Plant Variety	Narrative	Spec.
Conifers		
deciduous		
GINKGO BILOBA	(Maiden Tree) One of the oldest trees known to man. Easily recognized by their fan shaped, undivided leaves that turn clear yellow in autumn. Deep well drained soli and protect from cold winds.	Deciduous Ht 10m
Magnolia		
MAGNOLIA STELLATA ROYAL STAR	(Star Magnolia) Masses of large icy-white ,star-like ,freely produced from an early age in mid-spring. Strong growing tree and hardy .	Deciduos Ht 2.5 X 2.5 m
MICHELIA MAGNOLIA FAIRY BLUSH	(Mark Jury Hybrid) Beautiful lightly fragrant flowers blushed lilac pink. Upright, compact shrub. Suitable as specimen in garden, in container, or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	Evergreen Ht 3 x 2 m
MICHELIA MAGNOLIA FAIRY CREAM	Mark Jury hybrid with beautiful creamy-white , fragrant flowers in spring. Upright ,compact and bushy . Prefers well drained soli and sun or part shade. Suitable as specimen shrub , hedge or in large container.	Evergreen Ht 3m X 2m
evergreen		
MICHELIA MAGNOLIA FAIRY BLUSH STD 50CM	(Mark Jury Hybrid) Beautiful lightly fragrant flowers blushed lilac pink. Upright, compact shrub. Suitable as specimen in garden, in container, or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	
Shrub		
evergreen		
MICHELIA LOVING MEMORIES	Masses of scented cream flowers with faint pink tinge from mid spring to early summer. Handsome green foliage with light gloss. Erect columnar growth. Medium hardy. PVR applied for.	Evergreen Ht 3m
MICHELIA MAGNOLIA FAIRY BLUSH	(Mark Jury Hybrid) Beautiful lightly fragrant flowers blushed lilac pink. Upright, compact shrub. Suitable as specimen in garden, in container, or for hedging. Prefers full sun or part shade and well drained soil. Protect from heavy frost	Evergreen Ht 3 x 2 m
MICHELIA MAGNOLIA FAIRY CREAM	Mark Jury hybrid with beautiful creamy-white , fragrant flowers in spring. Upright ,compact and bushy . Prefers well drained soli and sun or part shade. Suitable as specimen shrub , hedge or in large container.	Evergreen Ht 3m X 2m
Trees		
MALUS JELLY KING	(Red Crab Apple) Pink buds opening to pure white flowers on a tall upright tree. Fruit orange-yellow overlaid red. Good for jelly and the birds leave the fruit alone in the autumn. PVR	Deciduous. Ht 4 x 3 m
MALUS MOUNT AURUM	(Crabapple) Very large, soft golden yellow fruit in heavy clusters from autumn. A neat, erect tree with even branching. Hardy.	Deciduous Ht. 2.5m
MALUS SNOWBRIGHT	A flowering crabapple with snow white dainty flowers opening from pink buds in spring. Bright orange-red fruit in autumn. Semi-weeping. Highly disease resistant.	Deciduous. Ht 2m

Plant Variety	Narrative	Spec.
Trees (continued)		
Crabapples		
MALUS ARROW GOLD	White blossom is followed by a profusion of large, light yellow fruit held in clusters on horizontal branches. Makes a spectacular display from autumn into winter. Hardy.	Deciduous.Ht. 3m
MALUS BALLERINA	(Crab Apple) In September bunches of red buds open to large frilly double pink blossoms turning white then pink. Followed by showey large apricot coloured crab apples. Neat small tree.Very hardy.	Deciduous Ht. 3m
MALUS BALLERINA MAYPOLE	World's most compact crabapple! Stunning columnar shaped tree with masses of large carmine spring flowers followed by large purple-red crabapples.Ideal for containers or architectural plantings.Very hardy.	Deciduous Ht 4m x 0.3m
MALUS BARBARA ANN	Masses of double wine-red flowers in spring. Upright growth habit. Very hardy	Deciduous. Ht 3m
MALUS CORONARIA CHARLOTTAE	(FLOWERING CRAB APPLE) Large semi-double violet scented shell pink flowers. Bright green fruit and good colours in autumn. Hardy. Grows almost anywhere.	Deciduous. Ht 3m
MALUS ELLERSLIE	Weeping crab apple with darker red buds opening to soft crimson flowers with bronze-red foliage. Large purple-red fruit in summer. Good for jelly making in autumn.	Deciduous.
MALUS FLORIBUNDA	(Japanese Crab Apple) Extremely popular variety with graceful arching branches. Myriads of crimson buds in spring open into white or pale pink flowers. Prune after flowering.	Deciduous. Ht 5m
MALUS GOLDEN HORNET	An upright crab apple with white spring blossoms and a great crop of small, shiny, golden fruit borne in clusters and lasting well into the winter.	Deciduous. Ht 3m
MALUS GORGEOUS	(Red Crab Apple) Bright crimson-red crab apples weigh down branches in autumn and early winter. Excellent for jellies and preserves. Hardy. Prefers sun and some shelter from winds. Prune after flowering.	Deciduous. Ht 2.5m
MALUS IOENSIS PLENA	(Bechtel's Crab Apple) One of the most beautiful flowering crab apples with large semi-double soft pink fragrant flowers. Small greenish yellow fruit. Lovely Autumn colour on a vase-shaped small tree.Very hardy.	Deciduous Ht. 3-4m
MALUS JACK HUMM	(Crab Apple) Produces pink and white apple like blossom in spring .Followed by a profusion of large red apples, which stay on tree well into winter. Very hardy and suitable for growing in wide range of soils and climatic conditions	Deciduous. Ht. 3m
MALUS JELLY KING	(Red Crab Apple) Pink buds opening to pure white flowers on a tall upright tree. Fruit orange-yellow overlaid red. Good for jelly and the birds leave the fruit alone in the autumn. PVR	Deciduous. Ht 4 x 3 m
MALUS PROFUSION	(Crab Apple) Masses of deep wine red, slightly fragrant flowers followed by small dark red crab apples produced in profusion. Very hardy.	Deciduous. Ht 4m
MALUS RED JADE	Lovely small tree with weeping branches. Young leaves bright green. Pink-white flowers are followed by cherry-size scarlet berries for long period. Hardy, thriving in fertile soil.	Deciduous. Ht 3m
MALUS TRILOBATA	A distinct erect tree with maple-like leaves, glossy green over summer, turning rich orange and scarlet shades in autumn. Flowers white, followed by pear-shaped fruit of greenish-yellow ,flushed with red.. Very hardy.	Deciduous. Ht 7m x 1m
MALUS VAN ESELTINE	(Crab Apple) Hardy upright tree. Large double rose pink flowers followed by yellow crab apple fruit with a red blush.	Deciduous. Ht 3m
MALUS WRIGHT'S SCARLET	(Crab apple) Showy in spring with white blossom. Excellent crab apple with very large fruits which turn brilliant crimson and remain so throughout the winter. Spectacular, prolific fruiting. Deciduous	Deciduous Ht 3m x 3m
deciduous		
AESCULUS GLABRA	(Ohio Buckeye) Produces yellow-green flowers in November, followed by characteristic prickly chestnut fruits.Orange-yellow autumn colour.Rough bark. Very hardy.	Deciduous Ht 4-6m
AESCULUS HIPPOCASTANUM	(Common Horse Chestnut) A stately spreading tree with large compound leaves and stout candles of white flowers in late spring. Distinctive ,spiny seeds follow, called "conkers" Very hardy.	Deciduous Ht. 7m

Plant Variety	Narrative	Spec.
Trees (continued)		
AESCULUS X CARNEA	(Pink Horse Chestnut) Rose-pink flowers up to 20 cm long. Large tree suitable for streets and specimen planting. Very hardy.	Deciduous Ht 7m
AESCULUS X CARNEA BRIOTTII	(Red Horse Chestnut) Bold handsome leaves and rosy crimson flowers in big clusters. Perfect lawn specimen or for street planting for shade.	Deciduous. Ht 6m
ALBIZIA JULIBRISSIN RED SILK	Rose red silk tree producing fluffy silky blooms freely through the summer. Dainty, finely-divided foliage and upright habit. Prefers sunny, well-drained site.	Deciduous. Ht 5m
ALBIZIA JULIBRISSIN ROSEA	The hardiest of the species. The dense heads of fluffy flowers are bright pink. Full sun. Withstands severe frosts.	Deciduous Ht 3m
ALNUS CORDATA	(ITALIAN ALDER) A splendid medium sized conical shaped tree notable for its bright green glistening foliage. Grows well in all soils. Tolerates coastal conditions.	Deciduous. Ht 10m
ALNUS GLUTINOSA	(COMMON ALDER) A medium sized bushy tree suitable for damp positions. Has brownish-black bark and dark green leaves. Black seed cones produced in autumn and stay on tree over winter. Fast growing and very hardy.	Deciduous. Ht 12m
ALNUS GLUTINOSA IMPERIALIS	(Cut Leaf Alder) An attractive alder with deeply and finely cut leaves. Very useful for damp situations. Lime tolerant. Very hardy.	Deciduous
ALNUS RUBRA	(Red Alder) Medium sized, fast growing tree with graceful habit and red shoots. Glossy green leaves. Yellow catkins in spring. Useful for damp situations. Very hardy to cold and wind.	Deciduous Ht 10m.
AMELANCHIER CANADENSIS	(Shad Bush, Snowy Mespilus) A hardy medium sized shrub for moist/damp or well drained lime-free soil. Abundant racemes of white flowers in spring before leaves fully emerge. Excellent red autumn colour.	Deciduous. Ht 5m
BETULA JACQUEMONTII SEEDLINGS	A small tree with attractive peeling bark revealing dazzling white stems. Small ovate leaves. One of the loveliest birches.	Deciduous Ht 6m
BETULA PAPYRIFERA	(paper Birch) Striking large tree with papery bark and green leaves, larger than silver birch. Bark colour varies from white to brown. Good yellow autumn colour. Very hardy.	Deciduous Ht 10m
BETULA PENDULA LACINIATA	Cut leaf birch with a graceful and open habit. Upright leader and pendulous branches. Conspicuous white trunk.	Deciduous 5m
BETULA PENDULA YOUNGII	(Weeping Silver Birch) Forms a beautiful small weeping tree with branches reaching the ground. Needs to be staked for a few years. Very hardy	Deciduous Ht. 5m
BETULA UBER	(Virginian roundleaf birch) A tall growing birch with small rounded to broadly oval leaves. Lovely autumn colour. Hardy	Deciduous Ht. 10m
BETULA UTILIS JACQUEMONTII	(Sweet Birch) A form of Himalayan Birch selected for its very white bark and neat erect habit. Dark green leaves and good yellow tones. Attractive and very hardy. The trunks look spectacular when planted in groups of three.	Deciduous Ht 8m X 5m
BETULA UTILIS JACQUEMONTII DAZZLER	A hardy deciduous tree. A superior selection with amazing white bark and green leaves that are larger than those of Jacquemontii.	Deciduous. Ht. 8 x 5m
BETULA UTILIS JERMYNS	Highly ornamental hybrid with shining white bark that peels to reveal salmony orange backing. Smaller branches are coppery. long green catkins in spring. Very hardy.	Deciduous. Ht 5m in 10 yrs
BETULA UTILIS WHITE SPIRE	A vigorous and upright fastigate habit with a strikingly white trunk at an early age. Very hardy tree which tolerates wind and cold. Suitable for most soil types. Good yellow autumn colour.	Deciduous 8m
CARPINUS BETULUS	(COMMON HORNBEAM) A medium tree with grey fluted trunk and oval ribbed leaves. This hardy tree retains its brown leaves over winter when young.	Deciduous. Ht 15m
CERCIS CANADENSIS FOREST PANSY	(American Redbud) Deep pink-purple flowers appear before leaves. Beautiful large showy leaves of purple. Prune lightly. Prefers sunny well-drained site and protection from strong winds. Cold hardy.	Deciduous. Ht 4m
CERCIS CANADENSIS HEARTS OF GOLD	Tiny purple flowers in early spring. New foliage emerging with bronze tones turning to blaze of golden foliage holding throughout summer. Ideal for smaller gardens. Frost hardy. PVR.	Deciduous Ht 4.5m
CHIONANTHUS VIRGINICUS	"Fringe Tree" Handsome tree producing lax panicles of snow white slightly fragrant flowers in summer. Hardy. Prefers sunny position.	Deciduous. Ht 10m

Plant Variety	Narrative	Spec.
Trees (continued)		
CLADRASTRIS LUTEA	Handsome tree which produces long, drooping wistaria-like, fragrant white flowers in December. Leaves turn clear yellow in autumn. Hardy.	Deciduous. Ht 5m
CORNUS ALBA SIBIRICA	(WESTONBIRT DOGWOOD) Brilliant crimson stems throughout winter. Berries blue/white. Less robust form than Cornus Alba.	Deciduous. Ht 2m
CORNUS ALTERNIFOLIA ARGENTEA	(Variegated pgoda tree) Beautiful small tree with branches arranged in horizontal tiers, giving impression of layered shrub. Has cream edged leaves. White flower bracts appear in early summer. Moist, well drained soil and sun to part shade. Hardy.	Deciduous Ht 3m X 2.5m
CORNUS CAPITATA	A small tree covered in sulphur yellow flowers in summer followed by red strawberry like fruit. Very hardy.	Evergreen. Ht. 4m
CORNUS CONTRAVERSA 'GOLDEN WEDDING'	Foliage has margins of gold and cream around a central green portion. New growth has a bronze tint in spring with autumn foliage taking on pink tones. White flowers. PVR	Deciduous Ht. 5m
CORNUS CONTROVERSA VARIEGATA	(Wedding Cake Tree) A very ornamental small tree with horizontal branches in tiers and striking silver margined leaves. Slow growing to about 2m in 10 years. Very hardy. Prefers well drained soil and sun.	Deciduous Ht 5m x 4m
CORNUS EDDIE'S WHITE WONDER	(American Dogwood) A superb hardy small tree producing large white flowers in spring. Red berries in winter. Rich autumn foliage and handsome stems. Very hardy to cold. Prefers well drained soil.	Deciduous Ht 3m X 4m
CORNUS FLORIDA CHEROKEE CHIEF	Deepest red flowering Cornus available. Four petalled bracts are ruby red and hold colour well through spring. New growth is bronze red, turns bright scarlet when mature.	Deciduous Ht. 4m
CORNUS FLORIDA CHEROKEE DAYBREAK	(dogwood) Foliage green with creamy-white margins. Large snow white booms. Autumn foliage salmon pink and rosy purple.	Deciduous. Ht 3m
CORNUS FLORIDA CHEROKEE SUNSET	Foliage green with lemon-yellow margins. Blooms rosy red. Beautiful autumn colours of red, pink and purple. Prefers well drained soil. Cold hardy.	Ht 3m Deciduous.
CORNUS FLORIDA PURPLE GLORY	A showy shrub with purple foliage that matures to a rich purple-red in autumn and showy red flower bracts followed by red berries. Hardy.	Deciduous Ht. Over 4m
CORNUS FLORIDA SPRING SONG	(Dogwood) Bright deep rose-red flower bracts in spring. Good autumn colour. Requires protection from wind and good soil.	Deciduous. Ht 2.5m
CORNUS FLORIDA STOKES PINK	Flower bracts are a clear rich pink and flowers are produced in profusion during spring. Autumn foliage is a blend of reds and purple. Hardy.	Deciduous Ht 4m
CORNUS GREENVALE	Upright small tree with large cream flowers which adorn tree in late spring/summer, followed by strawberry like fruits. Autumn colour is orange/red. Good drainage and warm sunny site. Very hardy. PVR	Deciduous Ht 3.5m X 2m
CORNUS KOUSA BONFIRE	Leaves variegated gold, light green, dark green, with white flowers in early Summer. Autumn colour of pink, red and burgundy. Hardy.	Deciduous. Ht. 4m
CORNUS KOUSA MILKY WAY	Masses of snowy-white star-shaped blooms in early summer. Beautiful reddish-purple autumn foliage. Hardy.	Deciduous Ht 4m
CORNUS KOUSA MOONBEAM	Large cream flowers in summer. Deep green foliage. Vigorous but open grower. Prefers well drained soil. Very hardy.	Deciduous Ht 6m
CRATAEGUS CHRYSOCARPA	(Scarlet Hawthorn) Hardy, small tree-like shrub, broadly spreading. Orange autumn colours.	Deciduous Ht 2-3m
CRATAEGUS ELLWANGERIANA	(Large Fruited Haw) Broadly spreading deciduous tree with healthy large green leaves, turning yellow in autumn. Large clusters of 2cm wide white flowers in spring, then large red fruit. Branches on older trees have a few large thorns. Very hardy.	Deciduous Ht 3-6m
CRATAEGUS LAEVIGATA COCCINEA PLENA	(Paul's Scarlet, Red May) Thornless hawthorn tree with double scarlet flowers in late spring. Very hardy. Grows in most situations, including coastal.	Deciduous Ht 4m
CRATAEGUS LAEVIGATA ROSEA FLORE PLENO	(Pink Flowering Hawthorn) Masses of double pink flowers in spring. Very hardy, including to coastal conditions. Suitable for moist soil conditions.	Deciduous. Ht 5m
CRATAEGUS PINNATIFIDA	(Chinese Haw) Broadly spreading deciduous. Thorns not numerous. Leaves glossy and yellow in the autumn. Grown widely in China for its edible red fruits.	Deciduous Ht 3-6m
DAVIDIA INVOLUCRATA	(Dove or Ghost tree) This beautiful medium sized tree is most conspicuous in early spring when draped with its large white bracts. Best in fertile soil with some shelter. Very hardy.	Deciduous Ht 6m

Plant Variety	Narrative	Spec.
Trees (continued)		
FAGUS SYLVATICA	(English Beech) Noble large tree suitable for lime soils. Leaves turn golden ,then brown in autumn and stay on tree well into winter .Prefers well drained soil in reasonably sheltered site.	Deciduous. Ht 10m
FAGUS SYLVATICA DAWYCK	Tall columnar tree broadening with maturity. Deep green leaves tinged with bronze are carried densely on this neat tree. Suitable for smaller garden. Hardy.	Deciduous. Ht 8m
FAGUS SYLVATICA DAWYCK GOLD	A lovely columnar tree of dense habit with bright yellow, glossy spring foliage, maturing to yellow-green in summer. Useful as bold vertical specimen tree. Hardy.	Deciduous. Ht 8m
FAGUS SYLVATICA DAWYCK PURPLE	Splendid narrowly columnar tree with large deep purple foliage. Narrower and not as dense as Dawyck Gold. Prefers well drained soil. Ideal for space restricted situations.	Deciduous. Ht 7m
FAGUS SYLVATICA PURPUREA	(Copper Beech) A beautiful large tree with lovely copper-bronze leaves which mature to deep purple . Prefers well drained soil.full sun or part shade.Very hardy.	Deciduous Ht 10m
FAGUS SYLVATICA PURPUREA TRICOLOR	(Pink varigated Copper beech)Dark purple leaves attractively edged with an irregular pink border. Outstanding specimen tree.	Deciduous. Ht 10m
FAGUS SYLVATICA RIVERSII	(Rivers Copper Beech) Foliage slightly larger than Purple Beech and deeper red in spring. Holds its colour nearly constant until Autumn, then dropping most foliage.	Deciduous. Ht 10m
FRAXINUS EXCELSIOR AUREA	(GOLDEN ASH) Smooth golden yellow gracefully curving branches studded with black buds in winter.Yellow leaves in summer ,turning golden in autumn.Good shade or specimen tree.Very hardy.	Ht 10m Deciduous.
FRAXINUS EXCELSIOR GREEN GLOW	Compact beehive shaped deciduous tree. Bronze foliage when young turns mid-green throughout season. Hardy.	Deciduous. Ht 6m
FRAXINUS OXYCARPA RAYWOODII	(Claret Ash) Graceful tree suitable for street and ornamental planting. Leaves are deep green in spring/summer, turning lemon-green then rich claret colour in autumn.Good shade tree and very hardy.	Deciduous. Ht 7m
GLEDITSIA TRIACANTHOS EMERALD CASCADE	Elegant weeping tree with finely divided deep green foliage. Tolerates wind and industrially polluted atmosphere. Leaves turn gold in the autumn. Hardy.	Deciduous. Ht 4m X 3m
GLEDITSIA TRIACANTHOS LIMELIGHT	Fine lime green-yellow foliated tree that is easy to establish. As a shade tree it is perfect providing light shade with a very cool appearance of the whole tree. PVR	Deciduous. Ht 5m
GLEDITSIA TRIACANTHOS RUBY LACE	Attractive purple fern-like, divided foliage, turning greenish-purple in summer.Prefers well drained ,drier soil conditions and full sun to bring out the best colour.Cold hardy.	Deciduous. Ht 5m
GLEDITSIA TRIACANTHOS SUNBURST	Attractive tree with golden pinnate foliage. An out- standing plant for specimen for planting in a lawn or garden. Likes a warm sunny, sheltered position with good drainage.	Deciduous. Ht 6m
KOELREUTERIA PANICULATA	(Golden- rain tree) A broad headed tree with pinnate foliage which colours beautifully in autumn. Large panicles of small yellow flowers in summer.	Deciduous Ht 10m
LABURNUM X WATERERI VOSSII	(Golden rain tree) Very free-flowering small tree with long racemes of yellow flowers in Nov -Dec. Suitable for most soil types.Very hardy.	Deciduous. Ht 4m
LAGERSTROEMIA INDICA SAINT EMILION	(Crepe Myrtle) Vigorous erect small tree of prolific flowering habit. Produces large, bright red ,crimson blooms freely throughout summer.Attractive bark and good autumn colour. Hardy to cold and revels in heat.	Deciduous Ht 3.5m X 2.5m
LAGERSTROEMIA INDICA SOIR D'ETE	Attractive large shrub or small tree with soft almond-pink almond flowers in summer . Deep green leaves turn yellow ,orange and red in autumn.Bark is brown and mottled,looking great over winter.Very hardy	Deciduous Ht 2.5 X 2.0 m
LIQUIDAMBAR STYRACIFLUA	(American Sweet Gum) A stately, pyramidal tree with shining, dark green maple-like leaves and rugged, corky bark. Has autumn shades of red, orange, yellow and purple. Hardy.Protect from strong wind.	Deciduous Ht 7m in 10 yrs.
LIQUIDAMBAR STYRACIFLUA GUM BALL	A remarkable form of Sweet Gum with dense, shrubby habit. Autumn colours of orange-red and purple, persisting well into winter. Colours best in open position.	Deciduous Ht 2.5 x 2m

Plant Variety	Narrative	Spec.
Trees (continued)		
LIQUIDAMBAR STYRACIFLUA WORPLESDON	Upright pyramidal form with rich green summer leaves then scarlet orange and gold in autumn. Prefers good soil and requires adequate summer moisture. Full sun. Tolerates wind.	Deciduous. Ht 6x4m
LIQUIDAMBER STYRACIFLUA GOLDEN TREASURE	Handsome maple like leaves with golden margin providing excellent garden colour from spring to autumn. Autumn shades splashed with pink and carmine. Slow growing and needs sheltered garden. Hardy.	Deciduous Ht 3m X 2m
LIQUIDAMBER STYRACIFOLIA LANE ROBERTS	A selected form of American Sweet Gum with smoother bark and very reliable autumn colour of rich blackish crimson-red. Upright conical form. Cold hardy but needs protection from strong winds.	Deciduous Ht 5m in 10 years
LIRIODENDRON TULIPIFERA	(Tulip tree) Fast growing, beautiful large tree with large bright green, saddle shaped leaves. Yellow-green tulip-like flowers, in summer. Butter yellow autumn leaves. Very hardy.	Deciduous Ht 10m in 15yrs.
LIRIODENDRON TULIPIFERA FASTIGIATUM	UPRIGHT TULIP TREE. This erect growing tree has unusual shaped green leaves turning clear yellow in autumn. Noted for its greeny-yellow tulip flowers.	Deciduous. Ht 6m
MELIA AZEDARACH	(Bead Tree) Small tree with large leaves and small fragrant lilac flowers during summer. Yellow, bead-like fruits produced in autumn. Protect from heavy frost.	Deciduous. Ht 3m
NYSSA SINENSIS	Large shrub with red young growth throughout the growing season. Leaves turn to every shade of red in autumn. Very hardy.	Deciduous. Ht 5m
NYSSA SYLVATICA	(Black Gum or Tupelo Tree) A handsome slow-growing tree of broadly columnar outline. Leaves dark glossy green turning scarlet orange and yellow in autumn. Prefers damp soil conditions and shelter from strong wind.	Deciduous Ht 7m
NYSSA SYLVATICA AUTUMN CASCADE	Selected form grown for its showy autumn foliage and its lovely pendulous habit. Very hardy small tree which needs moist, lime-free soil.	Deciduous Ht. 3m
PAULOWNIA TOMENTOSA	A beautiful round topped tree with enormous leaves. The foxgloveshaped flowers are heliotrope /lavender in colour and flower on mature wood	Deciduous. Ht 9m
PISTACIA CHINENSIS	(Chinese Mastic Tree) A hardy large shrub or small tree with elegant glossy pinnate leaves which colour richly in autumn.	Deciduous Ht 5m X 2m
PLATANUS ORIENTALIS	(Oriental Plane) Large spreading shade tree with large bright green leaves, which are deeply cut. Bark flakes to give dappled appearance. Often grown as a street tree. Very hardy.	Deciduous. Ht 15m
PYRUS CALLERYANA	Medium sized ornamental pear with large oval, finely toothed, glossy green leaves. Fruits small and brown.	Deciduous. Ht 5m
PYRUS CALLERYANA ARISTOCRAT	Medium sized tree with showy white spring blossom, lush wavy, cupped foliage and strong pyramidal growth habit. Yellow to red autumn tonings. Suitable as shade, avenue or specimen tree. Very hardy. High health variety.	Deciduous Ht 6 X 4m
PYRUS CALLERYANA BRADFORD	Selected, non thorny form. Vigorous, medium sized, dense headed tree, flowering profusely in late spring. Attractive autumn foliage in shades of orange through to scarlet red. Very hardy. Suitable as street tree.	Deciduous Ht 6m X 4m
PYRUS CALLERYANA KEA	Found in Queenstown. Has glossy green foliage which changes to brilliant burgundy and green during autumn and persisting well into winter. Multi-branched bushy habit. Can be trained and pruned to shape. Very frost hardy.	Deciduous. Ht 6-7m.
QUERCUS COCCINEA	(Scarlet Oak) A large tree with glistening green leaves in summer turning magnificent red in autumn. One of the finest trees for autumn colour.	Deciduous Ht. 10m
QUERCUS PALUSTRIS	(Pin Oak) A fast growing large dense headed tree. Elegant slender branches droop gracefully at tips. Leaves shining green turning red in autumn. Good in moist conditions.	Deciduous Ht. 18m
QUERCUS PETRAEA	(Sessile Oak) Broadly spreading tree, with leaves larger and longer than robur. Produces acorns. Makes good timber tree. Very hardy and suitable for coastal planting.	Deciduous Ht 5m in 10 years
QUERCUS ROBUR	(ENGLISH OAK) A large long lived tree developing a broad head with rugged branches. Excellent for planting near ponds for feeding ducks with the acorns.	Deciduous. Ht 8m
QUERCUS ROBUR FASTIGIATA	(Upright English Oak) Large tree of columnar habit. Its tight erect growth makes it very suitable in corners. Hardy. Prefers deep rich soil.	Deciduous. Ht 10m

Plant Variety	Narrative	Spec.
Trees (continued)		
QUERCUS RUBRA	(Red Oak) A large fast growing broad headed tree with matt green leaves which colour red in autumn. Very hardy.	Deciduous. Ht 10m
QUERCUS RUBRA MAXIMA	(Red Oak) A large specimen tree. Leaves rich red in spring turning to dull green in summer then dark red - orange in autumn.	Deciduous. Ht 7m
ROBINIA PSEUDOACACIA FRISIA	(Golden Frisia) Outstanding small to medium sized tree with leaves a rich golden yellow from spring to autumn. NZNA tree of the year for 1984.	Deciduous. Ht 4m
ROBINIA PSEUDOACACIA INERMIS	"MOP TOP ROBINIA" Small tree with a compact, rounded head of thornless branches. Fresh green new growth. Hardy. Requires shelter from strong winds. Suitable for tub plant.	Deciduous. Ht 4m
ROBINIA PSEUDOACACIA LACE LADY	Lace Lady Robinia) This stunning miniature tree has all the qualities of oriental charm. It is a perfect tub plant or garden specimen. Prefers full sun, average soil conditions. Hardy.	Deciduous. Ht 1.5m
SALIX GLENMARK	(Pussy Willow) Very hardy tree with characteristic silver catkins in early spring. Prefers damp situation.	Deciduous. Ht 6m
SALIX MATSUDANA TANGOIO 1040	Willow variety with dense crown and more drought tolerant than other willows. Good for slope stabilization and shelter. Good livestock fodder. Hardy.	Deciduous Ht 5-10m in 10 years
SALIX MATSUDANA TORTUOSA	(Tortured Willow) Curious twisted twigs and branches. Ideal for damp areas, hardy. Excellent for flower arranging.	Deciduous. Ht 5m
SALIX X CHRYSOCOMA	(Golden Weeping Willow) Wide spreading tree with vigorous arching branches, weeping to the ground. Light green leaves and golden stems which deepen in colour in winter. Grows well in wet situation. Very hardy.	Deciduous Ht 8m
SOPHORA JAPONICA PENDULA	(Weeping Japanese Pagoda Tree) Picturesque, small weeping tree with stiffly drooping branches. Creamy-white pea flowers in large panicles in late summer. Prefers sun and fertile well-drained soil. Very hardy.	Deciduous.
SORBUS ARIA	(Whitebeam) A small to medium sized compact tree. White furry under leaves turning gold russet in autumn with crimson berries. Takes wind.	Deciduous Ht 6m in 10 years.
SORBUS ARIA LUTESCENS	(Silver Whitebeam) Young foliage is silvery, maturing to grey-green. White flowers in spring are followed by large orange-red berries in autumn. Spreading tree, upright when young. Very hardy.	Deciduous. Ht 5m
SORBUS AUCUPARIA	(Rowan or Mountain Ash) This excellent small tree is well known for its attractive foliage and bright red berries, which are very attractive to birds. Good orange autumn colours. Very hardy.	Deciduous. Ht 5m
SORBUS AUCUPARIA SCARLET KING	Upright form with large bunches of scarlet berries through autumn and summer. Suited to most soil types. Very hardy to cold and berries best in extreme cold.	Deciduous. Ht 7m
SORBUS EASTERN PROMISE	Small tree of upright habit with dark green pinnate leaves. Deep rose-pink fruits hang in dense clusters. Leaves turn purple then fiery orange in autumn. Hardy.	Deciduous. Ht 4m
SYRINGA ALICE EASTWOOD	LILAC Prefers an open situation and a little lime. Buds of claret purple open to sweetly scented double blooms of mauve-pink. Slender well formed trusses.	Deciduous. Ht 3m
SYRINGA BELLE DE NANCY	A lilac with beautiful double purple-red flowers in bud that open to lilac-pink. Fragrant and good cut flower variety. Hardy. Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 3m
SYRINGA GENERAL PERSHING	(Lilac) Produces very distinctive double purplish-violet flowers in October. Flowers are fragrant, good for picking and long lasting. Very hardy. Prefers rich deep soil with lime and full sun or part shade.	Deciduous. Ht 3m
SYRINGA PRIMROSE	(Lilac) Pale, primrose-yellow, single flowers are borne in dense panicles during October. Very fragrant. Suitable for picking. Prefers rich deep soil with lime and full sun or light shade. Hardy.	Deciduous. Ht 3m
SYRINGA PRINCESS CLEMENTINE	(Lilac) Double cream, white flowers in Spring. Plant in full sun or light shade. Add lime to keep soil alkaline.	Deciduous. Ht 3m
SYRINGA PURPLE GLORY	(Lilac) Fragrant reddish purple flowers in spring. A hardy tree that prefers full sun in well drained, alkaline soil.	Deciduous Ht 3.5 x W 2.5m
SYRINGA SOUVENIR DE LOUIS SPAETH	(Lilac) Prefers an open situation and little lime. Large fragrant trusses of single, purple blooms produced in spring.	Deciduous. Ht 3m
SYRINGA VULGARIS ALBA	"Common Lilac" Large vigorous shrub. Richly scented single white flowers in spring. Prefer full sun and alkaline soil. Hardy	Deciduous Ht. 4m

Plant Variety	Narrative	Spec.
Trees (continued)		
SYRINGA VULGARIS CONGO	(Lilac) Large panicles of single, rich, lilac-red flowers that fade to purple, in October. Fragrant. Prefers sun or part shade and alkaline soil.	Deciduous. Ht 3m
TILIA CORDATA	(Small Leaved Lime Tree) Heart shaped dark green leaves, with pale undersides. Excellent specimen tree with even crown and scented ,creamy-yellow flowers in summer.very hardy.	Deciduous Ht 8m
TILIA PLATYPHYLLOS	(LIME TREE) Broad leaved lime. A large wide spreading tree. Pale yellow flowers in summer.	Deciduous. Ht 10m
ULMUS CARPINIFOLIA VARIEGATA	(Smooth Leaved Elm)Graceful open habit with leaves densely mottled white. Invaluable as a windbreak or in a coastal situation.	Deciduous.Ht 15m
ULMUS GLABRA HORIZONTALIS	(UMBRELLA ELM) Horizontal elm forming a wide spreading umbrella-shaped tree. Wonderful canopy specimen tree.	Deciduous.
ULMUS GLABRA LUTESCENS	(Golden Elm) Lovely specimen and shade tree with golden yellow foliage right through spring and autumn. Fairly wind tolerant and will stand heavy pruning in winter.	Deciduous. Ht 6m X 6m
ULMUS PARVIFOLIA	One of the most splendid elms with small rich green leaves which persist half way through the winter. Resistant to Dutch Elm disease.	Deciduous Ht 6m.
ULMUS PROCERA VAN HOUTTEI	(GOLDEN ELM) A handsome tree with golden-yellow leaves throughout spring and summer.Leaves brighter in autumn.Excellent shade tree with its wide canopy. Very hardy and suitable for windy sites.	Deciduous Ht 6m.
ULMUS X HOLLANDICA LOBEL	(Upright Elm) Fast growing tree of upright habit. Very wind resistant and hardy. Suitable for planting close to buildings.	Deciduous Ht 10m X 3m
ULMUSXHOLLAND.JACQUELINE HILLIER	Densely branched ,wider than tall , mushroom shaped shrub with tiny green leaves. Requires full sun to part shade and well drained soil. Does not like to dry out. Very hardy.	Deciduous Ht 2m x 2m
ZELKOVA SERRATA KIWI SUNSET	(Golden Zelkova) Golden leaves graduate to green and are borne on wine red young tips and stems. Pruning to keep bush compact , often gives tree weeping effect. Very hardy to wind and cold..	Deciduous. Ht 6m
evergreen		
ACACIA DEALBATA	(Silver Wattle)Dainty silvery green fern-like leaves. Clusters of scented, fluffy golden balls in early spring.	Evergreen. Ht 6-8m
ACACIA FLORIBUNDA	(White Sallow Wattle) Very fast growing bushy small tree with graceful weeping branches and yellow flowers in early spring. Hardy.	Evergreen. Ht 4m
ACACIA MELANOXYLON	(Blackwood) A fast growing good timber wattle. Average for frost, very attractive. Suits a hot climate with average moisture.	Evergreen Ht 10m
ACACIA RETINOIDES	(Swamp Wattle) A large spreading tree with narrow lance-shaped grey-green leaves. Clouds of bright yellow flowers. Prefers moist but well drained soil and full sun.	Evergreen Ht. 6m
ARAUCARIA HETEROPHYLLA	(NORFOLK ISLAND PINE) Especially suited to coastal planting, withstands salt winds, excellent tub plant and Christmas tree. Shelter from heavy frost.	Evergreen. Ht 10m
AZARA MICROPHYLLA	(Vanilla Tree) An elegant hardy small tree. Flowers are small yellow vanilla scented and carried on the underside of twigs in early spring. Hardy.	Evergreen. Ht 4m
CHAMAECYTISUS PALMENSIS	(TREE LUCERNE) Quick growing tree with white pea-like flowers during late winter and spring. Very attractive to birds.Can also be used as fodder crop. Trim regularly if not being used as fodder crop.	Evergreen. Ht 4-5m
CHAMAEROPS HUMILIS	(Mediterranean Fan Palm) A clumping palm which develops multiple trunks. Slow growing and hardy to coastal conditions.	Evergreen Ht. 4m
CRINODENDRON HOOKERIANUM	Syn. Tricuspidaria lanceolata. Flowers like long stalked crimson lanterns which hang thickly along branches in November. Requires moist, lime-free soil and some shade.	Evergreen. Ht 2.5m
EMBOTHRIUM COCCINEUM LANCEOLATUM	(Chilean Firebush) One of the world's showiest trees in late spring. Orange vermilion honeysuckle-shaped flowers smother graceful weeping branches. Moist acid peaty soil. No fertiliser. Protect from heavy frosts.	Evergreen Ht 5m
EUCALYPTUS CORDATA	(Tasmanian Silver Gum) A dense-growing tree with smooth white bark mottled with green or purplish patches. Adult foliage silver grey and heart shaped. Good for cold, moist climates.	Evergreen.Ht 10m x W 5m

Plant Variety	Narrative	Spec.
Trees (continued)		
EUCALYPTUS FICIFOLIA	(Red Flowering Gum) Flowers varying from vermillion through red to cream on seedling grown plants, from Dec - Feb are very showy. Grows well in coastal areas. Prefers moisture, but protect from frosts when young.	Evergreen. Ht 7m
EUCALYPTUS GLOBOIDEA	Medium-sized timber tree suitable for warmer sites. Tolerates infertile soils. Easier to mill than most Eucalyptus. Ground-durable cream & pink timber. Suitable for posts or high-quality uses. White flowers from April-June. Tolerates light frosts.	Evergreen Ht 6m in 5yrs
EUCALYPTUS LEUCOXYLON ROSEA	(Pink flowering Gum) Upright tree with smooth blue grey bark, mottled yellow/white. Olive lance shaped adult leaves. Attractive pink red flowers providing nectar for native birds from Winter to Spring.	Evergreen. Ht. 10m
EUCALYPTUS NICHOLII	(Willow Peppermint Gum) Decorative gum with narrow leaves and graceful weeping habit.. Fast growing. Can be trimmed. Very hardy.	Evergreen. Ht 5m
EUCALYPTUS NITENS	A large, quick growing tree with glaucous leaves. Ideal for shelter and firewood blocks. Hardy to dry and coastal conditions.	Evergreen. Ht 15m
EUCALYPTUS RODWAYI	(Swamp Peppermint Gum) Tolerant of cold ,drought and wet soils, but prefers damp .Bark is smooth and white on small branches becoming rough with age. Leaves have peppermint odour when crushed. Very hardy.	Evergreen. Ht 10m
EUCRYPHIA CORDIFOLIA	A compact upright shrub with leathery silver green leaves. It is covered with sweet fragrant white flowers in early summer. Hardy	Evergreen. Ht. 3m
EUCRYPHIA NYMANSAY	Attractive, ornamental small tree with creamy white fragrant flowers in summer. Prefers moist woodland position.	Evergreen. Ht 3m
JACARANDA MIMOSAEFOLIA	Lovely fern like foliage covered in mauve blue flowers. Prefers light well drained soil in sunny warm location, protect from medium to heavy frost.	Evergreen. Ht 5m
LEPTOSPERMUM COPPER SHEEN	Tasmanian Manuka. Upright evergreen bush with copper-bronze leaves and larger white flowers. Plant in a warm sunny position. Tolerates moist conditions.	Evergreen Ht 3m
PHEBALIUM SQUAMEUM	Fast growing, erect columnar tree with white flowers. Requires good drainage. Good for specimen or screen planting. Hardy. Protect from cold winds.	Evergreen Ht 4m
VIRGILIA CAPENSIS	A fast growing small tree with masses of scented pink, pea-like flowers in late spring/summer. Prefers dry sunny position and can handle poorer soils. Protect from heavy frost.	Ht 5m Evergreen.
Flowering Cherries		
MALUS ECHTERMEYER	Graceful low wide-spreading crab apple with weeping branches and purplish or bronze-green leaves. Rose-crimson flowers followed by reddish-purple fruit. Hardy, thriving in all types of soil.	Deciduous. Ht 3m
PRUNUS ACCOLADE	An outstanding variety with graceful spreading branches. Flowers early, semi-double pink in pendulous clusters. Very hardy.	Deciduous. Ht 5m
PRUNUS AMANOAWA	(Upright Flowering Cherry) Small columnar tree with erect branches and dense upright clusters of fragrant semi-double shell pink flowers. Mid to late spring. Young leaves greenish bronze. Very hardy.	Ht 4 to 6m
PRUNUS AVIUM PENDULA	A weeping form of the Mazzard Cherry .Long semi-pendulous branches and large clusters of white flowers, with a hint of pink, in spring. Very hardy.	Deciduous. Ht 4.5m
PRUNUS CAMPANULATA FELIX JURY	(NZ Hybrid of Taiwan Cherry,) Small pyramidal tree with purple brown bark, large carmine-red pendent bell flowers gracefully hanging from every branch. Wonderful for birds.	Deciduous Ht 4m
PRUNUS CAMPANULATA 'PINK CLOUD'	Single clear pink blossoms in August in profusion. Each blossom has a cluster of upright petaloids giving a dainty appearance. Hardy.	Deciduous. Ht. 3m
PRUNUS CAMPANULATA SUPERBA	(taiwan Cherry) Dense clusters of pendulous claret bells in early spring. Loved by birds esp tuis. Small erect tree with round head. Best in a warm sunny position and ideal for small gardens.	Deciduous Ht 4.5m
PRUNUS INCISA	(Fuji Cherry) Lovely spring flowering small tree with waxy white flowers on stems. Good autumn colour. Very hardy.	Deciduous Ht 2.5m
PRUNUS KANZAN	A most popular flowering cherry. This is a strong growing medium sized vase shaped tree with large showy bright pink flowers. Young leaves are coppery red.	Deciduous Ht. 6m

Plant Variety	Narrative	Spec.
Trees (continued)		
PRUNUS KIKU-SHIDARE SAKURA	(Cheals Weeping Cherry) Arching drooping branches and double clear pink flowers in October. Young leaves bronze-green but later turn Green and glossy. Very hardy.	Deciduous. Ht 4m
PRUNUS MOUNTAIN HAZE	Masses of small pink flowers with deeper centres in early spring .Lovely autumn colours in shades of orange, red and yellow. Small leaves. Very hardy.	Deciduous
PRUNUS MOUNTAIN HAZE (LOW GRAFT)	Masses of small pink flowers with deeper centres in early spring .Lovely autumn colours in shades of orange, red and yellow. Small leaves. Very hardy.	
PRUNUS MUME PEGGY CLARKE	(Japanese Flowering Apricot) Early flowering blossom which is delightfully-fragrant, semi-double, rose-pink flowers on the bare branches. Very oriental-looking. Forming a small rounded head shape.	Deciduous Ht. 3-4m
PRUNUS PINK PERFECTION	Very striking small to medium sized tree , of upright,spreading shape. Flower are large double rosy pink carried in long drooping clusters. Young foliage bronze turning green , then orange in autumn. Very hardy.	Deciduous Ht 5m
PRUNUS SHIMIDSU SAKURA	One of the loveliest flowering cherries. Small spreading tree. Large fringed double flowers tinted pink in bud opening pure white in long stalked clusters.	Deciduous. Ht 4.5m
PRUNUS SHIMIDSU SAKURA.	One of the loveliest flowering cherries. Small spreading tree. Large fringed double flower tinted pink, opening pure white in long stalked clusters. Very hardy.	Deciduous Ht 4.5m
PRUNUS SHIROTAI	(Mount Fuji) A wide spreading tree producing an abundance of large semi-double white flowers in pendant clusters. Very hardy.	Deciduous. Ht 5m
PRUNUS TAI HAKU	(GREAT WHITE CHERRY) Very large single white flowers in Oct. New growth coppery red. Vigorous upright spreading tree. Best in sheltered position.	Deciduous. Ht 8m
PRUNUS UKON	A robust tree of spreading habit. Flowers semi-double pale yellow tinged green freely borne and very effective against brown-bronze young leaves.	Deciduous. Ht 5m
PRUNUS X BLIREANA	Beautiful large shrub or small tree with metallic coppery purple leaves. Flowers over 2.5cm across slightly fragrant rose pink. Very hardy.	Deciduous. Ht 4m
PRUNUS X SUB AUT. SOUTHERN GEM	Form of prunus Autumnalis selected by the late Chas McLaughlan of Dunedin. Larger and more plentiful blooms which are semi-double white flushed pink. Slightly smaller tree. Striking autumn colour of yellow/orange to purple. Very hardy.	Deciduous. Ht 4m
PRUNUS X SUB PENDULA FALLING	Pure white single flowers smother branches in spring. Mushroom-shaped tree. Very hardy.	Deciduous.
PRUNUS X SUB. PENDULA ROSEA	A small weeping mushroom-shaped tree. Flowers are rich pink in bud fading to a pale blush pink.	Deciduous Weeping
PRUNUS X YEDOENSIS	YOSHINO CHERRY. Single blush white flowers borne on long spreading branches in early spring. Orange-red autumn shades. Very hardy.	Deciduous. Ht 5m
PRUNUS X YEDOENSIS AWANUI	Graceful, medium sized tree with arching branches. Masses of single large pale pink flowers in early spring. Hardy. Excellent shade tree.	Deciduous. Ht 8m
Magnolia		
MAGNOLIA APOLLO	Large bowl shaped flowers of deep rose pink, outer a pale rose pink. Flowers, produced in late spring, have a rich fruity fragrance and appear on young tree.	Deciduous. Ht 6-8 metres
MAGNOLIA AURORA	Large early season with rich gloweing reddish pink colour. An upright to spreading habit, one of the best Blumhardt hybrids.	Deciduous Ht. 6m
MAGNOLIA BILLOWING CLOUD	A smaller growing hybrid with an abundance of white flowers. Sweet perfume. A nice rounded habit.	Deciduous Ht. 3.5m
MAGNOLIA BLACK TULIP	NEW release from Jurys. Beautiful black tulip like flowers making it one of the most outstanding magnolias. Requires well-drained position. PVR	Deciduous. Ht 4m
MAGNOLIA 'BRIXTON BELLE'	New Hybrid from Taranaki. A small rounded tree with large soft pink flowers. Ideal for the smaller garden. Sets flowers from a young age. PVR.	Deciduous 4m in 10 years
MAGNOLIA CAMEO	A large rounded bloom reddish purple outer sides on the petal and white inner sides. Flowers in mid Spring. A nice tree for a small garden. PVR	Deciduous Ht. 4m x3m

Plant Variety	Narrative	Spec.
Trees (continued)		
MAGNOLIA CAMPBELLII ALBA	A beautiful creamy white form of Campbellii with large, open tulip-shaped blooms. May take a few years to settle to flower but worth waiting for. Flowers in late winter -early spring. Hardy. Prefers well drained soil.	Deciduous. Ht 7m x 5m
MAGNOLIA CAMPBELLII CHARLES RAFFILL	A vigorous early flowering form with large rose pink goblet shaped flowers white inside with pinkish marginal flush.	Deciduous.
MAGNOLIA CAMPBELLII LANARTH	A striking form of the early flowering type. The very large flowers are cyclamen-purple with even darker stamens.	Deciduous. Ht 7m
MAGNOLIA CAMPBELLII SIR HAROLD HILLIER	Lovely pure white, huge 'cup and saucer' shaped blooms. Upright growth habit, quickly forming a pyramidal shape, becoming a large round-crowned tree when mature	Deciduous 8m
MAGNOLIA CLEOPATRA	Cup shaped rich purple flowers in early to mid Spring. Upright branching pyramidal habit. PVR	Deciduous Ht. 4m
MAGNOLIA DENUDATA GERE	A beautiful late flowering selection of this species with beautiful creamy white tulip shaped blooms.	Deciduous Ht. 7m
MAGNOLIA FELIX	Smaller growing pyramidal tree with very large leaves. Huge flowers deep rosy pink to red and up to 30cm across, flowering in spring before leaves appear. Prefers a sunny spot.	Deciduous. Ht 5m x 3.5m
MAGNOLIA GENIE	(Magnolia soulangeana hybrid) Small pyramidal tree with lush mid-green foliage. Masses of early season rich velvety purple blooms. Prefers moist well drained site, with sun. Hardy. PVR.	Deciduous Ht.3.5m x2m
MAGNOLIA GRANDIFLORA BLANCHARD	A compact, pyramidal form with very attractive foliage. Broad leaves are a glossy, dark green with very distinctive coppery indumentum. Creamy-white, fragrant blooms in summer.	Evergreen Ht. 8m
MAGNOLIA GRANDIFLORA FERRUGINEA	A sturdy selected form with russeted felt beneath the glossy deep green leaves. Huge creamy-white, intensely fragrant blooms. A round-headed specimen tree.	Evergreen. Ht 8m
MAGNOLIA GRANDIFLORA KAY PARRIS	A compact vergreen magnolia. With medium white scented flowers in Spring. An ideal evergreen tree for a small garden.	Evergreen Ht. 4m X 3m
MAGNOLIA GRANDIFLORA LITTLE GEM	Small-flowered, small-leaved form of the evergreen grandiflora. Glossy, dark green leaves with brown suede underneath. Fragrant white blooms throughout summer and autumn.	Evergreen. Ht 5 m in 10 yrs
MAGNOLIA GRANDIFLORA MAIN STREET	Strong growing upright form ,suitable for street planting. Paler leaves than other varieties and sparse indumentum ,creating an overall silvery effect. Hardy.	Evergreen Ht 6m
MAGNOLIA HEAVEN SCENT	Pastel lavender pink flowers, toned softly towards the tips and white interior. Strongly fragrant. Upright growth. Hybrid of Liliflora and Veitchii .	Deciduous. Ht 4m x 2m
MAGNOLIA HONEY TULIP	Stunning tree bred by Mark Jury with large , golden honey coloured, tulip shaped flowers in early spring before the leaves emerge. Good small specimen tree. Prefers well drained site. (TM protection applies)	Deciduous Ht 4m x 2m
MAGNOLIA IOLANTHE	(Jury Hybrid) Very large pink blooms up to 28cm across. Flowers within three to four years from planting and flowers persist over 4 weeks. Prefers well drained, slightly acid soil. Protect from strong winds.	Deciduous. Ht 4m
MAGNOLIA KOBAN DORI	Beautiful yellow blooms, flowering with foliage. Smaller growing than other yellows.	Deciduous. Ht 4m X 2.5m
MAGNOLIA LILIFLORA NIGRA	A wide spreading shrub with deep purple flowers outside coloured creamy white inside. Prefers sun and well drained soil.	Deciduous. Ht 2m
MAGNOLIA MACROPHYLLA	(BIG LEAF MAGNOLIA) Very large greyish-green leaves, glaucous underneath. Flowers (Nov-Dec) are 25-30cm across, fragrant ivory-white with purple base. Needs full sun/part shade, moist soil and protection from wind.	Deciduous Ht 5m in 10 yrs
MAGNOLIA MARGARET HELEN	(Bred in Nz by Vance Hooper) A spectacular hybrid featuring lovely warm bowl-shaped blooms with pointed petals of clear pink, produced freely from a young age. Multi branched upright tree. Full sun to part shade. Shelter from strong winds.	Deciduous. Ht 5m X 2.5m
MAGNOLIA OLD PORT	Upright wine red blooms open to show white blushed red interior. Flowers pleasantly perfumed and produced abundantly on compact bush. Excellent for small garden. Requires some shelter and prefers well drained acid soil.	Deciduous Ht 2m

Plant Variety	Narrative	Spec.
Trees (continued)		
MAGNOLIA ROYAL PURPLE	Narrow upright tree with medium sized blooms of bright royal purple. Ideal for small gardens. Requires well drained soil.Hardy.	Decduous Ht 2m
MAGNOLIA STELLATA DAWN	A lovely form with semi-double blooms, pale lavender pink and white within.Excellent small tree for the garden, makes a great show in early spring.	Deciduous 2m
MAGNOLIA STELLATA JANE PLATT	(Pink Star Magnolia) Rich pink flowers with many petals on a compact bush. Best of the dwarf stellata types.	Deciduous 1.5m in 10 years
MAGNOLIA STELLATA ROSEA	A compact, rounded, twiggy shrub. In winter, the branches are covered in silky buds which open to fragrant, pink, star-shaped flowers which fade to white. Early flowering.	Deciduous Ht 2.5m
MAGNOLIA STELLATA ROYAL STAR	(Star Magnolia) Masses of large icy-white ,star-like ,freely produced from an early age in mid-spring. Strong growing tree and hardy .	Deciduos Ht 2.5 X 2.5 m
MAGNOLIA STELLATA WATERLILY	Slow growing, compact shrub with large white fragrant flowers. Winter buds grey-hairy. Profusely flowering.	Deciduous. Ht 3m
MAGNOLIA STRAWBERRY FIELDS	(Satan's Gift x R.brookenaum) A NZ Jury hybrid with vibrant red blooms in the shape of a large star. An upright columnar tree. Plant in a sheltered position in acid soil for best results.	Deciduous Ht. 5m
MAGNOLIA SUNSATIION	Hybrid- Green buds open to cupped yellow flowers with a greenish tinge a red base. A small upright columnar form which is ideal for small spaces.	Deciduous Ht 4.5m
MAGNOLIA SUSAN	Erect, rounded multi-branched small tree smothered in late spring with glowing deep claret flowers. Flowers from an early age. Plant in acidic soil in sunny spot with some shade. Hardy.	Deciduous Ht 2.5m
MAGNOLIA SWEETHEART	An early blooming magnolia with narrow, erect growth and upright, mid-pink, sweetly scented flowers.Seedling of "Caerheys Belle".Very desirable variety.Prefers well drained soil.	Deciduous. Ht.4m X 3m
MAGNOLIA ULA	Bred in NZ by Ian Baldick, this magnolia has large rose pink blooms in late spring with a delightful perfume.Best grown in sunny position with shelter from strong winds. Prefers acid soil conditions and well drained soil.	Deciduous Ht 5m
MAGNOLIA VULCAN	(Liliflora hybrid x Lanarth) A real crowd stopper Flowers are a brilliant ruby red and of good size. Early flowering.	Deciduous. Ht 5m
MAGNOLIA X BROOKLYNENSIS WOODSMAN	An upright hybrid with unusual greenish yellow flowers with creamy white interiors produced from an early age.	Deciduous 4m
MAGNOLIA X LOEBNERI LEONARD MESSEL	A magnificent tall shrub or small tree. Flowers are fragrant,narrow petalled, star shaped and lavender pink, deeper in bud.Hardy tree . Prefers well drained slightly acid soil.	Deciduous. Ht 4m X 3m
MAGNOLIA X NANCY	Excellent mid season selection with wine red goblets and pure white interior.healthy foliage and compact habit. Raised in Te Puke and named after Nancy Lawrence.	Deciduous Ht 2.5m
MAGNOLIA X RUBY	Burgundy wine red goblet shaped fragrant bloom, freely produced from an early age on a stffly up-right tree	Deciduous Ht. 5m
MAGNOLIA X SOULANGEANA	Large shrub with wide spreading branches. Flowers on the bare branches are beautiful tulip shaped white stained rose-purple at the base. One of the easiest magnolias.	Deciduous Ht 5m
MAGNOLIA X SOULANGEANA LENNEI ALBA	Ivory white flowers along branched in mid-spring. This small spreading tree flowers freely from an early age.	Deciduous Ht 4-5 metres
MAGNOLIA X STAR WARS	Very free flowering form with large star shaped rose flowers rose pink white within. Branches freely. Upright spreading habit.	Deciduous. Ht 6m.
MAGNOLIA X YELLOW BIRD	Vigorous upright pyramidal tree with bright canary yellow flowers with slight lime green basal tinge. Neat cup-shaped blooms in mid spring.	Deciduous. Ht 6m
MICHELIA GRACIPIES	Compact shrub with glossy rounded foliage. A profusion od rich brown velvety flower buds open to a highly scented creamy-white flower in early Spring. Prefers moist rich soils and sun or semi-shaded position. Protect from heavy frost.	Evergreen Ht. 2m
MICHELIA HONEY VELVET	(Magnolia laevifolia syn. Michelia yunnanensis) A Jury selection with Large flower which is honey cream rather than creamy white. Prefers sun or part shade- acidic well drained soils.	Evergreen Ht. 4m

Plant Variety	Narrative	Spec.
Trees (continued)		
MICHELIA LEMON FRAGRANT	Michelia cross which produces a mass of creamy white, lemon scented blooms over long period. Forms an attractive, smaller tree ideal for all gardens. Protect from strong wind and heavy frost. PVR applied for.	Evergreen Ht 4m X 3m
MICHELIA LEMON FRAGRANT STD 80CM	Michelia cross which produces a mass of creamy white, lemon scented blooms over long period. Forms an attractive, smaller tree ideal for all gardens. Protect from strong wind and heavy frost. PVR applied for.	
MICHELIA PATON PINK	This Michelia form a smaller tree, ideal for all sized garden. It has rich green foliage and light pink flowers with a darker pink edge. Prefers well drained soil in full sun or part shade	Evergreen 3.5mH x 2mH
MICHELIA X PRINCESS CINDERELLA	A new hybrid shrub form that flowers in Spring and again in Autumn. The flowers are creamy white with a light fragrance.. Makes a good hedge. Prefers full sun or part shade in well drained soil. PVR.	Evergreen Ht 3m x 2m
MICHELIA YUNNANENSIS	Low compact shrub, covered in fragrant creamy white flowers during winter and spring. Grows in sun or semi-shade. Average soil conditions, slightly acidic. Hardy.Trim to shape after flowering.	Evergreen Ht 2m x 1.5m
MICHELIA YUNNANENSIS PRINCESS ISABELLA	Compact form, with scented clusters of creamy-white flowers in spring. Prefers full sun or part shade, well drained soil.	Evergreen Ht. 3m
MICHELIA YUNNANENSIS VELVET & CREAM	Dark green glossy foliage with scented cream cup shaped flowers in spring.Prefers acid soil conditions and adequate summer moisture.Protect from strong winds.	Evergreen. Ht 1.5m
maples		
ACER DAVIDII	(Pere David's Maple) This small tree with green and white marbled bark has shining dark green leaves colouring richly in autumn. Green fruits flushed red hang along branches in autumn.	Deciduous. Ht 4m
ACER GRISEUM	(Paper Bark maple) Beautiful small tree with flaking cinnamon bark. Dark green leaves change to spectacular autumn colours of red and scarlet . Well drained soil with adequate summer moisture.Cold hardy.	Deciduous. Ht 3m
ACER NEGUNDO FLAMINGO	(North American) Beautiful tree with vivid pink and white spring growth, giving the appearance of pink blossom. Fairly wind tolerant. Very hardy.	Deciduous. Ht 5m
ACER PAL. DIS. CRIMSON QUEEN	Weeping Crimson Queen maple retains deep red-purple colouring throughout summer. Autumn tones are fiery scarlet. Plant in sheltered position. Hardy to cold .	Deciduous.
ACER PALMATUM	(Japanese Maple) Small tree with low rounded head and green leaves.. Good autumn colour. Needs some wind protection. Cold hardy.	Deciduous. Ht 5m
ACER PALMATUM BENI HIME	Small dwarf maple with compact round shrubby habit. Rusty red leaves toned with pink, good autumn colour.Protect from strong winds.Hardy to cold.	Deciduous. Ht 1m
ACER PALMATUM BENI OTAKI	Deeply dissected long narrow lobed leaves of deep purple red. Fiercely crimson autumn display. Upright bushy habit.	Deciduous. Ht 2.5m
ACER PALMATUM BENI SCHICHIHENG	Fresh green narrow lobed leaves bordered white. Tips tinged salmon on new growth. Soft tones of orange-red in autumn. Open spreading habit. Protect from strong winds.	Deciduous Ht 2m
ACER PALMATUM BLOODGOOD	Deepest red purple leaf colour through late summer. Showy red seeds and fiery red autumn foliage. Upright habit.Protect from wind.Hardy to cold.	Deciduous. Ht 4m
ACER PALMATUM BURGUNDY LACE	A small spreading maple with deeply serrated and fringed leaflets in deep burgundy wine tonings. Shelter from wind. Prefers moist, cool, well-drained, slightly acid soil.	Deciduous. Ht 3m
ACER PALMATUM DISSECTUM CRIMSON PRINCESS	Weeping maple with upright arching habit.Fabulous deep purple-red leaves emerge from red buds.Brilliant crimson autumn colour.Ideal for tubs or small garden.Protect from wind.Cold hardy.	Deciduous
ACER PALMATUM DISSECTUM EMERALD LACE	A very strong growing and robust weeper. Soft finely cut lime green leaves darkening to bronze green with a faint wine margin.Protect from strong winds.Cold hardy.	Deciduous
ACER PALMATUM DISSECTUM FLAVESCENS	Yellowish green leaves in spring that turn a deeper green in summer and then yellow in autumn. Ideal in a pot. A natural growth habit being pendulous and dome-shaped.	Deciduous Ht 1.8m

Plant Variety	Narrative	Spec.
Trees (continued)		
ACER PALMATUM DISSECTUM GREEN MIST	Graceful cascade of fine green foliage creating a cloud-like mound in the garden. Prefers sheltered position in the garden with sun or part shade.	Deciduous Weeping
ACER PALMATUM DISSECTUM LION HEART	Deep maroon red foliage holds colours well. Strong vigorous upright habit when young becoming spreading semi-pendulous with maturity. Round dome shape.	Deciduous. Ht 3m
ACER PALMATUM DISSECTUM MOSS GOLD	Deeply dissected leaves of wonderful moss gold colour in spring, picking up green tinges in summer. In autumn leaves turn orange and red. Protect from wind. Cold hardy.	Deciduous
ACER PALMATUM DISSECTUM ORANGEOLA	Attractive form, with free branching habit. Spring foliage dark orange-red. Holds autumn tones of bright scarlet and orange for a considerable period. Prefers sheltered site.	Deciduous Ht 2m
ACER PALMATUM DISSECTUM RED DRAGON	Darkest purpose red dissected foliage colour intensity retained until fiery red autumn tones develop. Strong pendulous habit. Outstanding cultivar. Requires sheltered position. Hardy.	Deciduous. Ht 2m
ACER PALMATUM DISSECTUM STELLA ROSA	(Cultivar from Italy) Attractive pink-red foliage becomes dark purple red in summer. Leaves are finely dissected and carried on vigorous weeping tree. Bright red autumn colour. Protect from wind. Cold hardy.	Deciduous
ACER PALMATUM DISSECTUM TAMUKEYAMA	New foliage of deep crimson red matured to dark purple red held well through summer heat. Bright scarlet autumn tones. Strong cascading mound. Requires sheltered position.	Deciduous. Ht 1m
ACER PALMATUM DISSECTUM VIRIDIS	Delicate soft green spring foliage turning golden in autumn. Graceful weeping dwarf habit. Ideal for patios, entryways. Plant in sheltered position. Hardy.	Deciduous. Ht 1m
ACER PALMATUM FJELLHEIM	(Syn. Senkaki Dwarf) A lovely smaller growing maple with coral red stems. Leaves are green in spring and summer and then turn yellow and orange in the Autumn. Cold hardy and protect from strong winds.	Deciduous Ht 2m
ACER PALMATUM KAMAGATA	(Curved Leaf Maple) Densely foliated, rounded dwarf maple with twiggy branches and tiny downward curved leaves with a lacy appearance. Magnificent autumn colours.	Deciduous. Ht 1m
ACER PALMATUM KATSURA	Leaves a striking pale yellow-orange in spring turning a rich green in summer, then in autumn bright yellow and orange. Average soil. Hardy. Protect from wind.	Deciduous. Ht 2.5m
ACER PALMATUM KOTO ITO KOMACHI	Very unusual dwarf Japanese Maple whose green leaves have five thread-like lobes giving it the Japanese name for 'Old harp strings'. Very slow growing, ideal for Bonsai or pot culture.	Deciduous Ht. 2m
ACER PALMATUM MIKAWA YATSUBASA	Attractive small bush with dense foliage of bright green. Leaves overlay each other in clusters on a multi branched plant Used widely as bonsai subject but also useful for pots and in small gardens. Protect from wind. Cold hardy.	Deciduous Ht 1.5m
ACER PALMATUM MIRTE	Leaves emerge a bronze/brown colour with green and red colours mixed in. Large leaf with narrow sharp ends in a rich green throughout the season with bronze undertones- followed by rich Autumn colour.	Deciduous Ht. 4-5m
ACER PALMATUM OMURAYAMA	Upright maple with cascading branches like a weeping willow. Slender lobed leaves turn gold and crimson in autumn.	Ht 4m Deciduous.
ACER PALMATUM OSAKAZUKI	Large bronze green summer foliage turning intense glowing crimson in autumn. Large tree like habit. Protect from strong wind. Cold hardy.	Deciduous. Ht 5m
ACER PALMATUM RED EMPEROR	Neat, upright growth habit with large, slightly glossy leaves of intensely deep wine-red. Leaves turn to orange, red and yellow in autumn and hold on longer than others.	Deciduous Ht 3-4m
ACER PALMATUM RED PYGMY	Spectacular, ribbon-like, long, spidery, 7-lobed leaves of bright maroon red. A low, broad, dome-shaped shrub at maturity. Protect from strong winds.	Ht 1m Deciduous.
ACER PALMATUM ROSEO MARGINATUM	Green leaves irregularly edged with coral pink. Average soil. Full sun but protect from wind. Cold hardy.	Deciduous. Ht 2m
ACER PALMATUM SENKAKI	(Sango Kaku or Coral Bark Maple) Excellent small tree for winter effect. All the younger branches being of a conspicuous coral red. Spring foliage soft lime green turning canary yellow in autumn. Protect from strong winds. Cold hardy.	Deciduous. Ht 3.5m

Plant Variety	Narrative	Spec.
Trees (continued)		
ACER PALMATUM SHIDAVA GOLD	Spring growth is a soft yellow aging to lime-green over summer, then bright golden-yellow in autumn. Young stems are also yellow-green. Striking variety, similar to Ukon. Cold hardy. Protect from wind.	Deciduous Ht 3-4m
ACER PALMATUM SHINDESHOJO	Very striking small tree with brilliant crimson-scarlet foliage which turns to pink and bronze-green in summer. Good autumn colours. Excellent plant for tubs, small gardens. Protect from wind.	Deciduous Ht 2.5m
ACER PALMATUM SHIRAZZ	Upright, shrub type with overhanging branches. Leaf margins brilliant pink to wine red later turning to dark red. Protect from wind. Cold hardy.	Deciduous Up to 4m
ACER PALMATUM SKEETERS BROOM	Red compact "Witches Broom" sport with deep red-purple foliage holds colour well and turns bright red in autumn. Bushy, shrubby habit. Ideal patio, terrace plant.	Deciduous. Ht 2m
ACER PALMATUM SUMINAGASHI	Large deeply divided leaves which are bright red in spring deepening to purplish crimson in summer. Glowing crimson scarlet in autumn. Round headed tree. Protect from strong winds. Cold hardy.	Deciduous. Ht 4m
ACER PLATANOIDES	NORWAY MAPLE A quick growing handsome, hardy tree. Conspicuous clusters of yellow flowers are produced on bare stems. Foliage turns clear bright yellow in autumn.	Deciduous. Ht 10m
ACER PLATANOIDES NIGRUM	(Purple Norway Maple) Deep yellow flowers tinged red on bare stems in spring. Distinctive deep purple foliage throughout summer. Upright, round-headed shape. good autumn colour.	Deciduous. Ht 7m
ACER PSEUDOPLATANUS LEOPOLDII	A large tree with yellowish-pink leaves at first, later green, with specks of yellow and pink. Slower growing and needs shelter when young. Very hardy to cold.	Deciduous. Ht 4m
ACER PSEUDOPLATANUS WORLEEI	(Golden Sycamore) Medium sized tree with soft yellow-green leaves that turn golden then green. Very hardy.	Deciduous. Ht 6m
ACER RUBRUM	(Canadian Red Maple) A free growing and ultimately large tree. Pinnate, dark green leaves turn rich red and scarlet in autumn. Hardy.	Deciduous Ht 5m
ACER RUBRUM AUTUMN GLORY	Form of Canadian maple known for its autumn tones. Upright maple maturing to a rounded crown. Dark green foliage turns vibrant red and crimson in autumn. Very Hardy.	Deciduous. Ht 7m
ACER RUBRUM BOWHALL	Compact columnar-shaped tree with mid to dark green leaves. Autumn colour is yellow red and orange.. Great for driveways and avenues. Prefers moist soil. Hardy.	Deciduous Ht 15m
