Plant Variety	Narrative	Spec.
<b>Trees</b>		
<b>MALUS JELLY KING</b>	(Red Crab Apple) Pink buds opening to pure white flowers on a tall upright tree. Fruit orange-yellow overlaid red. Good for jelly and the birds leave the fruit alone in the autumn. PVR	Deciduous. Ht 4 x 3 m
<b>Crabapples</b>		
<b>MALUS ARROW GOLD</b>	White blossom is followed by a profusion of large, light yellow fruit held in clusters on horizontal branches. Makes a spectacular display from autumn into winter. Hardy.	Deciduous.Ht. 3m
<b>MALUS BALLERINA</b>	(Crab Apple) In September bunches of red buds open to large frilly double pink blossoms turning white then pink. Followed by showey large apricot coloured crab apples. Neat small tree.Very hardy.	Deciduous Ht. 3m
<b>MALUS BALLERINA MAYPOLE</b>	World's most compact crabapple! Stunning columnar shaped tree with masses of large carmine spring flowers followed by large purple-red crabapples.Ideal for containers or architectural plantings.Very hardy.	Deciduous Ht 4m x 0.3m
<b>MALUS BARBARA ANN</b>	Masses of double wine-red flowers in spring. Upright growth habit. Very hardy	Deciduous. Ht 3m
<b>MALUS CORONARIA CHARLOTTAE</b>	(FLOWERING CRAB APPLE) Large semi-double violet scented shell pink flowers. Bright green fruit and good colours in autumn. Hardy. Grows almost anywhere.	Deciduous. Ht 3m
<b>MALUS CORONET PEAK</b>	(Crab Apple) Golden fruit in late autumn - early winter on branches with a weeping tendency. A healthy and hardy form from the Queenstown area.	Deciduous. Ht 3m
<b>MALUS ELLERSLIE</b>	Weeping crab apple with darker red buds opening to soft crimson flowers with bronze-red foliage. Large purple-red fruit in summer. Good for jelly making in autumn.	Deciduous.
<b>MALUS FLORIBUNDA</b>	(Japanese Crab Apple) Extremely popular variety with graceful arching branches. Myriads of crimson buds in spring open into white or pale pink flowers. Prune after flowering.	Deciduous. Ht 5m
<b>MALUS GOLDEN HORNET</b>	An upright crab apple with white spring blossoms and a great crop of small, shiny, golden fruit borne in clusters and lasting well into the winter.	Deciduous. Ht 3m
<b>MALUS IOENSIS PLENA</b>	(Bechtel's Crab Apple) One of the most beautiful flowering crab apples with large semi-double soft pink fragrant flowers. Small greenish yellow fruit. Lovely Autumn colour on a vase-shaped small tree.Very hardy.	Deciduous Ht. 3-4m
<b>MALUS JACK HUMM</b>	(Crab Apple) Produces pink and white apple like blossom in spring .Followed by a profusion of large red apples, which stay on tree well into winter. Very hardy and suitable for growing in wide range of soils and climatic conditions	Deciduous. Ht. 3m
<b>MALUS JELLY KING</b>	(Red Crab Apple) Pink buds opening to pure white flowers on a tall upright tree. Fruit orange-yellow overlaid red. Good for jelly and the birds leave the fruit alone in the autumn. PVR	Deciduous. Ht 4 x 3 m
<b>MALUS RED JADE</b>	Lovely small tree with weeping branches. Young leaves bright green. Pink-white flowers are followed by cherry-size scarlet berries for long period. Hardy, thriving in fertile soil.	Deciduous. Ht 3m
<b>MALUS RED TOP</b>	Striking upright growing tree ideal for street planting or as a specimen. Attractive dark pink spring blossom and bright red small fruit in autumn.Best with full sun and good soil. Hardy.(PVR)	Deciduous Ht 5m X 3m
<b>MALUS VAN ESELTINE</b>	(Crab Apple) Hardy upright tree. Large double rose pink flowers followed by yellow crab apple fruit with a red blush.	Deciduous. Ht 3m
<b>PYRUS CALLERYANA KEA</b>	Found in Queenstown. Has glossy green foliage which changes to brilliant burgundy and green during autumn and persisting well into winter. Multi-branched bushy habit. Can be trained and pruned to shape. Very frost hardy.	Deciduous. Ht 6-7m.

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
<b>deciduous</b>		
ACER PSEUDOPATANUS LEOPOLDII	A large tree with yellowish-pink leaves at first, later green, with specks of yellow and pink. Slower growing and needs shelter when young .Very hardy to cold.	Deciduous. Ht 4m
AESCLUSUS X CARNEA BRIOTTII	(Red Horse Chestnut) Bold handsome leaves and rosy crimson flowers in big clusters. Perfect lawn specimen or for street planting for shade.	Deciduous. Ht 6m
ALBIZIA JULIBRISSIN RED SILK	Rose red silk tree producing fluffy silky blooms freely through the summer. Dainty, finely-divided foliage and upright habit. Prefers sunny, well-drained site.	Deciduous. Ht 5m
ALBIZIA JULIBRISSIN ROSEA	The hardiest of the species. The dense heads of fluffy flowers are bright pink. Full sun. Withstands severe frosts.	Deciduous Ht 3m
ALNUS CORDATA	(ITALIAN ALDER) A splendid medium sized conical shaped tree notable for its bright green glistening foliage. Grows well in all soils.Tolerates coastal conditions.	Deciduous. Ht 10m
ALNUS GLUTINOSA IMPERIALIS	(Cut Leaf Alder) An attractive alder with deeply and finely cut leaves. Very useful for damp situations. Lime tolerant.Very hardy.	Deciduous
AMELANCHIER CANADENSIS	(Shad Bush, Snowy Mespilus) A hardy medium sized shrub for moist/damp or well drained lime-free soil. Abundant racemes of white flowers in spring before leaves fully emerge. Excellent red autumn colour.	Deciduous. Ht 5m
BETULA PENDULA LACINIATA	Cut leaf birch with a graceful and open habit. Upright leader and pendulous branches. Conspicuous white trunk.	Deciduous 5m
BETULA PENDULA YOUNGII	(Weeping Silver Birch) Forms a beautiful small weeping tree with branches reaching the ground. Needs to be staked for a few years.Very hardy	Deciduous Ht. 5m
BETULA UTILIS JACQUEMONTII	(Sweet Birch) A form of Himalayan Birch selected for its very white bark and neat erect habit.Dark green leaves and good yellow tones. Attractive and very hardy.The trunks look spectacular when planted in groups of three.	Deciduous Ht 8m X 5m
BETULA UTILIS JACQUEMONTII DAZZLER	A hardy deciduous tree. A superior selection with amazing white bark and green leaves that are larger than those of Jacquemontii.	Deciduous. Ht. 8 x 5m
BETULA UTILIS JERMYNS	Highly ornamental hybrid with shining white bark that peels to reveal salmony orange backing.Smaller branches are coppery.long green catkins in spring.Very hardy.	Deciduous. Ht 5m in 10 yrs
BETULA UTILIS WHITE SPIRE	A vigorous and upright fastigate habit with a strikingly white trunk at an early age. Verely hardy tree which tolerates wind and cold.Suitable for most soil types .Good yellow autumn colour.	Deciduous 8m
CARPINUS BETULUS	(COMMON HORNBEAM) A medium tree with grey fluted trunk and oval ribbed leaves. This hardy tree retains its brown leaves over winter when young.	Deciduous. Ht 15m
CERCIS AVONDALE	Leaves are heart shaped in rich green. Deep cerise pink flowers in spring. Prefers warm sunny site and well drained soil.	Ht 2.5-3m Deciduous.
CERCIS CANADENSIS FOREST PANSY	(American Redbud) Deep pink-purple flowers appear before leaves. Beautiful large showy leaves of purple. Prune lightly. Prefers sunny well-drained site and protection from strong winds.Cold hardy.	Deciduous. Ht 4m
CERCIS CANADENSIS HEARTS OF GOLD	Tiny purple flowers in early spring. New foliage emerging with bronze tones turning to blaze of golden foliage holding throughout summer. Ideal for smaller gardens. Frost hardy. PVR.	Deciduous Ht 4.5m
CLADRASTRIS LUTEA	Handsome tree which produces long,drooping wistaria-like,fragrantwhite flowers in December.Leaves turn clear yellow in autumn. Hardy.	Deciduous. Ht 5m
CORNUS ALTERNIFOLIA ARGENTEA	(Variegated pgoda tree) Beautiful small tree with branches arranged in horizontal tiers,giving impression of layered shrub.Has cream edged leaves.White flower bracts appear in early summer.Moist,well drained soil and sun to part shade.Hardy.	Deciduous Ht 3m X 2.5m
CORNUS CAPITATA	A small tree covered in sulphur yellow flowers in summer followed by red strawberry like fruit. Very hardy.	Evergreen. Ht. 4m
CORNUS CONTROVERSA VARIEGATA	(Wedding Cake Tree) A very ornamental small tree with horizontal branches in tiers and striking silver margined leaves. Slow growing to about 2m in 10 years.Very hardy. Prefers well drained soil and sun.	Deciduous Ht 5m x 4m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
CORNUS EDDIE'S WHITE WONDER	(American Dogwood) A superb hardy small tree producing large white flowers in spring. Red berries in winter. Rich autumn foliage and handsome stems. Very hardy to cold. Prefers well drained soil.	Deciduous Ht 3m X 4m
CORNUS FLORIDA CHEROKEE CHIEF	Deepest red flowering Cornus available. Four petalled bracts are ruby red and hold colour well through spring. New growth is bronze red, turns bright scarlet when mature.	Deciduous Ht. 4m
CORNUS FLORIDA CHEROKEE DAYBREAK	(dogwood) Foliage green with creamy-white margins. Large snow white booms. Autumn foliage salmon pink and rosy purple.	Deciduous. Ht 3m
CORNUS FLORIDA CHEROKEE SUNSET	Foliage green with lemon-yellow margins. Blooms rosy red. Beautiful autumn colours of red, pink and purple. Prefers well drained soil. Cold hardy.	Ht 3m Deciduous.
CORNUS FLORIDA RAINBOW	Bright yellow and green leaves in summer, turning scarlet- lavender-blue and cream in autumn. White flowers bracts are conspicuous over spring. Good soil conditions.	Deciduous. Ht 3m
CORNUS FLORIDA SPRING SONG	(Dogwood) Bright deep rose-red flower bracts in spring. Good autumn colour. Requires protection from wind and good soil.	Deciduous. Ht 2.5m
CORNUS FLORIDA STOKES PINK	Flower bracts are a clear rich pink and flowers are produced in profusion during spring. Autumn foliage is a blend of reds and purple. Hardy.	Deciduous Ht 4m
CORNUS GREENVALE	Upright small tree with large cream flowers which adorn tree in late spring/summer, followed by strawberry like fruits. Autumn colour is orange/red. Good drainage and warm sunny site. Very hardy. PVR	Deciduous Ht 3.5m X 2m
CORNUS KOUSA MOONBEAM	Large cream flowers in summer. Deep green foliage. Vigorous but open grower. Prefers well drained soil. Very hardy.	Deciduous Ht 6m
CRATAEGUS CHRYSOCARPA	(Scarlet Hawthorn) Hardy, small tree-like shrub, broadly spreading. Orange autumn colours.	Deciduous Ht 2-3m
CRATAEGUS LAEVIGATA COCCINEA PLENA	(Paul's Scarlet, Red May) Thornless hawthorn tree with double scarlet flowers in late spring. Very hardy. Grows in most situations, including coastal.	Deciduous Ht 4m
CRATAEGUS LAEVIGATA ROSEA FLORE PLENO	(Pink Flowering Hawthorn) Masses of double pink flowers in spring. Very hardy, including to coastal conditions. Suitable for moist soil conditions.	Deciduous. Ht 5m
DAVIDIA INVOLUCRATA	(Dove or Ghost tree) This beautiful medium sized tree is most conspicuous in early spring when draped with its large white bracts. Best in fertile soil with some shelter. Very hardy.	Deciduous Ht 6m
FAGUS SYLVATICA	(English Beech) Noble large tree suitable for lime soils. Leaves turn golden, then brown in autumn and stay on tree well into winter. Prefers well drained soil in reasonably sheltered site.	Deciduous. Ht 10m
FAGUS SYLVATICA DAWYCK	Tall columnar tree broadening with maturity. Deep green leaves tinged with bronze are carried densely on this neat tree. Suitable for smaller garden. Hardy.	Deciduous. Ht 8m
FAGUS SYLVATICA DAWYCK PURPLE	Splendid narrowly columnar tree with large deep purple foliage. Narrower and not as dense as Dawyck Gold. Prefers well drained soil. Ideal for space restricted situations.	Deciduous. Ht 7m
FAGUS SYLVATICA PURPLE FOUNTAIN	(weeping English Beech) A narrow upright tree with purple leaves and weeping branches. Holds its colour nearly constant until Autumn, then dropping most foliage.	Deciduous 5m
FAGUS SYLVATICA PURPUREA	(Copper Beech) A beautiful large tree with lovely copper-bronze leaves which mature to deep purple. Prefers well drained soil. Full sun or part shade. Very hardy.	Deciduous Ht 10m
FAGUS SYLVATICA PURPUREA TRICOLOR	(Pink variegated Copper beech) Dark purple leaves attractively edged with an irregular pink border. Outstanding specimen tree.	Deciduous. Ht 10m
FAGUS SYLVATICA RIVERSII	(Rivers Copper Beech) Foliage slightly larger than Purple Beech and deeper red in spring. Holds its colour nearly constant until Autumn, then dropping most foliage.	Deciduous. Ht 10m
FRAXINUS EXCELSIOR AUREA	(GOLDEN ASH) Smooth golden yellow gracefully curving branches studded with black buds in winter. Yellow leaves in summer, turning golden in autumn. Good shade or specimen tree. Very hardy.	Deciduous. Ht 10m
FRAXINUS EXCELSIOR GREEN GLOW	Compact beehive shaped deciduous tree. Bronze foliage when young turns mid-green throughout season. Hardy.	Deciduous. Ht 6m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
FRAXINUS OXYCARPA RAYWOODII	(Claret Ash) Graceful tree suitable for street and ornamental planting. Leaves are deep green in spring/summer, turning lemon-green then rich claret colour in autumn. Good shade tree and very hardy.	Deciduous. Ht 7m
GLEDITSIA TRIACANTHOS LIMELIGHT	Fine lime green-yellow foliated tree that is easy to establish. As a shade tree it is perfect providing light shade with a very cool appearance of the whole tree. PVR	Deciduous. Ht 5m
GLEDITSIA TRIACANTHOS RUBY LACE	Attractive purple fern-like, divided foliage, turning greenish-purple in summer. Prefers well drained, drier soil conditions and full sun to bring out the best colour. Cold hardy.	Deciduous. Ht 5m
GLEDITSIA TRIACANTHOS SUNBURST	Attractive tree with golden pinnate foliage. An outstanding plant for specimen for planting in a lawn or garden. Likes a warm sunny, sheltered position with good drainage.	Deciduous. Ht 6m
LABURNUM X WATERERI VOSSII	(Golden rain tree) Very free-flowering small tree with long racemes of yellow flowers in Nov -Dec. Suitable for most soil types. Very hardy.	Deciduous. Ht 4m
LAGERSTROEMIA INDICA SAINT EMILION	(Crepe Myrtle) Vigorous erect small tree of prolific flowering habit. Produces large, bright red, crimson blooms freely throughout summer. Attractive bark and good autumn colour. Hardy to cold and revels in heat.	Deciduous Ht 3.5m X 2.5m
LAGERSTROEMIA INDICA SOIR D'ETE	Attractive large shrub or small tree with soft almond-pink almond flowers in summer. Deep green leaves turn yellow, orange and red in autumn. Bark is brown and mottled, looking great over winter. Very hardy	Deciduous Ht 2.5 X 2.0 m
LIQUIDAMBAR STYRACIFLUA	(American Sweet Gum) A stately, pyramidal tree with shining, dark green maple-like leaves and rugged, corky bark. Has autumn shades of red, orange, yellow and purple. Hardy. Protect from strong wind.	Deciduous Ht 7m in 10 yrs.
LIQUIDAMBAR STYRACIFLUA BURGUNDY	A selected form of American Sweet Gum with a narrow, pyramidal shape and large leaves with rich burgundy autumn tones that often last well into winter.	Deciduous Ht 5 x 3m in 10 yrs
LIQUIDAMBAR STYRACIFLUA GUM BALL	A remarkable form of Sweet Gum with dense, shrubby habit. Autumn colours of orange-red and purple, persisting well into winter. Colours best in open position.	Deciduous Ht 2.5 x 2m
LIQUIDAMBAR STYRACIFLUA WORPLESDON	Upright pyramidal form with rich green summer leaves then scarlet orange and gold in autumn. Prefers good soil and requires adequate summer moisture. Full sun. Tolerates wind.	Deciduous. Ht 6x4m
LIQUIDAMBER STYRACIFLUA GOLDEN TREASURE	Handsome maple like leaves with golden margin providing excellent garden colour from spring to autumn. Autumn shades splashed with pink and carmine. Slow growing and needs sheltered garden. Hardy.	Deciduous Ht 3m X 2m
LIQUIDAMBER STYRACIFOLIA LANE ROBERTS	A selected form of American Sweet Gum with smoother bark and very reliable autumn colour of rich blackish crimson-red. Upright conical form. Cold hardy but needs protection from strong winds.	Deciduous Ht 5m in 10 years
LIRIODENDRON TULIPIFERA	(Tulip tree) Fast growing, beautiful large tree with large bright green, saddle shaped leaves. Yellow-green tulip-like flowers, in summer. Butter yellow autumn leaves. Very hardy.	Deciduous Ht 10m in 15yrs.
LIRIODENDRON TULIPIFERA FASTIGIATUM	UPRIGHT TULIP TREE. This erect growing tree has unusual shaped green leaves turning clear yellow in autumn. Noted for its greeny-yellow tulip flowers.	Deciduous. Ht 6m
NYSSA SYLVATICA	(Black Gum or Tupelo Tree) A handsome slow-growing tree of broadly columnar outline. Leaves dark glossy green turning scarlet orange and yellow in autumn. Prefers damp soil conditions and shelter from strong wind.	Deciduous Ht 7m
OSTRYA CARPINIFOLIA	(Hop Hornbeam) Round-headed tree with ovate, double toothed leaves, which turn yellow in Autumn. Attractive in Spring when it produces many long drooping catkins. Plant in moist soil in an open position. Very hardy.	Deciduous Ht 15m
PISTACIA CHINENSIS	(Chinese Mastic Tree) A hardy large shrub or small tree with elegant glossy pinnate leaves which colour richly in autumn.	Deciduous Ht 5m X 2m
PLATANUS ACE OF CLUBS	(Oriental Plane Tree Hybrid) Dark green, divided foliage which turns golden yellow in autumn. Upright branching habit. Very hardy and good for exposed sites.	Deciduous Ht 9m x 6m
PLATANUS ORIENTALIS	(Oriental Plane) Large spreading shade tree with large bright green leaves, which are deeply cut. Bark flakes to give dappled appearance. Often grown as a street tree. Very hardy.	Deciduous. Ht 15m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
PLATANUS X ACERIFOLIA	(LONDON PLANE) Large noble tree with attractive mottled bark, large leaves. Very hardy and stands severe pruning.	Deciduous Ht 10m
POPULUS X EURAMERICANA	(Crows Nest Poplar) Similar growth habit to P. Lombardy. Fast growing and resistant to rust. Useful as shelterbelts and amenity planting.	Deciduous. Ht 5m
POPULUS X EURAMERICANA VERONESE	(Veronese Poplar) Hardy shelter tree of straight stems and narrow crown. Medium possum and rust resistance. More drought resistant and wind hardy than Tasman. Tolerates clay soil. Plant at 1m spacing for single row .	D7m in 10 years
PYRUS CALLERYANA	Medium sized ornamental pear with large oval, finely toothed, glossy green leaves. Fruits small and brown.	Deciduous. Ht 5m
PYRUS CALLERYANA ARISTOCRAT	Medium sized tree with showy white spring blossom, lush wavy, cupped foliage and strong pyramidal growth habit. Yellow to red autumn tonings. Suitable as shade, avenue or specimen tree. Very hardy. High health variety.	Deciduous Ht 6 X 4m
PYRUS CALLERYANA BRADFORD	Selected , non thorny form. Vigorous , medium sized , dense headed tree, flowering profusely in late spring. Attractive autumn foliage in shades of orange through to scarlet red. Very hardy . Suitable as street tree.	Deciduous Ht 6m X 4m
QUERCUS COCCINEA	(Scarlet Oak) A large tree with glistening green leaves in summer turning magnificent red in autumn. One of the finest trees for autumn colour.	Deciduous Ht. 10m
QUERCUS PALUSTRIS	(Pin Oak) A fast growing large dense headed tree. Elegant slender branches droop gracefully at tips. Leaves shining green turning red in autumn. Good in moist conditions.	Deciduous Ht. 18m
QUERCUS ROBUR	(ENGLISH OAK) A large long lived tree developing a broad head with rugged branches. Excellent for planting near ponds for feeding ducks with the acorns.	Deciduous. Ht 8m
ROBINIA PSEUDOACACIA FRISIA	(Golden Frisia) Outstanding small to medium sized tree with leaves a rich golden yellow from spring to autumn. NZNA tree of the year for 1984.	Deciduous. Ht 4m
ROBINIA PSEUDOACACIA INERMIS	"MOP TOP ROBINIA" Small tree with a compact, rounded head of thornless branches. Fresh green new growth. Hardy. Requires shelter from strong winds. Suitable for tub plant.	Deciduous. Ht 4m
ROBINIA PSEUDOACACIA LACE LADY	Lace Lady Robinia) This stunning miniature tree has all the qualities of oriental charm. It is a perfect tub plant or garden specimen. Prefers full sun, average soil conditions. Hardy.	Deciduous. Ht 1.5m
SALIX ALBA VITELLINA 1	Golden Willow. A smaller tree with brilliant egg-yolk yellow shoots. A fast growing tree, very hardy and likes moist soils.	5-10 m
SALIX MATSUDANA TORTUOSA	(Tortured Willow) Curious twisted twigs and branches. Ideal for damp areas, hardy. Excellent for flower arranging.	Deciduous. Ht 5m
SALIX X CHRYSOCOMA	(Golden Weeping Willow) Wide spreading tree with vigorous arching branches, weeping to the ground. Light green leaves and golden stems which deepen in colour in winter. Grows well in wet situation. Very hardy.	Deciduous Ht 8m
SOPHORA JAPONICA PENDULA	(Weeping Japanese Pagoda Tree) Picturesque, small weeping tree with stiffly drooping branches. Creamy-white pea flowers in large panicles in late summer. Prefers sun and fertile well-drained soil. Very hardy.	Deciduous.
SORBUS ARIA LUTESCENS	(Silver Whitebeam) Young foliage is silvery, maturing to grey-green. White flowers in spring are followed by large orange-red berries in autumn. Spreading tree, upright when young. Very hardy.	Deciduous. Ht 5m
SORBUS AUCUPARIA SCARLET KING	Upright form with large bunches of scarlet berries through autumn and summer. Suited to most soil types. Very hardy to cold and berries best in extreme cold.	Deciduous. Ht 7m
SORBUS CASHMIRIANA	Beautiful small tree with red young branches. . Deep green , pinnate leaves and soft pink flowers in spring, followed by large , glistening white berries in summer. Very hardy.	Deciduous. Ht 3m
SORBUS HUPEHENSIS	(Pink Rowan Berry) Blue-green leaves colouring purple in fall. Pretty panicles of white flowers in Spring followed by pink berries in Autumn. Very hardy.	Deciduous. Ht 6m
SYRINGA ESTHER STAYLEY	(Lilac) Flowers are single and soft pink with red buds. Prefers an open situation and a little lime.	Deciduous. Ht 3m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
SYRINGA MADAME LEMOINE	Scented trusses of double pure white blossom in late spring. Old favourite lilac which is excellent for picking. Prefers rich deep soil with lime in full sun to light shade. Prune after flowering.	Deciduous. Ht 2.5m
SYRINGA PERSICA ALBA	(Persian Lilac) Beautiful display of fragrant flowers of white flowers. Great for border, informal hedge of specimen.	Deciduous Ht.2m
TILIA CORDATA	(Small Leaved Lime Tree) Heart shaped dark green leaves, with pale undersides. Excellent specimen tree with even crown and scented ,creamy-yellow flowers in summer.very hardy.	Deciduous Ht 8m
TILIA PLATYPHYLLOS	(LIME TREE) Broad leaved lime. A large wide spreading tree. Pale yellow flowers in summer.	Deciduous. Ht 10m
ULMUS CARPINIFOLIA VARIEGATA	(Smooth Leaved Elm) Graceful open habit with leaves densely mottled white. Invaluable as a windbreak or in a coastal situation.	Deciduous. Ht 15m
ULMUS GLABRA HORIZONTALIS	(UMBRELLA ELM) Horizontal elm forming a wide spreading umbrella-shaped tree. Wonderful canopy specimen tree.	Deciduous.
ULMUS GLABRA LUTESCENS	(Golden Elm) Lovely specimen and shade tree with golden yellow foliage right through spring and autumn. Fairly wind tolerant and will stand heavy pruning in winter.	Deciduous. Ht 6m X 6m
ULMUS PARVIFOLIA	One of the most splendid elms with small rich green leaves which persist half way through the winter. Resistant to Dutch Elm disease.	Deciduous Ht 6m.
ULMUS X HOLLANDICA LOBEL	(Upright Elm ) Fast growing tree of upright habit. Very wind resistant and hardy. Suitable for planting close to buildings.	Deciduous Ht 10m X 3m
<b>evergreen</b>		
ACACIA BAILEYANA	(Cootamunda wattle) A small tree or large shrub with attractive glaucous foliage and masses of fluffy yellow flowers.	Evergreen. Ht 5m
ACACIA FLORIBUNDA	(White Sallow Wattle) Very fast growing bushy small tree with graceful weeping branches and yellow flowers in early spring. Hardy.	Evergreen. Ht 4m
ACACIA MELANOXYLON	(Blackwood) A fast growing good timber wattle. Average for frost, very attractive. Suits a hot climate with average moisture.	Evergreen Ht 10m
ACACIA RETINOIDES	(Swamp Wattle) A large spreading tree with narrow lance-shaped grey-green leaves. Clouds of bright yellow flowers. Prefers moist but well drained soil and full sun.	Evergreen Ht. 6m
ARAUCARIA HETEROPHYLLA	(NORFOLK ISLAND PINE) Especially suited to coastal planting, withstands salt winds, excellent tub plant and Christmas tree. Shelter from heavy frost.	Evergreen. Ht 10m
AZARA MICROPHYLLA	(Vanilla Tree) An elegant hardy small tree. Flowers are small yellow vanilla scented and carried on the underside of twigs in early spring. Hardy.	Evergreen. Ht 4m
AZARA MICROPHYLLA VARIEGATA	An elegant small tree, leaves prettily variegated. Yellow, vanilla scented flowers appear on underside of twigs in spring. Slow growing, hardy.	Evergreen. Ht. 3m
CORYMBIA FICIFOLIA	(Red Flowering Gum)(Formally Eucalyptus) Flowers varying from vermilion through red to cream on seedling grown plants, from Dec - Feb are very showy. Grows well in coastal areas. Prefers moisture, but protect from frosts when young.	Evergreen. Ht 7m
EMBOTHRIUM COCCINEUM LANCEOLATUM	(Chilean Firebush) One of the world's showiest trees in late spring. Orange vermilion honeysuckle-shaped flowers smother graceful weeping branches. Moist acid peaty soil. No fertiliser. Protect from heavy frosts.	Evergreen Ht 5m
EUCALYPTUS CINEREA	Fast growing tree with furrowed bark and striking silvery blue foliage. Cream flowers in winter attracts birds and bees. Well drained soil	Ht 8m
EUCALYPTUS FORRESTIANA	(Fuschia Gum) Dark green foliage with smooth grey bark peeling off in summer. A striking feature is the display of bright red flower buds, hang on the tree before opening to reveal clusters of yellow stamens.	Evergreen Ht. 10m
EUCALYPTUS GLOBOIDEA	Medium-sized timber tree suitable for warmer sites. Tolerates infertile soils. Easier to mill than most Eucalyptus. Ground-durable cream & pink timber. Suitable for posts or high-quality uses. White flowers from April-June. Tolerates light frosts.	Evergreen Ht 6m in 5yrs
EUCALYPTUS NICHOLII	(Willow Peppermint Gum) Decorative gum with narrow leaves and graceful weeping habit.. Fast growing. Can be trimmed. Very hardy.	Evergreen. Ht 5m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
<b>EUCALYPTUS OVATA</b>	(Swamp Gum) A medium sized tree with flaky bark on the lower trunk. Leaves are ovate-lanceolate, glossy & waxy. White flowers from autumn to spring. Suitable for water logged sites, also mildly saline. Reliable coppicing.	Evergreen Ht 15m
<b>EUCALYPTUS PULVERULENTA BABY BLUE</b>	Small tree with silvery blue leaves suitable for floral work. Hardy. Prefers well-drained soil.	Evergreen. Ht 3m
<b>EUCALYPTUS VIMINALIS</b>	(Ribbon Gum) Tall tree with smooth mainly white bark that is shed in long ribbons. White flowers from late spring to autumn.	Evergreen. Ht 25-30m
<b>PHEBALIUM ILLUMINATION</b>	(Variegated Satinwood) A columnar shrub with attractive foliage with margined gold leaves, providing brilliant colour year round. Small white flowers in summer. Requires well drained soil . Can be trimmed.	Evergreen Ht 3m
<b>PHEBALIUM SQUAMEUM</b>	Fast growing, erect columnar tree with white flowers. Requires good drainage. Good for specimen or screen planting. Hardy. Protect from cold winds.	Evergreen Ht 4m
<b>PHEBALIUM SQUAMEUM LIMELIGHT</b>	(Variegated Satinwood) Vigorous fast growing plant that has a subtle lime and green variegated foliage. Requires good drainage. Hardy.	Evergreen Ht 3m
<b>Flowering Cherries</b>		
<b>PRUNUS ACCOLADE</b>	An outstanding variety with graceful spreading branches. Flowers early, semi-double pink in pendulous clusters. Very hardy.	Deciduous. Ht 5m
<b>PRUNUS AMANOAWA</b>	(Upright Flowering Cherry) Small columnar tree with erect branches and dense upright clusters of fragrant semi-double shell pink flowers. Mid to late spring. Young leaves greenish bronze. Very hardy.	Ht 4 to 6m
<b>PRUNUS CAMPANULATA FELIX JURY</b>	(NZ Hybrid of Taiwan Cherry,) Small pyramidal tree with purple brown bark, large carmine-red pendent bell flowers gracefully hanging from every branch. Wonderful for birds.	Deciduous Ht 4m
<b>PRUNUS CAMPANULATA FELIX JURY (SERRULA)</b>	(NZ Hybrid of Taiwan Cherry,) Small pyramidal tree with purple brown bark, large carmine-red pendent bell flowers gracefully hanging from every branch. Wonderful for birds.	
<b>PRUNUS CAMPANULATA 'PINK CLOUD'</b>	Single clear pink blossoms in August in profusion. Each blossom has a cluster of upright petaloids giving a dainty appearance. Hardy.	Deciduous. Ht. 3m
<b>PRUNUS CAMPANULATA SUPERBA</b>	(taiwan Cherry) Dense clusters of pendulous claret bells in early spring. Loved by birds esp tuis. Small erect tree with round head. Best in a warm sunny position and ideal for small gardens.	Deciduous Ht 4.5m
<b>PRUNUS CERASIFERA NIGRA</b>	(Purple-leaved Cherry Plum) Pretty single pink blossom followed by dark purple foliage. Black stems dramatic through winter. Very hardy	Deciduous. Ht 4m
<b>PRUNUS INCISA</b>	(Fuji Cherry ) Lovely spring flowering small tree with waxy white flowers on stems. Good autumn colour. Very hardy.	Deciduous Ht 2.5m
<b>PRUNUS JIM'S DELIGHT</b>	Warm pink blossom smother the branches in early spring from an early age. Dark green foliage. Compact ,small tree. Very hardy.	Deciduous Ht 3m X 2m
<b>PRUNUS KANZAN</b>	A most popular flowering cherry. This is a strong growing medium sized vase shaped tree with large showy bright pink flowers. Young leaves are coppery red.	Deciduous Ht. 6m
<b>PRUNUS KIKU-SHIDARE SAKURA</b>	(Cheals Weeping Cherry) Arching drooping branches and double clear pink flowers in October. Young leaves bronze-green but later turn Green and glossy. Very hardy.	Deciduous. Ht 4m
<b>PRUNUS MOUNTAIN ICE</b>	Upward spreading habit with masses of striking white pendulous flowers in spring. Lovely rich autumn colour. Hardy, tolerates exposed sites.	Deciduous Ht. 6m
<b>PRUNUS MUME PEGGY CLARKE</b>	(Japanese Flowering Apricot) Early flowering blossom which is delightfully-fragrant, semi-double, rose-pink flowers on the bare branches. Very oriental-looking. Forming a small rounded head shape.	Deciduous Ht. 3-4m
<b>PRUNUS MUME 'THE GEISHA'</b>	(Flowering Apricot) Single rose pink delightfully scented flowers with numerous stamens are borne on bare stems in late winter. Small round headed tree. Very hardy.	Deciduous. Ht 3m
<b>PRUNUS OKAME</b>	Masses of carmine-rose flowers during Sept. Good autumn colour. Best in sheltered position to prevent premature flower damage. Very hardy.	Deciduous. Ht 5m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
PRUNUS PINK PERFECTION	Very striking small to medium sized tree , of upright,spreading shape. Flower are large double rosy pink carried in long drooping clusters. Young foliage bronze turning green , then orange in autumn. Very hardy.	Deciduous Ht 5m
PRUNUS SHIMIDSU SAKURA	One of the loveliest flowering cherries. Small spreading tree. Large fringed double flowers tinted pink in bud opening pure white in long stalked clusters.	Deciduous. Ht 4.5m
PRUNUS SHIMIDSU SAKURA.	One of the loveliest flowering cherries. Small spreading tree. Large fringed double flower tinted pink, opening pure white in long stalked clusters. Very hardy.	Deciduous Ht 4.5m
PRUNUS SHIROTAI	(Mount Fuji) A wide spreading tree producing an abundance of large semi-double white flowers in pendant clusters. Very hardy.	Deciduous. Ht 5m
PRUNUS TAI HAKU	(GREAT WHITE CHERRY) Very large single white flowers in Oct. New growth coppery red. Vigorous upright spreading tree. Best in sheltered position.	Deciduous. Ht 8m
PRUNUS THUNDERCLOUD	Purple leaved flowering plum. Single pale pink blossom in early spring followed by blackish purple foliage, retaining its deep colour right through the summer.	Deciduous. Ht 6m
PRUNUS UKON	A robust tree of spreading habit. Flowers semi-double pale yellow tinged green freely borne and very effective against brown-bronze young leaves.	Deciduous. Ht 5m
PRUNUS X BLIREANA	Beautiful large shrub or small tree with metallic coppery purple leaves. Flowers over 2.5cm across slightly fragrant rose pink. Very hardy.	Deciduous. Ht 4m
PRUNUS X SUB AUT. SOUTHERN GEM	Form of prunus Autumnalis selected by the late Chas McLaughlan of Dunedin. Larger and more plentiful blooms which are semi-double white flushed pink. Slightly smaller tree. Striking autumn colour of yellow/orange to purple. Very hardy.	Deciduous. Ht 4m
PRUNUS X SUB PENDULA FALLING SNOW	Pure white single flowers smother branches in spring. Mushroom-shaped tree. Very hardy.	Deciduous.
PRUNUS X SUB. AUTUMNALIS ROSEA	Semi-double pale pink flowers produced in spring and again during autumn. Good autumn tints. Hardy small tree.	Deciduous Ht 3m.
PRUNUS X SUB. PENDULA ROSEA	A small weeping mushroom-shaped tree. Flowers are rich pink in bud fading to a pale blush pink.	Deciduous Weeping
PRUNUS X YEDOENSIS	YOSHINO CHERRY. Single blush white flowers borne on long spreading branches in early spring. Orange-red autumn shades. Very hardy.	Deciduous. Ht 5m
PRUNUS X YEDOENSIS AWANUI	Graceful, medium sized tree with arching branches. Masses of single large pale pink flowers in early spring. Hardy. Excellent shade tree.	Deciduous. Ht 8m
<b>Magnolia</b>		
MAGNOLIA AMETHYST FLAME	(Vance Hooper Hybrid) Early season bright reddish purple medium sized blooms. A nice upright shrub or small tree habit.	Deciduous Ht. 2m
MAGNOLIA AURORA	Large early season with rich glowing reddish pink colour. An upright to spreading habit, one of the best Blumhardt hybrids.	Deciduous Ht. 6m
MAGNOLIA BILLOWING CLOUD	A smaller growing hybrid with an abundance of white flowers. Sweet perfume. A nice rounded habit.	Deciduous Ht. 3.5m
MAGNOLIA 'BRIXTON BELLE'	New Hybrid from Taranaki. A small rounded tree with large soft pink flowers. Ideal for the smaller garden. Sets flowers from a young age. PVR.	Deciduous 4m in 10 years
MAGNOLIA CAMEO	A large rounded bloom reddish purple outer sides on the petal and white inner sides. Flowers in mid Spring. A nice tree for a small garden. PVR	Deciduous Ht. 4m x3m
MAGNOLIA CAMPBELLII ALBA	A beautiful creamy white form of Campbellii with large, open tulip-shaped blooms. May take a few years to settle to flower but worth waiting for. Flowers in late winter -early spring. Hardy. Prefers well drained soil.	Deciduous. Ht 7m x 5m
MAGNOLIA CAMPBELLII LANARTH	A striking form of the early flowering type. The very large flowers are cyclamen-purple with even darker stamens.	Deciduous. Ht 7m
MAGNOLIA CAMPBELLII SIR HAROLD HILLIER	Lovely pure white, huge 'cup and saucer' shaped blooms. Upright growth habit, quickly forming a pyramidal shape, becoming a large round-crowned tree when mature	Deciduous 8m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
MAGNOLIA CLEOPATRA	Cup shaped rich purple flowers in early to mid Spring. Upright branching pyramidal habit. PVR	Deciduous Ht. 4m
MAGNOLIA DENU DATA GERE	A beautiful late flowering selection of this species with beautiful creamy white tulip shaped blooms.	Deciduous Ht. 7m
MAGNOLIA GENIE	(Magnolia soulangeana hybrid) Small pyramidal tree with lush mid-green foliage. Masses of early season rich velvety purple blooms. Prefers moist well drained site, with sun. Hardy. PVR.	Deciduous Ht.3.5m x2m
MAGNOLIA GRANDIFLORA BLANCHARD	A compact, pyramidal form with very attractive foliage. Broad leaves are a glossy, dark green with very distinctive coppery indumentum. Creamy-white, fragrant blooms in summer.	Evergreen Ht. 8m
MAGNOLIA GRANDIFLORA FERRUGINEA	A sturdy selected form with russeted felt beneath the glossy deep green leaves. Huge creamy-white, intensely fragrant blooms. A round-headed specimen tree.	Evergreen. Ht 8m
MAGNOLIA GRANDIFLORA KAY PARRIS	A compact vergreen magnolia. With medium white scented flowers in Spring. An ideal evergreen tree for a small garden.	Evergreen Ht. 4m X 3m
MAGNOLIA GRANDIFLORA MAIN STREET	Strong growing upright form ,suitable for street planting.Paler leaves than other varieties and sparse indumentum ,creating an overall silvery effect.Hardy.	Evergreen Ht 6m
MAGNOLIA HEAVEN SCENT	Pastel lavender pink flowers, toned softly towards the tips and white interior.Strongly fragrant.Upright growth. Hybrid of Liliflora and Veitchii .	Deciduous. Ht 4m x 2m
MAGNOLIA IOLANTHE	(Jury Hybrid) Very large pink blooms up to 28cm across. Flowers within three to four years from planting and flowers persist over 4 weeks.Prefers well drained, slightly acid soil.Protect from strong winds.	Deciduous. Ht 4m
MAGNOLIA J C WILLIAMS	(Also known as Caerheys New Purple) Produces large bowl shaped blooms which are very bright rosy purple. Strong upright habit.	Deciduous Ht 6m
MAGNOLIA KOBAN DORI	Beautiful yellow blooms, flowering with foliage. Smaller growing than other yellows.	Deciduous. Ht 4m X 2.5m
MAGNOLIA MARGARET HELEN	(Bred in Nz by Vance Hooper) A spectacular hybrid featuring lovely warm bowl-shaped blooms with pointed petals of clear pink, produced freely from a young age.Multi branched upright tree. Full sun to part shade. Shelter from strong winds.	Deciduous. Ht 5m X 2.5m
MAGNOLIA OLD PORT	Upright wine red blooms open to show white blushed red interior. Flowers pleasantly perfumed and produced abundantly on compact bush. Excellent for small garden. Requires some shelter and prefers well drained acid soil.	Deciduous Ht 2m
MAGNOLIA ROYAL PURPLE	Narrow upright tree with medium sized blooms of bright royal purple. Ideal for small gardens. Requires well drained soil.Hardy.	Decduous Ht 2m
MAGNOLIA STELLATA DAWN	A lovely form with semi-double blooms, pale lavender pink and white within.Excellent small tree for the garden, makes a great show in early spring.	Deciduous 2m
MAGNOLIA STELLATA JANE PLATT	(Pink Star Magnolia) Rich pink flowers with many petals on a compact bush. Best of the dwarf stellata types.	Deciduous 1.5m in 10 years
MAGNOLIA STELLATA ROSEA	A compact, rounded, twiggy shrub. In winter, the branches are covered in silky buds which open to fragrant, pink, star-shaped flowers which fade to white. Early flowering.	Deciduous Ht 2.5m
MAGNOLIA STELLATA ROYAL STAR	(Star Magnolia) Masses of large icy-white ,star-like ,freely produced from an early age in mid-spring. Strong growing tree and hardy .	Deciduos Ht 2.5 X 2.5 m
MAGNOLIA STELLATA WATERLILY	Slow growing, compact shrub with large white fragrant flowers. Winter buds grey-hairy. Profusely flowering.	Deciduous. Ht 3m
MAGNOLIA STRAWBERRY FIELDS	(Satan's Gift x R.brookenaum) A NZ Jury hybrid with vibrant red blooms in the shape of a large star. An upright columnar tree. Plant in a sheltered position in acid soil for best results.	Deciduous Ht. 5m
MAGNOLIA SUNSATON	Hybrid- Green buds open to cupped yellow flowers with a greenish tinge a red base. A small upright columnar form which is ideal for small spaces.	Deciduous Ht 4.5m
MAGNOLIA SUSAN	Erect, rounded multi-branched small tree smothered in late spring with glowing deep claret flowers. Flowers from an early age. Plant in acidic soil in sunny spot with some shade. Hardy.	Deciduous Ht 2.5m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
MAGNOLIA ULA	Bred in NZ by Ian Baldick, this magnolia has large rose pink blooms in late spring with a delightful perfume. Best grown in sunny position with shelter from strong winds. Prefers acid soil conditions and well drained soil.	Deciduous Ht 5m
MAGNOLIA VULCAN	(Liliflora hybrid x Lanarth) A real crowd stopper Flowers are a brilliant ruby red and of good size. Early flowering.	Deciduous. Ht 5m
MAGNOLIA X BROOKLYNENSIS WOODSMAN	An upright hybrid with unusual greenish yellow flowers with creamy white interiors produced from an early age.	Deciduous 4m
MAGNOLIA X RUBY	Burgundy wine red goblet shaped fragrant bloom, freely produced from an early age on a stiffly up-right tree	Deciduous Ht. 5m
MAGNOLIA X SOULANGEANA LENNEI ALBA	Ivory white flowers along branched in mid-spring. This small spreading tree flowers freely from an early age.	Deciduous Ht 4-5 metres
MAGNOLIA X SOULANGEANA RUSTICA RUBRA	This tree has soft rosy purple blooms with milky white interior, Freely produced from an early age in mid-spring. A strong growing tree and extremely hardy for all growing conditions.	Deciduous Ht.4-6 meters.
MAGNOLIA X STAR WARS	Very free flowering form with large star shaped rose flowers rose pink white within. Branches freely. Upright spreading habit.	Deciduous. Ht 6m.
<b>maples</b>		
ACER CIRCINATUM x PALMATUM HERBSTFEUER	A hybrid maple, A. palmatum, with fine leaves and exceptional orange-red autumn colour. Prefers part shade with moist, but well drained soils. Hardy	Deciduous Ht. 6-8m
ACER GRISEUM	(Paper Bark maple) Beautiful small tree with flaking cinnamon bark. Dark green leaves change to spectacular autumn colours of red and scarlet. Well drained soil with adequate summer moisture. Cold hardy.	Deciduous. Ht 3m
ACER JAPONICUM AUREUM	A small tree or large bush with soft yellow leaves. Slow growing. Scorchs in full sun. Does best in moist well drained positions.	Deciduous. Ht 4m
ACER JAPONICUM VITIFOLIUM	Light to robust-green leaves from early spring through summer, changing to orange-yellow and bright-red in Autumn. Prefers moist, well-drained soils in part-shade, protect from hot sun and strong winds. Protect new foliage from late-frosts.	Deciduous Ht. 3m
ACER NEGUNDO FLAMINGO	(North American) Beautiful tree with vivid pink and white spring growth, giving the appearance of pink blossom. Fairly wind tolerant. Very hardy.	Deciduous. Ht 5m
ACER NEGUNDO VIOLACEUM	Hardy and fast growing maple with young shoots violet covered with a whitish bloom. Pendulous reddish pink flower tassels in spring.	Deciduous. Ht 6m
ACER PAL. DIS. CRIMSON QUEEN	Weeping Crimson Queen maple retains deep red-purple colouring throughout summer. Autumn tones are fiery scarlet. Plant in sheltered position. Hardy to cold.	Deciduous.
ACER PALMATUM ARATAMA	Dwarf maple with a slow growing habit. Dark purple foliage in spring before gradually turning to a light red in late summer/autumn. Hardy	Deciduous Ht.1.5m
ACER PALMATUM BENI HIME	Small dwarf maple with compact round shrubby habit. Rusty red leaves toned with pink, good autumn colour. Protect from strong winds. Hardy to cold.	Deciduous. Ht 1m
ACER PALMATUM BENI OTAKI	Deeply dissected long narrow lobed leaves of deep purple red. Fiercely crimson autumn display. Upright bushy habit.	Deciduous. Ht 2.5m
ACER PALMATUM BENI SCHICHIHENG	Fresh green narrow lobed leaves bordered white. Tips tinged salmon on new growth. Soft tones of orange-red in autumn. Open spreading habit. Protect from strong winds.	Deciduous Ht 2m
ACER PALMATUM BLOODGOOD	Deepest red purple leaf colour through late summer. Showy red seeds and fiery red autumn foliage. Upright habit. Protect from wind. Hardy to cold.	Deciduous. Ht 4m
ACER PALMATUM DISSECTUM WATNONG	This lace leaf Japanese Maple is really eye catching. The spring color is a unique rose/red which holds its color all season. Autumn colour is orange red. Prefers part shade and shelter.	Deciduous Ht 2m
ACER PALMATUM DISSECTUM CRIMSON PRINCESS	Weeping maple with upright arching habit. Fabulous deep purple-red leaves emerge from red buds. Brilliant crimson autumn colour. Ideal for tubs or small garden. Protect from wind. Cold hardy.	Deciduous

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
ACER PALMATUM DISSECTUM FLAVESCENS	Yellowish green leaves in spring that turn a deeper green in summer and then yellow in autumn. Ideal in a pot. A natural growth habit being pendulous and dome-shaped.	Deciduous Ht 1.8m
ACER PALMATUM DISSECTUM GREEN MIST	Graceful cascade of fine green foliage creating a cloud-like mound in the garden. Prefers sheltered position in the garden with sun or part shade.	Deciduous Weeping
ACER PALMATUM DISSECTUM ORANGEOLA	Attractive form, with free branching habit. Spring foliage dark orange-red. Holds autumn tones of bright scarlet and orange for a considerable period. Prefers sheltered site.	Deciduous Ht 2m
ACER PALMATUM DISSECTUM SEIRYU	(Lace Leaf Maple) Bright green upright growing form, gracefully held fine foliage, upright habit. Autumn foliage of soft yellow to golds, tinted orange and red. Requires sheltered position.	Deciduous Ht. 3m
ACER PALMATUM DISSECTUM TAMUKEYAMA	New foliage of deep crimson red matured to dark purple red held well through summer heat. Bright scarlet autumn tones. Strong cascading mound. Requires sheltered position.	Deciduous. Ht 1m
ACER PALMATUM DISSECTUM VIRIDIS	Delicate soft green spring foliage turning golden in autumn. Graceful weeping dwarf habit. Ideal for patios, entryways. Plant in sheltered position. Hardy.	Deciduous. Ht 1m
ACER PALMATUM FIREGLOW	Intense purple red foliage that retains colour in hot summer sun. Upright habit. Scarlet and crimson autumn shades. Cold hardy but protect from strong winds.	Deciduous Ht 3.5m
ACER PALMATUM FJELLHEIM	(Syn. Senkaki Dwarf) A lovely smaller growing maple with coral red stems. Leaves are green in spring and summer and then turn yellow and orange in the Autumn. Cold hardy and protect from strong winds.	Deciduous Ht 2m
ACER PALMATUM HANAMI NISHIKI	A compact, dense grower. Light-green leaves emerge with orange-red margins in spring, turning yellow-green in summer and gorgeous autumn colours of golden-yellow to orange. Prefers shade or part shade with moist, well-drained soils.	Deciduous Ht.
ACER PALMATUM JAPANESE SUNRISE	Similar to SENKAKI but peachy coloured stems. New leaves have a reddish tinge but are green over summer. Outstanding golden yellow in autumn. Needs shelter from strong summer winds. Cold hardy.	Deciduous Ht 4m
ACER PALMATUM KAMAGATA	(Curved Leaf Maple) Densely foliated, rounded dwarf maple with twiggy branches and tiny downward curved leaves with a lacy appearance. Magnificent autumn colours.	Deciduous. Ht 1m
ACER PALMATUM KATSURA	Leaves a striking pale yellow-orange in spring turning a rich green in summer, then in autumn bright yellow and orange. Average soil. Hardy. Protect from wind.	Deciduous. Ht 2.5m
ACER PALMATUM KOTO ITO KOMACHI	Very unusual dwarf Japanese Maple whose green leaves have five thread-like lobes giving it the Japanese name for 'Old harp strings'. Very slow growing, ideal for Bonsai or pot culture.	Deciduous Ht. 2m
ACER PALMATUM KOTO- NO -ITO	(Golden Old Harp) Unusual dwarf Japanese maple. Leaves emerge with crimson tones, quickly turning bright green, with 5 thread like lobes. Leaves turn bright orange-yellow in autumn. Slow growing and well suited to pots or bonsai.	Deciduous Ht 2m
ACER PALMATUM LIMELIGHT	'Limelight' is a rounded small tree with palmate, bright-green leaves divided into five lance-shaped, toothed lobes. Leaves are flushed red in spring, turning yellow-orange in autumn. Protect from wind and prefers some shade	Deciduous ht 2.5m
ACER PALMATUM MIKAWA YATSUBASA	Attractive small bush with dense foliage of bright green. Leaves overlay each other in clusters on a multi branched plant Used widely as bonsai subject but also useful for pots and in small gardens. Protect from wind. Cold hardy.	Deciduous Ht 1.5m
ACER PALMATUM MIRTE	Leave emerge a bronze/brown colour with green and red colours mixed in. Large leaf with narrow sharp ends in a rich green throughout the season with bronze undertones- followed by rich Autumn colour.	Deciduous Ht. 4-5m
ACER PALMATUM OMURAYAMA	Upright maple with cascading branches like a weeping willow. Slender lobed leaves turn gold and crimson in autumn.	Ht 4m Deciduous.
ACER PALMATUM OSAKAZUKI	Large bronze green summer foliage turning intense glowing crimson in autumn. Large tree like habit. Protect from strong wind. Cold hardy.	Deciduous. Ht 5m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
ACER PALMATUM PIXIE	Sort after dwarf variety which is similar to Bloodgood. Deepest red leaf colour with black-red branches. Autumn colour is fire red. Great for pots, small gardens and popular for bonsai. Protect from wind. Cold hardy.	Deciduous Ht 1.8m
ACER PALMATUM RED EMPEROR	Neat, upright growth habit with large, slightly glossy leaves of intensely deep wine-red. Leaves turn to orange, red and yellow in autumn and hold on longer than others.	Deciduous Ht 3-4m
ACER PALMATUM ROSEO MARGINATUM	Green leaves irregularly edged with coral pink. Average soil. Full sun but protect from wind. Cold hardy.	Deciduous. Ht 2m
ACER PALMATUM SENKAKI	(Sango Kaku or Coral Bark Maple) Excellent small tree for winter effect. All the younger branches being of a conspicuous coral red. Spring foliage soft lime green turning canary yellow in autumn. Protect from strong winds. Cold hardy.	Deciduous. Ht 3.5m
ACER PALMATUM SHARP'S PYGMY	Wonderful true dwarf maple with small green leaves that have a purplish overtone. Autumn colours are strong orange to red. Suitable for bonsai or in container. Needs protection from wind.	Deciduous Ht 1m
ACER PALMATUM SHIDAVA GOLD	Spring growth is a soft yellow aging to lime-green over summer, then bright golden-yellow in autumn. Young stems are also yellow-green. Striking variety, similar to Ukon. Cold hardy. Protect from wind.	Deciduous Ht 3-4m
ACER PALMATUM SHINDESHOJO	Very striking small tree with brilliant crimson-scarlet foliage which turns to pink and bronze-green in summer. Good autumn colours. Excellent plant for tubs, small gardens. Protect from wind.	Deciduous Ht 2.5m
ACER PALMATUM SHIRAZZ	Upright, shrub type with overhanging branches. Leaf margins brilliant pink to wine red later turning to dark red. Protect from wind. Cold hardy.	Deciduous Up to 4m
ACER PALMATUM SKEETERS BROOM	Red compact "Witches Broom" sport with deep red-purple foliage holds colour well and turns bright red in autumn. Bushy, shrubby habit. Ideal patio, terrace plant.	Deciduous. Ht 2m
ACER PALMATUM SUMINAGASHI	Large deeply divided leaves which are bright red in spring deepening to purplish crimson in summer. Glowing crimson scarlet in autumn. Round headed tree. Protect from strong winds. Cold hardy.	Deciduous. Ht 4m
ACER PALMATUM TROMPENBURG	Unusual glossy 7 to 9 lobed, deep rich purple leaves with rolled margins giving a distinctive finger-like appearance. Crimson autumn foliage.	Ht 4m Deciduous.
ACER PALMATUM UENO YAMA	Real eye catcher with brilliant orange spring foliage which appears earlier than most maples. Turns greenish yellow over summer. Autumn shades of yellow and orange. Needs some protection from wind.	Deciduous Ht 3m
ACER PLATANOIDES	NORWAY MAPLE A quick growing handsome, hardy tree. Conspicuous clusters of yellow flowers are produced on bare stems. Foliage turns clear bright yellow in autumn.	Deciduous. Ht 10m
ACER PLATANOIDES GLOBOSUM	A Norway Maple with a rounded lollipop shape and bright green leaves which turn golden yellow in Autumn. Hardy.	Deciduous Ht 7m
ACER PLATANOIDES NIGRUM	(Purple Norway Maple) Deep yellow flowers tinged red on bare stems in spring. Distinctive deep purple foliage throughout summer. Upright, round-headed shape. Good autumn colour.	Deciduous. Ht 7m
ACER PSEUDOPLATANUS LEOPOLDII	A large tree with yellowish-pink leaves at first, later green, with specks of yellow and pink. Slower growing and needs shelter when young. Very hardy to cold.	Deciduous. Ht 4m
ACER RUBRUM BRANDYWINE	Moderately columnar habit with outstanding autumn foliage, red turning to a brilliant purple.	Deciduous Ht. 5m
ACER RUBRUM COLUMNARE	Tall tree of narrow columnar habit which becomes a virtual "flaming pillar" of red and scarlet in autumn. Requires well drained soil. Very hardy. Grows approx 4 metres in 10 years.	Deciduous. Ht 10m
ACER RUBRUM OCTOBER GLORY	A tidy upright compact form ideal for avenues and smaller gardens. Rich green leaves and brilliant red autumn colour, upright compact form. Hardy	Deciduous 10m
ACER RUBRUM RED SUNSET	An excellent form of the Canadian maple. Upright habit and rich red autumn colour. Colours best in lime free soil. Very hardy.	Deciduous. Ht 10m
ACER SACCHARUM	(Sugar Maple) A lovely ornamental with brilliant autumn colouring. A broadly columnar tree. Spring sap can be processed into maple syrup. Wilted leaves are toxic to horses. Requires moist, well drained fertile soils. Cold Hardy.	Deciduous. Ht 18m

Plant Variety	Narrative	Spec.
<b>Trees (continued)</b>		
ACER X FREEMANII	( rubrum X saccharinum) Medium tree with dense oval to round head and deeply cut fresh green leaves. Brilliant autumn colour of red, and orange. Makes good specimen tree or excellent street or avenue tree . Wind tolerant. Cold hardy.	
ACER X FREEMANII JEFFERSRED	( rubrum X saccharinum) Medium tree with dense oval to round head and deeply cut fresh green leaves. Brilliant autumn colour of red, and orange. Makes good specimen tree or excellent street or avenue tree . Wind tolerant. Cold hardy.	Deciduous. Ht 10m
<b>weeping</b>		
ACACIA VESTITA	Weeping Acacia Small tree with weeping greyish foliage. Golden yellow flowers in spring. Prefers full sun and well drained position.	Evergreen Ht. 3-4 m
FAGUS SYLVATICA PENDULA	(Weeping english beech) Tree draped with long hanging branchlets. Leaves rounded and light glossy green turning orange-yellow in autumn. Trim when young. A wonderful weeping tree for any garden. Hardy.	Deciduous. Ht 4.5m
GLEDITSIA TRIACANTHOS EMERALD CASCADE	Elegant weeping tree with finely divided deep green foliage. Tolerates wind and industrially polluted atmosphere. Leaves turn gold in the autumn. Hardy.	Deciduous. Ht 4m X 3m
LABURNUM ALPINUM PENDULUM	(Weeping Laburnum) Beautiful weeping tree which is a spectacular sight in early summer with long racemes of golden yellow flowers. Glossy deep, green leaves and neat habit. Very hardy.	Deciduous
PYRUS SALICIFOLIA PENDULA	"Weeping Silver Pear" Elegant small tree with silvery narrow leaves. Flowers creamy white. Hardy.	Deciduous. Ht 5m
SALIX BABYLONICA	(Green Weeping Willow) An attractive wide spreading head with long, weeping greeny-brown branches. Ideal for damp areas of your garden. Very hardy.	Deciduous. Ht 8m
SALIX CAPREA PENDULA	(Kilmarnock Willow) A small umbrella-like tree. Pendulous branches with silver catkins in late winter to spring. Attractive yellow autumn colour. Hardy .	Deciduous
ULMUS GLABRA CAMPERDOWNII	(Camperdown or Weeping Elm) Small, neat ,compact and weeping tree with pendulous branches. Deep green leaves and yellow autumn tones. Suitable as lawn specimen. Very hardy to cold and wind tolerant.	Deciduous
