fruit		
Berry		
UGNI MOLINAE	(NZ Cranberry, Chilean Guava) A slow growing small sized bush with aromatic leaves. Flowers are waxy pink bells. Fruits are edible tasty mahogany-red berries.	Evergreen. Ht 1m
NZ native		
Evergreen		
PIMELEA PROSTRATA ANITOKE BLUE	Hardy groundcover plant suitable for rock gardens or over walls. A selection with better blue colour than parent plant. Small clusters of white flowers in spring.	Evergreen. Groundcover
perennial		
evergreen		
CRASSULA STRING OF BUTTONS KNIPHOFIA LITTLE MAID	Dwarf free flowering form of poker, almost grass like in appearance. Produces masses of cream and gold flowers in summer. Best grown in full sun with group of 3 or more.	Evergreen Ht 40cm
Herbaceous		
HAKONECHLOA MACRA ALBO-STRIATA	(Japanese temple grass) Softly flowing grass with white-striped foliage. Prefers shady position. Ideal for underplanting and edging.	Perennial. Ht. 40cm
punnets flowers, herbs veg		
deciduous		
EV HERB ALOYSIA CITRIODORA	(LEMON SCENTED VERBENA) A medium sized shrub with very fragrant lemon scented leaves. Spray of lilac flowers. Wonderful addition to pot pourei or can be used as herbal tea. Protect from heavy frost.	Ht 2m Deciduous.
herbs		
EV HERB ALOYSIA CITRIODORA	(LEMON SCENTED VERBENA) A medium sized shrub with very fragrant lemon scented leaves. Spray of lilac flowers. Wonderful addition to pot pourei or can be used as herbal tea. Protect from heavy frost.	Ht 2m Deciduous.
Shrub		
ACACIA MERINTHOPHORA	An unusual plant with pendulous habit. Bright yellow flowers in winter. Requires well drained light medium soils and full sun(will tolerate partial shade).	Evergreen Ht. 3m
deciduous		

Plant Variety	Narrative	Spec.
Shrub (continued)		
BAMBUSA GRACILIS	Syn. Drepanostachyum falcatum. Dense clumping bamboo. Graceful curving stems. Ideal for poolsides, patios, feature gardens. Once established hardy to most conditions.	Evergreen. Ht 3m
BERBERIS "HELMOND PILLAR"	A vigorous, narrow and upright form of Barberry with attractive round rich purple foliage turning vivid crimson and scarlet shades in autumn. With careful pruning and training can be grown into a narrow vertical specimen.	Deciduous 2m
BERBERIS THUNBERGIA ATROSUPERBA	Bolder form of purple barberry with long arching branches and larger, more rounded leaves coloured blackish-red changing to orange-scarlet in autumn. Very hardy.	Deciduous. Ht 1.50m
BERBERIS THUNBERGII ATROPURPUREA	A striking shrub with deep wine red foliage which turns bright crimson in autumn. Nodding racemes of yellow flowers. Very hardy.	Deciduous. Ht 1.7m
BERBERIS THUNBERGII AUREA	(Golden Barbary) Small shrub of golden yellow leaves turning pale green in late summer. Hardy shrub which prefers part shade to prevent leaves burning from the sun.	Deciduous. Ht 75cm
BERBERIS THUNBERGII KOBOLD	Dense glossy green foliage changing orange red in autumn. Golden flowers.	Deciduous. Ht 50cm
BERBERIS THUNBERGII LITTLE FAVOURITE	Low growing form of purple berberis. Has rich deep purple foliage turning scarlet orange in autumn. Makes good hedge. Very hardy.	Deciduous Ht 50cm
BERBERIS THUNBERGII MARIA	Butter yellow foliage appears early spring and holds through into autumn when it takes on tones of apricot and orange. Compact, upright growth. Suits full sun or part shade. PVR	Deciduous 1m x 30cm
BERBERIS THUNBERGII ROSY GLOW	A very striking small shrub. The leaves on the new shoots are multi-coloured, purple, bright rose and silver pink, later becoming purple.	Deciduous. Ht. 80cm
BUDDLEIA CRISPA	A large shrub with white felt covered leaves and stems. Flowers lilac with an orange throat and fragrance in the summer. Requires well drained sunny spot. Prune regularly to promote a good shape. Very attractive to butterflies.	Deciduous Ht 3m
BUDDLEIA FALLOWIANA ALBA	Fragrant white flowers in summer with woolly foliage. Prune back after flowering. Will tolerate dryness when established. Prefers full sun. Very attractive to butterflies.	Deciduous Ht 2m
CALYCANTHUS FLORIDUS	(CARORLINA ALL SPICE) Attractive hardy shrub, with fragrant, reddish brown flowers consisting of strap like petals.	Deciduous. Ht 2m
CALYCANTHUS HARTLAGE WINE	A shrub with large mid green deciduous foliage colours beautifully to bright golden yellow in autumn. Rich burgundy-red flowers from early spring, continuing sporadically. Prefers moist, acidic soil in sun to part shade.	Deciduous Ht. 1.8m
CARYOPTERIS WORCHESTER GOLD	Rich gold foliage and clusters of small violet blue flowers from summer to autumn. Best grown in full sun to enhance foliage colour. Prune hard for maximum flowers and new growth. HARDY	Ht 1m Deciduous.
CARYOPTERIS X CLANDONENSIS DARK KNIGHT	Hardy, easy-to-grow shrub with deep purple blue flowers in late summer/early autumn. Prune to shape. Prefers a sunny, well-drained site.	Deciduous. Ht 1m
CERATOSTIGMA PLUMBAGINOIDES	Small spreading shrub with dark green leaves becoming reddish-brown in autumn. Deep blue flowers for many months of year. Responds to regular pruning. Suitable for dry banks. Very hardy.	Deciduous Ht 50cm
CERATOSTIGMA GRIFFITHII	Small shrub with small, round leaves turning reddish in autumn. Deep blue flowers over a long period in summer. Hardy. Likes a free-draining soil in full sun.	semi-Evergreen.
CHAENOMELES GREEN ICE	Green-white flowers on bare branches in late winter to early spring. Prefers sunny position. Very hardy to cold. Can be grown as shrub or trained along fence.	Deciduous. Ht 2m
CHAENOMELES SPECIOSA APPLE BLOSSOM	An upright plant that has white with pink tinged flowers in late winter/early spring. Prefers full sun and well drained soil.	Deciduous Ht 1.8m
CHAENOMELES SPECIOSA CAMEO	Soft apricot pink flowers in late winter, early spring. Can be grown as bush or trained into hedge or espaliered. Very hardy.	Deciduous. Ht 2m
CHAENOMELES SPECIOSA DAZZLER	Attractive dark red flowering Japonica. Very hardy. Suitable as a shrub or as a climber.	Deciduous. Ht 1.2m

Plant Variety	Narrative	Spec.
Shrub (continued)		
CHAENOMELES SUNSET GOLD	(False Quince or Japonica) Single, rose-pink flowers completely covering every branch. Fruits heavily. Very hardy shrub which can be trimmed after flowering. Suitable for coastal conditions.	Deciduous. Ht. 2m
CHIMONANTHUS PRAECOX	(Winter Sweet) Sweet smelling ,waxy, golden yellow flowers appear in late winter while the branches are still bare. Can be picked for indoors. Very hardy.	Deciduous Ht 2.5m
CHIMONANTHUS PRAECOX LUTEUS	Well distinguished by rather larger clear waxy yellow flowers, which are sweetly scented. Very hardy. Can be pruned after flowering.	Deciduous. Ht 2m
CLETHRA ALNIFOLIA HUMMINGBIRD	Magnificent large shrub with fragrant lily of the valley type flowers produced in large terminal panicles. Protect from heavy frost.	Deciduous. Ht 2m
CORNUS SANGUINEA MIDWINTER FIRE	Oval green leaves, turning orange-yellow in autumn. Brilliant orange-yellow stems in winter. Prune to 7cm from ground in spring to promote coloured new growth, then fertilize. Prefers damp soil and part shade. Very hardy.	Deciduous Ht 1.5m X 0.8m
COTINUS COGGYGRIA	(Green Smoke Bush) Smooth rounded green leaves with brilliant autumn colours. Fawn coloured plumes of flowers 15 - 20cm long at Christmas.	Deciduous. Ht 3m
COTINUS COGGYGRIA PURPUREUS	(Purple Smoke bush) The round deep purple leaves always attract attention. Hazy purple smoke-like flowers. Good autumn colours.	Deciduous. Ht 3m
COTINUS COGGYGRIA RED SPIRIT	Syn. C. coggygria Firstpur. Round green foliage changes to mid purple through summer, topped with rich red smoke like plumes in late summer. Good autumn colour. Best grown in fertile soil and sun to part shade.	Deciduous Ht 2m x 2m
COTONEASTER ADPRESSUS	Dwarf spreading shrub with small glossy dark green leaves and bright red berries. Makes excellent groundcover . Very hardy.	Deciduous.
COTONEASTER HORIZONTALIS	A low growing shrub of prostrate habit, with branches of characteristic "herring-bone" pattern. Can be espaliered. Covered in red berries in autumn and winter. Very hardy.	Deciduous.
COTONEASTER HORIZONTALIS VARIEGATUS	Impressive bright scarlet berries and attractive variegated foliage, fan-shaped branches. Very suitable for covering low walls and banks. Very hardy.	Deciduous
DAPHNE X BURKWOODII	A small, partially evergreen shrub, compact and rounded in habit. Leaves oblong, flowers pale pink and fragrant, in clusters at the ends of the branches in late spring. Prefers full sun or part shade.	Deciduous. Ht 1.2m
DAPHNE X BURKWOODII VARIEGATA	A compact shrub with leaves finely margined cream. In spring it is covered with highly scented pink flowers. Prefers semi shade and lime free drained soil.	Semi-deciduous Ht 1.2m
DEUTZIA GRACILIS NIKKO	Delightful low spreading form, producing masses of tiny snowy white tubular blossoms in late spring. Very hardy.	Deciduous. Ht. 60x90 cm
DEUTZIA PINK POM POM	An attractive shrub with clusters of pink flowers fading to white in early summer. Very hardy.	Deciduous. Ht 1.5m
EDGEWORTHIA CHRYSANTHA GRANDIFLORA	(Yellow Daphne) An interesting shrub with stout stems in spring producing large silvery buds opening to heads of yellow tubular flowers.	Deciduous Ht 1.5m
EXOCHORDA X MACRANTHA THE BRIDE	Dense, arching shrub forming a mound of large white flowers in spring. Prolific flowering, dark green foliage on pendant branches. Suits a sunny, well drained, acid soil. Very hardy.	Deciduous Ht 1.5-2m
FARGESIA NITIDA	A beautiful, clump-forming species with narrow leaves and tall, purple-flushed canes, arching at the top under the weight of the foliage. Prefers some shade. Good for large tubs.	Deciduous Ht. 3-4m
FORSYTHIA BEATRIX FARRAND	A hardy colourful spring shrub which flowers very early. This variety has yellow flowers with gold throat.	Deciduous. Ht 3m
FORSYTHIA KARL SAX	Large, deep canary yellow flowers appear on the bare branches in early spring. Upright, strong growth habit. Hardy and easy to grow.	Deciduous Ht. 1.8 x 1m
FORSYTHIA LYNWOOD GOLD	Produces masses of broad petalled rich yellow flowers in early spring. Prune after flowering. Very hardy.	Deciduous Ht 2m
FORSYTHIA X INTERMEDIA SPECTABILIS	Early spring flowering shrub. Masses of golden yellow flowers produced before leaves appear.	Deciduous. Ht 2m
FUCHSIA ASSORTED		Semi Deciduous

Plant Variety	Narrative	Spec.
Shrub (continued)		
HAMAMELIS INTERMEDIA ARNOLD	Small growing, neat, upright vase-shaped witch hazel with abundant soft yellow, fragrant flowers in late winter.	Deciduous. Ht 1.5m
HAMAMELIS INTERMEDIA DIANE	Attractive red flowers produced in late winter/spring before leaves appear. Vigorous compact habit. Very hardy.	Deciduous. Ht 3m
HIBISCUS SYRIACUS BLUSHING BRIDE	Dainty soft pink to white, double blooms with red eye produced freely throughout summer. Plant in full sun.	Deciduous. Ht 3m
HIBISCUS SYRIACUS COELESTIS	A hardy hibiscus that has lavender trumpet shaped flowers with a rose coloured throat. Prefers full sun or part shade in well drained soil.	Deciduous 2mH
HIBISCUS SYRIACUS COLLIE MULLINS	Deciduous shrub, with double deep lavender pink flowers that have a darker eye. Prefers sun to part shade and moist well drained soil.	Deciduous Ht. 2m
HIBISCUS SYRIACUS REDHEART	Very hardy and attractive shrub with compact growth habit. Single white hibiscus flowers with dark red centre. Flowers from summer to autumn. Prefers free draining soil and sunny situation. Very cold hardy	Deciduous Ht 2m
HYDRANGEA VENICE	Compact, mophead hydrangea with glowing pink flowers throughout summer. Flowers good for cutting. Prefers part shade and adequate moisture.	Deciduous Ht 60cm X 60cm
HYDRANGEA ALTONA	Large frilled rosy pink flowers. Needs alkaline to keep the colour. Blues well when treated. Prefers peaty soils with cool roots.	Deciduous. Ht 1.5 m
HYDRANGEA ARBORESCENS ANNABELLE	Beautiful hydrangea with large white flower heads 5 - 15cm across. Hardy shrub suitable for most soil types and a shaded position. Suitable for drying or picking. Very hardy.	Deciduous Ht 1.5m X 1m
HYDRANGEA BLAUMEISE	(Lacecap) Deep blue lacecap flowers produced prolifically through the summer. Compact growth habit. Plant in a shady spot with ample water. Apply acid fertilizer to keep good blue colour.	Deciduous. Ht 70cm
HYDRANGEA FASAN	Lacecap variety with dark red flowers during summer. Prefers rich moist soil, sun or shade. Add lime to keep good red colour. Very hardy.	Deciduous Ht 80cm
HYDRANGEA FIREWORKS	(Lacecap) Showy heads of double petalled lacecap flowers. Colour varies from blue to white to pink depending on soil acidity. Prefers some shade and good soil moisture. Hardy.	Deciduous Ht 2m
HYDRANGEA GEOFFREY CHADBUND	Free flowering, strong growing lacecap with mid red to purple flowers. Plant in light shade. Prune to shape after flowering.	Deciduous. Ht. 2mx2m
HYDRANGEA GRANDAD	Good selection with enormous 25cm pure white mophead flowers and lush green leaves. Prefers moist position in either sun or shade. Prune stems with spent flowers in winter.	Deciduous Ht 1.8m
HYDRANGEA MACROPHYLLA AGNES PAVELLI	(Mophead) Tall growing with large white flowers. Looks best when protected from midday sun. Prefer part shade in moist soil.	Deciduous Ht. 1.2m
HYDRANGEA MACROPHYLLA ALBA	Masses of clear white flowers on a mophead from summer through autumn. Prefers fertile soil with shade or part shade. Prune hard in winter.	Deciduous Ht 1m
HYDRANGEA MACROPHYLLA BLUE DECKLE	(Lacecap) Attractive deciduous bushy shrub with glossy green leaves in summer. Produces masses of powder blue lacecap flowers during summer. Apply acid fertilizer to keep good blue colour.	Deciduous. Ht. 60cm
HYDRANGEA MACROPHYLLA BRIDAL BOUQUET	Profuse pure white blooms over an extended flowering period during summer. Prune to shape after leaf fall. Prefers some shade and moist rich soil.	Deciduous Ht. 1m x 1m
HYDRANGEA MACROPHYLLA IMMACULATA	Beautiful large white mophead flowers in summer. Bold green foliage. Prefers semi-shade and summer moisture. Hardy.	Deciduous Ht 1m x 1m
HYDRANGEA MACROPHYLLA LIBELLE	Lace Cape - Large pure-white ray-florets and blue fertile flowers. Prune hard in late autumn and water during dry spells. Deciduous.	Ht 45cm x 60cm
HYDRANGEA MACROPHYLLA LOVELY	Dwarf, compact free flowering variety with pale pink mophead flowers. Keep soil alkaline to retain good pink colour. Requires summer moisture and some shade preferred. Hardy.	Deciduous Ht 1m
HYDRANGEA MACROPHYLLA NIGHTINGALE	The biggest and best blue lacecap hydrangea. Masses of deep blue flowers in midsummer. Hardy, prune after flowering. Shade.	Deciduous. Ht 1.5m
HYDRANGEA MACROPHYLLA PINK BOUQUET	Large flowerheads of full, ruffled flowers and lush green foliage. Great for picking. Best in a shaded, cooler area and well mulched over summer.	Deciduous Ht 60x75cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
HYDRANGAEA MACROPHYLLA ROMANCE	(You Me Series) A dwarf hydrangea with masses of star shaped double sugar pink blooms throughout summer. Top dress with lime to enhance pink colour. Prefers moist fertile well-drained soils and sun to part shade. (PVR)	Deciduous Ht. 80cm
HYDRANGAEA MERVEILLE SANGUINE	(Raspberry Crush or Bloody Marvellous) Ox blood-red ball-shaped flowers on deep bronze green serrated foliage. Prefers some shade and well drained soil. Feed with lime to enhance red colour. Flowers can be used fresh or dried.	Deciduous Ht 1.2 x1.2m
HYDRANGAEA NIGRA	A compact form with dark black stems and rose-pink or bluish flowers. Prefers moist soils, semi-shade or shaded position. Feed with aluminium sulphate to maintain blue flowers.	Deciduous Ht. 1m
HYDRANGAEA PANICULATA KYUSHU	In late summer dainty long pointed panicles of creamy white flowers adorn this bush. Clean fresh bright green foliage. Very hardy.	Deciduous Ht 1.5m
HYDRANGAEA PANICULATA LEVANA	Produces very large, fragrant, pure white flowers(up to 50cm) in late summer. Attractive to insects and butterflies. Great cut flower. Requires sun or part shade and summer moisture. light trim in late winter. Very hardy.	Deciduous Ht Up to 3m unpruned
HYDRANGAEA PANICULATA LIMELIGHT	Long panicles of sterile lemon coloured green to creamy white flowers in late summer and autumn. Golden autumn colour. Prefers full sun or part shade. Hardy.	Deciduous Ht 1.2m
HYDRANGAEA PANICULATA SUNDAE FRAISE	A lovely paniculata type Hydrangea with flowers that start off green and white and mature into hues of pink. Very compact, so useful for containers. Prefers some shade and moisture in summer.	
HYDRANGAEA PANICULATA TARDIVA	Loosely-packed, sharply pointed white flower heads that turn purplish-pink with age.	Deciduous. Ht. 1.5m
HYDRANGAEA PINK BOUQUET	Large ruffled pink flowers on lush green foliage. Good for picking and can be used fresh or for drying. Prefers shade and well drained position. Feed with lime in autumn to keep good colour.	Deciduous 60 x 75 cm
HYDRANGAEA QUERCIFOLIA ICE CRYSTALS	An oak leafed Hydrangea with creamy white flowers from mid-Summer into autumn. A compact plant with gorgeous autumn colours. PVR	Deciduous Ht 1.2m
HYDRANGAEA QUERCIFOLIA PEE WEE	Dwarf compact selection, topped with beautiful sterile pure white cone flower heads from early summer. Good autumn foliage colour. Hardy.	Evergreen Ht. 0.9m x 0.6m
HYDRANGAEA RED START	Dense shrub which has large flattened flower heads with rich red starlike flowers. Best in semi-shade with good soil moisture. Hardy.	Deciduous Ht 1.5 x1m
HYDRANGAEA RENATE STEINIGER	(Mophead) Lush blue blooms throughout the Summer and into Autumn. Compact habit suitable for small gardens or large pots. Best with good soil, some shade and Summer moisture. Feed regularly.	Deciduous. Ht 75cm
HYDRANGAEA SABRINA	Delicate white blooms edged rose pink. Provide adequate moisture during hot weather . Prune old stems that have flowered. Prefers some shade.	Deciduous Ht 1m
HYDRANGAEA SERRATA SUMMER GLOW	Lacecap type flowers in summer. Blue in acid soil and pink if more alkaline soil. Flowers on one year old branches so prune lightly in winter. Deep red autumn foliage. Very hardy.	Deciduous Ht 1.1m
HYDRANGAEA STRAWBERRIES AND CREAM	Lacecap . Dark green foliage with rosy/red flowers with white centres from late spring until mid-summer. Prefers partial shade and well drained soil.	Deciduous 1.2 x 1.2
HYDRANGAEA TOSCA	Double creamy salmon flowers which can be turned blue by adding acids to the soil.	Deciduous. Ht 1.5m
HYDRANGAEA VILLOSA	Late summer flowering, lilac blue. Prefers to be in part shade to shade.	Deciduous Ht 2m
HYDRANGAEA WHITE SWAN	(Mophead) Huge round heads of pure white on compact bush. Enjoys deep, well-drained soil with ample water and semi shade.	Deciduous. Ht Tall.
HYDRANGAEA YOU ME EMOTION	(You Me Series) Dwarf plant which produces masses of double baby pink flowers throughout summer. Top dress in spring with lime to enhance pink colour. Prefers sun or part shade and moist, well drained soil. (PVR)	Deciduous Ht 80 x 80cm
HYDRANGAEA YOU ME TOGETHER	A dwarf Hydrangea with Double flamigo pink blooms with a green eye. Prefers moist fertile well-drained soils. PVR	Deciduous Ht. 90cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
INDIGOFERA DECORA	Attractive, deciduous shrub with dainty leaves and delicate rosy-pink flowers from late spring to summer. Plant in full sun or part shade. Drought and frost tolerant. Prune in winter.	Shrub Ht 60cm - 90cm
KOLKWITZIA AMABILIS PINK CLOUD	(eauty Bush)A lovely pink bell-shaped flowering shrub with arching branches. Prefers full sun and well drained soil.	Deciduous Ht 1m
NEILLIA THIBETICA	Very hardy shrub with racemes of pink tubular flowers in Summer, which are attractive to bees and butterflies. Prune after flowering. Prefers full sun or light shade and moist rich soil.	Deciduous. Ht. 2m
PHILADELPHUS BELLE ETOILE	Compact shrub with single 5cm wide white flowers ,flushed maroon in the centre.Delightfully fragrant.very hardy.	Deciduous. Ht 2m
PHILADELPHUS CORONARIUS	(Mock Orange) Strong growing medium sized shrub with creamy-white richly scented flowers. Particularly suitable for very dry soil. Hardy.	Deciduous. Ht 3m
PHILADELPHUS FROSTY MORN	Small shrub which produces fragrant, double white flowers in early summer. Very Hardy. Trim after flowering.	Deciduous. Ht 1.5m
PHILADELPHUS VIRGINAL	A strong growing erect-branched shrub, with mock orange flowers richly fragrant. Probably the best double flowered cultivar.	Deciduous. Ht 2m
PHYSOCARPUS OPULIFOLIUM SHADY LADY	Luscious, dark foliage covered from midsummer with masses of cream coloured pom-pom blooms. Tolerant of most garden soils. Sun to part shade. Fully hardy.	Deciduous Ht 2m x 1.5m
POTENTILLA TANGERINE	Dwarf wide-spreading shrub forming a dense mound. Flowers pale coppery-yellow. Best colour achieved with plants in partial shade	Deciduous Ht. 1m
PUNICA GRANATUM FLORE PLENO	(Ornamental Pomegranate) Large shrub with bright green leaves , coppery-red when young, turning yellow in autumn. Produces bright orange double flowers in summer, followed by ornamental fruit , needing long hot summer to ripen. Hardy to -5deg.	Deciduous Ht 1.5m
SAMBUCUS NIGRA AUREA	(GOLDEN ELDER) Leaves golden yellow deepening with age. One of the hardiest and most attractive of golden foliaged shrubs.	Deciduous Ht 3m
SAMBUCUS NIGRA PURPUREA	Form of Elder with leaves that are green when young becoming deep purplish-black ,turning red in autumn.Flowers contrast well with foliage, being pink in bud opening white.Very hardy.	Deciduous Ht 2m
SPIRAEA GOLD FLAME	Leaves flame orange paling to gold yellow and light green as the season progresses.	Deciduous. Ht 1m
STACHYURUS PRAECOX	Pendent racemes of 15 to 20 cup shaped pale yellow flowers appearin late Winter to early spring. Perfect for floral art. Foliageturns brilliant orange red in autumn. Hardy. Up to 1.5m wide.	Ht 2m Deciduous.
SYMPHORICARPUS DOORENBOSII MOTHER PEARL	(Snowberry) A compact, hardy shrub with small leaves and arching stems that in summer have pale pink flowers. In winter there are dense clusters of small pink flushed white berries. Prefers sun/part shade and well drained soil.	Deciduous. Ht 1m
TAMARIX CHINENSIS	Tamarisk) Large dense shrub or small tree with slender branches clothed in soft green leaflets. Masses of bright pink flowers in mid spring before foliage.Suitable for coastal planting and hardy to very cold inland conditions too!	Deciduous Ht 2-3m
VIBURNUM BODNANTENSE DAWN	A strong-growing large deciduous shrub of upright growth, with dark green, ovate leaves and clusters of scented, light pink and white flowers opening from autumn to spring, from red buds	Deciduous. Ht 2m
VIBURNUM CARLESII	One of the best viburnums. Heavily scented flower clusters, pink in bud fading to white.	Deciduous. Ht 2m
VIBURNUM ESKIMO	A compact shrub with pale cream flower buds with a touch of pink on the edges, opening to pure white, almost perfect snowball shape flowers. Leaves are a lustrous dark green and semi-deciduous.	Deciduous. Ht 1m
VIBURNUM LANTANA MOHICAN	A dense habit with broadly ovate dark green leaves, turning dark crimson in the autumn. Creamy white flowers followed by orange-red fruits.	Deciduous Ht. 2.5m
VIBURNUM OPULUS COMPACTUM	A small shrub of dense compact habit, white flowers in summer. Bright red bird-proof berries in autumn and winter. Very hardy, prefers open, well-drained position.	Deciduous. Ht 1m
VIBURNUM OPULUS NANUM	A curious dwarf form with dense, tufted habit. Infrequent flowerer but colours richly in autumn.	Deciduous. Ht 50cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
VIBURNUM OPULUS STERILE	(Snowball Tree)Robust plant with maple-like deep green leaves, turning reddish/purple in autumn. Produces an abundance of sterile, white, green-tinted 7cm globular 'snowball' flower clusters. No berries.Very hardy.	Deciduous. Ht 3m
VIBURNUM OPULUS XANTHOCARPUM	large deciduous shrub with maple-like leaves turning yellow or pinkish in autumn. Creamy-white flowers in flattened heads are followed by translucent deep yellow berries Very hardy.	Deciduous. Ht 2.5m
VIBURNUM PLICATUM	(Japanese Snowball) Very hardy spreading shrub with white snowball-like flowers in spring. Good autumn colour.	Deciduous. Ht 3m
VIBURNUM PLICATUM LANARTH	A strong growing dense spreading bush with fertile creamy-white flower surrounded by large white florets, on top of horizontal branches. Bright green leaves with excellent autumn colour. . Very hardy.	Deciduous Ht 2-3m
VIBURNUM PLICATUM MARIESII	Creamy white flowers in early summer along upper sides of branches giving snow like appearance.Ideal in a mixed bed or as hedge row.Dark green leaves which turn reddish purple in autumn.Plant in fertile free draining soil and full sun.	Deciduous. Ht 2m
VIBURNUM PLICATUM MOLLY SCHROEDER	Lovely pink flowered ray florets adorn the arching branches in spring on fresh green foliage. Good autumn colour. Very hardy.	Deciduous Ht 2m x 2m
VIBURNUM PLICATUM PINK BEAUTY	A profusion of pure white flowers turning pink with age. Rounded growth habit with branches in layers.	Deciduous. Ht 2m
VIBURNUM SARGENTII ONONDAGA	A splendid form with deep maroon young leaves, lovely white flower heads and maroon/purple/red foliage in autumn. Prefers rich, free draining soil. Sun or part-shade.	Deciduous. Ht.3m
VIBURNUM X BURKWOODII	Waxy white flushed pink flowers in early spring which are intensely fragrant. Twiggy bush with oval leaves of glossy green turning orange/red in autumn and winter.	Semi Evergreen Ht 1.5m
VIBURNUM x BURKWOODII ANNE RUSSELL	Pink buds open to very fragrant, tubular white flowers with five spreading lobes, borne in rounded clusters to 8cm in width. Semi- deciduous. Hardy	Deciduous. Ht 1.8m
VIBURNUM X CARLCEPHALUM	Large, dense clusters of white fragrant flowers in spring and early summer. Dull grey green leaves, often richly coloured in autumn. Very hardy. Moist soil. Sun or shade. Semi-deciduous.	Semi-deciduous Ht 1.5m
evergreen		
ABELIA EDWARD GOUCHER	A small shrub with bright, glossy green leaves, bronze when young. Lilac-mauve, bell-shaped flowers with orange throat are borne profusely from February to May.	Evergreen.Ht 1.5,
ABELIA KALEIDOSCOPE	Bright multicoloured foliage. Spring flowering. Great for pots and containers or as ground cover, Hardy shrub. Best grown in full sun / part shade. Requires little or no trimming.	Evergreen Ht. 80cm
ABELIA SCHUMANNII	Small shrub giving an abundant and continuous display of lilac pink flowers over a long period during summer and autumn. Best in full sun. Hardy.	Evergreen. Ht 1.5m
ABELIA X GRANDIFLORA	A vigorous, arching, medium sized shrub with glossy green leaves maturing to bronzy-red. Bell-shaped flowers of white, tinged pink in summer. Can be trimmed as a hedge.	Evergreen Ht. 1.5m
ABUTILON MEGAPOTAMICUM	Attractive pendular flowers which have a red calyx and yellow petals are produced in early spring. Suitable for a sunny well drained position or against a warm wall.	Evergreen. Ht. 1m
ABUTILON MEGAPOTAMICUM VICTORY	Attractive brightly coloured yellow pendant flagon-shaped flowers, calyx will redden in cold climates. Suitable for a sunny well drained position or against a warm wall. Protect from heavy frost.	Evergreen Ht. 1.2m
ABUTILON VITIFOLIUM	Attractive tall shrub with dull green palmate, 15cm, leaves. Pale lilac-blue saucer shaped flowers are produced in clusters.Excellent large shrub for sheltered position with good drainage.Prune after flowering.	Evergreen Ht 3m
ABUTILON VITIFOLIUM ALBA	Attractive tall shrub with dull green leaves. Wide open 7cm white flowers in spring smother the bush.Requires good drainage and some shelter.Prune after flowering.	Evergreen. Ht 4m

Plant Variety	Narrative	Spec.
Shrub (continued)		
ABUTILON WHITE GOLD	Lantern- like white hanging flowers in Summer. A bushy shrub with soft green leaves. Protect from frost. Prefers sunny well drained position or part shade.	Evergreen Ht.
ACRADENIA FRANKLINIAE	Upright, stiffly branched shrub with aromatic leaves. From late spring to early summer, small clusters of white, star-shaped flowers appear.	Ht 3m Evergreen.
AGAPANTHUS AGAPETITE	Pure white double flowers throughout summer which are sterile and do not seed. Lush green foliage and tidy form. Ideal for pots or mass planting as a border. Full sun to part shade. Tolerant of dry conditions.	20cm x 15cm
AGAPANTHUS BABY BLUE	A true dwarf agapanthus suitable for small gardens. Blue flowers in summer. Very hardy.	Perennial. Ht 30cm
AGAPANTHUS BERTSBROOK	Eco Agapanthus , native to South Africa. Tidy compact form , with clusters of mid blue flowers, with central band, darker in summer. Prefers full sun and well drained soil. (Sterile form)	Perennial Ht 20cm
AGAPANTHUS BLUE DOT	Outstanding form producing masses of sky blue flowers in summer. Attractive bushy compact habit.	Perennial Ht 40cm
AGAPANTHUS GAYLES SAPPHIRE	A compact selection forming a tidy clump. Ideal for widespread plantings. Excellent cut flower is a deep blue/indigo.	Evergreen 50cm x 40cm
AGAPANTHUS SILVER BABY	Dwarf compact variety with steely silver foliage and superb white flowers. Ideal for coastal or rockery planting. Great for floral artwork.	Evergreen Ht 30cm
AGAPANTHUS TINKERBELL	Dwarf form with cream and green variegated leaves. Once established it produces dainty clusters of violet-blue flowers. Requires free draining soil. Sun or part shade.	Evergreen. Ht. 30cm
AGAPANTHUS WAVY NAVY	Dark royal blue flowers during summer. Broad green strap-like leaves for sunny dry position. Tolerates mild frost.	Evergreen Ht. 1m
ANDROMEDA POLIFOLIA COMPACTA	(Dwarf Bog Rosemary) Open shrub with narrow, leathery, grey-green foliage. Clusters of pink flowers from early spring. Full sun to part shade and humus rich moist acid soil. Very cold hardy.	Evergreen Ht 30-50cm x 60cm
ANDROMEDA POLIFOLIA COMPACTA ALBA	(Dwarf White Bog Rosemary) Compact shrub with narrow , leathery, grey-green foliage . Clusters of pure white flowers from early spring. Full sun to part shade and humus rich moist soil. Very cold hardy.	Evergreen Ht 30cm X 60cm
ANOPTERUS GLANDULOSUS	(Tasmanian Laurel) A rare Tasmanian evergreen shrub producing racemes of white lily of the valley-like flowers. Half hardy. Prefers shaded, moist, well-drained site.	Evergreen. Ht 4m
ARBUTUS UNEDO	(Irish Strawberry Tree) Flowers late autumn in drooping clusters. Plant in sun or semi- shade. Tolerant of dry and limey soils when established. Fruit attract bellbirds. Very hardy.	Evergreen Ht 4m in 20yrs
ARUNDINARIA GRACILIS	Graceful clump forming bamboo with glossy green canes and arching fronds of shining green leaves. Protect from heavy frost. Prefers moist position and some shade.	Evergreen. Ht 2-3m
ATHEROSPERMA MOSCHATUM	Interesting evergreen Australian small tree with lace-like leaves with white down underneath. Whole plant is fragrant and yields essential oil. Cream coloured single flowers.	Evergreen Ht 4-5m
AUCUBA JAPONICA (MALE)	Pollinator for female form. Will grow in heavy shade. Suitable for any soils. Suitable as indoor plant. Hardy	Evergreen. Ht 1m
AUCUBA JAPONICA FOREST GREEN	Large dense bushy habit, with bold large dark green leaves. Small clusters of olive green flowers followed by bright red berries, 2 cm in autumn. Tolerant of heavy shade and dry conditions. Hardy. (Female)	Evergreen Ht 1.5m
AUCUBA JAPONICA JUNGLE GIRL	A bushy shrub that has attractive dark green foliage with light splashes of gold. Female form which will produce berries if close to a male plant. Withstands dry conditions. Prefers shade.	Evergreen Ht 2m.
AUCUBA JAPONICA SALICIFOLIA	(Japanese Laurel). Olive green flowers followed by crimson red berries in autumn. Prefers part to full shade and will tolerate dry conditions.	Evergreen Ht 1.5m x 1.5m
AZARA INTEGRIFOLIA VARIEGATA	Conspicuous yellow, flower clusters in late winter and spring. Distinctive variegated leaves. Excellent wall shrub. Prefers full sun and well drained soil.	Evergreen Ht 1.5m x 1m
BANKSIA BAXTERII	Mid-green, stiff, flat with heavily serrate margins to the leaf mid-vein giving the appearance of little triangles arranged along the mid-vein; Large creamy yellow cylindrical flower spikes from summer through autumn. Ideal coastal plant from Western Australia.	Evergreen Ht. 3m

Plant Variety	Narrative	Spec.
Shrub (continued)		
BANKSIA GIANT CANDLES	An erect shrub bearing very large orange flower heads. Excellent shrub for hot dry conditions. Very hardy. Avoid fertilisers. Water well in first season to establish.	Evergreen. Ht 3x1.5m.
BANKSIA ORANGE CANDLES	Flower buds are lemon yellow opening to orange gold flowers, up to 30cm long in spring. Attractive to birds. Prefers well drained sunny position. Protect from frost.	Evergreen. Ht 2m
BANKSIA REPENS	Creeping Banksia. Ornamental prostrate plant with brownish-red flowers borne at ground level. Prefers full sun and well drained soil.	Evergreen. Ht. 20cm.
BANKSIA SERRATA	Erect plant which will grow into small tree. Terminal grey-white flower spikes from January to June. Requires full sun and well drained soil. Protect from heavy frost.	Evergreen Ht 3m
BERGENIA CORDIFOLIA WHITE CLOUD	Clusters of white flowers in spring-early summer, fading to pale pink. Shiny green heart shaped leaves which turn bronze in winter in harsh conditions. Prefers moist but well drained soil and part or full shade. Very hardy.	Evergreen Ht 20-30cm
BERZELIA LANUGINOSA	Impressive foliage shrub with rich green feathery leaves, topped in late spring with broad panicles of creamy-white, button-like flowers. Prefers well drained, acidic soil.	Evergreen. Ht 1.5m
BORONIA HETEROPHYLLA	(Red Boronia) Bright rich pink crimson flowers. Beautifully scented. Plant in a sheltered spot with full sun and a well-drained soil.	Evergreen Ht 1m
BORONIA MEGASTIGMA	(Brown Boronia) Very popular highly scented brown boronia. To really appreciate plant in a sheltered place that you can brush past. Trim when finished flowering. Prefers sunny position, well drained soil	Evergreen. Ht 1m
BRUGMANSIA X CANDIDA	Large soft green leaves with striking large fragrant pendulous 20 cm long double cream, with frilled ends. The scent is particularly strong at night. All parts of this plant are poisonous.	Evergreen Ht 3m
BUDDLEIA GLOBOSA	Striking erect, fast growing shrub. Orange-yellow ball-like flowers in early summer. Prefers full sun. Hardy.	Evergreen. Ht 3m
BUDDLEIA LOCHINCH	(Butterfly Bush) Silvery grey foliage when young, followed by scented flowers of violet blue in summer. Prune after flowering. Hardy.	Evergreen Ht 2m
BUXUS HARLANDII RICHARD	A rounded leaf with an indentation at the tip to create an almost heart shaped leaf. Excellent compact form. Slow growing. Resistant to box blight	Evergreen Ht. 1m
BUXUS SEMPERVIRENS	(Common Box) Dense small dark green leaves. Ideal for hedges and topiaries. Prefers fertile soils, full sun or part shade. Prune regularly and feed after pruning.	Evergreen. Ht 80cm
BUXUS SEMPERVIRENS GRAHAM BLANDY	Upright form of English Box with narrow habit and rich green leaves. Fairly fast growing. Requires minimal trimming to retain shape. Ideal for landscape feature. Very hardy.	Evergreen Ht 2-3m
BUXUS SEMPERVIRENS SUFFRUTICOSA	(Dwarf Edging Box) Small bright shining green dense leaves. Ideal for hedges, edging and easily maintained as a narrow living wall as low as 15cm. Hardy	Evergreen. Ht 20x10cm
BUXUS SEMPERVIRENS WINTER GREEN	Selected form with larger leaves which are bright green in winter. Compact bush suitable for hedging.	Evergreen. Ht 60cm
CALLISTEMON KINGS PARK SPECIAL	Bunches of long red bottlebrush flowers during spring. Thrives in an open position. Prune after flowering.	Evergreen. Ht 3m
CALLUNA VULGARIS TIB	Good flowering variety with double rosy-red flowers Jan - Feb. Very hardy, tolerates shade but prefers full sun.	Ht 40cm Evergreen.
CANTUA PYRIFOLIA	(Flower of the Incas) Graceful weeping shrub with striking tubular flowers, cream with yellow flaring lobes in spring. Hardy. Trim after flowering.	Evergreen Ht. 2 x 1m
CEANOTHUS BLUE CUSHION	Dwarf spreading shrub which smothers itself in bright blue flowers in late spring. Hardy.	Evergreen. Spread 1m
CEANOTHUS BLUE SAPPHIRE	Spring flowering shrub with bright blue flowers that smother the bush. Dark purple-green foliage. Prune to shape if required.	Evergreen Ht 60cm
CEANOTHUS EMILY BROWN	A quickly spreading ground cover plant. Blue flowers and spiny dark green leaves.	Evergreen Ht. 60cm x 1.5m
CEANOTHUS IMPRESSUS	(Santa Barbara Ceanothus) Rich, deep-blue flowers cover this small growing bush in spring. Small, furrowed dark green leaves, densely branched.	Evergreen. Ht 1.3m

Plant Variety	Narrative	Spec.
Shrub (continued)		
CEANOTHUS JOYCE COULTER	(Californian Lilac) Very vigorous, extremely wide spreading plant good for banks or ground cover. Masses of blue flowers in spring. Very Hardy.	Evergreen Ht 1m x 3m
CEANOTHUS PAPILLOSUS ROWEANUS	(Californian Lilac) A rounded dense bush with dark blue flowers and glossy green leaves. Attracts bees. Hardy and fast growing.	Evergreen Ht 2m
CHOISYA AZTEC PEARL	Finely cut green foliage. Large creamy white flowers in late spring and often again in autumn. Pink buds opening to fragrant flowers. Hardy.	Evergreen. 1.5 m
CHOISYA TERNATA	(Mexican Orange Blossom) A neat compact shrub which in spring is covered in white orange blossom-like scented flowers. Very hardy. Trims well. Tolerates shade or sun.	Evergreen. Ht 1.5m
CHOISYA TERNATA SUNDANCE	Golden foliage form of "Mexican Orange Blossom". Sweetly scented white flowers late spring and summer. Prefers some shade. Leaves can burn in hot sun.	Evergreen. Ht 1.2m
CHOISYA WHITE DAZZLER	A compact choisya with fine green leaves. A profusion of orange blossom scented clusters of white flowers in Spring and Autumn. Prefers full sun and well drained position. Hardy.	Evergreen Ht 1.25m
CISTUS BRILLIANCY	Large rosy pink flowers in Spring and Summer. Excellent for sunny dry and coastal sites. Prune after flowering. Very hardy.	Evergreen. Ht 1.2m
CISTUS FORMOSUM	(Shrubby Sun Rose) Attractive shrub with grey foliage and large golden flowers. Perfect for full sun, and dry areas. Excellent on the coast.	Evergreen. Ht 1m
CISTUS LADANIFER PETIOLATUS BENNETT'S WHITE	Large pure white flowers with yellow centres cover the plant in Spring and Summer. Great for hot, dry conditions in well drained soil. Prune after flowering	Evergreen Ht 1m
CISTUS SALVIFOLIUS 'SNOWMOUND'	Low, trailing free-flowering shrub, white flowers with golden yellow centres in Spring. Foliage is dark grey-green above and whitish below. Suitable Rockery, Border, Cottage Garden.	Evergreen Ht. 75 x 1.5m
CISTUS SILVER PINK	(rock Rose) Very attractive flowers up to 8cm across in clear silvery pink with golden stamens. Good for banks, borders, rockery or coastal areas. Very hardy.	Evergreen. Ht 1m
CISTUS SUNSET	Large brilliant rose-pink blooms in Spring. Tolerates a wide range of soils and is ideal for dry banks. Hardy.	Evergreen Ht 1m
CISTUS X LUSITANICUS	Free flowering. White flowers with maroon blotch and yellow at base of petals. Especially useful for dry soils. Prune after flowering.	Evergreen Ht 75cm
CLETHRA ARBOREA	(the lily of the valley Tree) The attractive glossy, elliptical foliage that is coppery when young. Abundance of fragrant, bell-shaped, waxy, white flowers in autumn. Protect from heavy frost.	Evergreen. Ht 3m
COLEONEMA ALBUM	'Breath of Heaven'. A compact, tidy bush with aromatic foliage. Covered with tiny, white flowers in spring and summer. Likes full sun and is tolerant of drought and cold.	Evergreen Ht 75cm
COLEONEMA PULCHRUM SUNSET GOLD	(Golden Diosma) Bright gold aromatic foliage and pink starry flowers in profusion in spring. Low growing. Sunny position.	Evergreen. 0.7 x 1.0m
COLEONEMA PULCHRUM WINTER CHARM	Beautiful compact shrub, studded with pink starry flowers in late winter. Flowers earlier than other varieties. Highly aromatic leaves. Hardy.	Evergreen. Ht 1.5m
CORREA COMPACT PINK	Australian native plant producing pink flowers in abundance from late winter to spring. Attractive to nectar feeding plants. Compact dense growing shrub, tolerant of coastal conditions and drought. Sun to part shade.	Evergreen Ht 50cm
CORREA DUSKY BELLS	Attractive evergreen shrub with pinkish-red flowers which are 4cm long produced from autumn to spring. Prefers full sun and well drained soil. Hardy.	Evergreen. Ht 1m
CORREA MARIAN'S MARVEL	A lovely evergreen shrub with two tone pink/yellow tubular shaped flowers. Prefers full sun and well drained soil. Protect from heavy frost.	Evergreen Ht 1m
COTONEASTER CONGESTUS	Dense rounded bush with branches curving downwards. White flowers in December are attractive to bees. Bright red berries in autumn.	Evergreen. Ht 1m
COTONEASTER CORNUBIA	A vigorous shrub with red fruits that are perhaps the largest of the Cotoneasters, and borne in profusion weighing down the branches.	Ht 4m Evergreen.

Plant Variety	Narrative	Spec.
Shrub (continued)		
COTONEASTER DAMNERI 'ROYAL BEAUTY'	Excellent ground cover with glossy leaves, open growth habit, white flowers, and orange berries. Very hardy.	Evergreen.
COTONEASTER MICROPHYLLUS	Dwarf glossy leaved evergreen with clusters of small white flowers followed by extra large scarlet fruits for draping walls and banks. Extremely tough and hardy.	
CUPHEA HYSSOPIFOLIA MIGUEL	Compact shrub which likes a sunny well drained situation. White flowers cover the plant throughout the summer. Great for mass planting. Protect from frosts.	Evergreen Ht 30 x 45cm
CUPHEA VERMILLIONAIRE	Masses of tubular bright orange flowers from late spring to winter. Prefers sunny well drained position. Protect from heavy frost.	Evergreen Ht. 60cm
CYTISUS BEANII	Prostrate broom with golden flowers. Ideal for over rocks or weeping position. Prefers full sun. Hardy.	Evergreen. Ht 40cm
CYTISUS RUBY	(Red Flowering Broom) Crimson flowers in spring. Vigorous, erect bush. Very hardy. Prune after flowering.	Evergreen Ht 2m
CYTISUS X PRAECOX	Mass of rich cream flowers on slender, weeping branches in spring. Flowers good for picking. Very hardy. Prune hard after flowering.	Ht 1m Evergreen.
DAPHNE ODORA ALBA	(White Daphne) Beautifully perfumed porcelain white blooms. Light green growth tips. Prefers semi sun position with well drained lime free soil.	Evergreen. Ht. 80cm.
DAPHNE ODORA LEUCANTHA	Very fragrant flowering shrub with flower clusters of deep pink shaded white in winter and spring. Deep green foliage. Prefers semi-sunny, well-drained, lime-free soil.	Evergreen. Ht 1m
DAPHNE PERFUME PRINCESS	(Bholua x odora) Early flowering (mid winter) Masses of blush pink and fade to white, ball-shaped clusters flowers. Highly perfumed - with soft citrus undertones. Bushy upright shrub prefers well drained soil and full sun or partial shade.	Evergreen 1.5mH
DAPHNE PERFUME PRINCESS WHITE	(Bholua x odora) Early flowering (mid winter) Pure white large ball-shaped clusters of star like flowers. Highly perfumed - with soft citrus undertones. Bushy upright shrub prefers well drained soil and full sun or partial shade.	Evergreen
DIANELLA REVOLUTA LITTLE REV	This compact dianella tolerates a wide range of soils and conditions. Likes full sun as well as partially shaded position. Hardy with excellent cold, heat, frost, and drought tolerance. Plant in a well mulched garden.	Evergreen Ht 30-40cm
DIANELLA REVOLUTA REVELATION	Blue green strappy-like foliage. Small blue flowers in Late Spring. It has a clumping habit ideal for mass planting.	Evergreen Ht. 50cm x 50cm
DRIMYS AROMATICA	(Mountain Pepper) Rich purplish red stems and dark green elongated leaves on a conical shape shrub. Clusters of star-shaped creamy white flowers with a strong aromatic scent. Black fruit in autumn. Prefers a sheltered sunny position with well drained soil. Hardy	Evergreen Ht. 3m
ECHIUM CANDICANS	Pride of Madeira. A multi branched plant with grey-green leaves and large spikes of purplish blue flowers in summer. Excellent for coastal gardens or herbaceous borders. Full sun.	Evergreen Ht. 1.5m
ELAEAGNUS PUNGENS MACULATA	Leaves with a central splash of gold giving a very bright effect. Outstanding in the winter. Very hardy shrub which can be pruned to shape.	Evergreen. Ht 1.5m
ELAEAGNUS X EBBINGEI	Hardy fast-growing shrub with large silvery green leaves giving a very bright effect. Suitable for hedge .	Evergreen. Ht 2-3m
ENKIANTHUS CAMPANULATUS	Cream striped, pink lily of the valley flowers. Good autumn colours. Bright Autumn colours. Excellent woodland plant.	Deciduous Ht 1.5m
ERICA AURORA	A hardy upright growing erica up to 1m tall. Has attractive bright red to orange tubular flowers during winter in clusters. Requires a well drained, sunny lime free position.	Ht 1m
ERICA CARNEA PINK SPANGLES	Delightful soft pink flowers. Compact grower. Very hardy.	Evergreen Ht 30cm
ERICA CERINTHOIDES	(FIRE HEATH) Small greyish-green foliage and 3cm bright red-orange hairy tubular flowers in 8cm clusters. Protect from frost. Acid soil needed.	Evergreen. Ht 60cm
ERICA CHERRY STEPHENS	Winter flowering. Deep pink bells. Ideal for rock and pebble gardens. Prefers a sunny, well drained position. Very hardy.	Evergreen. Ht 30cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
ERICA DARLEYENSIS A.T.JOHNSON	Long racemes of pink urn-shaped flowers that darken with age, and mid-green foliage tipped with cream in spring. Very hardy. Trim after flowering.	Evergreen Ht 45cm x 60cm
ERICA IRISH SALMON	Neat upright growth. Bell shaped deep salmon pink flowers. Late autumn. Excellent in borders or mass plantings. Prefers full sun and well drained soil.	Evergreen Ht 40cm x 60cmW
ERICA ISABEL	Compact new erica with fresh green foliage and masses of white flowers on upright stems. Excellent in borders or mass plantings.	Evergreen. Ht 40cm
ERICA KRAMERS RED	Good flowering low growing Erica. Deep pink to red flowers. Plant in full sun, open situation. Very hardy.	Evergreen Ht 30cm
ERICA MYRETOUN RUBY	Excellent winter flowering variety. Dark red flowers. Prefers acidic soil conditions. Extremely hardy .	Evergreen Ht 30cm
ERICA PURPLE BEAUTY	Rich purple bell like flowers in late summer - early autumn. Extremely hardy will grow anywhere.	Evergreen Ht 15cm
ERICA RUBY SHEPPARD	Compact bright pinkish-Mauve flowers in early winter. Similar to Melanthera. Prefers a sunny, well drained position. Hardy	Evergreen Ht. 1m
ERICA SILVER BEADS	A vigorous grower with flowers of the purest white. Well drained, moist soil required. NO LIME	Evergreen Ht 45cm
ERICA SPRINGWOOD WHITE	Very hardy winter flowering white erica. Makes good ground cover or can grow down walls or banks.	Evergreen. 15 x 60cm
ERICA WINTER FIRE	Small neat compact shrub which bears masses of bright fire-red tubular flowers in winter/early spring. Flowering followed by a mass of yellow tips.	Evergreen Ht 50cm
ERICA X DARLEYENSIS	Cushion like habit. Deep green foliage. Myriads of rosy mauve flowers in winter. Extremely hardy will grow anywhere.	Evergreen Ht.
ERIOSTEMON MYOPOIDES FLOWER GIRL	Scented dark green elliptic leaves. Star like waxy white flowers emerge from pink buds from winter to Spring. Prefers sunny and well drained position. May be clipped after flowering.	Evergreen Ht 70cm
ERIOSTEMON MYOPOROIDES BOURNDIA BEAUTY	Free flowering compact shrub covered with tiny white star-shaped blooms from Spring onwards. Aromatic foliage. Full sun/light shade Prune after flowering. Protect from heavy frost. Good cut flower.	Evergreen. Ht.75cmx1m
ESCALLONIA APPLE BLOSSOM	A rounded shrub with glossy green leaves and pink and white flowers. Wind tolerant and excellent for coastal areas. Makes good hedge.	Evergreen Ht 1.5m.
ESCALLONIA FIELDS WHITE	Hardy shrub or hedging plant. Glossy green foliage, White flowers. Trims well.	Evergreen Ht. 3.5m
ESCALLONIA FIELDS SCARLET	Hardy shrub or hedging plant. Glossy green foliage, Red flowers. Trims well.	Evergreen Ht. 4m
ESCALLONIA GOLD BRIAN	Compact growing escallonia with golden new growth in the Spring. Pink clusters of tiny bell shaped flower in late Spring and Summer. Prefers part shade and well drained soil.	Evergreen Ht. 1.5m
ESCALLONIA MACRANTHA	Flowers rose-crimson during summer and early autumn. Large glossy green leaves. Very hardy. Withstands coastal gales.	Evergreen. Ht 3m
ESCALLONIA PINK ELLE	Clusters of pretty pink blooms at top of upright shoots from summer to autumn. Full sun to part shade. Great in containers or suitable for small hedge. Trim after flowering.	Evergreen
ESCALLONIA WHITE PROFUSION lifestyle		
EUONYMOUS FORTUNEI EMERALD 'N' GOLD	Obliging plants providing year round colour. Good ground cover. Very hardy. A real gem for rock and pebble gardens.	Evergreen. 30cmx80cm
EUONYMOUS MINIMUS	A prostrate cultivar that bears small oval dark green leaves. Small white flowers during summer. Hardy.	Evergreen Ground cover 1mx20cm
EUONYMUS GREEN SPIRE	Compact shrub with an upright growing habit. Dense rich green glossy leaves. Excellent for low hedging or topiary. Prefers sunny position with moist but well drained soil.	Evergreen Ht.1.5m
EUPHORBIA ASCOT JADE	A striking foliage plant with dark jade leaves on which cream to lime green flowers appear in late winter into spring. Great for containers this plant is very hardy and drought tolerant. Prefers free draining soil and full sun to part shade.	Evergreen Ht 90cm W 90cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
EUPHORBIA ASCOT RAINBOW	Colourful plant with cream and green-blue foliage turning deep pink in cooler months. Masses of cream, lime and green spikes in early spring. Trim after flowering. Prefers sun and well drained soil. Suits garden or pots.	Evergreen Ht 50 X 50cm
EUPHORBIA CHARACIAS KEA	This compact perennial has foliage of blue-grey-green, with a touch of red in the new growth. Lime-gold flowers in the spring. A dramatic plant for a sunny, well-drained spot.	Evergreen Ht. 45cm
EURYOPS PECTINATUS	Rich yellow daisy-like flowers produced throughout year but most freely from Aug - Dec. Very hardy. Tolerates coastal conditions. Prefers full sun and good drainage. Protect from heavy frost.	Evergreen. Ht 1m
FATSIA JAPONICA	(Aralia) A handsome medium to large shrub of spreading habit. Large polished green leaves emphasise the globular white flower heads that appear in autumn. Suitable for growing indoors or outdoors with some shade. Needs protection from frost.	Evergreen
GARRYA ELLIPTICA	(Catkin Bush) Magnificent large evergreen shrub draped with long green catkins in winter. Flowers popular for floral art. Will grow on coast and south walls. Cold hardy.	Evergreen Ht 3m
GARRYA ELLIPTICA JAMES ROOF	(Catkin Bush) A strong vigorous male form with magnificently draped extra long catkins and large leathery leaves. Will grow on coast and south walls. Cold hardy	Evergreen Ht 3m
GORDONIA YUNNANENSIS	Large shiny leaves during Winter. Flowers large creamy/white with a mass of bright golden stamens. Well-drained sunny position. Prune heavily after flowering . P.V.R.	Evergreen. Ht. 2m
MOONLIGHT MAGIC GREVILLEA AUSSIE CRAWL	A vigorous, prostrate groundcover, good for mass planting. New growth has bronze-red tones. Red flowers in late winter - autumn. Likes a well drained, sunny spot. Protect from heavy frost.	Evergreen 2m wide
GREVILLEA CREAM AND GREEN	A compact shrub with lime green flowers from Winter to Spring. Frost hardy. Suitable for most situations. Prune to shape	Evergreen Ht. 1.5m
GREVILLEA CREAM PASSION	A bushy shrub with deep vivid green leaves, large cream and pink flowers in spring and early summer. Prefers free draining acidic soils and full sun. ideal coastal plant PVR	Evergreen Ht 2m
GREVILLEA DEUA GOLD	A profusion of Bright golden flowers from Marh to October. Glossy green arching foliage. Prefers full sun and well drained position. Protect from frosts. PVR	Evergreen Ht 1.2m
GREVILLEA GLABRATA	An upright Grevillea with a weeping habit and white flowers in late winter/early Spring. Prefers full sun and protection from frosts.	Evergreen Ht 2.5m x W2m
GREVILLEA GOLDFEVER	Low, spreading shrub which produces golden , spidery flowers for long period from late winter. Flowers attractive to birds. Prefers full sun or part shade and well drained soil. Hardy.	Evergreen Ht 30cm X 1.5m
GREVILLEA IGNITE	An outstanding plant with strikingly large clusters of red and yellow flowers on a small robust shrub. Flowers from Autumn to Spring. Ideal for containers. Prefers full sun and well drained soil. PVR	Evergreen Ht. 75cm
GREVILLEA LANIGERA DRUMMER BOY	Compact ground cover bush which smothers itself in little red drumsticks in winter and spring. These open to spidery red flowers with cream centre .Hardy to cold and coastal conditions.	Evergreen. Ht 50cm X 1m
GREVILLEA NED KELLY	Spreading shrub with deeply divided leaves on long branches. Has large showy, orange-red brush like flowers over long period. Best in well drained , sunny position and tolerates moderate frosts. Prune regularly .Attractive to tuis and bellbirds.	Evergreen Ht 1.5m
GREVILLEA RED	Red flowers shown off well against slightly unusual variegated foliage. A good plant for dry areas, will tolerate most well drained soils.	Evergreen. Ht. 1.5x1.5m
GREVILLEA ROBIN HOOD	An easily grown, attractive shrub displaying scarlet flower spikes at branch tips from spring through summer. Withstands cold and dry, but needs staking against strong wind.	Evergreen. HT 2M
GREVILLEA ROBYN GORDON	Fat spikes of bright red flowers throughout year. Plant in full sun and well drained soil. Protect from frost.	Evergreen Ht 1m
GREVILLEA SUPERB	Spectacular bright salmon brush-shaped flowers in spring and autumn. Full sun and free drainage required. Prune after flowering. Excellent specimen/tub/hedge plant.	Ht 1m Evergreen.

Plant Variety	Narrative	Spec.
Shrub (continued)		
GREVILLEA VICTORIAE	(Royal Grevillea) Drooping heads of rusty to orange red flowers from late summer into winter. Attracts tuis and bellbirds. Prune lightly each year to keep bushy. Very hardy to cold and wind.	Evergreen. Ht 2.5m
GREVILLEA WAKITI SUNRISE	Dwarf, spreading Grevillea with soft grey/green leaves. Apricot flowers in cluster appear in late Winter through to Summer. Prefers full sun in well drained soil. Bird attracting. Protect from frosts.	Evergreen Ht 1m x 1.5m
GREVILLEA WINTER DELIGHT	Groundcover with soft grey green foliage and a profusion of red, pink and cream flowers in winter. Prefers a well drained sunny position. Tolerates moderate frost.	Evergreen Ht 30cm X 1m
GREYIA SUTHERLANDII	Large rounded shiny green leaves. Large heads of bright orange-crimson flowers with protruding stamens in winter- early spring. Prefers sunny well drained soils. Protect from heavy frost.	Semi-Deciduous Ht. 3m
HYPERICUM CALYGINUM	Excellent ground cover for dry or wet conditions producing yellow flowers throughout summer. Best grown on larger areas and left unchecked. Very hardy.	Evergreen.
ILEX AQUIFOLIUM ANGUSTIFOLIA	A slow growing cultivar with small leaves and slender spines. Neat pyramidal habit. Very hardy.	Evergreen. Ht 60cm
ILEX BURFORDII	Female holly with white flowers in Spring and long lasting red berries in Summer. Prefers full sun to part shade. Self fertile.	Evergreen Ht 3mH x 4mW
ILEX CRENATA SKY PENCIL	Forms a tight structural columnar shape without pruning. Plant in full sun to part shade and in moist well drained soil. Very hardy.	Evergreen Ht. 3-4m x 1m
ILEX LARGO	Hardy and evergreen, this unusual form of Holly is an upright bushy shrub with dark green oval leaves. New growth is a brilliant lime green. Great for hedging and topiary as it trims well into shape or in a background planting.	Evergreen Ht 4m
ILEX X MESERVEAE BLUE PRINCE	Well known for its bluish green foliage with purple stems and red berries. Very hardy. Suitable for trimming into hedge or as topiary.	Evergreen. Ht 2.5m
JASMINIUM PARKERI	(Dwarf Jasmine) Dwarf twiggy shrub. Produces clear yellow Jasmine flowers without fragrance all summer followed by black berries. Great for rockeries or in containers. Hardy.	Evergreen Ht 30cm x 60cm
KALMIA LATIFOLIA PINK CHARM	A very free-flowering variety with masses of mid pink flowers opening from pinkish-red buds. Has a slightly open habit and responds well to light pruning. For an acid soil with some shade.	Ht 1m x 1m. Evergreen.
KALMIA LATIFOLIA PINK SENSATION	Red buds open to lovely pink flowers in December. Prefers some shade and acid free draining soil. Take care not to disturb roots when planting.	Evergreen Ht 1.5m
KNIPHOFIA UVARIA	(RED HOT POKERS) Extremely hardy plants with lance-like leaves to 1 metre followed by tall attractive orange-red poker-like flowers in early summer. (Sheep-proof)	Evergreen. Ht. 1m
LAURUS NOBILIS	(Bay Laurel , Sweet Bay) Aromatic foliage, used commonly to flavour meats and in other cooking. Pyramidal tree or large shrub. Suitable for trimming into topiary or hedging. Thrives in coastal conditions. Very hardy.	Evergreen. Ht 4m
LEONOTIS LEONURUS	(LIONS EAR) Showy whorls of bright orange-scarlet flowers in late summer and autumn. Easily grown shrub in warm sheltered position. Suitable for conservatory, protect from frost.	Evergreen. Ht 1m
LEPTOSPERMUM MERINDA	Vibrant magenta flowers cover the bush in late Spring. Early growth is cascading. Tolerates wide range of soil types and climatic condition. Open sunny position preferred.	Evergreen. Ht 1mx1m
LEPTOSPERMUM OUTRAGEOUS	A medium-tall shrub with drooping branches and an abundance of deep red flowers in spring. Fast growing and suitable for most soil types in sun or part shade.	Evergreen Ht. 2m
LEPTOSPERMUM PATTERSONII	Tasmanian Manuka A small slender tree with masses of silvery-grey leaves and large white manuka flowers in Spring. Frost hardy.	Evergreen Ht. 3m
LEPTOSPERMUM TICKLED PINK	(Australian Tea Tree) Upright shrub with small mid-green leaves and showy large pink flowers in spring. Prefers moist soil and sun or part shade. Protect from heavy frost.	Evergreen Ht 2m X 1m
LEUCADENDRON BLUSH OF DAWN	An attractive shrub with red stems in late summer and red flower bracts in Autumn/winter. Prefers well drained soil in a sunny position. Protect from heavy frost. Prune in mid spring	Evergreen Ht. 1.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
LEUCADENDRON CREAM BUN	A compact growing bush with creamy-white cup shaped flowers with a brilliant red edge.	Evergreen Ht. 1m
LEUCADENDRON JACK HARRE	Compact plant with flaming red star-like flowers on long bracts from early winter. Requires sunny well drained position. Hardy.	Evergreen. Ht 1 x 1m
LEUCADENDRON PLUM SUPREME	A compact plant with purple/red foliage in late summer into autumn. Prefers a sunny position in well drained soil. Protect from heavy frosts.	Evergreen Ht. 1m
LEUCOSPERMUM SCARLET RIBBON	Deep salmon pink with scarlet perianth ribbons. The unopened florets have blue-grey down covering. Vigorous, upright habit.	Evergreen. Ht 1.5m
LEUCOTHOE FONTANESIANA CRIMSON GLOBE	Compact form which has red to bronze winter foliage. Pendant racemes of white flowers in Nov-Dec. Prefers shade and acid soil.	Evergreen Ht 75cm
LEUCOTHOE FONTANESIANA SCARLETTA	Low bushy arching habit with purple red glassy foliage in winter months. Small racemes of little white bells in spring. Prefers semi to full shade and moist soil. Hardy.	Evergreen. Ht 70cm
LIGUSTRUM JAPONICUM ROTUNDIFOLIUM	A slow growing, rigid, compact shrub with round, leathery, black-green leaves. It has large panicles of white flowers in late summer. Very hardy.	Evergreen. Ht 1.5m
LIGUSTRUM OVALIFOLIUM	'Oval-leaf Privet' Hardy, tolerant shrubs which reach a large size if unpruned. Loses leaves in cold districts only. Suitable for hedging.	Semi-Evergreen. Ht 2m
LITHODORA CRYSTAL BLUE	A low, prostrate grower with far larger pale blue flowers, and an extremely vigorous habit compared to other well known dark blue varieties.	Evergreen Ht 15cm x 75cmW
LOMANDRA EVERGREEN BABY	Compact fine leaf clumping. Yellow flowers in spring. Prefers full sun with well drained soil. PVR	Evergreen Ht. 45cm
LOMANDRA LONGIGOLIA SHARA	A lovely compact, fine leaf with blue-grey tones, Prefers sun and well drained position. PVR	Evergreen Ht. 55cm
LOMANDRA SEASCAPE	Very hardy grass with graceful weeping habit and stunning blue-grey foliage. Small yellow aromatic flowers. Good for mass planting or in pot. Prefers sunny well drained position. Tolerates part shade	Evergreen Ht 50 X 75cm
LOMATIA FERRUGINEA	Large shrub or small tree with fern like leaves and red-brown velvety stems. Flowers buff and scarlet in summer. Acid soil. Prefers from cold wind.	Evergreen. Ht 4m
LOROPETALUM CHINENSIS FIRE DANCE	Attractive shrub with deep red foliage and flowers. Plant in well drained soil in part shade. Protect from frost. Give light trim after flowering.	Evergreen Ht 2m x 1.5m
LOROPETALUM CHINENSIS ICE BERRY	Arching branches with dark green leaves emerging bronze. Cream-white flowers in spring. Prefers semi shade and well drained soil.	Evergreen Ht. 1.5m
LOROPETALUM CHINENSIS PLUM DELIGHT	One of the darker purple foliage of any Lorepetalum with a pretty weeping habit. Masses of cerise flowers through Summer and Autumn. Prefers full sun and well-drained soil. Suitable for shaping. Protect from heavy frost.	Evergreen ht. 1m
LOROPETALUM CHINENSIS 'PLUM GORGEOUS'	The darkest purple foliage of any Lorepetalum with a pretty weeping habit. Masses of cerise flowers through Summer and Autumn. Prefers full sun and well-drained soil. Suitable for shaping. Protect from heavy frost. PVR.	Evergreen 1.5m x 1m
MAHONIA LOMARIIFOLIA	(CHINESE HOLLY GRAPE) Yellow flowers in clusters form on top of stems in late winter followed by non-poisonous blue berries. Extremely hardy in sun or shade.	Evergreen. Ht 2m
MICHELIA LOVING MEMORIES	Masses of scented cream flowers with faint pink tinge from mid spring to early summer. Handsome green foliage with light gloss. Erect columnar growth. Medium hardy. PVR applied for.	Evergreen Ht 3m
MICHELIA MAGNOLIA FAIRY BLUSH	(Mark Jury Hybrid) Beautiful lightly fragrant flowers blushed lilac pink. Upright, compact shrub. Suitable as specimen in garden, in container, or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	Evergreen Ht 3 x 2 m
MICHELIA MAGNOLIA FAIRY CREAM	Mark Jury hybrid with beautiful creamy-white, fragrant flowers in spring. Upright, compact and bushy. Prefers well drained soil and sun or part shade. Suitable as specimen shrub, hedge or in large container.	Evergreen Ht 3m X 2m
MYRTUS APICULATA	A lovely small tree with cinnamon coloured bark. Attractive white flowers through summer and autumn. The red and black berries are edible and sweet.	Evergreen. Ht 4m

Plant Variety	Narrative	Spec.
Shrub (continued)		
MYRTUS APICULATA LUMA	A handsome small tree with glossy aromatic foliage with single white flowers in Summer and early Autumn. An added feature is the cinnamon coloured bark which peels.	Evergreen.
NANDINA DOMESTICA FIREPOWER	Selected form of Dwarf Chinese Bamboo forming a compact, rounded shrub with fresh lime-green leaves in summer, turning vivid hot-pink and deep wine red in autumn and winter.	Evergreen.Ht 60cm x W 60cm
NANDINA DOMESTICA GULF STREAM	(Dwarf Chinese Bamboo) Dwarf selection with blue-green summer foliage which turns bright red in autumn to winter. Plant in full sun to semi shade and tolerates wet or dry soil conditions. Very hardy.	Evergreen. Ht 75cm X 60cm
NANDINA DOMESTICA OBSESSION	Fine leafed dwarf Nandina which produces new red growth in spring , summer and autumn. Full flush red in winter . Full sun or part shade. Very hardy.	Evergreen Ht 60cm X 60cm
NANDINA DOMESTICA PYGMAEA	(Dwarf Chinese Bamboo) Compact, rounded, densely foliated bush with attractive green/purple/crimson/orange leaves. Very hardy. Prefers full sun. Requires little maintenance.	Evergreen. Ht 30cm
NANDINA DOMESTICA RICHMOND	"Sacred Bamboo" Attractive foliage tinged red in spring and autumn. Large erect spires of stunning bright orange berries. Great performer for winter colour.	Evergreen. Ht 1.8m
OPHIOPOGON JAPANICUS NANUS	(Dwarf Green Mondo Grass) Deep water marginal plant. Grown as edging/groundcover plant with white-lilac flowers and blue berries. Or can be submerged in pond as non-flowering aquatic plant.Plant 0-30cm deep.Very hardy	Evergreen Ht 5cm
OPHIOPOGON JAPONICUS	(Green Mondo Grass) Deep water marginal plant. Grown as edging/groundcover plant with white-lilac flowers and blue berries or as submerged, non-flowering aquatic plant.Plant 0-30cm deep.	Evergreen Ht 15cm
OPHIOPOGON PLANISCAPUS	Small grass-like plant forming a tuft of curving leaves. Loose racemes of white-lilac flowers appear through summer, followed by dull blue fruit. Sun or shade requires adequate moisture in summer.	Evergreen. Ht. 25cm
OPHIOPOGON PLANISCAPUS NIGRESCENS	Black Mondo Grass Very unusual black foliage, white flowers and dark blue berries, excellent rockery plant. Hardy, dwarf and bushy.	Evergreen. Ht 20cm
OSMANTHUS DELAVAYI	Very beautiful small leaved shrub. Fragrant white flowers in spring. Prefer partial shade, slightly acid soil and well drained soil.Very hardy.	Evergreen Ht 1.5m.
OSMANTHUS X BURKWOODII	Very hardy shrub of compact growth. Sweetly scented white flowers produced in April - May. Tolerates some drought and shade.	Evergreen Ht 1.5m.
OSMANTHUS X FORTUNEI	An upright, dense, evergreen shrub with deep green, holly-like leaves. The flowers are highly fragrant and are produced over a long period in autumn. Prefers a sunny site.	Evergreen Ht. 2m
PACHYSANDRA TERMINALIS	Hardy ground cover. Flowers greenish-white in late winter and spring. Prefers moist, lime-free soil. Shade to part shade.	Evergreen. W
PACHYSANDRA TERMINALIS GREEN SHEEN	Improved selection with glossy foliage and improved heat tolerance, but suitable for dry shade. A versatile ground cover! Very hardy.	Evergreen ht 30cm x 1m wide
PHEBALIUM GOLD NUGGET	Compact rounded shrub. Stunning display of golden flowers in Spring. Well drained soil in full sun. Trim lightly after flowering.	Evergreen. Ht.1.5x1.5m
PHEBALIUM ILLUMINATION	(Variegated Satinwood) A columnar shrub with attractive foliage with margined gold leaves, providing brilliant colour year round.Small white flowers in summer. Requires well drained soil . Can be trimmed.	Evergreen Ht 3m
PHOTINIA GLABRA ROBUSTA	Very strong growing large shrub, with glossy greenish-red leaves and young new growth a rich coppery red. Ideal for hedging and trimming. Hardy	Evergreen. Ht 3m
PHOTINIA GLABRA SUPA RED	A natural self branching variety which is fast growing with an upright habit. Brilliant red narrow foliage all year round. Ideal for hedges. Prefers full sun or part shade and well drained soil.	Evergreen Ht. 4m
PHOTINIA X FRASERI RED ROBIN	A broad leaved evergreen with fiery red new growth which may be induced by pruning at any time. Excellent hedging plant. Very hardy.	Evergreen. Ht 2.5m
PHYLICA GNIDIOIDES	A south african low spreading shrub. Bears terminal heads of pink flowers in late winter/spring. Prefers full sun and well drained soil. Protect from heavy frost.	Evergreen Ht. 50cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
PHYLICA PUBESCENS	(Flannel bush) Small erect shrub with downy shoots. Yellowish-green feathery plumes are produced at the tip of each branch during winter. Good for picking. Protect from heavy frost.	Evergreen. Ht 1.5m
PHYSOCARPUS OPULIFOLIUS LUTEUS	(Golden Ninebark) Hardy, vigorous shrub with attractive peeling bark and heart-shaped yellow leaves in spring. White tinged pink flowers with purple stamens in summer with red pods following. Foliage good for picking.	Deciduous Ht 1.8m.
PIERIS FORMOSA FORRESTII WAKEHURST	Magnificent flowering shrub with vivid red new foliage which contrasts beautifully with the glistening white flowers. Prefers acidic soil and some shade.	Evergreen Ht 2.5m
PIERIS JAP. LITTLE HEATH GREEN	Small white flowers with a pink blush appear in Spring followed by bronze red new growth which glossy green in summer. Compact grower.	Evergreen Ht 1.5m
PIERIS JAPONICA CHRISTMAS CHEER	Glossy green leaves, shining copper young growth. Masses of waxy bell shape flowers flushed with deep rose at the tips giving a bicolour effect. Prefers semi shade and acidic soils. Hardy.	Evergreen. Ht 2m
PIERIS JAPONICA FLAMINGO	A rounded shrub with rich, bronzy-red new growth that matures to deep green. Slightly fragrant flowers of rosy purplish-red fading to deep pink. Plant in shade for best colour.	Evergreen Ht. 1.5 x 1.3m
PIERIS JAPONICA WHITE CAPS	Compact shrub with typical clusters of pure white in a pendulous form. Prefers semi-shade or shade with acidic soils.	Evergreen. Ht 1m
PIERIS RYUKYENSIS TEMPLE BELLS	This has the biggest white flowers of all the Pieris in spring.. Erect rounded shrub with tiered horizontal branches and new growth bronzy red. Prefers dappled light and acidic soil.	Evergreen Ht 1.5 m
PIERIS SCARLET O'HARA	fresh green leaves with red young growth. White lily of the valley flowers in panicles. Prefers acid soil conditions and some shade from hot sun. Hardy.	Evergreen. Ht 1.5m
PIERIS VALLEY VALENTINE	Dark red winter buds opening to large panicles of dusky red flowers held above tidy, deep green foliage. Prefers some shade and acidic soils. Hardy	Evergreen. Ht 1.5m
PIERIS YAKUSHIMENSIS SARABANDA	Very free flowering compact shrub with White flowers. Prefers some or full shade and acidic soils. Hardy	Evergreen Ht. 1m
PLUMBAGO AURICULATA	Terminal spikes of pale-blue flowers appear throughout summer and autumn. Warm sunny position. Protect from frost. Withstands considerable dryness. Vigorous.	Evergreen.
PODALYRIA CALYPTRATA COMPACT GEM	Compact, bushy form with masses of fragrant pink-mauve flowers in late winter to spring. Ideal coastal plant. Prefers well drained soil in full sun.	Evergreen Ht 1.5m
POLYGALA DALMAISIANA DAZZLER	Compact growing sweet-pea bush with rich mauve purple flowers. Tolerates dry conditions in sun or part-shade. Clip in spring to encourage new growth. Good in containers.	Evergreen. Ht 1.5m
POLYGALA MYRTIFOLIA GRANDIFLORA	Dense leafy shrub. Rich purple pea-shaped flowers appear from late winter. Average soil conditions preferably with good drainage and full sun. Half hardy.	Evergreen. Ht 2m
PROSTANTHERA BALLERINA	Ideal shrub in dry position with purple tinted white flowers during early summer. Protect from heavy frost.	Evergreen. Ht 1.5m
PROSTANTHERA ROTUNDIFOLIA	A small to medium sized shrub of a dense habit. The attractive lilac coloured flowers inundate the branches during spring.	Evergreen. Ht 2m
PROTEA CANDY	(Longifolia hybrid) Flowers have candy red bracts and black tuft in centre. Frost hardy once established. Good coastal plant and attractive to birds. Prune after flowering. Full sun.	Evergreen. Ht 1.5m
PROTEA CORONATA	Apple Green Protea. Upright shrub with terminal green flowers with a white tuft on the tip. Good for picking. Prefers well drained sunny site. Prune after flowering.	Evergreen. Ht 2m
PROTEA CYNAROIDES	(KING PROTEA) Large wide-open pink flowers produced from autumn to spring. Distinctive foliage on a rather open plant. Requires full sun and well-drained acid soil. Protect from heavy frost.	Evergreen. Ht 1.5m
PROTEA GRANDICEPS	Forms neat compact bush. Peach pink flower bracts, permanently curved inwards and tipped with white fluffy hairs, are produced in summer. Requires summer moisture and protection from frosts.	Evergreen. Ht 1.5m

Plant Variety	Narrative	Spec.
Shrub (continued)		
PROTEA MAGNIFICA	(Queen Protea) One of the most spectacular with large soft to deep pink flowers, mostly in summer. Requires full sun and good drainage. Prune after flowering. Protect from heavy frost.	Evergreen. Ht 1.8m
PROTEA NERIIFOLIA ALBA	Upright, rounded shrub with medium sized yellow-cream flowers through autumn to spring. Excellent picking flowers. Adaptable to most well drained, sunny sites. Prune to shape. Protect from heavy frost.	Evergreen. Ht 2m
PROTEA NERIIFOLIA LIMELIGHT	An interesting form of this well known protea with heavy crop of lime green flowers fringed black from autumn to spring. Prefers full sun and well drained position. Protect from heavy frost.	Evergreen. Ht 1.5m
PROTEA RED ICE	A red flowering form of the popular Protea Pink Ice. Prefers full sun and light soils. Prune after flowering. Protect from heavy frosts.	Evergreen Ht 2.5 x W 2.5
PROTEA REPENS ALBA	An erect shrub producing white flowers with a sticky nectar. Prefers sunny well drained soil. Trim after to flowering. Protect from heavy frosts.	Evergreen Ht. 2m
PROTEA TASMAN RUBY	A hybrid Protea with deep red bracts, with slightly silvery edges. A prolific bloomer from an early age. Prefers full sun in a free-draining soil. Protect from heavy frost when young.	Evergreen. Ht. 1.5m
PROTEA VENUS	(Protea repens x aristata) Striking deep red flowers in late winter-summer on stems suitable for picking. Robust and vigorous plant. Prune after flowering. Requires full sun and free draining soil.	Evergreen. Ht 1.5m
PRUNUS LAUROCERASUS	Vigorous wide spreading shrub suitable for screening. Evergreen hedge or as a tub plant. Useful for floral work. Grows well under large trees. Very hardy.	Evergreen. Ht 6m
PRUNUS LUSITANICUS	(Portuguese Laurel) Large shrub with long racemes of small white hawthorn-scented flower in December, followed by small dark purple fruits. Very hardy. Suitable as hedge or screening plant.	Evergreen Ht 4m .
PRUNUS LUSITANICUS FINE LEAF	(Fine Leaf Portuguese Laurel) Compact form with finer, deep green leaves. Very hardy. Suitable as garden plant and can be trimmed as small hedge or topiary.	
PYRACANTHA BRILLIANT	This hardy large shrub has shining green leaves. Displays masses of scarlet berries in late autumn.	Evergreen. Ht 2m
PYRACANTHA ORANGE GLOW	Extremely hardy shrub with masses of white flowers in summer are followed by orange berries in winter.	Evergreen Ht 2x1m
PYRACANTHA SHAWNEE	A densely-branched spiny shrub. The masses of white flowers are replaced by yellow to light orange berries. Very hardy.	Evergreen Ht 2m
RHAPHIOLEPIS ORIENTAL PEARL	A nice compact, low/slow growing evergreen shrub with an abundance of white flowers in spring. Prefers full sun and well drained position. Hardy.	Evergreen Ht. 1.5m
ROSMARINUS LADY IN WHITE	Hardy shrub which produces white flowers on upright branches over long period. Fragrant leaves great for culinary use. Can be trimmed or made into hedge.	Evergreen Ht 1m x 1m
ROSMARINUS LAVANDULACEUS	Beautiful scented prostrate shrub forming a mat with clusters of blue flowers. Ideal for banks and walls in a sunny spot. Very hardy.	Ground cover Width 2.5m
ROSMARINUS OFF MISS JESSOPP'S UPRIGHT	Compact, erect rosemary with aromatic, narrowly oblong, dark green leaves, whitish beneath. Small, two-lipped light blue flowers are borne mainly in spring and summer. Best in full sun, with well drained soil. Can be trimmed. Hardy	Evergreen Ht. 1.5m
ROSMARINUS OFFICINALIS GOLDILOCKS	Golden yellow fragrant foliage with blue flowers in summer. Prefers full sun and well drained soil.	Evergreen Ht. 1m
ROSMARINUS OFFICINALIS LOCKWOOD DE FOREST	Best prostrate rosemary for rock walls banks etc. Lavender flowers and aromatic perfume make this a favourite. Prefers sunny position.	Evergreen.
ROSMARINUS OFFICINALIS MOZART	An upright Rosemary with deep blue flowers on dark green foliage. Prefers full sun and well drained soil.	Evergreen Ht 70cm
ROSMARINUS OFFICINALIS TUSCAN BLUE	A small shrub with bright blue flowers and fragrant leaves. This herb is used in cooking potpourri etc. Upright habit.	Evergreen. Ht 1m
SARCOCOCCA ORIENTALIS	(Sweet Box) Dense shrub with dark green leaves. Produces small cream, fragrant flowers in winter followed by black berries. Hardy in most soils and requires part or full shade. Suitable for dry, shady areas once established.	Evergreen Ht 70cm X 70cm

Plant Variety	Narrative	Spec.
Shrub (continued)		
SARCOCOCCA RUSCIFOLIA	(Christmas Box)Masses of large crimson berries stand out against glossy green foliage. Makes an excellent tub plant or shrub for shady areas. Very hardy.	Evergreen. Ht 1m
SERRURIA PEDUNCULATA SILVER FOX	An attractice small shrub with short stems of grey and white flowers in clusters. Suitable for picking. Prefers full sun and well drained soil.	Evergreen Ht. 75cm
SHELTER GRADE ASSORTED PLANTS	Mix and match native and exotic shelter grade plants \$5.50 each, 4 for \$20 or 20 for \$80	
SKIMMIA JAPONICA FEMALE	Compact shrub with fragrant white flowers in spring followed by bright red berries on female plants. Good for shade and coastal conditions. Needs male for berries.	Evergreen. Ht 1.5m
SKIMMIA JAPONICA MALE	Compact shrub with fragrant white flowers in spring. Good for shade and coastal conditions. Used to pollinate female plant which produces real berries.	Evergreen Ht 1.5m
SKIMMIA JAPONICA ROGERSII (Female)	Dense compact female skimmia with fragrant white flowers followed by large red fruits. Very adaptable plant tolerant of shade and most soils. Ideal for seaside or industrial gardens.	Ht 1.5m Evergreen.
SKIMMIA X CONFUSA KEW GREEN (Male)	A compact, mounding shrub.The large, conical clusters of creamy-white flowers are very fragrant. Male form with excellent foliage.Usefulred for pollinating female plant to produce berries.Prefers some shade.	Evergreen. Ht 1m
TELOPEA BRIMSTONE BLUSH	(Warratah Flower) Robust upright small tree. Terminal pinkish red flowers from mid to late Spring. Prefers full sun and free draining soils. Suitable for coastal areas. Protect from heavy frost.	Evergreen Ht 2.5m
TEUCRIUM FRUTICANS	(Germanda) A low spreading shrub with grey green leaves producing rosemary like flowers in summer and autumn. The grey branches are popular for decorative work. Wind hardy.	Evergreen. 2.5m
TEUCRIUM FRUTICANS SILVER BOX	Ornamental silver foliage and compact habit. Sky blue flowers from Autumn to Spring. Hardy and dry tolerant. Suitable for hedging and pots.	Perennial Ht.1m
THRYPTOMENE CALYCINA	Upright branches are smothered with small white starry flowers in late winter and spring.Prefers full sun and well drained soil. .Protect from heavy frost.	Evergreen. Ht. 1.5m
VIBURNUM DAVIDII	Compact shrub of low, wide-spreading habit with large dark green leathery leaves. Produces large clusters of white flowers in spring. Need to have plants of both sexes for the bright blue berries. Plant several if seedling grown. Very hardy.	Evergreen Ht 70cm
VIBURNUM JAPONICUM	Lustrous green foliage on a hardy compact shrub, bearing clusters of white, lightly scented flowers which ripen into small blue berries on female plants. Hardy	Evergreen Ht 2m
VIBURNUM PROPINQUUM	A compact shrub with white flowers in late Spring and blueish.black berries in Autumn. Deep green leaves take on burgundy tones in Winter. Great for hedging. Full sun or part shade in well drained soi. Hardy.	Evergreen Ht 1.5- 2.5m
VIBURNUM TINUS	Extremely popular evergreen large dense shrub with shiny green leaves. Branches of fragrant white and pink budded flowers in winter. Excellent in exposed windy conditions.	Evergreen. Ht 2-3m
VIBURNUM TINUS EMERALD BEAUTY	A superior selection, compact and bushy with dark green foliage. New growth tinged red. Carmine buds open to flattish clusters of pink-tinged flowers. Very hardy.	Evergreen. Ht 1.5mx1.3m
VIBURNUM TINUS EVE PRICE	Selected dense compact form with smaller leaves. Very hardy shrub with clusters of white tinged pink flowers in late winter and early spring.	Evergreen. 1.5 X 1.2 m
VIBURNUM TINUS LUCIDUM	Large glossy green leaves with white flowers throughout late autumn and spring. Vigorous, hardy shrub ideal for shelter, screening, or hedging.	Ht 2.5m Evergreen.
VINCA MINOR GERTRUDE JEKYL	Vigorous trailing plant with glistening white flowers during summer. Very hardy.	Evergreen Ht 20cm x 1m
YUCCA FILAMENTOSA	(Adam's Needle)Glaucous green strap like leaves with curly silvery white filaments on edge. Cream bell shaped flowers borne on tall stems in summer. Full sun .Drought tolerant when established.	Evergreen. Ht 1.5m
YUCCA FILAMENTOSA GARLAND GOLD	Creamy white flowers produced in summer. Golden foliage with narrow green margins. Upright.Hardy.	Evergreen. Ht 1m
YUCCA FLACCIDA IVORY TOWER	Erect leaves of soft green freely produces a large flower spike crowded with large fragrant bells of creamy white. Vigorous and hardy.	Evergreen

Plant Variety	Narrative	Spec.
Shrub (continued)		
ground cover		
AZORELLA TRIFURCATA	Low growing carpeting perennial. Small clusters of yellow flowers in summer. Suits a well drained sunny spot in a rockery. Hardy evergreen.	Ground Cover 5cm x 75cm
Evergreen		
ERICA DARLEYENSIS WHITE	Cushion like habit. Deep green foliage. Pure white winter flowering. Prefers a sunny, well drained position. Very hardy.	Evergreen Ht 30cm
Semi- Evergreen		
VIBURNUM MACROCEPHALUM	Large apple green which fade to white, sterile globular flower heads in spring. Medium rounded growth habit. Very hardy.	Semi-Evergreen Ht.2.5 x W 2m.
succulent		
ALOE ARBORESCENS HEDGEHOG	Ultra compact aloe with toothed leaves. Long flower stems produce masses of tubular orange flowers in late winter and spring. Prefers sunny and well drained position. Protect from heavy frost. PVR	Evergreen Ht. 40cm
ALOE BLACK GEM	Small clump forming succulent with dark green leaves that can darken to purple in bright sunshine. Ideal for containers. Prefers full sun and well drained soil.	Succulent Ht 30cm x 60cmW
BESCHORNERIA YUCCOIDES	(Mexican Lily) Clump forming succulent with grey-green lance shaped leaves. Produces pink and green tubular flowers on pink fleshy stem in summer. Will grow in arid to subtropical conditions. Needs protection from frost.	Succulent
CRASSULA PERFORATA VARIEGATA	(String of buttons) A succulent with vertical trailing stems of green and yellow with red margins. Ideal for hanging baskets. Prefers full sun, keep dry especially in winter and protect from frost. Best indoors in cooler climates.	Succulent Ht 40cm
ECHERVERIA BITTERSWEET	A rosette forming succulent with leaves in a variety of colours. Grows best in a sunny to part shade position. and well drained soil. Does not need much watering.	
ECHEVERIA ELEGANS	A succulent with greyish foliage edged with pink. Coral pink stems and flowers with yellow throat. Plant in full sun with good drainage.	Evergreen. Ht 30cm
ECHEVERIA GLAUCA	('glauca' means blue in Latin) One of the best blue arrowhead shaped leaves form flat rosettes and offset rapidly to form clusters. Excellent for coastal gardens or herbaceous borders. Full sun.	Succulent
ECHEVERIA TOPSY TURVY	An unusual rosette forming succulent with blue-grey foliage. Prefers well drained soil in full sun or part shade. Has orange flowers in spring.	Succulent 20cmH x 20cmW
PORTULACARIA AFRA GREEN	A much-branched fleshy shrub with smooth obovate glossy green leaves on soft brown stems. Will not tolerate any frost, and must have well drained soil and a warm climate or as a house plant.	Succulent
SEDUM SPIRIT	A decorative succulent with soft green leaves and serrated edges. Prefers full sun and well drained soil.	Perennial
SENECIO SERPENS	(Blue Chalksticks) Succulent perennial with prostrate stems and powdery blue-grey fleshy leaves. Small white flowers in late summer. Best in dry sunny or semi-shaded sites.	Evergreen Ht 20cm X 60cm

Trees**deciduous**

LAGERSTROEMIA INDICA SOIR D'ETE	Attractive large shrub or small tree with soft almond-pink almond flowers in summer. Deep green leaves turn yellow, orange and red in autumn. Bark is brown and mottled, looking great over winter. Very hardy	Deciduous Ht 2.5 X 2.0 m
