods following. Foliage good for picking.	Deciduous Ht 1.8m.
RHUS TYPHINA	(Stag's Horn Sumach) Small tree with large pinnate downy leaves, turning rich orange, red, yellow and purple in autumn. Hairy crimson fruits in winter.	Deciduous Ht 3m
SAMBUCUS NIGRA AUREA	(GOLDEN ELDER) Leaves golden yellow deepening with age. One of the hardiest and most attractive of golden foliaged shrubs.	Deciduous Ht 3m
SAMBUCUS NIGRA BLACK BEAUTY	Dark purple/black leaves which turn red in Autumn. Fragrant pink flowers in Spring followed by black berries. Prune after fruiting finished. Very hardy.	Deciduous Ht 3m
SPIRAEA BUMALDA ANTHONY WATERER	Flowers bright crimson throughout summer. New foliage variegated cream and pink turning dark green. Excellent dwarf shrub for borders. Very hardy.	Deciduous Ht 1m.
SPIRAEA CANTONIENSIS LANCEATA	Arching branches bear double clusters of small white flowers, resembling delicate bridal bouquets. Prefers full sun to partial shade well drained soils. Best trimmed to shape after flowering.	Deciduous Ht 2.5m
SPIRAEA GOLD FLAME	Leaves flame orange paling to gold yellow and light green as the season progresses. Pink flowers in Spring.	Deciduous. Ht 1m
SPIREA THUNBERGII	A small to medium shrub with yellow autumn colour. In spring covered in an abundance of pure white flowers. Very hardy.	Deciduous Ht. 2m
SYMPHORICARPOS DOORENBOSII MOTHER PEARL	(Snowberry) A compact, hardy shrub with small leaves and arching stems that in summer have pale pink flowers. In winter there are dense clusters of small pink flushed white berries. Prefers sun/part shade and well drained soil.	Deciduous. Ht 1m
SYRINGA BELLE DE NANCY	A lilac with beautiful double purple-red flowers in bud that open to lilac-pink. Fragrant and good cut flower variety. Hardy. Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 3m
SYRINGA CLARKES GIANT	Rosey-mauve in bud opening lilac blue. Large single florets and large panicles up to 30cm long. Very hardy. Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 3m
SYRINGA OLIVIER DE SERRES	A beautiful lilac with trusses of double purple lavender opening lilac-blue blossoms with delicious perfume in spring. Prefers rich deep soil with lime and full sun or light shade.	Deciduous Ht 3m
SYRINGA SENSATION	(Lilac) Large heads of reddish-purple florets, each petal bearing a bold white edge. Unusual and striking in late spring. Good fragrance Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 2.5m
SYRINGA SOUVENIR DE LOUIS SPAETH	(Lilac) A popular cultivar that is very consistent with wine red, single flowers are carried in large, slim trusses up to 30cm long. Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 3m
VIBURNUM BODNANTENSE DAWN	A strong-growing large deciduous shrub of upright growth, with dark green, ovate leaves and clusters of scented, light pink and white flowers opening from autumn to spring, from red buds	Deciduous. Ht 2m
VIBURNUM FULBROOK	(Carlesii x Burkwoodii) Medium sized shrub with large clusters of sweetly scented flowers, pink in bud, opening to pure white.	Deciduous. Ht 2.5m
VIBURNUM OPULUS COMPACTUM	A small shrub of dense compact habit, white flowers in summer. Bright red bird-proof berries in autumn and winter. Very hardy, prefers open, well-drained position.	Deciduous. Ht 1m
VIBURNUM OPULUS NANUM	A curious dwarf form with dense, tufted habit. Infrequent flowerer but colours richly in autumn.	Deciduous. Ht 50cm
VIBURNUM OPULUS STERILE	(Snowball Tree) Robust plant with maple-like deep green leaves, turning reddish/purple in autumn. Produces an abundance of sterile, white, green-tinted 7cm globular 'snowball' flower clusters. No berries. Very hardy.	Deciduous. Ht 3m

Plant Variety	Narrative	Spec.
Shrub (continued)		
VIBURNUM OPULUS XANTHOCARPUM	large deciduous shrub with maple-like leaves turning yellow or pinkish in autumn. Creamy-white flowers in flattened heads are followed by translucent deep yellow berries Very hardy.	Deciduous. Ht 2.5m
VIBURNUM PLICATUM MARIESII	Creamy white flowers in early summer along upper sides of branches giving snow like appearance. Ideal in a mixed bed or as hedge row. Dark green leaves which turn reddish purple in autumn. Plant in fertile free draining soil and full sun.	Deciduous. Ht 2m
VIBURNUM PLICATUM NEWPORT	(Japanese Snowball Tree) Double rows of white snowballs along the horizontal tiered branches in spring giving the appearance of icing on a layered cake. Compact bushy habit.	Deciduous. Ht 2m.
VIBURNUM PLICATUM PINK BEAUTY	A profusion of blush pink, flat flowers on tiered branches. Rounded growth habit with branches in layers. Good autumn colour and very hardy.	Deciduous. Ht 2m
VIBURNUM PLICATUM ROSEACE	Pretty rounded heads of creamy-pink flowers with light rose pink blush cover the plant in spring. Bronzy coloured new growth Very hardy compact shrub.	Deciduous. Ht 2.5m
VIBURNUM TRILOBUM	Large vigorous shrub with white lacecap flowers and red, long lasting berries in autumn and winter. Good autumn colour. Very hardy .	Ht 2m Deciduous.
VIBURNUM X BURKWOODII	Waxy white flushed pink flowers in early spring which are intensely fragrant. Twiggy bush with oval leaves of glossy green turning orange/red in autumn and winter.	Semi Evergreen Ht 1.5m
VITEX AGNUS-CASTUS	(CHASTE TREE) An attractive, quick-growing, bushy shrub. Grey-green foliage and long racemes of lavender flowers. Attractive to butterflies. Tolerant of dry soils. Prune after flowering.	Deciduous Ht 2m
WEIGELA FLORIDA VARIEGATA	An excellent medium sized variegated shrub. Leaves are edged creamy white and flowers are deep rose funnel shaped. Trim out old stems. Deciduous.	Deciduous. Ht 2m
WEIGELA FLORIDA WINE AND ROSE	Dark burgundy purple leaves. Deep cherry spring blooms in early Spring. Prefers full sun and rich soils.	Deciduous Ht. 1.8m

evergreen

ABELIA GRANDIFLORA RASPBERRY PROFUSION	A compact shrub with small glossy leaves and pretty raspberry flowers from Summer to Autumn. Prefers full sun and well drained soil. Ideal for hedges and pots.	Evergreen Ht. 1m
ABELIA SUNSHINE DAYDREAM	Awesome tricolour variegation of pink, yellow and green on this mounding shrub. Fragrant, white blooms with rosy tones. Easy to grow but best with good soil and plenty of sun. Very hardy.	Evergreen Ht 0.9m X 1.2m w
ABUTILON ASHFORD RED	Large red lantern flowers on a compact shrub. Prefers some summer shade. Hardy. Protect from heavy frost	Evergreen Ht. 1.5m
ABUTILON BOWL OF SNOW	Pure white flowers and yellow stamen during summer. Prefers some shade Hardy.	Evergreen Ht 1.2m
ABUTILON DARWINII HYBRID ORANGE	(Chinese Lantern) Masses of large orange bell-like flowers in summer. Prune after flowering to keep plant tidy. Prefers full sun or semi shade. Ideal for containers. Protect from heavy frost.	Evergreen Ht 1.5m
ACACIA COGNATA FETUCCINI	Attractive plant with twisted fresh green, fettuccine-like foliage. Forms dense low maintenance groundcover. Great in pots. Prefers well drained soil and full sun to part shade. Protect from frost.	Evergreen Ht 80 X 80 cm
ACACIA COGNATA LIMELIGHT	Attractive plant with lime green soft weeping foliage .Forms a dense low maintenace groundcover. Great in pots. Prefers well-drained soil and full sun to part shade. Protect from heavy frost.	Evergreen Ht 80 X 80cm
ACRADENIA FRANKLINIAE	Upright, stiffly branched shrub with aromatic leaves. From late spring to early summer, small clusters of white, star-shaped flowers appear.	Ht 3m Evergreen.
AGAPANTHUS BABY BLUE	A true dwarf agapanthus suitable for small gardens. Blue flowers in summer. Very hardy.	Perennial. Ht 30cm
AGAPANTHUS BLUE DOT	Outstanding form producing masses of sky blue flowers in summer. Attractive bushy compact habit.	Perennial Ht 40cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
AGAPANTHUS GAYLES SAPPHIRE	A compact selection forming a tidy clump. Ideal for widespread plantings. Excellent cut flower is a deep blue/indigo.	Evergreen 50cm x 40cm
AGAPANTHUS GOLD STRIKE	Stunning variety with broad strappy leaves , which are green and gold. Deep blue bud open to striped blue and white flowers. Full sun to part shade. Protect from frost.(PVR)	
AGAPANTHUS ORIENTALIS	Green strap-like leaves. Large round heads of blue flowers. Excellent for coastal sites.	Evergreen Ht 1m
AGAPANTHUS ORIENTALIS TIMARU	Good compact form of agapanthus with green strappy leaves. Produces very dark blue flower heads in summer. Good coastal plant . Useful in borders .	Evergreen Ht 40cm
AGAPANTHUS SEA FOAM	Semi dwarf variety with pure white flowers in summer.Grows in most soils and tolerates wind and coastal conditions.	Perennial. Ht 80 cm
AGAPANTHUS SILVER BABY	Dwarf compact variety with steely silver foliage and superb white flowers. Ideal for coastal or rockery planting. Great for floral artwork.	Evergreen Ht 30cm
AGAPANTHUS TINKERBELL	Dwarf form with cream and green variegated leaves.Once established it produces dainty clusters of violet-blue flowers. Requires free draining soil. Sun or part shade.	Evergreen. Ht. 30cm
AGAVE ATTENUATA	Light green to grey green leaves up to 60cm long, soft and downy in texture without spines. Forms a perfect rosette. Protect from Frost	Evergreen. Ht 1m
ANDROMEDA POLIFOLIA COMPACTA ALBA	(Dwarf White Bog Rosemary) Compact shrub with narrow , leathery, grey-green foliage . Clusters of pure white flowers from early spring.Full sun to part shade and humus rich moist soil. Very cold hardy.	Evergreen Ht 30cm X 60cm
ANIGOZANTHOS CELEBRATIONS JAZZ	(Kangaroo paw) Flowering plant known for its unique, fuzzy flowers. It features deep purple blooms with red and lime green highlights. Drought-tolerant once established. Prefers full sun and free draining soil. Prefers protection from heavy frosts.	Shrub Ht 60cm
ANIGOZANTHOS FLAVIDUS GREEN	Bright green sword like leaves form a fan. Green woolly flowers. Prefers a warm sunny site. Attracts nectar feeding birds. Remove spent flowers for continued flowering. Protect from heavy frost	Evergreen 60cmH x 40cm
ANIGOZANTHOS FLAVIDUS RED	Bright green sword like leaves form a fan. Bright red woolly flowers carried on red stems. Prefers a warm sunny site. Attracts nectar feeding birds. Remove spent flowers for continued flowering. Protect from heavy frost	Evergreen 60cmH x 40cm
ASCEPLIAS PHYSOCARPA	(Swan Plant) Attracts Monarch Butterfly caterpillar. Easily grown. Attractive 'swan' shaped seed pods. Prefers full sun and needs protection from heavy frost.	Evergreen. Ht 1x1m
ATHEROSPERMA MOSCHATUM	Interesting evergreen Australian small tree with lace-like leaves with white down underneath. Whole plant is fragrant and yields essential oil. Cream coloured single flowers.	Evergreen Ht 4-5m
ATRIPLEX CINEREA	Grey Saltbush. A dense, spreading bush with attractive grey foliage and cream flowers. For a dry spot in sun or semi-shade. Tolerates salt spray. Prune to maintain shape.	Evergreen Ht. 50cm
AUCUBA JAPONICA (MALE)	Pollinator for female form. Will grow in heavy shade. Suitable for any soils. Suitable as indoor plant. Hardy	Evergreen. Ht 1m
AZORELLA TRIFURCATA	Low growing carpeting perennial. Small clusters of yellow flowers in summer. Suits a well drained sunny spot in a rockery. Hardy evergreen.	Ground Cover 5cm x 75cm
BACCHARIS TWIN PEAKS	Very hardy ground cover which is great in coastal areas. Small white flowers. Serrated grey-green leaves. Will grow well in poorer soils once established.	Evergreen 50cm x W 1m
BAMBUSA MULTIPLEX WANG TSAI	Clump forming bamboo, native to China. Graceful curving green to orange brown stems and dark green tufted foliage. Hardy. Suitable for container growing. Protect from heavy frost.	Evergreen. Ht 2m
BORONIA HETEROPHYLLA	(Red Boronia) Bright rich pink crimson flowers. Beautifully scented. Plant in a sheltered spot with full sun and a well-drained soil.	Evergreen Ht 1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
BORONIA MEGASTIGMA	(Brown Boronia) Very popular highly scented brown boronia. To really appreciate plant in a sheltered place that you can brush past. Trim when finished flowering. Prefers sunny position, well drained soil	Evergreen. Ht 1m
BORONIA MEGASTIGMA TUI	Improved form with incredible perfume. Thrives in moist well drained soil in dappled shade. tolerates full sun if roots kept cool.	Evergreen. Ht 1m
BRUGMANSIA X CANDIDA GOLD	(Datura) Small tree with large soft leaves. Produces large, fragrant, pendulous, gold flowers, about 20cm long with frilled ends. Flowers nearly all year in frost free site. Strong scent at night. Needs well drained soil and protection from frost.	Evergreen Ht 3m x 2m
BRUNFELSIA LATIFOLIA TINY DANCER	(Yesterday, Today, Tomorrow) Compact cushions of green foliage, masses of fragrant blue flowers. Protect from heavy frost. Prefers some shade.	Evergreen Ht. 60cm
BUDDLEIA SALVIFOLIA	(Butterfly bush) Quick growing small tree with mauve flowers in spring. Very hardy. Trims well.	Evergreen. Ht 3m
BUXUS HARLANDII RICHARD	A rounded leaf with an indentation at the tip to create an almost heart shaped leaf. Excellent compact form. Slow growing. Resistant to buxus blight	Evergreen Ht. 1m
BUXUS MICROPHYLLA INDEPENDENCE	Deep green boxwood that holds its colour all winter. Strong bushy grower with good insect and disease resistance. Fertile well drained soil in sun to part shade, feed in spring. PVR	Evergreen 1m x 80cm
BUXUS SEMPERVIRENS	(Common Box) Dense small dark green leaves. Ideal for hedges and topiaries.. Prefers fertile soils, full sun or part shade. Prune regularly and feed after pruning.	Evergreen. Ht 80cm
BUXUS SEMPERVIRENS GRAHAM BLANDY	Upright form of English Box with narrow habit and rich green leaves .Fairly fast growing .Requires minimal trimming to retain shape. Ideal for landscape feature. Very hardy.	Evergreen Ht 2-3m
BUXUS SEMPERVIRENS GREEN GEM	A variety of Buxus that is more resistant to Buxus blight and with a more open habit. Slow growing, prefers full sun/part shade and well drained soil. Great for hedging or topiary.	Evergreen Ht 1m
BUXUS SEMPERVIRENS SUFFRUTICOSA	(Dwarf Edging Box) Small bright shining green dense leaves. Ideal for hedges, edging and easily maintained as a narrow living wall as low as 15cm. Hardy	Evergreen. Ht 30cm

CALLISTEMON CANDY FLOSS	Masses of light pink bottlebrush flowers on clusters from late Spring to Summer. Prefers sunny position with well drained soils.	Evergreen Ht. 3m
CALLISTEMON LITTLE JOHN	A dwarf, rounded shrub which is almost completely covered with a mass of dark red bottlebrush flowers. The narrow, crowded foliage is an attractive bluish-green.	Ht 1m x 1m Evergreen.
CALLISTEMON MR FOSTER	Fabulous deep red bottlebrush flowers up to 20 cm long are dusted with yellow pollen. Flowers over long period. Prefers full sun. Tolerates coastal wind and moist soil conditions.	Evergreen. Ht 2m
CALLISTEMON PACHYPHYLLUS	Hardy upright shrub with slender branches with a grey green foliage with lemon coloured brushes in Spring. Prefers moist soil but well drained in full sun.	Evergreen Ht. 3m
CALLISTEMON VIMINALIS GENOA GLORY	Masses of purple-maroon flowers are produced in spring and again in autumn and are great for attracting birds and bees. Grows as a dense, bushy shrub with a spreading, somewhat pendulous habit. Best in full sun	Evergreen 1.5m x1.2
CALLISTEMON WHITE ANZAC	Spreading shrub with 10-15cm long brushes of pure white flowers, fading to creamy-white, over summer. Prune well after flowering. Tolerates dry conditions when established. Hardy.	Evergreen Ht 1mx 3m
CALLUNA DARK STAR	NEW Bright green foliage producing stems of dark cerise flowers in autumn. Foliage turns mustard in winter.	Evergreen. Ht 20-40cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
CALLUNA J.H. HAMILTON	Spreading ground cover with attractive double pink flowers bell-shaped flowers in late Summer through to Autumn. Suits a sunny, welldrained site.	Evergreen. Ht 30cm
CANTUA BI-COLOUR	Attractive fuchsia-like flowers in yellow and white. This semi-erect shrub prefers a warm sheltered position. It is a South American native, half hardy for our climate.	Ht 1.5m Evergreen.
CASUARINA GLAUCA COUSIN IT	A groundcover with interesting cascading lime foliage. Great on dry banks and for cascading down retaining walls. Prefers full sun and well drained soil. Protect from heavy frosts.	Groundcover Ht20cm x W 1m
CEANOTHUS BLUE CUSHION	Neat mounding shrub which smothers itself in bright blue flowers in late spring. Very hardy. Suitable for rockeries and borders.	Evergreen. Spread 1m
CEANOTHUS GRISEUS DIAMOND HEIGHTS	Outstanding foliage plant in golden margins on green.. Pale blue flowers in spring. Prefers full sun or light shade, with well drained soil. Protect from heavy frost.	Ground Cover. Ht.30cmx1m.
CEANOTHUS IMPRESSUS	(Santa Barbara Ceanothus) Rich, deep-blue flowers cover this small growing bush in spring. Small, furrowed dark green leaves, densely branched.	Evergreen. Ht 1.3m
CHOISYA AZTEC PEARL	Finely cut green foliage. Large creamy white flowers in late spring and often again in autumn. Pink buds opening to fragrant flowers. Hardy.	Evergreen. 1.5 m
CHOISYA TERNATA	(Mexican Orange Blossom) A neat compact shrub which in spring is covered in white orange blossom-like scented flowers. Very hardy. Trims well. Tolerates shade or sun.	Evergreen. Ht 1.5m
CHOISYA TERNATA SUNDANCE	Golden foliage form of "Mexican Orange Blossom". Sweetly scented white flowers late spring and summer. Prefers some shade. Leaves can burn in hot sun.	Evergreen. Ht 1.2m
CISTUS BRILLIANCY	Large rosy pink flowers in Spring and Summer. Excellent for sunny dry and coastal sites. Prune after flowering. Very hardy.	Evergreen. Ht 1.2m
CISTUS CRETICUS ALBUS	White flowers with yellow centre throughout summer. Prefers full sun, excellent for dry banks. HARDY	evergreen Ht 1m
CISTUS LADANIFER PETIOLATUS BENNETT'S WHITE	Large pure white flowers with yellow centres cover the plant in Spring and Summer. Great for hot, dry conditions in well drained soil. Prune after flowering	evergreen Ht 1m
CISTUS X LUSITANICUS	Free flowering. White flowers with maroon blotch and yellow at base of petals. Especially useful for dry soils. Prune after flowering.	Evergreen Ht 75cm
COLEONEMA COMPACTUM	dwarf, spreading, evergreen shrub grown for its golden aromatic, green heather-like foliage and pink star shaped flowers. suitable for a full sun to part shade position, frost tolerant and requires little water once established. Evergreen.	
COLEONEMA PULCHRUM	Erect growing shrub with long slender branches. Pink flowers. Tangy aromatic leaves and stems.	Ht 1.5m Evergreen.
COLEONEMA PULCHRUM SUNSET GOLD	(Golden Diosma) Bright gold aromatic foliage and pink starry flowers in profusion in spring. Low growing. Sunny position.	Evergreen. 0.7 x 1.0m
CORREA GRANNY'S GRAVE	An Australian Native which has an abundance of greeny/yellow cylindrical shaped flowers from Autumn into Winter. Tolerates some frost and coastal conditions. Prefers full sun to part shade and well drained soil.	Evergreen Ht 50cm x W 50cm
CORREA MANNII	Small growing shrub, requires good drainage and sun. Orange tubular flowers throughout autumn and winter. Protect from heavy frosts.	Evergreen Ht 50cm
CORREA PULCHELLA SALMON	Tubular hanging flowers which are salmon pink in spring on an evergreen plant. Flowers produce nectar which will attract birds. Moist well drained soil in full sun to part shade frost hardy	Evergreen 1mx60cm
CORREA SALMON PINK	Evergreen shrub with salmon pink flowers on a small compact bush. Plant in a sunny warm position in well drained soil.	Evergreen.

Plant Variety	Narrative	Spec.
Shrub (continued)		
COTONEASTER CONGESTUS	Dense rounded bush with branches curving downwards. White flowers in December are attractive to bees. Bright red berries in autumn.	Evergreen. Ht 1m
COTONEASTER CORNUBIA	A vigorous shrub with red fruits that are perhaps the largest of the Cotoneasters, and borne in profusion weighing down the branches.	Evergreen. Ht 4m
COTONEASTER DAMNERI 'ROYAL BEAUTY'	Excellent ground cover with glossy leaves, open growth habit, white flowers, and orange berries. Very hardy.	Evergreen.
CYTISUS BEANII	Prostrate broom with golden flowers. Ideal for over rocks or weeping position. Prefers full sun. Hardy.	Evergreen. Ht 40cm
CYTISUS LILAC TIME	Erect shrub, flowers pea-like lilac-purple in Spring and early Summer. Very hardy, trim after flowering.	Evergreen. Ht 1.5m
CYTISUS STRAWBERRIES AND CREAM	Beautiful creamy/yellow flowers with a strawberry tongue. Prefers full sun and will tolerate dry soils once established. Trim after flowering.	Evergreen Ht 2m
DAPHNE PERFUME PRINCESS	(Bholua x odora) Early flowering (mid winter) Masses of blush pink and fade to white, ball-shaped clusters flowers. Highly perfumed - with soft citrus undertones. Bushy upright shrub prefers well drained soil and full sun or partial shade.	Evergreen Ht. 1.5mH
DAPHNE PERFUME PRINCESS WHITE	(Bholua x odora) Early flowering (mid winter) Pure white large ball-shaped clusters of star like flowers. Highly perfumed - with soft citrus undertones. Bushy upright shrub prefers well drained soil and full sun or partial shade.	Evergreen Ht. 1.5m
DIANELLA REVOLUTA REVELATION	Blue green strappy-like foliage. Small blue flowers in Late Spring. It has a clumping habit ideal for mass planting.	Evergreen Ht. 50cm x 50cm
ELAEAGNUS X EBBINGEI	Hardy fast-growing shrub with large silvery green leaves giving a very bright effect. Has small scented cream flowers in autumn. Very hardy and suitable for coastal planting. Or pruned as hedge, but unlikely to flower if pruned regularly. .	Evergreen. Ht 2-3m
ENKIANTHUS CAMPANULATUS	Cream striped, pink lily of the valley flowers. Good autumn colours. Bright Autumn colours. Excellent woodland plant.	Deciduous Ht 1.5m
ERICA CERINTHOIDES RED	Small shrub with dark green needle-like foliage. Stunning tubular red flower clusters throughout winter and spring. Trim stems well after flowering to maintain shape. Prefers a sunny warm site.	Evergreen Ht. 1m
ERICA THINK PINK	An attractive erica producing clear pink tubular flowers in winter- spring. Upright habit. Prefers sunny well drained position.	Evergreen Ht. 1m
ERIOSTEMON MYOPOROIDES PROFUSION	Syn. Philotheca myoporoides Profusion. Waxy white flowers begin in late winter and continue for months in early summer. Hardy.	Ht 1 x 1m Evergreen.
ERIOSTEMON PROFUSION	Fragrant leaves with pink and white star-shaped flowers in spring. Prefers full sun and well drained soil.	Evergreen. Ht 75cm
ESCALLONIA APPLE BLOSSOM	A rounded shrub with glossy green leaves and pink and white flowers. Wind tolerant and excellent for coastal areas. Makes good hedge.	Evergreen Ht 1.5m.
ESCALLONIA FIELDS WHITE	A fast growing shrub with glossy green foliage. Small tubular white flowers in summer. Ideal as a hedging plant. Hardy.	Evergreen Ht. 3.5m
ESCALLONIA MACRANTHA	Flowers rose-crimson during summer and early autumn. Large glossy green leaves. Very hardy. Withstands coastal gales.	Evergreen. Ht 3m
EUCRYPHIA LUCIDA CAROUSEL	Forms a narrow upright evergreen tree or hedge. Pink flowers from January to early Autumn. Lovely Fragrance and spectacular in flower. Prefers its roots in cool moist soil. PVR.	Evergreen. Ht. 2mx1m
EUONYMOUS EMERALD GREEN	Compact shrub with small shiny green leaves. Grows in sun or shade. Can be used for hedging or in pots. Prune after first flush of growth .Protect from heavy frost.	Evergreen Ht 50cm
EUONYMOUS MINIMUS	A prostrate cultivar that bears small oval dark green leaves. Small white flowers during summer. Hardy.	Evergreen Ground cover 1mx20cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
EUONYMUS GREEN SPIRE	Compact shrub with an upright growing habit. Dense rich green glossy leaves. Excellent for low hedging or topiary. Prefers sunny position with moist but well drained soil.	Evergreen Ht.1.5m
EURYOPS PECTINATUS	Rich yellow daisy-like flowers produced throughout year but most freely from Aug - Dec. Very hardy. Tolerates coastal conditions. Prefers full sun and good drainage. Protect from heavy frost.	Evergreen. Ht 1m
FARGESIA NITIDA	A beautiful, clump-forming species with narrow leaves and tall, purple-flushed canes, arching at the top under the weight of the foliage. Prefers some shade. Good for large tubs.	Deciduous Ht. 3-4m
FATSIA JAPONICA	(Aralia)A handsome medium to large shrub of spreading habit. Large polished green leaves emphasise the globular white flower heads that appear in autumn. Suitable for growing indoors or outdoors with some shade. Needs protection from frost.	Evergreen Ht 4m
GARDENIA RADICANS	A very highly scented white flower. Prefers a warm, sheltered position in humus-rich, acidic, well drained soil. Protect from heavy frost.	Evergreen Ht 40cm
GARRYA ELLIPTICA	(Catkin Bush) Magnificent large evergreen shrub draped with long green catkins in winter. Flowers popular for floral art. Will grow on coast and south walls.Cold hardy.	Evergreen Ht 3m
GAULTHERUA MUCRONATA RUBIES N PEARLS	Compact bushy shrub with glossy green leaves and single white flowers in Spring. Followed in Autumn by showy berries that are up to 1.5 cm across. Prefers moist shaded conditions.	Evergreen Ht 1.2m
GREVILLEA BRONZE RAMBLER	Vigorous ground cover with beautiful bronze coloured foliage. Attractive wine-red toothbrush flowers in spring. Well-drained site. Protect from heavy frosts.	Evergreen. 0.3mx2.0m
GREVILLEA CREAM AND GREEN	A compact shrub with lime green flowers from Winter to Spring. Frost hardy. Suitable for most situations. Prune to shape	Evergreen Ht. 1.5m
GREVILLEA EUREKA	Gold clusters of flowers cover this plant from late Autumn to Spring. Prefers well drained soils in an open sunny site. Prune in late spring. Hardy to -3 once established. PVR	75cm x 1m Wide
GREVILLEA FIREWORKS	Compact shrub with blue-green foliage. Bright red and yellow flowers from Autumn through to Spring. Prefers sunny well drained position. PVR	Evergreen Ht. 1m
GREVILLEA IGNITE	An outstanding plant with strikingly large clusters of red and yellow flowers on a small robust shrub. Flowers from Autumn to Spring. Ideal for containers. Prefers full sun and well drained soil. PVR	Evergreen Ht. 75cm
GREVILLEA KNOCKOUT	A small hardy shrub with an outstanding display of red/yellow flowers from Autumn to winter. A nice compact shrub as wide as it is tall.Once established this plant is frost hardy and drought tolerant. PVR	Evergreen Ht. 1m
GREVILLEA LANIGERA DRUMMER BOY	Compact ground cover bush which smothers itself in little red drumsticks in winter and spring. These open to spidery red flowers with cream centre .Hardy to cold and coastal conditions.	Evergreen. Ht 50cm X 1m
GREVILLEA NEW BLOOD	A stunning deep red flowering ground cover. Long flowering from Autumn to Spring. Frost hardy, prefers full sun and well drained soils. PVR	Evergreen Ht. ground cover
GREVILLEA RED CLUSTER	Cultivar with deep red flowers from autumn to spring. Low growing habit. Prefers full sun and well drained soil. Ideal for banks and rockeries type gardens.	Evergreen. Ht 50cm
GREVILLEA ROBIN HOOD	An easily grown, attractive shrub displaying scarlet flower spikes at branch tips from spring through summer. Withstands cold and dry, but needs staking against strong wind.	Evergreen. HT 2M
GREVILLEA VICTORIAE	(Royal Grevillea) Drooping heads of rusty to orange red flowers from late summer into winter. Attracts tuis and bellbirds.Prune lightly each year to keep bushy.Very hardy to cold and wind.	Evergreen. Ht 2.5m
GREVILLEA X GAUDI CHAUDII	A very attractive, prostrate evergreen, ground cover plant. Brilliant, red, bottle-brush like flowers from spring through to summer. Hardy, wind tolerant. Plant in sunny site.Protect from heavy frost.	Evergreen Ht 15cm x 2m wide

Plant Variety	Narrative	Spec.
Shrub (continued)		
HELIOTRICHON SEMPERVIRENS	(Blue Oat Grass) Attractive steel-blue spiky grass ideal for sunny well drained position in rockeries, mass planting. Hardy	Evergreen. Ht 40cm
HYPERICUM CALYGINUM	Excellent ground cover for dry or wet conditions producing yellow flowers throughout summer. Best grown on larger areas and left unchecked. Very hardy.	Evergreen.
ILEX AQUIFOLIUM ANGUSTIFOLIA	A slow growing cultivar with small leaves and slender spines. Neat pyramidal habit. Very hardy.	Evergreen. Ht 60cm
ILEX X MESERVEAE BLUE ANGEL	A very hardy holly with purplish shoots and glossy dark blue-green leaves. A female form which produces shiny red berries if a pollinator is nearby.	Evergreen Ht 2m
ILLICIAM FLORIANUM WOODS RED	Upright evergreen shrub with aromatic foliage. Rich red-wine coloured flowers in spring with a port wine fragrance. Prefers a shady location with cool moist soil.	Evergreen 5M
JASMINUM PARKERI	(Dwarf Jasmine) Dwarf twiggy shrub. Produces clear yellow Jasmine flowers without fragrance all summer followed by black berries. Great for rockeries or in containers. Hardy.	Evergreen Ht 30cm x 60cm
KALMIA LATIFOLIA "TAWA-GLEN"	(Calico Bush) Glossy green leaves with terminal clusters of lolly-pink saucer shaped flowers in spring. Selected for compact growth and massed flower display. Prefers acid soil and some shade.	Evergreen Ht 1.5m
KALMIA LATIFOLIA PINK CHARM	A very free-flowering variety with masses of mid pink flowers opening from pinkish-red buds. Has a slightly open habit and responds well to light pruning. For an acid soil with some shade.	Ht 1m x 1m. Evergreen.
LAURUS NOBILIS	(Bay Laurel , Sweet Bay) Aromatic foliage, used commonly to flavour meats and in other cooking. Pyramidal tree or large shrub. Suitable for trimming into topiary or hedging. Thrives in coastal conditions. Very hardy.	Evergreen. Ht 4m
LAURUS NOBILIS VERDI	A selected form of Bay tree with aromatic, leathery, green leaves that can be used for cooking. Prefers full sun or part shade in most soil conditions. Needs good drainage.	Evergreen Ht 2m
LEONOTIS LEONURUS	(LIONS EAR) Showy whorls of bright orange-scarlet flowers in late summer and autumn. Easily grown shrub in warm sheltered position. Suitable for conservatory, protect from frost.	Evergreen. Ht 1m
LEPTOSPERMUM COPPER SHEEN	Tasmanian Manuka. Upright evergreen bush with copper-bronze leaves and larger white flowers. Plant in a warm sunny position. Tolerates moist conditions.	Evergreen Ht 3m
LEPTOSPERMUM DARK NIGHT	Robust medium sized plant , which produces long stems with deep dark mauve large flowers in spring. Prune after flowering. Prefers free draining soil and full sun. Frost hardy to -4deg C	Evergreen Ht 2m x 2m
LEPTOSPERMUM MESMEREYES	Bushy shrub with dark silver pointed glossy leaves. Very large white flowers aging to pink. Prefers a sunny site with well drained soil. PVR	Evergreen Ht. 1m
LEUCADENDRON AMY	Tidy erect growth with rosy red bracts in early Autumn and Winter followed by creamy bracts on long stems in early Spring. Good cut flower. Well drained soil and full sun.	Evergreen. Ht. 1.5m
LEUCADENDRON ARGENTEUM	(Silver Tree) Hardy evergreen with spectacular silvery green foliage. Small cones in spring. Likes well drained light soil, low in nutrients and open situation. Protect from frost when young.	Evergreen Ht 6-8m
LEUCADENDRON BIG BROTHER	An abundance of medium sized terracotta-orange bracts, on a large upright bush. Well drained soil in sunny situation. Protect from heavy frosts.	Evergreen 1.5m
LEUCADENDRON COPPERTONE	Copper bracts, open to a cream throat fading to red then copper tips. A strong upright habit. Well drained soil in sunny situation. Protect from heavy frosts.	Evergreen Ht 1.5m
LEUCADENDRON CREAM DELIGHT	An erect semi-spreading plant usually getting wider than tall. Soft green foliage is offset in late Winter by pure cream bracts. Ideal for floral work. Needs well drained soil in full sun.	Evergreen. Ht 1.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
LEUCADENDRON JACK HARRE	Compact plant with flaming red star-like flowers on long bracts from early winter.Requires sunny well drained position.Hardy.	Evergreen. Ht 1 x 1m
LEUCADENDRON LOVING MEMORY	Magnificent hybrid from same parentage as Safari Sunset.Exceptionally bushy growth with long slender stems and brilliant flaming red bracts throughout the year.Prefers open sunny situation.Tolerates coastal conditions and medium frost	Evergreen Ht 2m x 2m
LEUCADENDRON MRS STANLEY	Low bushy spreading habit. Female variety with soft pinkish-red autumn bracts, deepens to rich burgundy in the late autumn-winter	Evergreen. Ht 1m
LEUCADENDRON SAFARI SUNSHINE	A variegated sport of Safari Sunset similar to Jester. Long stems of pink bi-coloured bracts. Suits full sun and well drained soil. Ideal for picking, prune to shape.Protect from heavy frost.	Evergreen Ht 1.5m
LEUCADENDRON STARBURST	A medium sized bush with green bracts which open to cream star-like flowers. Prefers a sunny position with well drained soil . Protect from heavy frosts.	Evergreen Ht.1m
LEUCADENDRON TOKYO GOLD	Eye catching blooms which change from pale green to golden yellow with attractive red dege.Flowers in late spring.Bushy upright plant. Hardy.	Evergreen Ht 1.5m
LEUCADENDRON VALENTINA	(Hybrid from safari Sunset seed) Erect habit producing long stems of deep red flower heads in late summer through to winter.Prefers open sunny position and well drained soil. Good cut flower.Protect from heavy frost. PVR	Evergreen Ht 1.5m
LEUCADENDRON WATER LILY	Broad, creamy-white bracts on long stems ideal for picking. Attractive, rich green foliage. Dense compact bush. Suits sunny, well-drained site. No fertilisers or manure.	Evergreen. Ht 2m
LEUCOSPERMUM LANII	Erect semi spreading shrub with attractive orange-red pincushion flowers in mid spring. Prefers open sunny position and light free draing soil. Good coastal plant. Protect from frost.	Evergreen Ht 1.5m x 1.5m
LEUCOSPERNUM AYOBA RED	Attractive deep red pin cushion flowerheads from Spring to early Summer. Prefers sunny psotion with well drained soil. Protect from heavy frost.	Evergreen Ht. 1.5m
LIFESTYLE PLANTS ASSORTED	Mix and match native and exotic shelter-grade plants \$6.25each or 4 for \$23 or 20 for \$95	
LIGUSTRUM JAPONICUM ROTUNDIFOLIUM	A slow growing, rigid, compact shrub with round, leathery, black-green leaves. It has large panicles of white flowers in late summer. Very hardy.	Evergreen. Ht 1.5m
LOBELIA PEDUNCULATA COUNTY PARK	(Syn Pratia county park) Small- leafed, low growing species. Good ground cover, which bears profuse star-shaped flowers mid blue to purple, followed by small berries. Very frost hardy.	Evergreen Ground cover
LOMANDRA LIME TUFF	A compact selection. Lime green leaves that stay lush all year round. In summer fragrant small yellow flower spikes emerge. Extremely hardy and tolerates frost and dry	Evergreen Ht.40cm X 40cm
LOMANDRA LONGIFOILA WHITE SANDS	Attractive form with white and green weeping foliage. Looks great planted among dark green or large leafed plants.Suitable for containers or draping over walls.Prefers sunny position in free draining soil. Hardy.	Evergreen Ht 0.8 x 0.8 m
LOMANDRA LONGIFOLIA TANIKA	Deep green, rush-like foliage with clusters of yellow flowers in early spring. Very versatile, growing in sun or shade, well drained or moist positions. Hardy to wind and cold.	Evergreen Ht. 60cm x 60cm
LONICERA NITIDA	(Box Honeysuckle) Densely branched shrub with small neat dark-green leaves. Ideal hedging plant to grow rapidly in most situations. Plant 40cm apart when hedging.	Evergreen. Ht 3m
LONICERA NITIDA TOPIARY BALL	(Box Honeysuckle) Densely branched shrub with small neat dark-green leaves. Ideal hedging plant to grow rapidly in most situations. Plant 40cm apart when hedging.	Evergreen
LOROPETALUM CHINENSIS FIREDANCE	Attractive shrub with deep red foliage and flowers.Plant in well drained soil in part shade.Protect from frost.Give light trim after flowering.	Evergreen Ht 2m x 1.5m
LOROPETALUM CHINENSIS ICEBERRY	Arching branches with dark green leaves emerging bronze. Cream-white flowers in spring. Prefers semi shade and well drained soil.	Evergreen Ht. 1.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
LUMA APICULATA GLANLEAM GOLD	Dark green leaves margined with creamy yellow, pink tinged when young. White flowers in summer to Autumn, followed by red and black fruits. Cinnamon coloured bark with maturity. Hardy. Prefers summer soil moisture.	Evergreen 2m H x 1mW
MAGNOLIA LAEVIFOLIA CHURCH MOUSE	NZ bred compact evergreen magnolia with an abundance of fragrant creamy white flowers in Spring. Prefers full sun and well drained acidic soils. PVR	Evergreen Ht. 1m
MICHELA PRINCESS CLEOPATRA	A tidy shrub that flowers in Spring and again in Autumn. The flowers are creamy white blushed with pink and a beautiful perfume.. Makes a good hedge. Prefers full sun or part shade in well drained soil. PVR.	Evergreen 3mx2m
MICHELIA FAIRY MAGNOLIA WHITE	(Mark Jury Hybrid) Beautiful, lightly fragrant flowers creamy white. Upright, compact shrub. Suitable as specimen in garden, in container, or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	Evergreen Ht 3m X 2m
MICHELIA FIGO	(Port wine Magnolia) Creamy yellow and purple flowers like small magnolias with strong fragrance. Deep green lustrous foliage on dense, bushy shrub. Protect from strong winds and heavy frost.	Evergreen. Ht 2.5m
MICHELIA HONEY VELVET	(Magnolia laevifolia syn. Michelia yunnanensis) A Jury selection with Large flower which is honey cream rather than creamy white. Prefers sun or part shade- acidic well drained soils.	Evergreen Ht. 4m
MICHELIA INSPIRATION	Large bushy shrub or small tree with dense habit. Cream/white perfumed flowers in spring. Requires well drained soil in each full sun or partial shade. Ideal for a container.	Evergreen 4m x 2m
MICHELIA LEMON FRAGRANT	Michelia cross which produces a mass of creamy white, lemon scented blooms over long period. Forms an attractive, smaller tree ideal for all gardens. Protect from strong wind and heavy frost. PVR applied for.	Evergreen Ht 4m X 3m
MICHELIA MAGNOLIA FAIRY BLUSH	(Mark Jury Hybrid) Beautiful lightly fragrant flowers blushed lilac pink. Upright, compact shrub. Suitable as specimen in garden, in container, or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	Evergreen Ht 3 x 2 m
NANDINA DOMESTICA BLUSH	Stunning dwarf variety that produces soft blush coloured new growth that deepens to bright red. Grows well in full sun to part shade in well drained soil. Hardy to drought and frost. PVR	Evergreen Ht. 70cm
NANDINA DOMESTICA FIREPOWER	Selected form of Dwarf Chinese Bamboo forming a compact, rounded shrub with fresh lime-green leaves in summer, turning vivid hot-pink and deep wine red in autumn and winter.	Evergreen. Ht 60cm x W 60cm
NANDINA DOMESTICA GULF STREAM	(Dwarf Chinese Bamboo) Dwarf selection with blue-green summer foliage which turns bright red in autumn to winter. Plant in full sun to semi shade and tolerates wet or dry soil conditions. Very hardy.	Evergreen. Ht 75cm X 60cm
NANDINA DOMESTICA LEMON LIME	Compact selection with lush lime green foliage year round. New leaves lemon , turning lime green with age. Great for borders, pots or small gardens. Prefers moist, well drained soil and sun to part shade. Very hardy.	Evergreen Ht. 60cm
NANDINA DOMESTICA PYGMAEA	(Dwarf Chinese Bamboo) Compact, rounded, densely foliated bush with attractive green/purple/crimson/orange leaves. Very hardy. Prefers full sun. Requires little maintenance.	Evergreen. Ht 30cm
NANDINA DOMESTICA RICHMOND	"Sacred Bamboo" Attractive foliage tinged red in spring and autumn. Large erect spires of stunning bright orange berries. Great performer for winter colour.	Evergreen. Ht 1.8m
NERIUM RUBY LACE	A bushy shrub with masses of ruby red single flowers in profusion from late Spring and throughout Summer. Stands dry conditions. Trim after flowering. Sunny position. Hardy.	Evergreen. Ht. 2m.
OPHIPOGON JAPANICUS NANUS	(Dwarf Green Mondo Grass) Deep water marginal plant. Grown as edging/groundcover plant with white-lilac flowers and blue berries. Or can be submerged in pond as non-flowering aquatic plant. Plant 0-30cm deep. Very hardy	Evergreen Ht 5cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
OPHIOPOGON PLANISCAPUS	Small grass-like plant forming a tuft of curving leaves. Loose racemes of white-lilac flowers appear through summer, followed by dull blue fruit. Sun or shade requires adequate moisture in summer.	Evergreen. Ht. 25cm
OPHIOPOGON PLANISCAPUS NIGRESCENS	Black Mondo Grass Very unusual black foliage, white flowers and dark blue berries, excellent rockery plant. Hardy, dwarf and bushy.	Evergreen. Ht 20cm
OSMANTHUS DELAVAYI	Very beautiful small leaved shrub. Fragrant white flowers in spring. Prefer partial shade, slightly acid soil and well drained soil. Very hardy.	Evergreen Ht 1.5m.
OSMANTHUS X BURKWOODII	Very hardy shrub of compact growth. Sweetly scented white flowers produced in April - May. Tolerates some drought and shade.	Evergreen Ht 1.5m.
OSMANTHUS X FORTUNEI	An upright, dense, evergreen shrub with deep green, holly-like leaves. The flowers are highly fragrant and are produced over a long period in autumn. Prefers a sunny site.	Evergreen Ht. 2m
OZOTHAMNUS WINTER WHITE	Small shrub with aromatic curry scented foliage. Large heads of small white flowers. White buds are attractive before opening. Excellent cut flower.	Evergreen Ht. 1.5m
PACHYSANDRA TERMINALIS	Hardy ground cover. Flowers greenish-white in late winter and spring. Prefers moist, lime-free soil. Shade to part shade.	Evergreen. W
PACHYSANDRA TERMINALIS GREEN SHEEN	Improved selection with glossy foliage and improved heat tolerance, but suitable for dry shade. A versatile ground cover! Very hardy.	Evergreen ht 30cm x 1m wide
PAEONIA TREE PLEASANT POINT	An excellent bush with rose pink dusted semi-double fluted petals over a cream base, contrasting on dark foliage. (NZ Irvine Sutherland registered variety)	Deciduous Ht. 1.5m
PHEBALIUM GOLD NUGGET	Compact rounded shrub. Stunning display of golden flowers in Spring. Well drained soil in full sun. Trim lightly after flowering.	Evergreen. Ht. 1.5x1.5m
PHEBALIUM ILLUMINATION	(Variegated Satinwood) A columnar shrub with attractive foliage with margined gold leaves, providing brilliant colour year round. Small white flowers in summer. Requires well drained soil. Can be trimmed.	Evergreen Ht 3m
PHOTINIA X FRASERI RED ROBIN	A broad leaved evergreen with fiery red new growth which may be induced by pruning at any time. Excellent hedging plant. Very hardy.	Evergreen. Ht 2.5m
PHYLICA PUBESCENS GOLDEN PLUME	Flannel bush) Small erect shrub with downy shoots. Golden-yellow feathery plumes are produced at the tip of each branch during winter. Good for picking. Protect from heavy frost.	
PIERIS FOREST FLAME	Small white bell shaped clusters in Spring on a compact shrub. Brilliant flame red young growth. Requires acid soil conditions and prefers semi-shaded position.	Evergreen. Ht 2m
PIERIS FORMOSA FORRESTII WAKEHURST	Magnificent flowering shrub with vivid red new foliage which contrasts beautifully with the glistening white flowers. Prefers acidic soil and some shade.	Evergreen Ht 2.5m
PIERIS JAPONICA CHRISTMAS CHEER	Glossy green leaves, shining copper young growth. Masses of waxy bell shape flowers flushed with deep rose at the tips giving a bicolour effect. Prefers semi shade and acidic soils. Hardy.	Evergreen. Ht 2m
PIERIS JAPONICA MOUNTAIN FIRE	Bright red new growth in the summer, with cascades of white flowers in spring, makes this a lovely plant. Prefers some shade and acidic soils. Hardy	Evergreen. Ht 1.2m
PIERIS JAPONICA PINK DELIGHT	Very showy pink lily-of-the-valley flowers in early spring. Pink new growth. Prefers acid soil conditions. Mulch well. Hardy.	Evergreen. Ht 1.5m
PIERIS JAPONICA PURITY	Large trusses of snow white bell shaped flowers. Ideal woodland plant. Prefers full sun or part shade with rich well drained soils.	Evergreen. Ht 1m
PIERIS RYUKYENSIS TEMPLE BELLS	This has the biggest white flowers of all the Pieris in spring.. Erect rounded shrub with tiered horizontal branches and new growth bronzy red. Prefers dappled light and acidic soil.	Evergreen Ht 1.5 m

Plant Variety	Narrative	Spec.
Shrub (continued)		
PIERIS SCARLET O'HARA	Small green leaves with red new growth. White small bell shape clusters of flowers in Spring. Prefers acid soil conditions and prefers part shade conditions. Hardy.	Evergreen. Ht 1.5m
POLYGALA LITTLE BIBI	Polygala 'Little Bibi' holds a wonderful round ball shape. Ideal landscape plant low fuss. Heat and frost tolerant. Prefers full sun position and free drained soil.	Evergreen 100cm x 100cm
POLYGALA LITTLE GOLD NUGGETS	Low growing shrub with masses of deep purple/magenta flowers from early autumn through winter and into spring. Ideal for rockeries, borders or pots.	Evergreen. 20 X 30cm
PROTEA ALMOND FROST	Striking hybrid which produces cream bracts topped with almost pure white beard in winter. Some flowers produced throughout year. Prefers full sun and tolerates coastal conditions. Protect from heavy frost.	Evergreen Ht 2.5m X 3m
PROTEA CANDY	(Longifolia hybrid) Flowers have candy red bracts and black tuft in centre. Frost hardy once established. Good coastal plant and attractive to birds. Prune after flowering. Full sun.	Evergreen. Ht 1.5m
PROTEA CORONATA	Apple Green Protea. Upright shrub with terminal green flowers with a white tuft on the tip. Good for picking. Prefers well drained sunny site. Prune after flowering.	Evergreen. Ht 2m
PROTEA CYNAROIDES	(KING PROTEA) Large wide-open pink flowers produced from autumn to spring. Distinctive foliage on a rather open plant. Requires full sun and well-drained acid soil. Protect from heavy frost.	Evergreen. Ht 1.5m
PROTEA LEPIDOCARPODENDRON GREEN	An erect, bushy shrub. Pink flowers mature to green with a prominent black beard. Well draining, sunny position. Drought-tolerant once established. Prune late spring to encourage flowers the following year. Protect from frost	Evergreen 3M
PROTEA MAGNIFICA	(Queen Protea) One of the most spectacular with large soft to deep pink flowers, mostly in summer. Requires full sun and good drainage. Prune after flowering. Protect from heavy frost.	Evergreen. Ht 1.8m
PROTEA MAGNIFICA FIERY SUNSET	Large deep red flowers produced freely from late summer to spring. Prefers full sun and free draining soil. Prune after flowering.	Evergreen. Ht 1.5m
PROTEA NERIIFOLIA SILVERTIPS	Pink flowers, lightly fringed black, in autumn to spring. Excellent for picking. Prune after flowering. Good drainage essential. Full sun. No fertiliser or lime.	Evergreen. Ht 2.5m
PROTEA RED ICE	A red flowering form of the popular Protea Pink Ice. Prefers full sun and light soils. Prune after flowering. Protect from heavy frosts.	Evergreen Ht 2.5 x W 2.5
PROTEA TASMAN RUBY	A hybrid Protea with deep red bracts, with slightly silvery edges. A prolific bloomer from an early age. Prefers full sun in a free-draining soil. Protect from heavy frost when young.	Evergreen. Ht. 1.5m
PROTEA VENUS	(Protea repens x aristata) Striking deep red flowers in late winter-summer on stems suitable for picking. Robust and vigorous plant. Prune after flowering. Requires full sun and free draining soil.	Evergreen. Ht 1.5m
PRUNUS LAUROCERASUS	Vigorous wide spreading shrub suitable for screening. Evergreen hedge or as a tub plant. Useful for floral work. Grows well under large trees. Very hardy.	Evergreen. Ht 6m
PRUNUS LUSITANICUS	(Portuguese Laurel) Large shrub with long racemes of small white hawthorn-scented flower in December, followed by small dark purple fruits. Very hardy. Suitable as hedge or screening plant.	Evergreen Ht 4m .
PRUNUS LUSITANICUS MYRTIFOLIA	(Fine Leaf Portuguese Laurel) Compact form with finer, deep green leaves. Very hardy. Suitable as garden plant and can be trimmed as small hedge or topiary.	Evergreen Ht 1.5
PYRACANTHA ORANGE GLOW	Extremely hardy shrub with masses of white flowers in summer are followed by orange berries in winter.	Evergreen Ht 2x1m

Plant Variety	Narrative	Spec.
Shrub (continued)		
RETAMA MONOSPERMA	(syn. Genista) Very fragrant weeping shrub with long racemes of tiny, white fragrant flowers, with a purple calyx massed along the stem in spring and summer. Best in a sunny well drained site, protect from wind and heavy frost	Evergreen 3x2M
RHAPHIOLEPIS INDICA BALLERINA	Clean large deep pink flowers from Spring to Summer. Glossy green foliage with bronze tones. Hardy to drought when established, good in coastal conditions, will tolerate light frost.	Evergreen. Ht. 1m x 1m
ROSMARINUS LAVANDULACEUS	Beautiful scented prostrate shrub forming a mat with clusters of blue flowers. Ideal for banks and walls in a sunny spot. Very hardy.	Ground cover Width 2.5m
ROSMARINUS OFFICINALIS	(Upright Rosemary) Dense shrub. Greyish-green leaves, blue flowers produced in clusters along branches in October - November.	Evergreen. Ht 2m
RUSCUS ACULEATUS WHEELERS VARIETY	(Butchers Broom) Dark green, sharp foliage with small white flowers in spring followed by large red berries. Thrives in dense shade. Self fertile.	Evergreen. Ht 60cm
SARCOCOCCA RUSCIFOLIA	(Christmas Box) Masses of large crimson berries stand out against glossy green foliage. Makes an excellent tub plant or shrub for shady areas. Very hardy.	Evergreen. Ht 1m
SERRURIA PEPPERMINT STAR	New hybrid. Interesting striped flowers are produced in late Winter/early Spring on stems. Prefers deep free draining soils in full sun. Protect from frost.	Evergreen. Ht. 1m
SKIMMIA JAPONICA	Compact shrub with fragrant white flowers in Spring. Large dark green leaves. Ideal for Full or part shade moist but well drained acidic soils.	Evergreen. Ht 1.5m
SKIMMIA JAPONICA FEMALE	Compact shrub with fragrant white flowers in spring followed by bright red berries on female plants. Good for shade and coastal conditions. Needs male for berries.	Evergreen. Ht 1.5m
SKIMMIA JAPONICA REEVESIANA	Dwarf bush from China, clothed with narrowly elliptic green foliage. Short terminal panicles of white hermaphrodite blooms and clusters of crimson red berries. Self Fertile. Prefers some shade.	Evergreen Ht 70cm
TELOPEA BURGUNDY	A vigorous erect hybrid. Produces long stems of medium sized flowers in spring. Hardy and adaptable to most situations. Prune well after flowering.	Evergreen Ht. 3m
TELOPEA DAWN FIRE	A select early flowering form having smaller red flower heads on long light stems. Excellent cut flower. Suits full sun or partial shade in well drained situation. Prune after flowering. P.V.R.	Evergreen.
TEUCRIUM FRUTICANS	(Germanda) A low spreading shrub with grey green leaves producing rosemary like flowers in summer and autumn. The grey branches are popular for decorative work. Wind hardy.	Evergreen. 2.5m
THRYPTOMENE SAXICOLA WHITE	A low spreading shrub produces masses of white flowers winter/spring on long arching branches. Suitable for picking. Cut back after flowering. Prefers well drained soil in full sun	Evergreen Ht 1m x 1.5m
VIBURNUM DAVIDII	Compact shrub of low, wide-spreading habit with large dark green leathery leaves. Produces large clusters of white flowers in spring. Need to have plants of both sexes for the bright blue berries. Plant several if seedling grown. Very hardy.	Evergreen Ht 70cm
VIBURNUM JAPONICUM	Lustrous green foliage on a hardy compact shrub, bearing clusters of white, lightly scented flowers which ripen into small blue berries on female plants. Hardy	Evergreen Ht 2m
VIBURNUM RHYTIDOPHYLLUM	(Leather Leaf Viburnum) Hardy shrub with large leathery leaves. Large clusters of creamy white flowers in late spring sometimes followed by small black berries. Sun or semi-shade.	Evergreen. Ht 2m
VIBURNUM TINUS	Extremely popular evergreen large dense shrub with shiny green leaves. Branches of fragrant white and pink budded flowers in winter. Excellent in exposed windy conditions.	Evergreen. Ht 2-3m
VIBURNUM TINUS EMERALD BEAUTY	A superior selection, compact and bushy with dark green foliage. New growth tinged red. Carmine buds open to flattish clusters of pink-tinged flowers. Very hardy.	Evergreen. Ht 1.5mx1.3m

Plant Variety	Narrative	Spec.
Shrub (continued)		
VIBURNUM TINUS EVE PRICE	Selected dense compact form with smaller leaves. Very hardy shrub with clusters of white tinged pink flowers in late winter and early spring.	Evergreen. 1.5 X 1.2 m
VIBURNUM TINUS LUCIDUM	Large glossy green leaves with white flowers throughout late autumn and spring. Vigorous, hardy shrub ideal for shelter, screening, or hedging.	Ht 2.5m Evergreen.
WESTRINGIA BREVIFOLIA HIGHLIGHT	Neat, compact shrub with variegated leaves and bluish-mauve flowers throughout spring and summer. Good coastal plant, very hardy. Prefers sun and well-drained soil.	Evergreen Ht 1m
