Plant Variety	Narrative	Spec.
Trees		
ACER PLATANOIDES NIGRUM	(Purple Norway Maple) Deep yellow flowers tinged red on bare stems in spring. Distinctive deep purple foliage throughout summer. Upright, round-headed shape. good autumn colour.	Deciduous. Ht 7m
Crabapples		
MALUS ARROW GOLD	White blossom is followed by a profusion of large, light yellow fruit held in clusters on horizontal branches. Makes a spectacular display from autumn into winter. Hardy.	Deciduous. Ht. 3m
MALUS BALLERINA	(Crab Apple) In September bunches of red buds open to large frilly double pink blossoms turning white then pink. Followed by showey large apricot coloured crab apples. Neat small tree. Very hardy.	Deciduous Ht. 3m
MALUS BALLERINA MAYPOLE	World's most compact crabapple! Stunning columnar shaped tree with masses of large carmine spring flowers followed by large purple-red crabapples. Ideal for containers or architectural plantings. Very hardy.	Deciduous Ht 4m x 0.3m
MALUS CORONARIA CHARLOTTAE	(FLOWERING CRAB APPLE) Large semi-double violet scented shell pink flowers. Bright green fruit and good colours in autumn. Hardy. Grows almost anywhere.	Deciduous. Ht 3m
MALUS CORONET PEAK	(Crab Apple) Golden fruit in late autumn - early winter on branches with a weeping tendency. A healthy and hardy form from the Queenstown area.	Deciduous. Ht 3m
MALUS ELLERSLIE	Weeping crab apple with darker red buds opening to soft crimson flowers with bronze-red foliage. Large purple-red fruit in summer. Good for jelly making in autumn.	Deciduous.
MALUS FLORIBUNDA	(Japanese Crab Apple) Extremely popular variety with graceful arching branches. Myriads of crimson buds in spring open into white or pale pink flowers. Prune after flowering.	Deciduous. Ht 5m
MALUS GOLDEN HORNET	An upright crab apple with white spring blossoms and a great crop of small, shiny, golden fruit borne in clusters and lasting well into the winter.	Deciduous. Ht 3m
MALUS GORGEOUS	(Red Crab Apple) Bright crimson-red crab apples weigh down branches in autumn and early winter. Excellent for jellies and preserves. Hardy. Prefers sun and some shelter from winds. Prune after flowering.	Deciduous. Ht 2.5m
MALUS IOENSIS PLENA	(Bechtel's Crab Apple) One of the most beautiful flowering crab apples with large semi-double soft pink fragrant flowers. Small greenish yellow fruit. Lovely Autumn colour on a vase-shaped small tree. Very hardy.	Deciduous Ht. 3-4m
MALUS JACK HUMM	(Crab Apple) Produces pink and white apple like blossom in spring. Followed by a profusion of large red apples, which stay on tree well into winter. Very hardy and suitable for growing in wide range of soils and climatic conditions	Deciduous. Ht. 3m
MALUS JELLY KING	(Red Crab Apple) Pink buds opening to pure white flowers on a tall upright tree. Fruit orange-yellow overlaid red. Good for jelly and the birds leave the fruit alone in the autumn. PVR	Deciduous. Ht 4 x 3 m
MALUS KAITOKE	Crimson buds followed by masses of carmine red flowers. Small reddish-purple fruits appear after blossom. Attractive weeping habit. Young growth is purplish-red turning green. Prune after flowering. Hardy.	Deciduous. Ht 2.5 X 2 m
MALUS PROFUSION	(Crab Apple) Masses of deep wine red, slightly fragrant flowers followed by small dark red crab apples produced in profusion. Very hardy.	Deciduous. Ht 4m

Plant Variety	Narrative	Spec.
Trees (continued)		
MALUS RED JADE	Lovely small tree with weeping branches. Young leaves bright green. Pink-white flowers are followed by cherry-size scarlet berries for long period. Hardy, thriving in fertile soil.	Deciduous. Ht 3m
MALUS SNOWBRIGHT	A flowering crabapple with snow white dainty flowers opening from pink buds in spring. Bright orange-red fruit in autumn. Semi-weeping. Highly disease resistant.	Deciduous. Ht 4m
MALUS TRILOBATA	A distinct erect tree with maple-like leaves, glossy green over summer, turning rich orange and scarlet shades in autumn. Flowers white, followed by pear-shaped fruit of greenish-yellow ,flushed with red.. Very hardy.	Deciduous. Ht 7m x 1m
MALUS TSCHONOSKII	This hardy flowering crab apple has an erect habit. Produces white flowers , tinged pink in spring , followed by yellowish-green fruits,tinged purple.Great autumn foliage in shades of yellow orange purple and scarlet.	Ht 3m Deciduous.
MALUS VAN ESELTINE	(Crab Apple) Hardy upright tree. Large double rose pink flowers followed by yellow crab apple fruit with a red blush.	Deciduous. Ht 3m

deciduous

ACER CAPILLIPES	(Snake bark Maple) A small tree with striated bark, young growths coral red. Attractive autumn colouring of orange and red.Very hardy.	Deciduous. Ht 5m
AESCULUS HIPPOCASTANUM	(Common Horse Chestnut) A stately spreading tree with large compound leaves and stout candles of white flowers in late spring. Distinctive ,spiny seeds follow, called "conkers" Very hardy.	Deciduous Ht. 7m
AESCULUS X CARNEA	(Pink Horse Chestnut) Rose-pink flowers up to 20 cm long. Large tree suitable for streets and specimen planting. Very hardy.	Deciduous Ht 7m
AESCULUS X CARNEA BRIOTTII	(Red Horse Chestnut) Bold handsome leaves and rosy crimson flowers in big clusters. Perfect lawn specimen or for street planting for shade.	Deciduous. Ht 6m
ALBIZIA JULIBRISSIN ROSEA	The hardiest of the species. The dense heads of fluffy flowers are bright pink. Full sun. Withstands severe frosts.	Deciduous Ht 3m
ALNUS GLUTINOSA	(COMMON ALDER) A medium sized bushy tree suitable for damp positions. Has brownish-black bark and dark green leaves. Black seed cones produced in autumn and stay on tre over winter.Fast growing and very hardy.	Deciduous. Ht 12m
ALNUS GLUTINOSA IMPERIALIS	(Cut Leaf Alder) An attractive alder with deeply and finely cut leaves. Very useful for damp situations. Lime tolerant.Very hardy.	Deciduous
AMELANCHIER CANADENSIS	(Shad Bush, Snowy Mespilus) A hardy medium sized shrub for moist/damp or well drained lime-free soil. Abundant racemes of white flowers in spring before leaves fully emerge. Excellent red autumn colour.	Deciduous. Ht 5m
BETULA PENDULA	(Silver Birch)Prominent white trunk, delicate lacy leaf texture and graceful pendulous branches. Very hardy.	Deciduous. Ht 8m
BETULA UTILIS JACQUEMONTII	(Sweet Birch) A form of Himalayan Birch selected for its very white bark and neat erect habit.Dark green leaves and good yellow tones. Attractive and very hardy.The trunks look spectacular when planted in groups of three.	Deciduous Ht 8m X 5m
BETULA UTILIS JACQUEMONTII DAZZLER	A hardy deciduous tree. A superior selection with amazing white bark and green leaves that are larger than those of Jacquemontii.	Deciduous. Ht. 8 x 5m
BETULA UTILIS WHITE SPIRE	A vigorous and upright fastigate habit with a strikingly white trunk at an early age. Verely hardy tree which tolerates wind and cold.Suitable for most soil types .Good yellow autumn colour.	Deciduous 8m
CARPINUS BETULUS	(COMMON HORNBEAM) A medium tree with grey fluted trunk and oval ribbed leaves. This hardy tree retains its brown leaves over winter when young.	Deciduous. Ht 15m
CARPINUS BETULUS FASTIGIATA	(Upright Hornbeam)Medium tree of upright habit, quite narrow when young. Resembles English beech in leaf. Suitable as specimen or avenue tree. Very hardy.	Deciduous. Ht 5m

Plant Variety	Narrative	Spec.
Trees (continued)		
CEDRELA SINENSIS FLAMINGO	Syn. Toona sinensis Flamingo. Handsome large pinnate leaves emerge rich warm pink in spring changing to creamy then green when mature. Good autumn colouring. Warm, sheltered, well-drained position.	Ht 4m Deciduous.
CERCIS CANADENSIS FOREST PANSY	(American Redbud) Deep pink-purple flowers appear before leaves. Beautiful large showy leaves of purple. Prune lightly. Prefers sunny well-drained site and protection from strong winds. Cold hardy.	Deciduous. Ht 4m
CERCIS CANADENSIS HEARTS OF GOLD	Tiny purple flowers in early spring. New foliage emerging with bronze tones turning to blaze of golden foliage holding throughout summer. Ideal for smaller gardens. Frost hardy. PVR.	Deciduous Ht 4.5m
CORNUS ALTERNIFOLIA ARGENTEA	(Silver Pagoda Tree) Beautiful small tree with branches arranged in horizontal tiers, giving impression of layered shrub. Has cream edged leaves. White flower bracts appear in early summer. Moist, well drained soil and sun to part shade. Hardy.	Deciduous Ht 3m X 2.5m
CORNUS CONTRAVERSA 'GOLDEN WEDDING'	Foliage has margins of gold and cream around a central green portion. New growth has a bronze tint in spring with autumn foliage taking on pink tones. White flowers. PVR	Deciduous Ht. 5m
CORNUS CONTROVERSA VARIEGATA	(Wedding Cake Tree) A very ornamental small tree with horizontal branches in tiers and striking silver margined leaves. Slow growing to about 2m in 10 years. Very hardy. Prefers well drained soil and sun.	Deciduous Ht 5m x 4m
CORNUS EDDIE'S WHITE WONDER	(American Dogwood) A superb hardy small tree producing large white flowers in spring. Red berries in winter. Rich autumn foliage and handsome stems. Very hardy to cold. Prefers well drained soil.	Deciduous Ht 3m X 4m
CORNUS FLORIDA CHEROKEE CHIEF	Deepest red flowering Cornus available. Four petalled bracts are ruby red and hold colour well through spring. New growth is bronze red, turns bright scarlet when mature.	Deciduous Ht. 4m
CORNUS FLORIDA SPRING SONG	(Dogwood) Bright deep rose-red flower bracts in spring. Good autumn colour. Requires protection from wind and good soil.	Deciduous. Ht 2.5m
CORNUS FLORIDA STOKES PINK	Flower bracts are a clear rich pink and flowers are produced in profusion during spring. Autumn foliage is a blend of reds and purple. Hardy.	Deciduous Ht 4m
CORNUS GREENVALE	Upright small tree with large cream flowers which adorn tree in late spring/summer, followed by strawberry like fruits. Autumn colour is orange/red. Good drainage and warm sunny site. Very hardy. PVR	Deciduous Ht 3.5m X 2m
CORNUS KOUSA BONFIRE	Leaves variegated gold, light green, dark green, with white flowers in early Summer. Autumn colour of pink, red and burgundy. Well drained sunny position. Cold hardy.	Deciduous. Ht. 4m
CORNUS KOUSA CHINENSIS	Elegant shrub with pointed white bracts covering branches in spring. Taller, more open than Kousa, with slightly larger leaves. Very hardy.	Deciduous. Ht 2.5m
CORNUS KOUSA MILKY WAY	Masses of snowy-white star-shaped blooms in early summer. Beautiful reddish-purple autumn foliage. Hardy.	Deciduous Ht 4m
CORNUS KOUSA RAINBOW	Produces white spring flowers on brilliant yellow foliage with green base. Autumn rainbow display of pink and deep purple. Cold hardy.	Deciduous Ht 2.5m
CORNUS KOUSA SATOMI	Salmon red star-like flowers from early summer for long period. Rich red purple autumn foliage. Very hardy.	Deciduous. Ht 4m
CORYLUS AVELLANA CONTORTA	(Harry Lauder's Walking Stick) Twisted branches and showy, yellow catkins in winter make this small tree a most attractive specimen.	Deciduous Ht. To 3m deciduous
CRATAEGUS LAEVIGATA COCCINEA PLENA	(Paul's Scarlet, Red May) Mostly Thornfree hawthorn tree with double scarlet flowers in late spring. Very hardy. Grows in most situations, including coastal.	Deciduous Ht 4m
CRATAEGUS LAEVIGATA ROSEA FLORE PLENO	(Pink Flowering Hawthorn) Masses of double pink flowers in spring. Mostly thornfree. Very hardy, including to coastal conditions. Suitable for moist soil conditions.	Deciduous. Ht 5m
FAGUS SYLVATICA	(English Beech) Noble large tree suitable for lime soils. Leaves turn golden, then brown in autumn and stay on tree well into winter. Prefers well drained soil in reasonably sheltered site.	Deciduous. Ht 10m

Plant Variety	Narrative	Spec.
Trees (continued)		
FAGUS SYLVATICA HETEROPHYLLA	(CUT-LEAVED BEECH) Hardy, large tree with narrow, dark green and deeply into several pairs of pointed lobes and turning orange-brown in autumn.	Deciduous. Ht 10m
FAGUS SYLVATICA PURPUREA	(Copper Beech) A beautiful large tree with lovely copper-bronze leaves which mature to deep purple . Prefers well drained soil.full sun or part shade.Very hardy.	Deciduous Ht 10m
FAGUS SYLVATICA ROHANII	(Purple fern-leafed beech)Attractive roundly serrated deeply lobed leaves deep reddish purple leaves. A remarkably beautiful slow growing tree.	Deciduous. Ht 7m.
FRAXINUS EXCELSIOR AUREA	(GOLDEN ASH) Smooth golden yellow gracefully curving branches studded with black buds in winter.Yellow leaves in summer ,turning golden in autumn.Good shade or specimen tree.Very hardy.	Deciduous. Ht 10m
FRAXINUS EXCELSIOR GREEN GLOW	Compact beehive shaped deciduous tree. Bronze foliage when young turns mid-green throughout season. Hardy.	Deciduous. Ht 6m
FRAXINUS OXYCARPA RAYWOODII	(Claret Ash) Graceful tree suitable for street and ornamental planting. Leaves are deep green in spring/summer, turning lemon-green then rich claret colour in autumn.Good shade tree and very hardy.	Deciduous. Ht 7m
GINKGO BILOBA	(Maidenhair Tree) One of the oldest trees known to man. Easily recognized by their fan shaped, undivided leaves that turn clear yellow in autumn.Deep well drained soli and protect from cold winds.	Deciduous Ht 10m
GLEDITSIA TRIACANTHOS LIMELIGHT	Fine lime green-yellow foliated tree that is easy to establish. As a shade tree it is perfect providing light shade with a very cool appearance of the whole tree. PVR	Deciduous. Ht 5m
GLEDITSIA TRIACANTHOS RUBY LACE	Attractive purple fern-like, divided foliage, turning greenish-purple in summer.Prefers well drained ,drier soil conditions and full sun to bring out the best colour.Cold hardy.	Deciduous. Ht 5m
GLEDITSIA TRIACANTHOS SUNBURST	Attractive tree with golden pinnate foliage. An out- standing plant for specimen for planting in a lawn or garden. Likes a warm sunny, sheltered position with good drainage.	Deciduous. Ht 6m
KOELREUTERIA PANICULATA	(Golden- rain tree) A broad headed tree with pinnate foliage which colours beautifully in autumn. Large panicles of small yellow flowers in summer.	Deciduous Ht 10m
LABURNUM ALPINUM PENDULUM	(Weeping Laburnum) Beautiful weeping tree which is a spectacular sight in early summer with long racemes of golden yellow flowers.Glossy deep,green leaves and neat habit.Very hardy.	Deciduous
LABURNUM ANAGYROIDES	(Common Laburnum) Spectacular sight in early summer with golden flowers hanging like chains. Grey tri-lobed leaves.	Deciduous. Ht 4m
LAGERSTROEMIA INDICA BERGERAC	Beautiful compact tree with attractive grey and cinnamon-brown mottled bark. Brilliant crumpled crepe-like magenta blooms from late summer-autumn. Vigorous, upright habit.Thrives in hot sunny spot.	Deciduous Ht 4m X 2m
LAGERSTROEMIA INDICA SAINT EMILION	(Crepe Myrtle) Vigorous erect small tree of prolific flowering habit. Produces large, bright red ,crimson blooms freely throughout summer.Attractive bark and good autumn colour. Hardy to cold and revels in heat.	Deciduous Ht 3.5m X 2.5m
LAGERSTROEMIA INDICA SOIR D'ETE	Attractive large shrub or small tree with soft almond-pink almond flowers in summer . Deep green leaves turn yellow ,orange and red in autumn.Bark is brown and mottled,looking great over winter.Very hardy	Deciduous Ht 2.5 X 2.0 m
LAGERSTROEMIA RUBY RED	(crepe myrtle)Rich ruby-red flower clusters through summer, contrasting on a dark purple leaf. Prefers sheltered, sunny position with well drained soil. Protect from heavy frosts.	Deciduous Ht. 4m
LIQUIDAMBAR STYRACIFLUA	(American Sweet Gum) A stately, pyramidal tree with shining, dark green maple-like leaves and rugged, corky bark. Has autumn shades of red, orange, yellow and purple. Hardy.Protect from strong wind.	Deciduous Ht 7m in 10 yrs.

Plant Variety	Narrative	Spec.
Trees (continued)		
LIQUIDAMBAR STYRACIFLUA BURGUNDY	A selected form of American Sweet Gum with a narrow, pyramidal shape and large leaves with rich burgundy autumn tones that often last well into winter.	Deciduous Ht 5 x 3m in 10 yrs
LIQUIDAMBAR STYRACIFLUA GUM BALL	A remarkable form of Sweet Gum with dense, shrubby habit. Autumn colours of orange-red and purple, persisting well into winter. Colours best in open position.	Deciduous Ht 2.5 x 2m
LIQUIDAMBAR STYRACIFLUA WORPLESDON	Upright pyramidal form with rich green summer leaves then scarlet orange and gold in autumn. Prefers good soil and requires adequate summer moisture. Full sun. Tolerates wind.	Deciduous. Ht 6x4m
NYSSA SYLVATICA	(Black Gum or Tupelo Tree) A handsome slow-growing tree of broadly columnar outline. Leaves dark glossy green turning scarlet orange and yellow in autumn. Prefers damp soil conditions and shelter from strong wind.	Deciduous Ht 7m
PARROTIA PERSICA	(Persian Ironwood) Large shrub or small tree of wide spreading habit. Flowers are clusters of crimson stamens in early Spring. Green leaves are tipped bronze when young. Amazing autumn colours of gold and crimson. Very hardy.	Deciduous Ht 5m X 4m
PAULOWNIA TOMENTOSA	A beautiful round topped tree with enormous leaves. The foxglove-shaped flowers are heliotrope /lavender in colour and flower on mature wood	Deciduous. Ht 9m
PISTACIA CHINENSIS	(Chinese Mastic Tree) A hardy large shrub or small tree with elegant glossy pinnate leaves which colour richly in autumn.	Deciduous Ht 5m X 2m
PLATANUS ACE OF CLUBS	(Oriental Plane Tree Hybrid) Dark green , divided foliage which turns golden yellow in autumn. Upright branching habit. Very hardy and good for exposed sites.	Deciduous Ht 9m x 6m
PLATANUS ORIENTALIS	(Oriental Plane) Large spreading shade tree with large bright green leaves, which are deeply cut. Bark flakes to give dappled appearance. Often grown as a street tree. Very hardy.	Deciduous. Ht 15m
PLATANUS X ACERIFOLIA	(LONDON PLANE) Large noble tree with attractive mottled bark, large leaves. Very hardy and stands severe pruning.	Deciduous Ht 10m
POPULUS NIGRA ITALICA	(Lombardy Poplar) A large narrow columnar tree with close, erect branches. Wonderful golden autumn colour. Very hardy. Can be trimmed.	Deciduous. Ht 10m
POPULUS NIGRA ITALICA AUREA	(Golden Lombardy Poplar) A large narrow columnar tree with close, erect branches and golden/green leaves. Wonderful golden autumn colour. Very hardy. Can be trimmed.	Deciduous Ht 10m
PYRUS BETULIFOLIA AUTUMN LEAVES	Graceful , small tree with weeping branches . Attractive shimmering leaves with excellent autumn colourings. Has red-brown pea-sized fruit. Ideal specimen tree for home gardens .	Deciduous Ht 4m x 3m
PYRUS CALLERYANA ARISTOCRAT	Medium sized tree with showy white spring blossom, lush wavy, cupped foliage and strong pyramidal growth habit. Yellow to red autumn tonings. Suitable as shade, avenue or specimen tree. Very hardy. High health variety.	Deciduous Ht 6 X 4m
PYRUS CALLERYANA BRADFORD	Selected , non thorny form. Vigorous , medium sized , dense headed tree, flowering profusely in late spring. Attractive autumn foliage in shades of orange through to scarlet red. Very hardy . Suitable as street tree.	Deciduous Ht 6m X 4m
PYRUS CALLERYANA KEA	Found in Queenstown. Has glossy green foliage which changes to brilliant burgundy and green during autumn and persisting well into winter. Multi-branched bushy habit. Can be trained and pruned to shape. Very frost hardy.	Deciduous. Ht 6-7m.
PYRUS CALLERYANA TAWA TOWER (PVR)	Upright columnar form of this very hardy ornamental pear tree. Prolific display of white flowers in spring followed by green-brown fruit. Prized for autumn colours of red, orange and burgundy. Can be pruned. Provisionally protected by PVR	Deciduous Ht 9m
PYRUS SALICIFOLIA PENDULA	"Weeping Silver Pear" Elegant small tree with silvery narrow leaves. Flowers creamy white. Best trimmed in summer. Hardy.	Deciduous. Ht 5m

Plant Variety	Narrative	Spec.
Trees (continued)		
QUERCUS CERRIS	(TURKEY OAK) One of the fastest growing oaks. Handsome ,wide spreading tree with oblong ,shallowly lobed rich green leaves which turn yellow in autumn.Excellent on lime and exposed coastal areas.	Deciduous.Ht 10m
QUERCUS COCCINEA	(Scarlet Oak) A large tree with glistening green leaves in summer turning magnificent red in autumn. One of the finest trees for autumn colour.	Deciduous Ht.10m
QUERCUS PALUSTRIS	(Pin Oak) A fast growing large dense headed tree. Elegant slender branches droop gracefully at tips. Leaves shining green turning red in autumn. Good in moist conditions.	Deciduous Ht. 18m
QUERCUS ROBUR	(ENGLISH OAK) A large long lived tree developing a broad head with rugged branches. Excellent for planting near ponds for feeding ducks with the acorns.	Deciduous. Ht 8m
QUERCUS ROBUR FASTIGIATA	(Upright English Oak) Large tree of columnar habit. Its tight erect growth makes it very suitable in corners. Hardy. Prefers deep rich soil.	Deciduous. Ht 10m
QUERCUS RUBRA	(Red Oak) A large fast growing broad headed tree with matt green leaves which colour red in autumn. Very hardy.	Deciduous. Ht 10m
ROBINIA	(Golden Frisia) Outstanding small to medium sized tree with leaves a rich golden yellow from spring to autumn. NZNA tree of the year for 1984.	Deciduous. Ht 4m
PSEUDOACACIA FRISIA	"MOP TOP ROBINIA" Small tree with a compact,rounded head of thornless branches.Fresh green new growth. Hardy. Requires shelter from strong winds.Suitable for tub plant.	Deciduous. Ht 4m
ROBINIA	(Lace Lady Robinia) This stunning miniature tree has all the qualities of oriental charm. It is a perfect tub plant or garden specimen. Prefers full sun, average soil conditions. Hardy.	Deciduous. Ht 1.5m
PSEUDOACACIA LACE LADY		
SALIX ALBA VITELLINA	Upright golden Willow. Attractive tree with brilliant egg-yolk yellow shoots. A fast growing tree, very hardy and prefers moist soils.	Deciduous Ht 5-10 m
SALIX MATSUDANA	(Upright Green Willow) Fast growing shelter tree suitable for wet sites. Very hardy.	Deciduous. Ht 10m
SALIX X CHRYSOCOMA	(Golden Weeping Willow) Wide spreading tree with vigorous arching branches, weeping to the ground. Light green leaves and golden stems which deepen in colour in winter. Grows well in wet situation. Very hardy.	Deciduous Ht 8m
SORBUS ARIA	(Whitebeam) A small to medium sized compact tree. White furry under leaves turning gold russet in autumn with crimson berries. Takes wind.	Deciduous Ht 6m in 10 years.
SORBUS ARIA LUTESCENS	(Silver Whitebeam) Young foliage is silvery, maturing to grey-green. White flowers in spring are followed by large orange-red berries in autumn. Spreading tree, upright when young. Very hardy.	Deciduous. Ht 5m
SORBUS AUCUPARIA	(Rowan or Mountain Ash)This excellent small tree is well known for its attractive foliage and bright red berries,which are very attractive to birds.Good orange autumn colours.Very hardy.	Deciduous. Ht 5m
SORBUS AUCUPARIA SCARLET KING	Upright form with large bunches of scarlet berries through autumn and summer.Suited to most soil types.Very hardy to cold and berries best in extreme cold.	Deciduous. Ht 7m
SORBUS CASHMIRIANA	Beautiful small tree with red young branches. .Deep green ,pinnate leaves and soft pink flowers in spring, followed by large ,glistening white berries in summer. Very hardy.	Deciduous. Ht 3m
STYRAX JAPONICA	(SNOW BELL) Very beautiful small tree. White bell shaped fragrant flowers in summer.Very hardy tree which prefers lime free soil sun or semi shade.	Deciduous. Ht 3.5m
SYRINGA ALICE EASTWOOD	LILAC Prefers an open situation and a little lime. Buds of claret purple open to sweetly scented double blooms of mauve-pink.Slender well formed trusses.Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 3m
SYRINGA CHARLES JOLY	(Lilac) Superior cut flower variety with dark purplish-red double flowers in late October.Strongly perfumed.Very reliable and hardy.Prefers rich deep soil with lime and full sun or light shade.	Deciduous Ht 3m

Plant Variety	Narrative	Spec.
Trees (continued)		
SYRINGA GENERAL PERSHING	(Lilac) Produces very distinctive double purplish-violet flowers in October. Flowers are fragrant, good for picking and long lasting. Very hardy. Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 3m
SYRINGA KATHERINE HAVEMEYER	Beautiful lilac with fragrant, double flowers of purple-lavender which fade to pale lilac pink. Prefers rich deep soil with lime and full sun or light shade.	Deciduous Ht 3m
SYRINGA MADAME FLORENT STEPMAN	Highly fragrant lilac variety prized for its large, conical clusters of pure white flowers. Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 3m
SYRINGA MADAME LEMOINE	Scented trusses of double pure white blossom in late spring. Old favourite lilac which is excellent for picking. Prefers rich deep soil with lime in full sun to light shade. Prune after flowering.	Deciduous. Ht 2.5m
SYRINGA PERSICA ALBA	(Persian Lilac) Beautiful display of fragrant flowers of white flowers. Great for border, informal hedge of specimen.	Deciduous Ht. 2m
SYRINGA PRINCESS CLEMENTINE	(Lilac) Double cream, white flowers in Spring. Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 3m
SYRINGA PURPLE GLORY	(Lilac) Prolific bloomer with fragrant cones of bluish-purple to dark reddish-purple flowers. Prefers rich deep soil with lime and full sun or light shade.	Deciduous Ht 3.5 x W 2.5m
SYRINGA RHUM VON HORSTENSTEIN	Single massive panicles of rich lilac red changing to lilac in November. Perfect shape, fragrant. Prefers alkaline soil. Very hardy.	Deciduous. Ht 2.5m
SYRINGA VULGARIS ALBA	"Common Lilac" Large vigorous shrub. Richly scented single white flowers in spring. Prefer full sun and alkaline soil. Hardy	Deciduous Ht. 4m
SYRINGA VULGARIS CONGO	(Lilac) Large panicles of single, rich, lilac-red flowers that fade to purple, in October. Fragrant. Prefers rich deep soil with lime and full sun or light shade.	Deciduous. Ht 3m
SYRINGA VULGARIS SWEETHEART	Unusual lilac with double, deep pink buds which open to a pastel pink. Fragrant. Prefers lime soil and full sun.	Deciduous Ht 3m
TILIA CORDATA	(Small Leaved Lime Tree) Heart shaped dark green leaves, with pale undersides. Excellent specimen tree with even crown and scented, creamy-yellow flowers in summer. very hardy.	Deciduous Ht 8m
TILIA PLATYPHYLLOS	(LIME TREE) Broad leaved lime. A large wide spreading tree. Pale yellow flowers in summer.	Deciduous. Ht 10m
ULMUS GLABRA HORIZONTALIS	(UMBRELLA ELM) Horizontal elm forming a wide spreading umbrella-shaped tree. Wonderful canopy specimen tree.	Deciduous. Width 5m
ULMUS GLABRA LUTESCENS	(Golden Elm) Lovely specimen and shade tree with golden yellow foliage right through spring and autumn. Fairly wind tolerant and will stand heavy pruning in winter.	Deciduous. Ht 6m X 6m
ULMUS PARVIFOLIA	One of the most splendid elms with small rich green leaves which persist half way through the winter. Resistant to Dutch Elm disease.	Deciduous Ht 6m.
ULMUS PROCERA VAN HOUTTEI	(GOLDEN ELM) A handsome tree with golden-yellow leaves throughout spring and summer. Leaves brighter in autumn. Excellent shade tree with its wide canopy. Very hardy and suitable for windy sites.	Deciduous Ht 6m.
ULMUS X HOLLANDICA LOBEL	(Upright Elm) Fast growing tree of upright habit. Very wind resistant and hardy. Suitable for planting close to buildings.	Deciduous Ht 10m X 3m
evergreen		
ACACIA BAILEYANA PURPUREA	The purple new growth makes an attractive contrast to the greyish older foliage. A mass of rich yellow flowers in spring. Fast growing, likes dry conditions.	Evergreen. Ht 4.5m
ACACIA DEALBATA	(Silver Wattle) Dainty silvery green fern-like leaves. Clusters of scented, fluffy golden balls in early spring.	Evergreen. Ht 6-8m
ACACIA PRAVISSIMA	(Ovens Wattle) Upright growth with small triangular blue-green leaves on slender branches. Bright golden flowers from spring through to summer. Tolerates dry conditions, good coastal plant.	Evergreen Ht 3 x 2.5m

Plant Variety	Narrative	Spec.
Trees (continued)		
ALNUS JORULLENSIS	(MEXICAN ALDER) Fast growing tree with mid green leaves and papery pale grey bark and distinct rings around the trunk. Grows well in wet conditions.	Evergreen. Ht 6m
AZARA MICROPHYLLA	(Vanilla Tree) An elegant hardy small tree. Flowers are small yellow vanilla scented and carried on the underside of twigs in early spring. Hardy.	Evergreen. Ht 4m
CHAMAECYTISUS PALMENSIS	(TREE LUCERNE) Quick growing tree with white pea-like flowers during late winter and spring. Very attractive to birds. Can also be used as fodder crop. Trim regularly if not being used as fodder crop.	Evergreen. Ht 4-5m
CORNUS CAPITATA	A small tree covered in sulphur yellow flowers in summer followed by red strawberry like fruit. Very hardy. May be semi deciduous in harsh climates.	Evergreen. Ht. 4m
CORYMBIA FICIFOLIA	(Red Flowering Gum) Flowers, varying from red to orange to cream on seedling grown plants, from Dec - Feb are very showy. Grows well in coastal areas. Prefers moisture, but protect from frosts when young.	Evergreen. Ht 7m
DRIMYS WINTERI	(Winters Bark) Small tree with bunches of scented creamy flowers in late spring. Reddish stems and attractive green-blue leaves. Ideal as a specimen tree where winter form can be seen. No lime.	Evergreen. Ht 5m
EMBOTHRIUM COCCINEUM LANCEOLATUM	(Chilean Firebush) One of the world's showiest trees in late spring. Orange vermillion honeysuckle-shaped flowers smother graceful weeping branches. Moist acid peaty soil. No fertiliser. Protect from heavy frosts.	Evergreen Ht 5m
EUCALYPTUS GUNNII	(Cider Gum) Round, silvery, juvenile foliage, darkening and lengthening with age. Extremely cold, drought and wind tolerant. White flowers.	Evergreen. Ht 10m
EUCALYPTUS NITENS	A large, quick growing tree with glaucous leaves. Ideal for shelter and firewood blocks. Hardy to dry and coastal conditions.	Evergreen. Ht 15m
EUCALYPTUS PULVERULENTA	(Silver-leafed Mountain Gum) Handsome small tree with attractive blue round leaves. Garaceful, hardy tree for shelter or specimen.	Evergreen. Ht 4m
EUCALYPTUS PULVERULENTA BABY BLUE	Small tree with silvery blue leaves suitable for floral work. Hardy. Prefers well-drained soil.	Evergreen. Ht 3m
JACARANDA MIMOSAEOFOLIA	Lovely fern like foliage covered in mauve blue flowers. Prefers light well drained soil in sunny warm location, protect from medium to heavy frost.	Evergreen. Ht 5m
LUMA APICULATA	A lovely small tree with cinnamon coloured bark. Attractive white flowers through summer and autumn. The red and black berries are edible and sweet.	Evergreen. Ht 4m
PHEBALIUM ILLUMINATION	(Variegated Satinwood) A columnar shrub with attractive foliage with margined gold leaves, providing brilliant colour year round. Small white flowers in summer. Requires well drained soil. Can be trimmed.	Evergreen Ht 3m
PHEBALIUM SQUAMEUM	Fast growing, erect columnar tree with white flowers. Requires good drainage. Good for specimen or screen planting. Hardy. Protect from cold winds.	Evergreen Ht 4m
PHEBALIUM SQUAMEUM LIMELIGHT	(Variegated Satinwood) Vigorous fast growing plant that has a subtle lime and green variegated foliage. Requires good drainage. Hardy.	Evergreen Ht 3m
QUERCUS SUBER	(CORK OAK) The thick, grey bark on these trees is the source of commercially produced cork. Survives in hot, dry conditions; drought- and wind-tolerant. Grows to around 4 m in 10 years.	Evergreen H: 4m
VIRGILIA CAPENSIS	A fast growing small tree with masses of scented pink, pea-like flowers in late spring/summer. Prefers dry sunny position and can handle poorer soils. Protect from heavy frost.	Ht 5m Evergreen.

Flowering Cherries

PRUNUS ACCOLADE	An outstanding variety with graceful spreading branches. Flowers early, semi-double pink in pendulous clusters. Very hardy.	Deciduous. Ht 5m
-----------------	---	------------------

Plant Variety	Narrative	Spec.
Trees (continued)		
PRUNUS ACCOLADE 1.8M STD	An outstanding variety with graceful spreading branches. Flower semi double pink in pendulous clusters. Very hardy.	Deciduous Ht 5m
PRUNUS AMANOOGAWA	(Upright Flowering Cherry) Small columnar tree with erect branches and dense upright clusters of fragrant semi-double shell pink flowers. Mid to late spring. Young leaves greenish bronze. Very hardy.	Deciduous Ht 4 to 6m
PRUNUS AVIUM PENDULA	A weeping form of the Mazzard Cherry .Long semi-pendulous branches and large clusters of white flowers, with a hint of pink, in spring. Very hardy.	Deciduous. Ht 4.5m
PRUNUS CAMPANULATA FELIX JURY	(NZ Hybrid of Taiwan Cherry,) Small pyramidal tree with purple brown bark, large carmine-red pendent bell flowers gracefully hanging from every branch. Wonderful for birds.	Deciduous Ht 4m
PRUNUS CAMPANULATA FELIX JURY (SERRULA)	(NZ Hybrid of Taiwan Cherry,) Small pyramidal tree with purple brown bark, large carmine-red pendent bell flowers gracefully hanging from every branch. Wonderful for birds.	
PRUNUS CAMPANULATA 'PINK CLOUD'	Single clear pink blossoms in August in profusion.Each blossom has a cluster of upright petaloids giving a dainty appearance. Hardy.	Deciduous. Ht. 3m
PRUNUS CAMPANULATA SUPERBA	(taiwan Cherry) Dense clusters of pendulous claret bells in early spring.Loved by birds esp tuis. Small erect tree with round head. Best in a warm sunny position and ideal for small gardens.	Deciduous Ht 4.5m
PRUNUS CERASIFERA NIGRA	(Purple-leaved Cherry Plum) Pretty single pink blossom followed by dark purple foliage. Black stems dramatic through winter.Very hardy	Deciduous. Ht 4m
PRUNUS ICHIYO	Beautiful upright cherry with frilled, double, shell pink flowers hanging in long clusters in mid spring. Young foliage is bronze green, darkening to dark green over summer.	Deciduous. Ht 5m
PRUNUS JIM'S DELIGHT	Warm pink blossom smother the branches in early spring from an early age.Dark green foliage.Compact ,small tree.Very hardy.	Deciduous Ht 3m X 2m
PRUNUS KANZAN	A most popular flowering cherry. This is a strong growing medium sized vase shaped tree with large showy bright pink flowers. Young leaves are coppery red.	Deciduous Ht. 6m
PRUNUS KIKU-SHIDARE SAKURA	(Cheals Weeping Cherry) Arching drooping branches and double clear pink flowers in October. Young leaves bronze-green but later turn Green and glossy.Very hardy.	Deciduous. Ht 4m
PRUNUS MOUNTAIN HAZE	Masses of pearly white flowers smother this dome shaped tree in early Spring. Lovely autumn colours in shades of orange, red and yellow. Small leaves. Very hardy.	Deciduous
PRUNUS MUME 'THE GEISHA'	(Flowering Apricot) Single rose pink delightfully scented flowers with numerous stamens are borne on bare stems in late winter. Small round headed tree. Very hardy.	Deciduous. Ht 3m
PRUNUS OKAME	Masses of carmine-rose flowers during Sept. Good autumn colour. Best in sheltered position to prevent premature flower damage.Very hardy.	Deciduous. Ht 5m
PRUNUS PERSICA CASCADE	Ornamental weeping peach tree, producing ice-white double blossom on long cascading branches in early spring. Hardy. Suitable for small garden. Spray with copper to prevent peach curl.	Deciduous.
PRUNUS PINK PERFECTION	Very striking small to medium sized tree , of upright,spreading shape. Flower are large double rosy pink carried in long drooping clusters. Young foliage bronze turning green , then orange in autumn. Very hardy.	Deciduous Ht 5m
PRUNUS SERRULA	(Birch Bark Tree) Small white flowers in October, followed by small , cherry-like fruit.. A small tree with polished red brown shining bark, which improves with age! Willow like leaves. Very hardy	Deciduous. Ht 5m
PRUNUS SERRULA LW	(Birch Bark Tree) Small white flowers in October, followed by small , cherry-like fruit.. A small tree with polished red brown shining bark, which improves with age! Willow like leaves. Very hardy	
PRUNUS SHIMIDSU SAKURA	One of the loveliest flowering cherries. Small spreading tree. Large fringed double flowers tinted pink in bud opening pure white in long stalked clusters.	Deciduous. Ht 4.5m

Plant Variety	Narrative	Spec.
Trees (continued)		
PRUNUS SHIMIDSU SAKURA.	One of the loveliest flowering cherries. Small spreading tree. Large fringed double flower tinted pink, opening pure white in long stalked clusters. Very hardy.	Deciduous Ht 4.5m
PRUNUS SHIROTAI	(Mount Fuji) A wide spreading tree producing an abundance of large semi-double white flowers in pendant clusters. Very hardy.	Deciduous. Ht 5m
PRUNUS SHIROTAI LOW GRAFT	(Mount Fuji) A wide spreading tree producing an abundance of large semi-double white flowers in pendant clusters. Very hardy.	
PRUNUS TAI HAKU	(GREAT WHITE CHERRY) Very large single white flowers in Oct. New growth coppery red. Vigorous upright spreading tree. Best in sheltered position.	Deciduous. Ht 8m
PRUNUS THUNDERCLOUD	Purple leaved flowering plum. Single pale pink blossom in early spring followed by blackish purple foliage, retaining its deep colour right through the summer.	Deciduous. Ht 6m
PRUNUS X BLIREANA	Beautiful large shrub or small tree with metallic coppery purple leaves. Flowers over 2.5cm across slightly fragrant rose pink. Very hardy.	Deciduous. Ht 4m
PRUNUS X SUB AUT. SOUTHERN GEM	Selection of prunus Autumnalis by Chas McLaughlan of Dunedin. Larger and more plentiful blooms which are semi-double white flushed pink. Slightly smaller tree. Striking autumn colour of yellow/orange to purple. Very hardy.	Deciduous. Ht 4m
PRUNUS X SUB PENDULA FALLING SNOW	Pure white single flowers smother branches in spring. Mushroom-shaped tree. Very hardy.	Deciduous.
PRUNUS X SUB. AUTUMNALIS ROSEA	Semi-double pale pink flowers produced in spring and again during autumn. Good autumn tints. Hardy small tree.	Deciduous Ht 3m.
PRUNUS X SUB. PENDULA ROSEA	A small weeping mushroom-shaped tree. Flowers are rich pink in bud fading to a pale blush pink.	Deciduous Weeping
PRUNUS X YEDOENSIS	YOSHINO CHERRY. Single blush white flowers borne on long spreading branches in early spring. Orange-red autumn shades. Very hardy.	Deciduous. Ht 5m
PRUNUS X YEDOENSIS AWANUI	Graceful, medium sized tree with arching branches. Masses of single large pale pink flowers in early spring. Hardy. Excellent shade tree.	Deciduous. Ht 8m
PRUNUS X YEDOENSIS AWANUI LW	Graceful, medium sized tree with arching branches. Masses of single large pale pink flowers in early spring. Hardy. Excellent shade tree.	Deciduous Ht. 6m
PRUNUS X YEDOENSIS PURPENDENS	(Yoshimo Weeping Cherry) Magnificent weeping cherry with pale pink to white blossoms that remain for weeks. Large rich green leaves make a beautiful natural sun umbrella. Rich autumn shades.	Deciduous. Ht 2.5m

Magnolia

MAGNOLIA AB FAB	Huge ivory white blooms with soft blush in centre. Selected as it blooms at early age. Upright habit. Prefers sunny position, well drained and protection from strong wind. Jury Bred variety, (TM by Tesselaar)	Deciduous Ht 5m X 2.5m
MAGNOLIA AMETHYST FLAME	(Vance Hooper Hybrid) Early season bright reddish purple medium sized blooms from an early age.. A nice upright shrub or small tree habit.	Deciduous Ht. 2m
MAGNOLIA BILLOWING CLOUD	A smaller growing hybrid with an abundance of white flowers. Sweet perfume. A nice rounded habit. Prefers sunny, well drained position.	Deciduous Ht. 3.5m
MAGNOLIA BLACK TULIP	NEW release from Jurys. Beautiful black tulip like flowers making it one of the most outstanding magnolias. Requires well-drained position. PVR	Deciduous. Ht 4m
